My "B" BATTERIES *deliver the goods* LAST LONGER ~ COST LESS

That's what hundreds of folks write me after they have tried out KMA "B" Batteries. I think my Jumbo "B" Battery cannot be beat at the remarkably low price of \$2.25 each or 2 for \$4.25. This is a heavy duty type "B" Battery, the finest built, the highest in quality. I know these Batteries are made better than average batteries. Tests prove it.

Unusual Service for Many Months

And what counts most, my Jumbo "B" Batteries give a clearer and louder tone and better reception over a longer period of time. Their come-back will amaze you after months of ordinary use. Their long life makes them cost you less. When ordinary Batteries would be worn out, KMA Batteries keep going strong. My proof of this is the thousands of repeat orders I receive from satisfied users.

Friends, if your set has 4 or 6 tubes I know these extra powerful Jumbo "B" Batteries will give you more radio satisfaction than anything you can buy.

MY OWN PAGE

lets talk things over

FRIENDS, I have crowded the other pages of this book so I could have **this** page all for myself and you. I call this my "friendship page" because it gives me a chance to send a personal message direct to you and all my friends.

It is your friendship that has made my business grow; and it has grown quite a little in this past year. This year I have added new lines which fill up all the main store building. Then across the street to the east is my new seed building. Next to it is my newest building in which I have a dandy restaurant where you can get a good square meal, and reasonable, too, when you visit Mayfair.

During this past year we have had a lot of fun at KMA. I know you folks who listen in enjoy our good times for I certainly do get lots of good letters about my programs. Folks who can't come and see me write letters. I like to have you do both.

Everyone here is about the same as usual. Mrs. May is looking on while I write this and she says, "Tell all our friends 'Hello' for me." Frances and Edward sure did a heap of growing this year. It won't be long now before Edward will be a lot of help to his dad.

Well, I guess my space is about used up. Wish I could tell you more about what we are doing here but you will have to come and visit us and see for yourself. I sure hope you will. This catalog speaks for itself and when you see the many good things I offer and the new low prices, I know I will get lots of orders. Anyway, write me or come and enjoy the friendly fun we have here at KMA. Remember, your confidence and your friendship mean more to me than anything else.

Sincerely yours,

Earl E. May

May's Winter Hardy FLOWERING SHRUBS for Fall Planting

I am again offering a list of shrubs for fall planting. Larger and more complete than ever. Seventeen popular varieties in 2 and 3 year old, well branched, heavy rooted stock.

This is our complete list of shrubs for fall planting. If you send an order for other shrubs or fruit trees from my spring catalog, that part of your order will be held for spring planting.

We will start shipping shortly after October 15, and continue until the 15th or 20th of November or later, depending on weather conditions. These shrubs will be dormant, true to name, and you can plant them knowing they'll come through the winter. **WINTER HARDY BY TEST.**

BRIDAL WREATH (SPIREA VAN HOUTTE). The most popular shrub. Rapid grower covered with masses of drooping white flowers. Also used as a hedge.

12"-18", 1 doz. for \$1.25, 25 for \$2.50, 100 for \$8.00; 18"-24", 20c each, 1 doz. for \$2.00, 25 for \$3.50, 100 for \$12.50. Postpaid.

BARBERRY (JAPANESE). Does not carry rust. Too well known to need description. Also good as a hedge. Plant by the hundred. 12"-18", 1 doz. for \$1.25, 25 for \$2.50, 100 for \$8.00; 18"-24", 30c each. Postpaid.

RED LEAF BARBERRY. A lustrous bronze, purplish-red foliaged Barberry. Retains its full color when planted in full sunlight. 12"-18" only, 60c each. Postpaid.

DOGWOOD SIBERICA. Coral red bark. White flowers in summer.

SPIREA ANTHONY WATERER. Everblooming red dwarf Spirea. Makes a wonderful dwarf hedge.

SPIREA CALLOSA ALBA. White dwarf Spirea. Blooms midsummer to fall. Continuous bloomer.

The above three, All Postpaid: 18"-24", 30c each; 2'-3', 40c each.

HYDRANGEA, A. G. (HILLS OF SNOW). Large pure white flowers in June, as big as snowballs. Do well in shady or damp places.

HYDRANGEA, P. G. Large-flowering; magnificent white panicles of bloom in August-September, turning to pink and bronze, which hang on after frost. Flowers often used for winter bouquets.

The above two, All Postpaid: 12"-18", 30c each; 18"-24", 45c each.

Snowball

FORSYTHIA INTERMEDIA. Earliest blooming shrub of all. Yellow flowers. Called "Golden Bell."

JAP QUINCE (CYDONIA JAPONICA). Red-flowering shrub, often called "Firebush." Earliest blooming red-flowered shrub; bushy.

LILAC, PURPLE. The big purple-flowered Lilac. An old-fashioned favorite with everyone.

SPIREA BILLIARDI. Sometimes called "Red Bridal Wreath." Dense grower. Beautiful rich pink flower spikes bloom in July.

The above four, All Postpaid: 12"-18", 25c each; 18"-24", 35c each.

HONEYSUCKLE, RED. Red-flowering Bush Honeysuckle. Upright grower; blooms April, May. A favorite for hedging.

WHITE SNOWBERRY. Delicate pink flowers followed by large clusters of beautiful white berries. The above two, All Postpaid: 12"-18", 20c each; 18"-24", 30c each.

SYRINGA VIRGINAL. Double fragrant flowers of purest white. Blooms all summer.

