VARIETIES EVERY GROWER AND GLAD FAN SHOULD HAVE

ALBATROS—Unquestionably one of the best and largest white gladiolus ever introduced. Grows 5½ feet high, flowers without markings or blotches, has good substance and perfectly well formed spike. No doubt the best white in existence.

ANNIE LAURIE—Heavily ruffled delicate pink, overlaid with light rose pink. Light purplish or lavender lines in throat. Very dainty and beautiful. Flowers medium size, five open. Strong grower and good propagator. The best florists variety we know.

CHICAGO—A marvelous new ruffled gladiolus. Tall fine plant with six or more magnificent, large blooms open at a time. Deep geranium red. Lower petals are feathered deeper red. Throat in upper portion of each flower is blended lighter.

GALLANT LEADER—One of Mrs. Austin's best originations. The opening buds are peach-red blending into geranium red in upper petals, while the lower ones show a blotch of white slightly dotted Begonia Rose, deep in the throat. Slender straight spike measuring 64 inches in height, blooms 5 inches in diameter. Very prolific and a good germinator.

MINUET—A very beautiful shade of delicate clear lilac lavender. Four to six open. Large flowers very strong and sturdy grower and a fair propagator. We believe this the finest light lavender commercial ever produced. A lavender by which all others are judged.

RED GLORY—(Piper) Tall straight spike. A ruffled velvety flame red, flecked maroon. Has the habits of Purple Glory but much more attractive. When stock is more plentiful this will be grown by the millions. Get your start now.
