UPTON GARDENS

720 WEST CARAMILLO STREET
PHONE MAIN 3182-M

COLORADO SPRINGS
COLORADO

To Our Customers

We endeavor to send out nothing but first class stock, true to name, field grown, of the most suitable size for immediate results. If you are not entirely satisfied with any of our plants, let us know at once on delivery and we will replace them or refund your money.

We give no guarantee except that plants are true to name.

If you are not entirely satisfied with the stock we supply or the work we do, we esteem it a favor if you will tell us and allow us to make corrections.

We are equipped to draw plans for grounds for the small town lot or for the suburban estate. The preparation and experience for this training in garden architecture has been thorough, based on intimate knowledge of the beautiful gardens of England and France, and several years of experimentation with exotics and native plants in Colorado. We will gladly refer you to owners of gardens which we have planned and made, or planned for the owner to plant.

Simple plans for small grounds are charged for, and this charge refunded at the rate of ten per cent on stock purchased from us.

Prices, except otherwise noted: 35 cents each, \$3.00 per dozen, \$25.00 per 100. Prices include packing, but not transportation charges.

Hardy Perennials

Achillea (Milfoil or Yarrow)

Eupatorium (syn. *filipendula*). 3-4 feet. Flat heads of brilliant yellow flowers; finely cut foliage. Blooms all summer.

Millefolium roseum. Rosy pink flowers in dense heads.

Perry's White. 1 to 2 feet. June to September. A choice new variety; pure white flowers. Good for cutting.

Ptarmica, The Pearl. Pure white, double flowers, all summer. Prized for cutting.

Ptarmica, Boule de Neige. New. An improvement on "The Pearl."

***Tomentosa**. 6-8 inches. July to September. Bright yellow flowers. Excellent for rock garden.

Filipendula. Sutton's "Golden Cloth."

Aconitum (Monkshood)

Autumnale. A good late-flowering variety.

Fischeri. A dwarf variety with pale blue flowers. 18 inches. September.

Napellus. 3 to 4 feet. July to August. Large dark blue flowers.

Sparks' Variety. July and August; tall branched spikes covered with deep blue.

Ajuga (Bugleweed)

***Reptans rubra**. 3-4 inches high, with deep purplish blue flowers.

It pays to feed Peonies well.

Alyssum (Rock Madwort)

***Argenteum**. Leaves silvery beneath, flowers yellow in clustered heads, all summer. About 15 inches.

***Rostratum** (Alpestre). Prostrate, almost shrubby variety, hoary gray all over. Flowers pale yellow. Very early.

***Saxatile compactum**. Broad masses of bright yellow flowers in early spring. An excellent plant for the rock garden or in front of borders; one foot.

***White**. A pretty carpet for tulips.

Anchusa (Alkanet)

Barrelieri. A good dwarf variety, bright blue.

Dropmore. Tall spikes of beautiful blue flowers, flowering all summer. Rough, broad foliage. 4-5 feet.

Myosotidiflora. A dwarf perennial variety from Russia, blue flowers resembling forget-me-nots. An effective rock plant for shady places.

Anthemis (Marguerite)

Tinctoria. Finely cut foliage, and golden yellow flowers produced all summer. Succeeds in the poorest soil.

Arabis (Rock Cress)

***Alpina**. Pure white flowers produced in dense masses.

***Alpina compacta**. Compact-growing type.

***Alpina flore pleno**. Same as above but with double white flowers; very fine rock plant. .50

***Aubretioides**. Purple-lilac.

Anemone (Windflower)

***Fulgens**. Bright scarlet with black center (not hardy). .50

Queen Charlotte. Abundant semi-double flowers, broad and perfectly formed. La France pink. 2-3 feet.

Those marked * are suitable for rock gardens.

*St. Brigid. Pink, deep pink and white. Not hardy in Colorado. .50

Whirlwind. Excellent double white flowers. 2-3 feet.

*Hupehensis. 10-12 inches high, early in August until late in autumn. Flowers of a pleasing mauve-rose.

Pulsatilla. The native Colorado Anemone (Pasque Flower).

***Areneria (Sandwort)**

Montana. Close tufts, covered with small, silvery white flowers.

Asclepias (Butterfly Weed)

Tuberosa. July and August, 1½ to 2 feet high. Bright orange colored flowers.

***Antirrhinum**

Sempervirens. White with purple lip, trailing.

***Arctostaphylos uvaursi (Bearberry, Kinnikinnik)**

Should be moved with ball, burlapped.

Aquilegia (Columbine)

Canadensis. Bright red and yellow.

Chrysantha. Golden yellow, blooms for two months.

Chrysantha alba. White.

Rocky Mountain Columbine.

Crimson Queen. Beautiful crimson flowers with long spurs.

Long-Spurred Hybrids. Mixture.

Mrs. Scott Elliott Hybrids.

Plant a few good Irises instead of "a string of flags."

Armeria (Sea Pink or Thrift)

*Lauchiana. Bright rosy red. 3-6 inches.

*Maritima (Thrift or Cushion Pink). 3-6 inches. May and June. Flowers pale pink.

Artemisia (Lace Flower)

Lactiflora. Tall, small white flowers in August and September. Fragrant, graceful cut flower.