WEIGELA EVA RATHKE. One of the finest red-flowering shrubs. Blooms throughout the summer, but most abundantly in June. Blooms clear to the ground on graceful, spreading branches, which are beautiful when full red. Your choice of the above two, All Postpaid: 12"-18", 35c each; 18"-24", 45c each.

OLD-FASHIONED SNOWBALL. Grows easily everywhere. White flowers in snowball clusters bloom in May. 12"-18", 35c each; 18"-24", 50c each. Postpaid.

My Barberry, hardy and rust proof, makes a fine hedge in shade or sun.

We are nursery headquarters for trees, shrubs, roses, vines and fruits. Send for my Spring Catalog.

LONG-STEMMED DARWIN TULIPS

Plant This Fall

Bloom Next Spring

"I like Darwins best and I have extra fine bulbs this year"

DARWINS are the beautiful, tall, long-stemmed, cup-shaped and cup-size Tulips that bloom in May about ten days after the free-flowering Early Tulips. They have every color from brilliant crimson and black to lavender, pink and white.

How to Make a Tulip Bed with 100 Bulbs

They must be planted this fall, and how easy it is! Dig up a plot of ground 5 feet square (this takes only 100 bulbs) and place a little sand in the bottom. Use bone meal to add extra fertilizer if your soil needs it. Most soils do for better flowers. Set the top of the bulb four or five inches below the surface and about the same distance apart. A bed like this is a mass of blooms that you'll be proud of.

BARTIGON. Dazzling scarlet; strong stem.

BARONNE DE LA TONNAYE. 26 inches. Vivid pink.

CLARA BUTT. 20 inches. Apple blossom pink.

DREAM. 25 inches. Large lilac blossoms with blue base. Inside deep violet.

FARNCOMBE SANDERS. 25 inches. Rich, deep, rosy red with distinct white base. Perfect shaped flowers borne on long stems.

INGLESCOMBE YELLOW. Rich yellow; large solid flower.

LA TULIP NOIRE (The Black Tulip). Best of all Black Tulips.

MME. KRELAGE. Bright lilac-rose.

MRS. POTTER PALMER. 26 inches. Bright purplish violet.

PAINTED LADY. A popular variety, creamy white with a lavender tint at the base.

PRIDE OF HAARLEM. 28 inches. Carmine-red. An enormous flower with blue base. Fragrant. The largest Darwin Tulip.

REV. H. EWBANK. 20 inches. Vivid heliotrope-lilac, lightly bordered. Early; one of the best.

WHITE QUEEN. White passing to pink.

ZULU. 27 inches. Rich, velvety, black-purple color.

VALENTINE BLUE. A light blue with electric blue center. Fine forcer.

Brilliantly colored and showy are these Early Flowering Tulips. The single flowers are full and pointed like large rose buds. They flower early in April. Make a bed of these or plant in with your later flowering tulip bulbs. Plant like Darwins.

ARTUS. Splendid dark scarlet; one of the most used reds.

CHRYSOLORA. Large, golden yellow. Only good for outdoors.

COTTAGE MAID. Rosy pink with white edge.

CRAMOISI BRILLIANT. Rich glowing crimson. Very popular variety for bedding and forcing.

DUC DE BERLIN. Red and yellow.

PRINCE OF AUSTRIA. Deep orange-red, sweet scented. Long-stemmed, excellent for cutting.

ROSE GRIS-DE-LIN. Delicate rose, flushed white.

WHITE HAWK. Pure white, large flowers. Fine for forcing and a good bedder.

WHITE SWAN. Pure white, egg shaped.

WOUVERMAN. Rich purple violet.

YELLOW PRINCE. Lemon-yellow; sweet scented.

KAISERKROON. The fanciest and best Early Flowering Tulip. Larger than any other Early Flowering Tulip, carmine-scarlet with a broad yellow border.

Double Large Early Tulips

Gayly colored and showy! These big, double, Peony-like flowers last a long time. Just a trifle later than the Early Flowering varieties, and earlier than the Darwins or Cottage. These are probably the showiest of the Tulips. Plant same as Early Flowering.

Include a generous assortment of all colors of these fine large Doubles with your bulb order. Your choice:

COURONNE D'OR. Orange-yellow.

LA CANDEUR. White. Large, full and double.

MURILLO. Favorite blush pink.

RUBRA MAXIMA. A beautiful deep red.

TOURNESOL. Red and yellow.

MAY FLOWERING COTTAGE TULIPS

Long-stemmed like the Darwins but a trifle later flowering. In all pastel shades not found in Darwins. Flowers have long, oval pointed petals that turn out gracefully. Try a handful of bone meal around each bulb when planting. Set in the ground like Darwin Tulips.

BRIDESMAID (Maid of Holland). Cherry-rose striped scarlet, violet and white.

ELEGANCE. 16 inches. Brilliant crimson; pointed petals. Very early. A beauty.

FAIRY QUEEN. 20 inches. Heliotrope color with yellow margin. One of my favorites.

GOLDEN SPIRE. Orange-yellow. Large flower with pointed reflexing petals.

INGLESOMBE PINK (Salmon Queen). 24 inches. Beautiful pink salmon. Should be in every garden.

ISABELLA (Blushing Bride). 16 inches. Creamy color with rosy shade.

INGLESOMBE YELLOW. Rich yellow. Large, solid flower. Sometimes called "The Yellow Darwin."

ORANGE KING. 24 inches. Bright glowing orange tinged with rose on outside. Very sweetly scented. Mrs. May likes this very much.

