THE WESTMINSTER NURSERY

Westminster, Maryland

Read Terms of Sale Before Ordering

To those who are not acquainted with our firm we take pleasure in handing to you our advance Wholesale List. Our idea in getting out this advance list is to acquaint you now with our prices and varieties for Spring of 1929 so that when the shipping season arrives, you will have this information in hand, and would say that this business was established in 1893. We take pleasure in showing visitors over our grounds at any time.

PRICES—Prices in this list are based on present market conditions and are subject to change without notice. These are wholesale prices and apply on wholesale quantities. Order in multiples of ten. Long assorted lists with a few of each variety will be figured at 20% additional. On amounts 25 and over apply 100 rate. On amounts 250 and over apply 1000 rate. All prices are F. O. B. Westminster.

CAUTION—We accept all orders upon condition that they shall be void should any injury befall stock from frost, fire, hail storms, or other causes over which we have no control.

CLAIMS—FOR ANY CAUSE WILL RECEIVE CONSIDERATION ONLY WHEN MADE WITHIN TEN DAYS AFTER THE ARRIVAL OF GOODS AT DESTINATION.

PACKING—Prices contained herein are net; cost of boxing and bailing will be added. No charge is made for loading bulk cars.

GRADES—We grade carefully; in some cases by caliper, in others by height. When graded by both caliper and height, the caliper must govern.

LOCATION—We are located 28 miles North West of Baltimore on the Lincoln Highway leading from Baltimore to Gettysburg. Our soil is especially adapted to growing general nursery stock and especially evergreens and shrubbery. We are on the Western Maryland Railway leading from Baltimore west and have connections with the B. & O. and Pennsylvania Railroads. We are always glad to show visitors over our nursery at any time.

TERMS—Usual terms to those whose address credit or responsibility is known to us. Cash or satisfactory references required of unknown parties.

SHIPPING—With our new packing sheds and storage building we are able to make shipments at most any time during the winter, except on evergreens and heavy shade trees. We can usually begin to dig trees about October 10th for Fall delivery and March 1st for Spring delivery. All shipments either by freight, express or parcel post are made from Westminster, Maryland and travel at the risk and cost of the purchaser.

The greater part of this stock is in storage.
