MIDGE

You need not fear Midge any more. Cyanogas 1/10 oz. per 1,000 cu. ft. used every night or every other night will completely rid your place of midge, and if house is clean you can use it once or twice a week and keep things clean.

Nico Fume liquid sprayed on plants as strong as they will stand without burning will also keep down Midge, or rid your place of midge if you have it.

Fume Tobac will also control Midge by fumigation.

SNAPDRAGON

Follow your Mums with Snaps. Now that Rust can be completely controlled many find this a very paying crop. Snaps and Mums are the only wholesale crops we grow and by putting all our energies and thought into these two crops we think we can give you as good or better service than you can get elsewhere. We try to treat our customers as we would want them to treat us if we were buying and we will expect to supply you regularly. Our Rust circular is free.

TERMS, Etc.

Potted stock in season usually goes at \$1.00 per 100 more than hundred rates named in this list. This stock is from 2'' packed light and shipped at purchaser's risk and expense.

While we use every possible care to have all varieties properly labeled and true to name, we give no warranty, expressed or implied.

We cannot guarantee a crop, as growing depends entirely upon the grower.

25 one variety at 100 rates, 250 one variety at 1000 rates. Where less than 25 of a kind are wanted add \$1.00 per 100 to hundred rates.

2% cash ten days, 30 days net.

Cash with order or C. O. D. to parties without established credit.

CULTURAL DIRECTIONS

Many people write us for cultural directions for Mums.

This is too great a subject for an ordinary letter and the best book we know on the subject is "Smith's Chrysanthemum Manual" by Elmer D. Smith, Adrian, Mich. Price is \$1.50 and it will pay you well to have a copy.