SUNSET. Yellow bordered with orange. Large flowers. Very attractive.

Fertilize Your Tulip Bed With Bone Meal

Most soils are improved by adding bone meal. It is the best and only fertilizer I recommend for Tulips. Try it for big beautiful blooms. Mix the bone meal with the soil thoroughly. See page 11 for prices on bone meal and other fertilizers.

"EVERYTHING GREW"

Enclosed you will find check for 10 lbs. of coffee. We have had your coffee now for a very long time and it can't be beaten anywhere. We surely enjoy your programs. All of our seeds and shrubs grew that we ordered from you, and how they grow.

MRS. JOS. SLAVIK,
Diagonal, Iowa.

"NO COFFEE AS GOOD AS YOURS"

Thank you for the nice bushes and also the canna bulbs. Will tell all my friends where I got them for I am a lover of flowers. Am sending for some more of that good coffee for there is none as good nor goes as far nor tastes as good as your coffee; this makes 55 lbs. of it for us. Am sending for three dresses. We listen to KMA all the time and like them all fine. Mrs. Herbert H. Maas, Massena, Iowa.

My bulbs are the pick of the Holland crop—Highest in quality

LARGE FRAGRANT HYACINTHS

Hyacinths make one of the best house plants as well as for outdoor culture. They are easy to grow and sure to bloom. Beautiful in color and size but, most of all, you'll like their fragrance.

Plant from September to December. They are easy to plant. Set bulbs six inches apart and the top of the bulb six inches deep. Before ground freezes cover with leaves or straw to a depth of four inches. Do not uncover until middle of March.

ALL NAMED VARIETIES AND COLORS.—Your choice of varieties. 15c each; 4 for 50c; 12 for \$1.25; 25 for \$2.00; 100 for \$7.00.

MISCELLANEOUS FALL BULBS

NEW HYBRID AMARYLLIS.

For size, flaming color and striking beauty, nothing surpasses the Amaryllis. Bulbs bloom year after year and bulbets develop rapidly. Plant in good soil with a little sand. Give plenty of water and sunshine during the blooming period. When foliage begins to turn yellow stop watering and allow bulbs a dormant period. Beautiful.

HARDY LILIES

GOLD BANDED LILY OF JAPAN (Auratum).

One of the finest, most fragrant and popular of hardy garden Lilies. Pure white, thickly coated with crimson spots. Through center of each petal is clear gold band. Large size bulbs. 35c each; 3 for \$1.00.

SCARLET TURK'S CAP LILY. Here's a gorgeous waxy lily of scarlet with petals curled back like a Turk's cap. Plant about 4 inches deep in sunny spot. 30c each; 4 for \$1.00; 12 for \$2.75.

MADONNA LILY (Candidum). Vigorous growing; pure white. Any kind of soil, plenty of sunshine. 30c each; 4 for \$1.00; 12 for \$2.75.

FIRE LILY

Brilliant, orange blooms look upward. Two or three stems make a beautiful cluster. Need ordinary garden soil; set about eight inches deep. Fire Lily is a good name. 35c each; 3 for \$1.00.

REGAL LILY. A fragrant white lily about three feet high. Perfectly hardy for it comes from high mountains of China. Plant nine inches deep. White blooms shaded pink on outside. 30c each; 4 for \$1.00; 12 for \$2.75.

SHOW LILY (Speciosum rubrum). Fall blooming. White petals, striped rose, dotted with crimson. Plant in early spring about nine inches deep. 35c ea; 3 for \$1.00.

ORANGE SHOW LILY (Henryi). Tall; yellow-orange; hardy and easy to grow. Plant 9 in. deep. 25c each; 5 for \$1.00; 12 for \$2.00.

TIGER LILY. Single or Double. Bright orange-red with black spots. Set 9 in. deep. 25c each; 5 for \$1.00; 12 for \$2.00.

All my bulbs are sent Postpaid.

I Have Always Liked Peonies

Peonies Double Fragrant Hardy

I think Peonies are one of the most beautiful flowers that grow. They are large, double and fragrant. They are hardy. You can get great quantities of them and they will last a lifetime. Friends, right here I want to tell you to be very careful in buying Peony roots. They're just like potatoes—they can be sliced into a lot of small divisions with only three to five eyes on every root. That means there will be three to five stalks when they come up. The Peony roots you receive from me are not small divisions like that. Every Peony root I send you is three years old and has bloomed at least twice—they are full of pep, life and vigor and ready to grow.

HOW TO PLANT PEONIES

Plant Peonies any time after first of September. They like good soil, but do not use fresh manure. Set crowns about two inches under surface of soil and about three feet apart. A light mulch of straw or leaves after the ground is frozen prevents alternate freezing and thawing.

Each **45c** ³ for **\$1.10** ⁵ for **\$1.75** post paid

Your choice of the following 12 fine varieties at this price:

AVALANCHE. Pure white. Not another speck of any other color on them. They are fragrant.

COUROUTE D'OR. I sure like this one. The name means "Crown of Gold." The yellow stamens in the center contrasting with the snow white color gives it a beautiful appearance. You will like this one.

DUCHESS DE NEMOURS. A real early one. It is sort of cup-shaped. When it first comes out it is sulphur-white. The buds are very pretty.

EDULIS SUPERBA. Always on the job at Decoration Day. It has the fragrance of a June rose. Pinkish color. Sometimes measures 7 to 8 inches across.