Silver King (Ghost Plant). New. 2-3 feet, forming compact, symmetrical globe with effect of frosted silver. May be dried for winter use.

Hardy Asters (Michaelmas Daisies)

Climax. Large, light lavender-blue flowers; very free. 5 feet.

Feltham Blue. A pretty aniline blue; very free.

Glory of Colwall. Large, almost double; ageratum-blue flowers.

Maggie Perry. Soft mauve.

Novae-angliae roseum superbum. Almost red.

Perry's White. The finest white Michaelmas Daisy.

Robert Parker. Pale heliotrope. 4 feet.

St. Egwin. A pleasing rosy pink; very free blooming. 3-4 feet.

Various Asters

*Manuve Cushion. 9 inches in height; delicate mauve.

*Alpinus albus. Large, white flowers.

Tataricus. Large bluish violet; very late. 6 feet.

Sub-Coeruleus. Himalayan Daisy. Large, lavender blue, orange center.

Use Evergreens in foundation planting.

***Aubretia (Rock Cress or False Wall Cress)**

A gem for planting in crevices of rocks or wall.

Gracae. Lilac-blue.

Hendersoni. Violet.

(Above raised from seed, therefore color varies.)

Bellis (Double English Daisy)

**Bridegroom*. Rich, deep rose.

**Aetna*. Brilliant red.

**Snow Queen*. Pure white, very double.

Bleeding Heart (see Dicentra)

.75

Bocconia (Plume Poppy)

Cordata. 6-8 feet in height. Creamy white in terminal panicles during July and August.

Boltonia (False Chamomile)

Asteroides. White.

Latisquama. Pink.

Buddleia (Butterfly Bush)

Variabilis magnifica. Long racemes of lilac-like flowers all summer.

Cactus. Various single and large clumps.

Carnations (Hardy Border)

Double Scarlet.

Choice Mixed.

Sutton's Grenadin Scarlet. Profuse bloomer. Fragrant.

Sutton's Choice Mixed.

Iceland Poppies bloom from April till October.

Caryopteris (Blue Spirea)

Mastacanthus incana. 3 feet high, rich lavender-blue; September.

Catananche (Cupid's Dart)

Coerulea. 2 feet. July and August. Deep blue flowers.

Centaurea

Dealbata. Rosy-pink flowers. June-July. 2 feet.

Macrocephala. Large thistle-like, golden yellow flowers; July and August.

Centranthus (see Valeriana)

***Cerastium (Snow in Summer)**

Tomentosum. Low-growing silvery white foliage, snow-white flowers. Especially suitable for rock or border.

Campanula (Bellflower)

**Carpatica* (Carpathian Harebell). 8 inches high; flowers clear blue; June to October.

**Carpatica alba*. Pure white.

Glomerata var. *dahurica*. Deep blue flowers in large, close heads. Height 18 inches.

Persifolia grandiflora alba (White). Large, handsome white, bell-shaped flowers. Height 2 feet.

Persifolia grandiflora alba flore pleno. Double-flowered form of the above.

Persifolia grandiflora coerulea (Blue). Height 2 feet.

Persifolia grandiflora coerulea flore pleno. Double-flowered form of the above. Blue and white.

**Rotundifolia* (Harebells). 1 foot. June to August.

Campanula Medium (Canterbury Bells)

Calycanthemum (Cup and Saucer). Large, semi-double flowers. Pink, White, Blue, and Mixed.

Coreopsis (Tickseed)

Grandiflora. Large, bright yellow flowers.

***Corydalis (Fumitory)**

Ornamental, early-flowering plants, especially useful for shady positions but requiring good drainage.

***Chelanthifolia**. Fern-like foliage, long spikes of yellow blossoms, 10 to 12 inches in height. Prefers rich, well drained, stony soil.

***Thalictrifolia**. A dainty new one, yellow flowers.

***Majalis**. Best in shade.

Chrysanthemums, Hardy Garden (Early Flowering Varieties)

Carmelite. Golden yellow.

Chrysolora. A fine early yellow.

Mrs. H. Craig. Yellow, overlaid with orange-crimson.

Lady Astor. Coppery red.

Lillian Doty. A good pink.

Mrs. H. Harrison. Medium sized blush pink.

October Gold. Rich golden bronze.

Tints of Gold. Large, beautiful bronze shade.

Red Doty. Large Crimson.

Comoleta. Medium sized pure yellow.

Firelight. Bright bronze red; very showy.

Nellie Kleris. Incurved clear pink.

White Doty. Good white.

Yellowbell. Creamy yellow.

Little Jewel. Bright bronze red button.

Perennial Asters are good after frost has taken the rest of the garden.

Chrysanthemum Maximum (Shasta Daisy)

Glory of Wayside. Abundant flowers early in May.

Leucanthemum flore pleno (Double White Shasta Daisy).

Sutton's May Queen. Not one of the largest, but one of the earliest.

King Edward VII. June.

Alaska. June.

Sutton's Perfection. Long, pure white petals with small, yellow centers. A great favorite. Height 2½ feet.

Mrs. C. Lowthian Bell. Late summer. *

Ophelia. Largest and best, late summer.

Clematis, Dwarf (Shrubby)

Integrifolia coerulea. 18 to 24 inches high, small, blue flowers. June to August.

Recta. 2-3 feet high; produces fragrant, pure white flowers.

