Important Notice—Orders for those Iris marked with an asterisk are accepted with the understanding that the order will be completed subject to their release this summer by the Federal Horticultural Board. While the supply of these varieties is limited, I believe it will be sufficient to justify release by the board.

The Keller Flower Gardens are working in co-operation with Iris Crest of Fort Wayne, Indiana, and are now better able to fill your requirements for Iris. Send orders direct to our St. Joseph office.