FESTIVA MAXIMA. Here is one for everybody. A white with carmine-red spots on edges. Five to six flowers on one stem. Abundant bloomer. Very fragrant.

FRAGRANS. This is a late variety but a free-flowering one. Almost red. When all others have quit, Fragnans will be giving you some blooms.

FRANCES ORTEGAT. This is a beautiful dark, deep crimson. Is usually out for Decoration Day unless spring is unusually cold and backward.

LA TULIPE. Here is a beauty. Blush-white with sort of red tulip markings on the outside. You will stop and look at it and wonder just what it is. Resembles a tulip so closely when in the bud that it was named "La Tulipe."—I like it very much.

LOUIS VAN HOUTTE. This is a late one. It is a bright violet-red color. A bouquet of these is very attractive.

MAD. DE VERNEVILLE. This variety and Festiva Maxima are sort of twin sisters. They resemble each other in a good many ways, but Mad. De

Verneville has a more dainty blush of colored petals and red flakes on the center petals. It is very fragrant and like Festiva Maxima, is a free bloomer.

QUEEN VICTORIA. Here is a pure white Peony. Makes a dandy cut flower and is an early bloomer.

VENUS. Another rare beauty. Very large; rich pink throughout. Somewhat resembles Walter Faxon in appearance but doesn't have the clear orange tint that Walter Faxon has.

Karl Rosenfield

This group of 5 is especially LOW PRICED. Usually sell for \$1.00 to \$1.50 each:

FELIX CROUSSE. Here's a dazzling ruby red. Large size. You can hunt over the Peony fields and look at all the Peonies, but there are just two reds you will always come back to. One is Felix Crousse; the other is Karl Rosenfield. Frankly, I don't know which is the best, but you ought to have either one or both in your garden—preferably both.

KARL ROSENFIELD. Another beautiful red. Blooms are rich, velvety crimson.

LA PERLE. Here's a beautiful white with a sort of lilac blush center.

RUBRA SUPERBA. An old stand-by. Large, full, crimson blooms. Very late.

OFFICINALIS RUBRA. One of the earliest to bloom. Dwarf in growth. Earliest of all. A rich red.

The cream of the Peony list. You admired these at the flower show. I know you want a few:

BARONESS SCHROEDER. A wonderful flower. Has a delicate salmon tint. A very late bloomer.

MONS. JULES ELIE. Chrysanthemum-shaped. Sort of satiny, silver sheen over it.

RACHEL. Ruby red. Flowers come in clusters. Have a Rachel Peony in the garden, if you like reds. Velvety colored flowers.

IRIS

The Rainbow Flower

Just as the rainbow is all colors, there are Iris blooms in all shades. Narrow, sword-like leaves give the plant an air almost of dignity, glorified by its wonderful blooms of such delicate shades and fragrance. Truly lovely—and how easy to grow! Plant Iris shallow. They grow well in any soil, but respond to a little fertilizer; and may be moved and reset at any time except in blooming period. They are the one flower that can be planted any time, and will grow anywhere except close to the foundation.

20c Each 6 for \$1.00 12 for \$1.75

ISOLINE. Pale buff-pink. Color of the falls is known as Chinese violet with yellowish tint near the standard.

ORIFLAMME. I like to see this variety early in the morning with the dew still on it. It is wonderful. Standards light blue; falls velvety purple. Tall vigorous grower.

PALLIDA DALMATICA. If I could have but one Iris it would be this. Silvery lavender-blue; standards cut and notched; falls flaring and ruffled. About 40 inches tall.

W. J. FRYER. Standards of old gold, and falls maroon with violet center and yellow edge. I consider this one of the finest of all. A strong tall grower.

AGNES. Quite a novelty. Dominant color is lavender and when seen close shows blue vein marking. Attracts attention because it is so different.

CAPRICE. This variety has won a lot of prizes. Standards rosy red with falls a different shade. Grows about 24 inches tall.

ELDORADO. I remember my first sight of Eldorado, and you will remember yours. Beautiful blending of bronze, gold and blue.

FAIRY. A radiant white effect in garden or vase. Narrow border of pale blue. Graceful, and free bloomer.

KOCHI. A native of Italy. One of the earliest to bloom. Medium height; rich dark purple; buds almost black before they open. This variety sometimes listed under a confusion of names but we give its original name.

MARY GARDEN. A pale yellow, marked with light lavender. Falls cream colored, speckled with lavender.

MME. PACQUETTE. A beautiful claret red. Strong grower, free bloomer; and very fragrant.

PROSPER LAUGIER. Another vigorous Iris that resembles Ambassadeur. Standards light reddish-brown; falls ruby purple.

WYOMISSING. Medium tall; standards rose color, falls purple.

KHARPOT. Early flowering variety from Asia. Standards violet; the falls a deeper shade.

KHEDIVE. Another good all-around sort. Beautiful shade of lavender and brilliant orange beard.

LOHENGRIN. Sturdy variety that will grow and bloom anywhere. A beautiful silvery pink.

LORELEY. Standards canary yellow and the falls ultramarine blue, cream border. Free bloomer.

MME. CHEREAU. White, with frilled border of clear blue. An old favorite with me; we use it freely in decorating the studio. Freest bloomer.

MONSIGNOR. Standards satiny violet; falls purple-crimson. A late bloomer.

MRS. H. DARWIN. Good white varieties are scarce. Snow white with light violet near base of falls.

PRINCESS VICTORIA LOUISE. Standards soft yellow; falls plum color with cream border. You may have seen this variety here in May Park.