Cypripedium (Lady's Slipper)

Acaule. (Lady's Slipper; Moccasin Flower.)

Calypso. Tiny dainty one, rosy purple and yellow.

Red Lady Slipper. Rose purple.

Parviflorum. Small yellow Lady's Slipper.

Pubescens. (Large Yellow Lady's Slipper). Very like *Parviflorum*, only the flowers are larger. Should be planted in rich leaf-mold in moist, well drained shady spot.

Spectabile (Showy Lady's Slipper). Two feet high, rose-purple or nearly white flowers. .50

Plant Delphinium Belladonna with Sutton's Pink Penstemon.

Delphinium (Larkspur)

Sutton's Belladonna. Light blue.

Bellamosa. Dark blue.

Formosum. A good dark blue.

Wrexham. Hollyhock flowered. A splendid strain of doubles. Sutton, Blackmore and Langdon, Kelway and Watkin Samuel are established in England as producers of the best Delphiniums. They are winners of gold medals at the Chelsea shows. Our seed comes direct from them. We have plants of many named varieties but not in sufficient quantities to list. Ask for them. .50 to \$3.00 each

Dictamnus (Gas Plant)

Fraxinella alba. Rich foliage, good clear white flowers.

Dielytra or Dicentra

Bleeding Heart. Prefers shaded nooks. .75

Eximia (Plumy Bleeding Heart). A dwarf with finely cut foliage, pink flowers.

Dicentra cucullaria. Dutchman's Breeches.

Digitalis (Foxglove)

Giant Shirley Foxgloves. Colors range from white and shell-pink to deepest rose.

Gloxiniaeflora. 3-4 feet. Rose to deep purple.

Dianthus

Caesius grandiflorus (Cheddar Pink). Sweet smelling, rose colored flowers. 4-10 inches.

***Deltoides (Maiden Pink).** Small, crimson, continuous bloomer. Easily grown.

Deltoides albus. White form of above.

Deltoides "Brilliant."

Neglectus. A miniature gem, deep rose colored flowers.

Make a wall garden of that retaining wall.

Annie Laurie. A large flower of orchid color with wine-red ring in center, very free flowering. Sweet scented.

Delicata (Double). Beautiful pink, shaded cream.

Elsie. Deep rose-pink, flowers all summer.

Essex Witch. Delicate pink; finely fringed.

Mrs. Simpkins. Pure white; sweet scented.

Allwoodi. New perpetual-flowering hardy pink. Mixed. Single and double; all colors. Strong, field grown plants. .50

Plumarus (Clove Pinks).

Semperflorens flore pleno. Double and single blooms. Summer.

Barbatus (Sweet William).

Sutton's Pink Beauty.

Sutton's Scarlet.

Sutton's Mixed Shades.

Dodecatheon

Media (Shooting Star).

Doronicum (Leopardbane)

Large bright yellow daisies. May.

Plant plenty of Crocus Bulbs next autumn.

Echinacea (Coneflower)

See Rudbeckia.

Echinops (Globe Thistle)

Ritro. Thistle-like plants with globular heads of deep blue.
Sphaerocephalus. Silvery foliage, whitish flowers.

Erigeron (Fleabane)

Coulteri. Very effective. Midsummer daisy.
Mesa Grande. 18 inches, distinct from all others. Violet blue.

Eryngium (Sea Holly)

Amethystinum (syn. *Oliverianum*.) The true blue Thistle.
Planum. Branching heads of steel-blue flowers.

Erysimum

Pulchellum (Fairy Wallflower). Dwarf plant with sulphur-yellow flowers. 6 inches high, good rock plant.
Purpureum.

Eulalia (see Grass)

Eupatorium (Hardy Ageratum)

Coelestinum. Light purple flowers similar to *Ageratum*; in flower from August until frost. 18-24 inches.

Euphorbia (Milkwort)

Polychroma Epithymoides. Forms a clump one foot high, covered with yellow flowers in May and June. Fine border or rock plant; good foliage.

Divide Shasta Daisy plants frequently.

Ferns—Hardy Varieties

Aspidium spinulosum (*Dryopteris spinulosa*). 18-24 inches.
Asplenium flix-foemina (Lady Fern).

Foxglove (see Digitalis)

Funkia (Plantain Lily)

Coerulea. Blue-purple, good for shady corner.
Variegata. Variegated foliage; blue flowers.

Gaillardia (Blanket Flower)

Dazzler. Large, dull red flowers; very fine variety.
Choicest Mixed Colors.
Portola. The best *Gaillardia*, stiff stems. .50

Genista acaulis

Pretty yellow flowers, shrubby habit.

Geum

Coccineum Mrs. Bradshaw. Large, double flowers of a fiery red, blooming nearly all summer.
Lady Stratheden. Rich golden yellow blossoms.
Montanum. Dwarf alpine, yellow flowers.
Sibiricum. Large coppery scarlet flowers.
Orange Queen. Excellent cut flower.
Winchmore Hill. A new one from Perry's.

Glaucium flavum (Yellow Horn Poppy)

Prices, except otherwise noted: 35 cents each,
\$3.00 per dozen, \$25.00 per 100.

Those marked * are suitable for rock gardens.

