Kingston -

9251 *Cenchrus*
Cenchrus echinatus L.
 2 weeds in wash

track and edge
 species different from C.
 species which appeared
 near new bridge above.

9252 *Sporobolus*. 3 stems
 4 Had several small
 bunches of spreading

Sporobolus jacquemontii
 Kunth

9253 *Leptochloa domingensis*
 6 The sheaths are some-
 times. Spk. around

Leptochloa domingensis (Jacq.)
 Trin!

9254 *Chloris barbata*
 30/ *paraguayensis* Steud

5/ *Chloris paraguayensis*
 Steud.

9255 *Valota insularis*
 1 many white.

Valota insularis (L.) Chase

January, Sept. 24
 names of Hope Gardens

All these (9251-52) were
 found along the border
 of field. The *Cenchrus*
echinatus, C. *viridis*, or C. *carolinensis*
 Peduncle tough, clear, white, blades
 very somewhat flattened.

Leaves 3-5, frequently
 plane delicate, perianth
 very common

Rather large clumps.
 Leaves glabrous, sometimes
 black hairy above.

set from new garden

very common. Heads
 perennal

9256 *Panicum*
Panicum maximum Jacq.

Kingston - Along Stony
Spring, Sept. 25

9257 *Manisuris* ^{*Stegocria*} ^{*exaltata* (L.)}
rich soil. Annual
are straggly, but is
Manisuris exaltata L. f.

9258 *Lasiacis* *seweri*
not in flower. Young
Lasiacis swartziana Hitchc.

9259 *Panicum*
Weed along road
Panicum fasciculatum
Sw.

9260 *Paspalum*
Weed in shade
Paspalum conjugatum Berg.

maximum - common

Hell Road above Constant

Along road in shade
Hersell leaves of sheath
sharp & irritating.

cana - Edge of jungle
shoot and foliage stem

fasciculatum Sw

conjugatum Berg
along road

9261 *Axonopus*
1 Weed in shady
Axonopus compressus (Sw.) Beauv.

9262 *Chloris radiata*
1 *Chloris radiata* (L.) Sw.

9263 *Sithachne*
3 Rich soil
Sithachne pauciflora (Sw.) Beauv.

9264 *Lasiacis*
3 In jungle, climbing
over fence & same
flowering. Small shoot
Lasiacis divaricata (L.) Hitchc.

9265 *Chaetochloa imberbis*
1 Perennial
Chaetochloa imberbis (Poir.) Scribn.

compressus (Sw.) Beauv.
place.

Along ditch.

pauciflora
shady jungle

divaricata
The specimen a bit
root. a fine foliage like
recently developed (C) young shoot.
Weed along road

9266 *Eleusine indica*

1 *Eleusine indica* (L.) Gaertn.

Went along

9267 *Lasiacis glauca*
4-5 ft. stem erect
Culm. forming wheel

Lasiacis glauca (Griseb.) Hitchc.

9268 *Lasiacis*

5- This has narrower blades
glauca, culm. erect
not forming wheel

Lasiacis divaricata (L.) Hitchc.

9269 *Anthephora hermaph.*

1 *Anthephora hermaphrodita*

Edge of jungle: climbing
canes. Different from
is creeping.

divaricata, jungle
smaller panicles than L.
climbing high. It does
as the Florida form,
Went along road

9270 *Chaetochloa*

2 *Chaetochloa barbata* (Lam.)

Shady bank, common

9282 *Panicum*

30th Set

9271 *Syntherisma*
digitata (L.) Hitchc

Syntherisma digitata (Sw.)
Hitchc

9272 *Syntherisma* Scam
1 weed. Perseby
lyth. smaller spk

Syntherisma sanguinalis (L.)
Dulac

9273 *Dactyloctenium*

2 *Dactyloctenium aegyptium*
(L.) Richt.

9274 *Paspalum*

3rd 1/2 Weed along road

Paspalum fimbriatum H.B.K.

9275 *Paspalum*

3rd 1/2 Along the side of

Paspalum caespitosum L.

aspersum [Set from
H.B.K. Banders]