QUAKER LADY. Gives one effect seen in one direction and different from another. Standards smoky lavender and old gold.

RHEIN NIXE. Standards pure white; falls deep blue with white margin.

ROSE UNIQUE. The nearest approach to a real pink Iris. Medium in height, and early blooming.

SHERWIN WRIGHT. Good yellow Iris are few and far between. Free bloomer; bright golden yellow.

SIBERIAN BLUE. Altogether different type from German Iris. Has grass-like foliage and stands more moisture. Hardy and prolific.

These Are My Favorites—All Gorgeous Beauties

Here are some of the very finest new Iris anyone can offer you. I've grown a large block of these so I can price them unusually low. I tell you, these are indeed rare beauties.

AMBASADEUR. The aristocrat of the Iris garden. Smoky bronze standards, and deep blackish-red falls. This is the first one on my list for it's the finest of all. 60c each.

BALLERINE. Another head-liner. Large, light blue flower, erect, tall and fragrant. 75c each.

GERTRUDE MAY. There is no other blue Iris in the class with this one. Largest and best bloom I've ever seen; have a lot of it planted in my own garden and around the house. That shows what I think of it. 25c each.

LENT A WILLIAMSON. You'll notice this first in any garden. Large, royal purple falls, orange beard, lavender and violet standards; a combination hard to beat. 40c each.

LORD OF JUNE. I like this big loosely constructed light blue. You will go a long way before you find its equal. The buds are as lovely as the flowers. 40c each.

MOTHER OF PEARL. The name describes its silvery pearl-pink color. Used to sell for \$25.00. A most cherished variety. Very large, perfect shaped flowers. 40c each.

SEMINOLE. A really red Iris; the very best in its class, and a good grower. Wonderful for garden effects. 40c each.

Sow Grass Seed in the Fall

May's Mixtures for Best Lawns

Fall is nature's own grass seeding time. If you want a beautiful, smoothly covered grassy lawn prepare the ground thoroughly in late August or September and sow it then with lawn seed from this list of my tested mixtures.

HOW MUCH TO SOW. For a fine stand of grass on a new lawn sow one pound of seed for every 200 square feet. For thickening old lawns sow one pound for every 400 square feet.

KENTUCKY BLUE GRASS. Best known grass for lawns and pastures. Good blue grass seed, and plenty of it, will make a fine stand of thick grass. The seed is raised in our own territory and shows strong germination. Weighs 21 pounds per bushel. (Seed law requires about 14 pounds.) Heavy seed means clean seed. Sow in early Spring, in June or in fall. 60c per lb.; 3 lbs., \$1.50; 10 lbs., \$4.50 postpaid.

CANADIAN BLUE GRASS. Will grow on poorer soil than Kentucky Blue Grass, and some say it will stand more dry weather. Sow 30 pounds per acre. 60c lb.; 3 lbs. \$1.50 postpaid.

RED TOP. Used in lawn mixtures, makes dense sod that will stand trampling. Good addition for any pasture or hay land, especially on low ground. Quick growth. Sow 10 pounds per acre. 50c lb.; 3 lbs. \$1.35; 5 lbs., \$1.95 postpaid.

BERMUDA GRASS. A Southern grass for a quick lawn. Stands dry weather in exposed places, will winterkill in North, but valuable for green growth during July and August. Makes a heavy, dense mat. Requires no attention except cutting. 70c lb.; 3 lbs. \$1.95 postpaid.

WHITE DUTCH CLOVER. The little three and four leaf clover which grows so abundantly to produce that fine green carpet so desirable to the home lover. Bright clean seed of high quality and germination. 60c lb.; 3 lbs. \$1.50; 10 lbs. \$4.75 postpaid.

LAWN GRASS MIXTURES

Maypark Lawn Mixture

This grass thrives anywhere. It is a well balanced mixture for a fine, quick-growing turf. Covers a lawn quickly. Use 1 lb. for every 200 square feet. Maypark grass seed is pronounced 100 per cent successful wherever used. Prices postpaid.

Fertilizers for Lawns-Flowers

"Watch-em-Grow"

Concentrated Quick Acting Plant Food

Watch-em-Grow is a wonderful, quick-acting, perfectly mixed plant food. It is the best balanced fertilizer for house plants I have found.

Use it on your potted house plants: Dissolve a teaspoonful in a cup of hot water. Pour into one gallon of cool water, and water plants daily with this

mixture. For a 6-in. pot use a pint of mixture each week until you note improvement, then once in two weeks.

In re-potting plants: Use a teaspoonful, dry, thoroughly mixed through about 4 quarts of soil.

In the garden: It may be used the same way as recommended for potted plants when transplanting flowers or vegetables.

Big 8 oz. can, postpaid 50c

BONE MEAL FERTILIZER

ANALYSIS: 3% ammonia, 2.47% nitrogen, and 24% phosphoric acid.

An excellent fertilizer, finely ground, first quality; decomposes quickly and builds up soil rapidly.

On your new lawns use 2,000 lbs. Sheep Manure and 500 lbs. Bone Meal per acre. Old lawns need less—about equal parts Bone Meal and Sheep Manure—50 lbs. per 1,000 sq. ft. Be sure to use some on your potted plants; one cup Bone Meal to 50 cups soil. A handful around each plant promotes growth.

Ideal Set for Farms

MAYOLA

6 tube - battery operated

You'll be just as enthusiastic as I am over this latest Mayola triumph as soon as you see it and hear it. You'll say the same as all the rest—it's 'way ahead of any battery receiver you've ever seen.