Grasses (Hardy Ornamental)

Erianthus ravennae. Plume Grass or Hardy Pampas. 10-12 feet high.

Eulalia gracillima. Japan Rush. Graceful habit, with very narrow foliage; of a bright green color, with a silvery midrib. 6-7 feet high.

Eulalia japonica. Long, narrow, graceful green foliage, and when in flower the attractive plumes are 6-7 feet.

Eulalia japonica variegata. Long, narrow leaves, striped green, white, and often pink or yellow.

Lyme Grass. A glaucous grass, good with cut flowers.

Gypsophila (Baby's Breath)

Paniculata compacta. Single white; not recommended.

Paniculata flore pleno. Double white. 3-year roots. 1.50

Ehrlei. A new double Baby's Breath, long blooming season. 2.00

**Repens*. Small, white and pink flowers in July and August.

Bristol Fairy. Improved double Baby's Breath. 1.50

Helenium

Autumnale superbum. Broad heads of deep golden yellow flowers in late summer. Grows 5-6 feet high.

Autumnale rubrum. Deep bronze red. 5-6 feet. September.

Hoopesii. Large yellow. June. Ragged looking.

Riverton Beauty. Pure lemon-yellow, with large discs of purplish black.

Riverton Gem. Old gold, suffused wallflower-red. August to October. Excellent cut flower.

Ibota Privet makes a good formal hedge.

Helianthus (Hardy Sunflower)

Mollis. Improved variety of *Helianthus*.

Multiflorus fl. pl. Clear yellow; resembling a Dahlia. 4 ft.

Helianthemum (Rock or Sun Rose)

Good for rockery, or a dry, sunny bank.

**Buttercup*. Golden yellow; single.

**Rose Queen*. Large, single pink flowers.

Praecox. Yellow, silvery foliage.

*Mixed Varieties.

Heliopsis (Hardy Zinnia)

Pitcheriana.

Scabra excelsa. Bright yellow, double, 3 feet high; mid-July to end of September.

Hemerocallis (Yellow Day Lily)

Calypso. The largest lemon yellow. .50

Dr. Regel. Orange yellow, early.

Flava. (Lemon Lily.) Sweet scented, clear yellow. 2½ feet high. June.

Fulva (Brown Day Lily). Coppery orange, shaded crimson. 3 feet. July.

Kwanso. Large, double-flowered variety with rich golden bronze flowers.

Thunbergi. Like *Flava*, but flowers in July.

Hesperis (Sweet Rocket)

Matronalis. 2-3 feet. June and July. Fragrant purple flowers.

Heuchera (Coralbells)

**Sanguinea*. 12-18 inches. June to September. Bright coral.

**Micrantha*. Small pinky-white flowers.

No corner is too shady to grow something.

Hornium

Pyrenaicum roseum. Rosettes of large green leaves, spikes of rose flowers.

Hutchinsia

**Alpina*. Small white flowers.

**Alpina coerulea*. Dainty, clear blue.

Hollyhocks

Double, Separate Colors, as follows:

Bright Rose.

Colorado Sunset, Apricot.

Maroon.

Newport Pink.

Red.

Yellow.

Hypericum (St. John's Wort)

**Henryii*. The same as *Moserianum*, though slightly more upright in growth and hardier.

**Moserianum*. A most desirable border plant. Rich golden yellow blooms.

Iberis (Hardy Candytuft)

**Sempervirens*. Very dwarf, covered with a sheet of lavender and white; a particularly fine rock plant.

Incarvillea (Hardy Gloxinia)

Delavayi. Rose-pink flowers produced in large trusses.

Give English Primroses drainage under them and shade over them.

IRIS

Each season we are adding the best of the new varieties to our stock. This, with the instability of prices, makes it impossible to include a price list of Iris with other perennials. We offer the following at current prices. Ask for separate Iris price list.

S. indicates standards.

F. indicates falls.

Afterglow. Grayish lavender pink, rich yellow center.

Ambassadeur. S. smoky reddish violet, F. velvety dark reddish violet. Beautiful Iris.

Aphrodite. S. and F. pure bright violet pink.

Amber. S. and F. pure deep yellow, reddish gold beard.

Asia. S. pale silvery lavender with golden yellow base.

F. reddish purple. Unusually large flowers and foliage.

Alcazar. S. hortense violet. F. deep velvety pansy violet.

Fragrant, late, large.

Anna Farr. White frilled with pale lavender border. Needs good drainage.

Archeveque. Deep velvety violet.

Aurea. S. and F. rich chrome yellow. Excellent for massing.

Arnols. S. rosy bronze, F. rich purple.

Ballerine. S. light blue violet, F. deeper in color. Large flowers of perfect form.

Black Knight (syn. *Black Prince*). S. blue purple, F. deep rich black purple.

Blue Bird. Blue self. A clear lavender blue.

Bruno. S. bronze tinted with lavender, yellow at base; F. velvety red purple. Exceptional size and quality.

Prices, except otherwise noted: 35 cents each, \$3.00 per dozen, \$25.00 per 100.

Those marked * are suitable for rock gardens.

Cardinal. S. lavender overlaid with rose, F. rich velvety purple of glossy texture. The demand for this Iris indicates its merit.

Caprice. S. and F. reddish purple. Low growing.

Caterina. Soft lilac blue.

