TRADE PRICE LIST

To The Trade.

SPECIAL DISCOUNT FOR EARLY ORDERS.

On all orders sent before the first of March you may deduct 10% if cash is sent with the order.

HAVE in stock many of the late introductions but not in sufficient quantities to list. Special quotations cheerfully furnished.

Substitutes I never make under any circumstances unless authorized to do so,—you get what you order or will be notified that the order cannot be filled.

Promptness in delivery of orders is a thing a customer has a right to expect and demand, and you'll get it.

The Eagle. (Burns 1918) Hy. Cac. 76. Clear sulphur yellow. 20c each, 3 for 50c	2.00	15.00

Walkover Prince. (Clark 1928) Dec.

A two color flower, each petal is nopal red, which is a shade lighter than brick-red, and is effectively tipped with very pale lemon. Towards the center of the flower the color again passes to the pale yellow. The stems attain a length of eighteen inches and are stiff and straight. When it comes to size, this is one of the largest dahlias ever offered. At the Trial Gardens at Storrs, Conn. it scored a total of 86 points. \$2.50 each, Net

William Slocombe. (Slocombe 1919)

Dec. 87. Pale yellow. Certificate of Merit, Storrs 1921. 25c each, 3 for 60c

2.25 18.00

Winfield Slocombe. (Slocombe) Dec.

82. A wonderful burnt-orange, shading darker towards the center. 50c each, 3 for \$1.35

5.00

TERMS. A reasonable amount of credit is extended to those dealers who are known to me; otherwise I ask for cash with the order or satisfactory references. If parcel post shipment is desired, please remit a sufficient amount to cover the charges, figuring about one-half pound per tuber. If you send too much the surplus amount will be refunded.

GUARANTEE. Every tuber sent out is positively guaranteed to be healthy, in good growing condition and true to name. This is a "money-back" guarantee,—and no argument about it. If you find anything wrong tell me about it, and your word will be final in the matter.

The quality of the stock offered in this list is strictly of the highest grade; field-grown from tubers, no unnatural forcing, all stunted plants carefully culled, divisions of good size and showing at least one live eye. The varieties are all comparatively recent introductions and are scored in Prof. Norton's "Dahlia Ratings," with one exception, above the 80 mark: most of them from 85 to 90.

Just a word or two in a personal way: for fifteen years I have been actively connected with the dahlia game,—office work, field work, selling and exhibiting—ten years with J. K. Alexander of East Bridgewater, Mass., the Dahlia King, and five years with his son, J. Herbert Alexander of Middleboro, Mass. I feel that I can reasonably claim a fair working knowledge of the Dahlia in all its phases.