You're bound to be astonished, for there hasn't been anything like it yet made. It is absolutely the latest development in scientific improvement of the radio.

Here's New Experience in Radio Enjoyment for Every Home

This is the perfected, ideal set for any home without electric equipment. It brings the rural home all the selectivity, clearness, distance and perfection of tone the same as any all-electric set—even better than some. You can get distance even in daytime with this set.

All These Improved Features in This Modern Battery Set:

Built-in loud speaker. Four screen grid tubes. Resistance coupled amplifier. Clear-cut tone. Perfect volume control. Selectivity and reception that surpasses many all-electric receivers. Very low battery consumption; takes less battery than ordinary four tube radio. It gives you wonderful performance and is certainly a marvel in compactness and efficiency.

My Greatest MAYOLA SCREEN GRID

Console 9-TUBE, ALL ELECTRIC, Super-Dynamic Speaker

You know, if there is one thing I am a "crank" on it is Radio. I've made it my job, as well as a hobby, to bring you the best in radio sets, as well as radio entertainment. But here is the best yet—even experts say it's the best they've ever seen.

Most Powerful and Selective

So powerful that it operates full volume even on short indoor aerial, this new Screen-Grid Mayola brings in most distant stations with no interfering noises. It will operate from any 110-volt 60 cycle alternating current, but not on direct current or farm light plants.

Handsome 2-tone walnut Console cabinet, maple overlay, piano finish.

A Sturdy Chassis

Unusually sturdy construction, with fully shielded tuning unit. Licensed under R. C. A. and Hazeltine Neutrodyne patents. New Screen Grid tube; power detection for volume without distortion; new Type 245 power tube; Super-Dynamic Loud Speaker; handy adjustment for local or distant reception.

KMA Radio Tubes GUARANTEED ONE YEAR!

Look at these new and lower prices! All postpaid

TYPE 201A POSTPAID NOW ONLY 75c

Yes, you can get these savings on tubes for your set—we have types for all kinds of receivers. And I've put the price way down. In fact, I believe these are the lowest prices ever put on strictly first quality tubes. I personally recommend KMA Tubes. They are made to my order, and licensed under R. C. A. Patents—which means they are identically the same as tubes priced a lot higher under other names.

I guarantee to replace any unsatisfactory tube within a year, unless they are burned out or short circuited accidentally.

Bigger Value than Ever Before
Men's All-Wool Suits
\$17.50 With One Pair Pants **\$21.50** With Two Pairs Pants

I am more enthusiastic than ever over these new suits. With the wool market "off" I am able to offer finer, better wools at lower price. You are going to be surprised, for these would easily cost twice as much in any store uptown. The styles are all new and the best; the tailoring the finest, with best of finishing throughout.

The suit I picked for myself from this lot is a pin-stripe blue serge and I have another in brown that I like. Pate's choice is a steel-gray hard finished worsted, and Alfalfa John is proud of his brown cheviot, while Radio Cy says his grain tan mixture is the best. In fact, we all found something to suit our different tastes in these mighty fine suits.

You will, too. Just tell us what kind and color you like best. I guarantee you'll like your suit. Best all-wool materials with linen canvas front to hold shape; taped haircloth lapels; padded shaped shoulders; "Hymo" collar and lapel that will not break—in a variety of stripes, mixtures and herringbone weaves. I think every man should buy two-pants suits for they give twice as long wear.

I Guarantee to Fit You

I don't care what shape you are—tall, short, lean, stout or medium build, I'll put a suit on you that'll fit you—and please you, or give your money back. Just tell me four things: (1) **STATE ON YOUR ORDER WHICH STYLE** you want; (2) what goods; (3) what color, and (4) what your measurements are. It is easy to take your own measure by these diagrams.

GIVE ME THESE MEASURES:
 A.—Chest. Tape all around body over vest at arm pit.
 B.—Waist. Over the pants at hips.
 C.—Inseam. From crotch to bottom.

I'll Send You Samples

—of the materials in the suits we men at KMA chose for ourselves. Just ask for them, then see which you like best—or if you'd rather, we'll send you some other suit and guarantee to please you.

I GUARANTEE: All-wool; newest style; best materials and trimmings; positive fit; and lowest price.

HERE'S MY POPULAR Sheep-Lined Coats

My MAYWORTH Coat

The Kind Most Stores Sell for \$10.00 to \$12.00

They are popular. Two hundred of these a day was my actual sales record for ten straight days during the cold of last December—and not a single kick or come-back!

This is a husky winter coat for men who work outside. Will keep you warm even in a blizzard. Stands hardest wear and defies cold.

10 ounce green Moleskin that wears like iron; lined with Lawrence unclipped sheep pelts, thick, soft and warm. Full 36 inch length; double breasted extra full and roomy; big arm holes; oversize beaverized sheepskin collar, 6 in. wide. Snug-fit knitted wrist, pocket corners and armholes reinforced.

My Guarantee

I guarantee the lining in this coat to be genuine, specially selected, good quality sheepskins.

I guarantee the material to be heavy weight moleskin and the workmanship to be equal to that in coats sold elsewhere for more money.

If after receiving and thoroughly inspecting this coat you are not entirely satisfied, return the coat and I will promptly refund your money.

Earl E. May

YOU BE THE JUDGE—

Compare this with any coat elsewhere at any price. If you are not perfectly satisfied that it saves you money send it back for full refund.