Cecile Minturn. A fine pink, very floriferous.

Conquistador. A very large flower, deep mauve to lavender violet. Tall, vigorous.

Crusader. Large, broad petals, a fine blue. Falls deeper in tone than standards.

Celeste. Lavender, blue. Excellent for massing.

Dallia. S. white tinted lilac, F. rich violet red; orange beard. A pretty Iris.

Delight. Pure white, pinky style branches.

Dr. Bernice. S. coppery bronze, F. velvety crimson.

Dream. A good pink, pallida type.

Dominion. Probably the most famous Iris in the world. S. light bluish violet, F. deep rich indigo purple velvet. Substance and form unsurpassed. Needs good drainage.

Duke of Bedford. S. deep violet, F. deep blackish velvet. Vigorous.

Dorothea. A delicate pale lavender self. Good cut flower.

Edouard Michel. S. and F. true purple. A handsome flower.

Fedora. S. old gold, F. reddish violet edged with gold.

Flavescens. The old aenemic yellow.

Florentina alba. White, early, vigorous.

Put the richest soil below the roots to coax them downwards.

Glamour. S. mauve tinted yellow and lilac, F. red purple. Flowers of great substance and lasting quality.

Her Majesty. Rosy lilac.

Imperator. S. red-violet tinted buff, F. deeper reddish violet. A lovely Iris.

Iris King. S. Clear yellow, F. rich maroon edged with yellow. A favorite.

Isoline. S. pale lilac, F. purplish old rose.

Jubilee. A rich peach color. Free bloomer.

Jacquesiana. S. bright copper, F. rich maroon.

Jeanne D' Arc. S. and F. white with violet markings.

Jean Chevreau. S. cream tinted buff, F. white dotted with brown violet.

Juniata. S. and F. clear blue. Fragrant. Good for mass planting.

Kashmir White. Large, pure white.

Kochii. A rich red-purple. Low growing, early.

Lady Foster. Large flowers. S. pale blue, F. bluish-violet.

La Neige. White, with yellow beard.

Lord of June. Large flowered, lavender and violet.

Leonata. One of the largest. S. pale blue, F. bluish-violet.

Loreley. S. yellow, F. violet edged yellow.

Lent A. Williamson. S. smoky violet, F. rich royal purple. Large, strong grower and free bloomer.

Magifica. Unusually large flowers, fragrant. S. light violet. F. dark reddish violet.

Mary Gibson. A beautiful Iris, unlike any other. S. light bronze overlaid old rose, F. old rose suffused bronze, yellow base.

Majestic. Very large flowers of great substance and lasting quality. S. light lavender to mauve with light bronze base. F. a rich velvety raisin purple.

Viola Jersey Gem is worthy of the praise given it.

Mrs. Alan Gray. Light purple self. Early. Good for cutting and for massing.
Mrs. Marion Cran. Brilliant light rose.
Mrs. Valerie West. S. lavender shot with bronze, F. enormous size and great substance, rich deep crimson brown.
Medrano. Rich dark warm violet. A free bloomer.
Morning Splendor. S. violet, F. velvety purple almost red in sunlight. "The best American Iris."
Mother of Pearl. Pale bluish iridescent lavender.
Mildred Presby. S. white flushed rosy lavender, F. dark velvety pansy violet edged lavender white.
Mlle. Schwartz. Light lavender blue. Large flowers on long stems.
Mt. Penn. An old Iris, the best pink for mass planting.
Mrs. Neubronner. A good yellow self.
Opera. A rich port wine color. A striking Iris.
Oriflamme. S. lavender blue, F. purple. Very fragrant and a free bloomer.
Queen Caterina. Large lavender violet flowers on long stalks.
Queen of May. Lilac rose.
Parc de Neuilly. A splendid violet-purple self.
Pallida Dalmatica. Clear lavender-blue. Vigorous, fragrant.
Parisiana. White, dotted and edged with violet.
Perfection. S. blue, F. dark violet-black.

Madonna Lilies are planted shallow.

Prosper Langier. S. light bronze red, R. ruby purple, orange beard.
Princess Beatrice. Lavender self.
Red Cloud. Lilac-red.
Roseway. Deep rose-pink.
Shekinah. Lemon-yellow deepening to orange.
Seminole. S. dark violet-rose, F. velvety crimson. A favorite.
Sherwin Wright. Good yellow for massing.
Souvenir de Mme. Gandichau. Dark blue-purple. Excellent size, height and substance.
Susan Bliss. Uniform deep rose-pink.

Intermediate Iris

(Intermediate in height and time of blooming, coming between the pumila and tall bearded.)
Blue Boy. Violet-purple.
Helge. Pale yellow.
The Bride. Good ivory white.

Miscellaneous Iris

IRIS PUMILA

- *Alpine Dwarf. Purple. March and April.
- *Nova area. Pale yellow. April.
- *Dix mude. Violet-purple. April.
- *Orange Queen.

Beardless Siberica

Alba.
Purple.
Emperor. Deep blue.
Perry's. Blue.

The new hybrid Lilacs are a good investment.