Note These Mayworth Features

10 oz. Moleskin. Best Sheep Pelts. Full 36 in. Length. Big warm 6 in. Sheep Collar. Over size Arm Holes. Leather Pocket Corners. Built for Long Wear.

BLUE CORDUROY

Best Looking Coat You Can Buy.

Thick weaved corduroy, famous for wear. The sleeves are warmly lined; and those heavy sheepskin pelts keep out north winds. All-wool, elastic wristlets keep the wind from blowing up your sleeves; and the big warm beaverized collar fits up closely about the head. I have one of these, myself, and it's a dandy. Warm corduroy looks good and certainly wears. Prices Postpaid

Women Like Eva Hopkins' Beauty Preparations

Guarantee—Eva Hopkins guarantees to benefit your complexion and please you or refund your money.

Mrs. May and I both take real pride in being able now to bring you even more of these wonderful complexion aids from Eva Hopkins. Three years ago Mrs. May found a new delight in the way of a Creme Powder that Eva Hopkins had devised for her own use. So refreshing and so good to the skin, so delicate its tint and fragrance, that Mrs. May prevailed on her to make it in quantities and got me to tell you about it over KMA.

So many of you tried it—liked it—and sent back for more, in such quantities, that now Mrs. Hopkins is making thousands and thousands of jars of it here in Shenandoah in a beautiful, spic and span, clean, white, sanitary laboratory—a business built up in this short time on the merit thousands of you pleased women find in her products. Gradually she has added new items to her line until now we can offer you the delight of Eva Hopkins' quality, with her money-back guarantee, also in:

KMA BLEND COFFEE

Famous for Flavor

I know I am a crank about **good** coffee. Nothing starts you fit for a day's work better than coffee that's just right. Mrs. May had a tough time getting coffee just right for me. Now she just stocks up with KMA Coffee, serves it every meal—and sees me smiling over every cup.

Now it's the coffee blenders who call me a crank for I'm right after them all the time to see that every pound of KMA Blend is right up to the quality and flavor I demand. Folks tell me how fine my coffee is—and I'm not going to lose that reputation—not by a cupful.

Prices lowest ever

Some dealers may try to tell you May-Tires are not quality tires. On the contrary, May-Tires can only be compared in quality with finest first-line tires, not second-line. The country is flooded with second and third grade tires, made to sell at a price and without a guarantee. But May-Tires are strictly A No. 1 quality tires, made of best ribbed, smoked, sheet rubber, and finest cotton fabric.

*Guaranteed
16,000
Miles*

When you buy a May-Tire, you are sure of getting **Quality, Service, Satisfaction** and, above everything else right now, **Price**. Into May-Tires are built qualities that make satisfied users, as thousands of letters we get prove. The rubber market is the lowest in the last 19 years, so you save money by laying in tires now for the rest of the year.

I have only one thought in building May-Tires, and that is: to give you **more miles of riding** comfort and more satisfaction than you can get anywhere. Mrs. May put four May-Tires on her car last year, and kept an accurate mileage record. She has driven all through Nebraska, Colorado, Kansas, Iowa and Missouri. Her May-Tires have now run well over 20,000 miles and are still good for eight or ten thousand miles. They have run all along without any road trouble. Women drivers should not have to worry about tire trouble. They want tires that will stand up on either short or long trips.

MAY'S Oversize Balloon Tires

"New joy in riding"—"Smooth out the road"—"Make tire money go farther"—things like that folks write me about these big, husky Balloons. You'll say the same—be just as enthusiastic over the May-Tire Balloons on your car. 16,000-mile guarantee, yes—but many a May-Tire user reaches 25,000 to 30,000 before he wonders how far they will go.

My Guarantee

I guarantee every May-Tire against all defects in material and workmanship for 16,000 miles. If it fails because of such defect we will either repair the tire or make reasonable allowance on the purchase of a new tire.

Prices on May Tires

With the price of rubber now the lowest it has been in years and years—by buying direct from the factory, cutting out the jobber's profit, the local distributor's profit, and the salesman's profit—I honestly believe I now have the biggest tire values you were ever offered. For instance, on my 30x3 it will cost you less than 26c per 1,000 miles, or less than 30c per thousand miles on my 29x4.40; and less than 35c per thousand miles on the 30x4.50 size. This economy runs the same all through the line. No question about it, May-Tires will give you more miles for the money than any tire you can buy. Why pay more?

Heavy Duty Oversize Cords

When a lot of other tires wear out that's when these sturdy oversize May-Tire Cords start in to give their extra service. That's not just my say-so, but the experience of May-Tire users by the thousands. Every day some are writing to tell me how well their May-Tire Cords are standing up under all sorts of road conditions. Not only this big drop in prices, but the strong construction and mileage service of these tires make them the most economical.

HEAVY DUTY TRUCK TIRES

You cut down cost of getting your goods to market, of hauling or delivery, with May-Tire Truck Tires. They'll stand up on any road, good or bad, and get you there and back—time and again—over hundreds of more miles than any other tires at such prices as this will stand. Built for hard use.

MAY-TIRE CHAINS

Don't risk your truck load or the lives in your car on slippery roads without chains. Mine will pull you out and keep you safe on the road a lot longer. Easy to put on, easy to take off. Will stand a world of wear and tear.

May's Safety Tread holds the road and makes steering easy

Mayway—Quality Accredited BABY CHICKS

From Year 'round Egg Producing Flocks

Mayway chicks are all produced from State Accredited, pure-bred, healthy, farm range flocks, closely culled for heavy egg production. Only perfect males and females of pure strain are selected to produce the eggs and these chicks are the cream of our flocks—all electric hatched. We guarantee 100% live delivery.

MY 100% GUARANTEE
I guarantee 100% LIVE DELIVERY and chicks hatched from healthy ACCREDITED flocks culled for STANDARD QUALITIES. I further GUARANTEE that if you do not receive 100% LIVE DELIVERY I will refund that amount paid for dead chicks or REPLACE them FREE. If dead upon arrival, have Postman or Expressman mark number dead on receipt and mail it to me immediately.

IMPORTANT NOTICE
(State 2nd and 3rd Choice)
If possible, always give a second or third choice. In most instances, we can give you your first choice but if you give us a second or third, as a rule, we can ship your chicks at most any time wanted because our enormous incubator capacity gives us thousands of chicks every week.

Comes in 30 and 36-inch widths, so it is easy to apply. Shears, tacks and a hammer are the only tools necessary. Apply May's Sun Fabric in slanting position so rain or snow can drain off and it will stand longer wear.

ELECTRIC HATCHED

When you buy MAY'S ELECTRIC HATCHED CHICKS you get more for your money because ELECTRIC HATCHED CHICKS are stronger, grow faster and are easier to raise than the chicks hatched under the old type of incubator. All my chicks are hatched by Electric Incubators.

MAY'S Poultry CAFE-TERIA

Feeds Right and Saves Feed

\$5.98 Postpaid

A feeder for your laying hens. They must have clean food where they can reach it easily, for best laying results. This is a non-clogging, rat-and-vermin-proof giant feeder for grain or dry mash. Wide platforms hold 15 to 20 hens at a time; feeds from both sides; hopper of heavy galvanized steel, well braced. Perches 37 in. long, and hopper 35 in.

Drink-All-Around THERMO FOUNTAIN

It's important to keep the temperature of drinking water uniform the year around. Cool water in summer and warm enough in winter is possible with a Thermo drinking fountain. Best of all, the chickens can't splash out the water and spill it over. It's convenient, automatic, spill-proof and easy to keep clean.

Prices Postpaid.

When You Kill Hogs this Fall Use

CASAK PROTECTORS

for Hams and Bacon

For you farmers who will kill hogs this year, and smoke the hams, bacon or shoulders, here's a new, patented covering that keeps them from molding and spoiling. Put on just after smoking is completed. They protect from mold, flies, skippers and all contamination, hold-in the flavor, and prevent

meat drying out. Meat saved by use of Casak Protectors the first year will pay for them. They can be used over again.

Shaped to fit ham, bacon or shoulder. Easy to use; simply slip meat in and tie open end tightly, then hang in a dry, cool place.

Absolute protection for your meat for about 2c per pound.

SHIP FURS TO MAY To Get High Pay!

SOME of my friends were just a little bit doubtful of my success last year when I announced my plan to sell furs. "Earl May knows the seed and merchandise business, all right," they said—"but this fur game is something new for him. Let's wait and see what happens."

Well, I want to tell you what did happen. I made a very desirable marketing connection with some of the best and most reliable fur people in the industry. I got them to work shoulder-to-shoulder with me in organizing my fur department, receiving furs, grading them and selling them. During the season I received thousands of shipments—furs worth thousands and thousands of dollars. These I sold at the highest prices the market would bring.

It wasn't easy to do, either, because last year was sure a tough one in the fur business. The toughest season since 1920, in fact. Maybe some of you older trappers remember that year! Anyway, the Fur Market started out last fall with a feeling of uncertainty

all along the line, and then hit a big snag in the early fall just after the stock market crash. It never did recover. In fact, it took the optimistic action of the biggest people in the fur business to check the decline and keep prices from going still lower.

Through it all, I received enormous quantities of fur, and sold them carefully and skillfully for prices that have now been proved to be well above the general market.

The hundreds of letters that I have received from satisfied trappers show that my fur receiving service is appreciated. I am going to continue it again this coming season and I will be glad to have you take advantage of it. Send all of your raw furs to me and I will sell them for you at the highest market prices.

The outlook for this fall is none too promising from a price standpoint. This year as seldom before you will need a good outlet for your furs if you are to get all your efforts deserve. Stick with me this season, and I know you will again agree that May pays most!

Ship Me Your Furs by Express or Parcel Post ~or Bring them in!

I don't intend to make any profit on the fur business—just a small charge, which will be paid by the buyers to cover the cost of handling.

This service goes with a desire to show my customers how much I appreciate the confidence and support they have given me. Just to back up these statements and to insure you complete satisfaction on every fur transaction, I have originated the plan whereby you will actually have your check in hand before your furs are released. Read my offer and see if you don't think it is an absolute guarantee of satisfaction.

Send All of Your Raw Furs to Me. I Will Sell Them for You

The grading will be done by expert graders. I will promptly mail you a check for the highest offer. Such offer will be top market value at the time the furs are received. Your furs will be held with your name until you have had time to receive the check. If for any reason you don't think the price is the fairest and squarest you could receive anywhere, you may return the check and I will send your identical furs back with express or postage paid both ways. You take no risk under my up-to-the-minute fur selling plan.

One other thing before I close. If you live in Iowa and ship your furs out of the State to be sold, remember that you must send to the State Fish and Game Department for special permit tags. If you ship to me there will be no such difficulty.

Don't forget to tune in on KMA this winter for up-to-the-minute news of the fur market.