- Spuria.** Effective sword-like foliage, flower stems 3-4 feet.
 Excellent as cut flowers.
- Ochroleuca.** Clear white with yellow patch on falls.
- Aurea.** Tall, deep yellow.
- Monspur.** Tall, blue-purple.
- *Cristata.** Dainty lavender flowers fringed and spotted orange. Very dwarf.
- *Alba.** White form of above.
- Susiana** (the Mourning Iris). Large flowers, silver-gray lined and spotted with black. Not entirely hardy.
- *Missouriensis.** A native, resembling a Spanish Iris, dainty lavender-blue. Intermediate.
- *Missouriensis Snow Bird.** A beautiful dainty white variety.
- Verna.** A gem for the shady corner.

Japanese Iris

*Inula Royleana

5-6 inches. Rich orange flowers.

*Jasione Humilis

Like a miniature Scabious. Blue.

Lathyrus (Everlasting Sweet Pea)

Pubescens. Pale blue.

Pink Beauty. Deep rose.

White Pearl.

Zinnias like sulphur in their soil.

Lily of the Valley (Convallaria)

Linum (Flax)

Arboreum. Shrubby habit, clear yellow flowers.

***Capitatum.** Clear yellow, ornamental foliage.

***Flavum.** Yellow.

***Narbonnese.** Good clear blue.

***Perenne.** Pale blue.

Linaria (Toad Flax)

Dalmatica. 1½ feet. Yellow pea-shaped flowers.

Lobelia

Cardinalis. Rich fiery cardinal.

Lychnis (Campion)

Chalcedonica. Vivid scarlet.

Haageana. 1 foot. June to August. Very showy, producing orange-red, scarlet or crimson flowers.

Lilies (Hardy Garden Varieties)

Auratum. (Gold-Banded Japan Lily.) .50 to \$1.00

Candidum. (Madonna or Annunciation Lily.) Ready in September only. .50

Chalcedonicum. (Scarlet Turk's Cap Lily.) Small flowers in loose clusters with recurved, bright red petals. A handsome and attractive lily. July. 3-4 feet. .75

Croceum. (Orange Lily.) .75

Philadelphicum. A handsome native Lily. Orange spotted maroon. .35

Pyrenaicum. (Yellow Turk's Cap Lily.) A Lily of easy cultivation. Yellow flowers, dotted brown. Reflexed petals. June. 3 feet. .50

Trying growing Dahlia Coltness Gem Hybrids from seed.

Regale or Myriophyllum. (The Regal Lily.) Absolutely hardy. White, suffused with pink, shaded canary-yellow.

.75 and \$1.00

***Tenuifolium.** Slender, 18 inches high. Bright scarlet. .35

Tigrinum flore pleno. (The Double Tiger Lily.) .35

Tigrum simplex. (The well-known single Tiger Lily.) .25

Lupinus (Lupines)

Polyphyllus (Hardy Lupin). Clear blue. 3-4 feet.

Polyphyllus albus. A white variety.

Polyphyllus roseus. Shaded rose.

Perry's new art shades.

Matricaria (Feverfew). Splendid for cutting.

Silver Ball. 2 feet.

Golden Ball. 1½ feet.

Mertensia

Virginica. April and May. A lovely clear blue.

Monarda or Bergamot (Oswego Tea)

Didyma, Cambridge. Brilliant crimson-scarlet.

Didyma rosea. Rose.

Didyma violacea superba. Deep amaranth-red.

Manfrieda

Virginica. Fleshy leaved, akin to century plant. July.

Tall spike of green fragrant flowers. Likes sun.

Myosotis (Forget-me-not)

***Sutton's Royal Blue.**

***Alpestris.**

Rose Hugonis is a shrub rose worth having.

Nepeta (Ground Ivy; Catnip; Catmint)

Mussini. Dwarf, compact habit; masses of lavender bloom.

Pachysandra (Japanese Spurge)

***Terminalis.** 6-8 inches high, forming broad mats of bright glossy green foliage. A ground cover that will grow in all shady situations and under pine trees.

Papaver (Poppy)

Oriente (Oriental Poppy). Large, brilliant scarlet.

Queen Alexandra. Salmon pink.

Oriente (Beauty of Livermore). Crimson, with black blotch. .50

Oriente (Perry's White). (New.) Satiny white with a crimson-maroon blotch at the base of each petal. .50

Mrs. Perry. One of the best. Pink. .50

Lady F. Moore. Clear salmon pink.

***Alpinum.** Dainty dwarf species. Yellow, orange and salmon. Does not transplant easily.

Nudicaule Tangerine. 1 foot.

***Nudicaule miniatum.** Deep orange red. 1 foot.

***Nudicaule Thibet.** Bright orange. New.

***Nudicaule Sutton's Pink.** A new apricot pink.

Pilosum. Salmon pink. Easy to grow.

Penstemon (Beard Tongue)

Barbatus Torreyi. Bright scarlet flowers.

Caerulens. Bright blue flowers in a dense spike. June.

Pubescens (Hirsutus). Violet flowers shading to a flesh-pink.

Phlox Divaricata grows well in shade or sun.

PEONIES

8.6	Albert Crousse. Salmon pink.....	\$ 1.00

We do not sell any divisions with less than three eyes.
Larger plants at proportionately higher prices.

The number at each name indicates the rating given by the American Peony Society.

(Roots of Solange and Mignon always look ugly and diseased, but give good results.)

Gypsophilas like lime.

Primula

- ***Auricula Alpina.** One of the treasures of the rock garden.
- ***Beesiana.** Velvety purple, yellow eye.
- ***Bulleyana.** Apricot yellow.
- ***Red Hugh.** Bright rosy red.
- ***Suaveolens.** Cowslip.
- ***Vulgaris.** English Primrose.

Physostegia (False Dragonhead)

Virginica. Long spikes of delicate pink flowers. July-August.

Virginalis alba. Pure white.

Virginica. Vivid. Three weeks later than the others, deeper pink.

Phlox Decussata (Hardy Phlox)

Beacon. Brilliant cherry-red.

Bridesmaid. White with pink eye.

Coquelicot. Orange-salmon.

Goliath. Bright pink, dark red center.

Elizabeth Campbell. Bright salmon-pink.

Europa. White with large crimson-carmine eye. Very large flower and truss.

Frau Antoine Buchner. Probably the best and largest white.

Feuerband. Bright vermilion-scarlet.

Jacqueline Maille. Large white.

Mrs. Jenkins. White. Very hardy.

Pantheon. Clear, deep, carmine-pink with faint halo.

Delphinium Sir D. Haig is a beauty.

Rheinlander. Salmon-pink, with flowers and trusses of immense size.

Rhynstrom. Rose pink. Large.

Siebold. Orange salmon. Poor grower.

Sir E. Landseer. Crimson.

R. P. Struthers. Bright rosy-carmine, with scarlet-red eye.

Thor. Lively shade of deep salmon-pink, overlaid with a scarlet glow; has aniline-red eye.

Prof. Virchow. Cherry red, tinged salmon.

Von Lassburg. Pure white; large trusses; free bloomer. Medium early.

Richard Wallace. White, purple eye.

Suffruticosa

Miss Lingard. Large heads of white flowers in June.

Subulata (Moss or Mountain Pinks)

***Alba.** Pure white.

***Lilacina.** Light lilac.

***Rosea.** Rose-pink. Fine for covering banks; thrives in hot, dry situations, and blooms profusely.

***Vivid.** Bright pink with red eye.

Various

***Divaricata canadensis.** April-May. Lavender flowers on stems 10 inches high.

***Divaricata Alba.** White form of above.

Paul's Scarlet Hawthorn is a beautiful tree.

Physalis (Chinese Lantern Plant)

Franchetti. Winter Cherry. Bright orange-scarlet, lantern-like fruits. When cut, will last all winter.

Platycodon (Balloon Flower)

Grandiflora. Blue. 2 feet. June to October. Deep blue.

Grandiflora alba. White-flowered form of the above.

Mariesi. Blue. 12-15 inches. July until late September. Less straggly than *Grandiflora*.

Mariesi alba. White form of above.

Polyanthus (Bunch Primrose)

***Exhibition Yellow.** From deep to light yellow.

***Munstead Strain.** In shades of yellow from cream to dark orange. Selected and perfected by Miss Jekyll of England.

***Pink and Red Shades.**

***Sutton's Hybrids.**

Pyrethrum (Persian or Painted Daisy)

Finest Mixed English Double and Single Varieties.

Ranunculus (Buttercups)

Repens fl. pl. A double-flowering, bright golden yellow Buttercup.

Repens Meadow Buttercup.

Asiaticus. Double poppy-like flowers of silky texture in various bright colors. Not hardy.

Rudbeckia (Coneflower)

Golden Glow.

Purpurea. Reddish-purple flower, with a very large crown, cone-shaped center. Blooms from July to October. 3 feet.

Purpurea Grandiflora. Large fl., bright rose.

We have many varieties of Tulip Bulbs for October planting

Salvia (Meadow Sage)

Azurea. A Rocky Mountain species. Grows 3-4 feet high. August and September. Sky-blue flowers in the greatest profusion.

Saponaria (Soapwort)

**Ocymoides splendens*. Border and rock plant. Flowers rosy pink.

**Ocymoides splendens alba*. White flowers.

Scabiosa (Pin Cushion Flower)

Caucasica (Blue Bonnet.) Lavender. 18-24 inches high. June until September.

Caucasica alba (White Bonnet). The white form of the preceding.

Japonica. Lavender-blue flowers, from July to September. 2 feet.

Silene (Catchfly)

**Alpestris*. Dwarf rock plant. Pure white flowers in May and June.

**Schafta* (Autumn Catchfly). 4-6 inches high, with masses of bright pink flowers from July to October.

Sedum (Stonecrop)

**Acre* (Golden Moss). Much used for covering graves. Foliage green; flowers bright yellow.

Acre Minor. Similar to above, denser green.

**Kamschaticum*. Orange - yellow flowers, with prostrate, green foliage, turning golden in autumn.

**Reflexum*. Fleshy stems and leaves. 8 to 10 inches high.

**Sexangulare*. Very dark green foliage; yellow flowers.

**Pulchellum*. One of the most effective in the rock garden.

**Spurium coccineum*. A rosy crimson-flowered form. July and August. 6 inches.

Asclepias Tuberosa likes peaty soil.

**Lyidium*. A lovely dainty one. Very fine rock plant.

**Stoloniferum*. One of the most desirable. Evergreen leaves; flowers purplish-pink. July and August. Excellent for rock garden. 6 inches.

Spectabile. 18 inches. Rose-colored flowers.

Spectabile "Brilliant." Bright amaranth-red.

Sempervivum (House Leek; Hen and Chickens)

Doellianum. Small, hairy rosettes of pale green leaves, tinted red at the tips.

Globiferum. Flattened rosettes.

Tectorum. Broad rosettes.

Statice (Sea Lavender)

Latifolia. Purplish-blue. Known as "lavender Baby's Breath."

Spiraea (Astilbe)

Gladstone. 18 inches. June-July. White. .50

Grano. 4 feet. Salmon-pink. .50

Queen Alexandra. Light pink. .50

Salland. Fine red. 6 feet high. .50

Peach Blossom. .50

Spiraea (Goat's Beard; Meadow Sweet)

Filipendula flore pleno. 12-18 inches. June and July. Double white flowers. Fern-like foliage.

Palmata elegans. 3 feet. June to August. Graceful plumes of light pink flowers.

Ulmaria fl. pl. Double "Meadow Sweet." Creamy white flowers.

Stachys

Lantana. Dwarf. Soft silvery foliage; flowers useless.

Stokesia (Stoke's Aster)

Cyanea coerulea. Light blue.

Thalictrum (Meadow Rue)

**Adiantifolium*. Foliage like the Maidenhair Fern and miniature white flowers in June.

Aquilegifolium. Graceful foliage like that of Columbine, and rosy purple flowers from June to July. 2-3 feet.

Aquilegifolium album. White form of the above.

**Dipterocarpum*. Lilac-mauve, brightened by a bunch of lemon-yellow stamens and anthers. August and September. Beautiful for cutting.

Thymus (Thyme)

**Serpyllum splendens*. Make a close, fragrant carpet. Good in rock garden.

Tritoma (Red Hot Poker)

Lord Roberts. Orange-scarlet flowers.

Pfitzeri. (The Everblooming Flame Flower.) Rich orange-scarlet.

Perry's Unnamed Hybrids. Seedlings of various colors, ranging from pale yellow to deep orange and are very showy in a hardy plant border.

Uvaria grandiflora. 3-4 feet.

Oriental Poppies move best in July.

Trollius (Globe Flower)

Europaeus. Desirable free-flowering plants. Large, bright yellow, buttercup-like blossoms. May to August. Good in shade.

Goliath. Large, deep orange.

Pumilus. Very dwarf species. Yellow flowers.

Choice Seedlings. Color range from pale yellow to deep orange.

Valeriana (Valerian; Garden Heliotrope)

Coccinea. Showy heads of old rose flowers. June to October. 2 feet.

Coccinea alba. White form of the above.

Officinalis (Hardy Garden Heliotrope). Rose-tinted white flowers during June and July, with strong heliotrope odor. 3-4 feet.

Verbascum (Mullein)

Phoeniceum. Spikes of various shades. 2 feet.

Veronica (Speedwell)

Amethystinum. 8 inches, profuse bloomer.

Incana (Candida). 1 foot. July and August. A white, woolly plant.

Longifolia subsessilis. Spikes studded with blue flowers.

**Repens*. 1 to 2 inches. May and June. Light blue flowers.

Royal Blue. Bright blue, 9 inches, splendid rock plant.

**Rupestris*. 3-4 inches high. Deep green foliage, bright blue flowers.

**Rupestris flexuosa*. Prostrate creeping plant. In late April and early May.

Spicata. 18 inches. June and July. Spikes of violet-blue flowers.

Vinca (Periwinkle)

**Minor*. Evergreen ground cover, lavender blue flowers.

Don't forget to plant Scillas for blue in early spring.

Viola

***Cornuta.** Golden yellow.

***George Wermig.** Violet-blue dainty flowers continuous bloomer.

***Jersey Gem.** Rich dark green foliage; flowers pure rich violet; profuse, vigorous. A great improvement on the older varieties. Large plants .50; small .35

Jersey Jewel. The newest thing in violas. Similar to above but larger flowers of true pansy-violet. 1.00

Sutton's Apricot. An unusual and lovely viola. Apricot tinged orange. .50

Golden Yellow.

Yucca (Adam's Needle)

Filamentosa. Effective and striking on dry banks where few other plants thrive.

Water Plants

Nymphaeas (Water Lilies). White, rose-pink, salmon-pink, and sulphur-yellow.

Eichornea crassipes major (Water Hyacinth). Soft lavender-blue.

WE BUILD AND STOCK LILY POOLS

Juniper Scopularum (Silver Cedar) likes lime in the soil.

Try Wrexham Delphiniums.

EVERGREENS

All the evergreens which we offer are nursery grown.

Wildings do our plantings no credit, so we do not supply them, except by special arrangement.

Our soil is admirably adapted to making good balls when evergreens are dug, ensuring safe transplanting.

Abies Concolor (White Fir). 12-18 inches.....	\$ 2.50

We import best quality Tulips and other Dutch Bulbs, and we buy the best domestic Narcissus obtainable. Ask for bulb list for October planting.

We are not in the seed business, but we do stock lawn seed and seeds of some imported novelties.

Visitors always welcome. Please do not ask us to dig or pack plants on Sunday.

To reach the Gardens, come west from Cascade Avenue on Uintah Street, look for "Upton Gardens" signs.
