OFFICE AND GREENHOUSES

Our Office and Greenhouses are located at 423 Adams Street, North Abington, only a short distance from the North Abington Passenger Station and Electric Car line.

SHIPPING SHED

Our Shipping Shed is located at 227 Centre Avenue, Abington, very near the Abington Passenger and Freight Station, and on the Electric Car line. You will find someone in attendance every working day during the planting seasons.

Planting Seasons

The SPRING PLANTING SEASON begins as soon as the frost is out of the ground and continues until early June. Evergreens and Perennials can be safely transplanted until the latter part of June.

The FALL PLANTING SEASON for Evergreens begins about the middle of August and continues through September. Deciduous Trees and Shrubs can be safely moved after we have had one or two frosts and continued until the ground is frozen. Perennials do best when moved during September and before the middle of October.

Healthy Stock

Growing dependable Nursery Stock which is healthy and free from disease is our job. Our plants are given plenty of room to develop in the Nursery row, are properly pruned and frequently transplanted. This careful attention gives us confidence that our product is equal to the best.

Poorly grown Nursery Stock is expensive at any price.

Abbreviations

Plants marked with an asterisk (*) denote varieties suitable for Rock Gardens.

Plants marked with a dagger (†) denote varieties that thrive at the Sea Shore.

Plants marked B. & B. denote varieties dug with ball of earth and burlapped at no extra charge.

Pruning

Nearly all Nursery Stock presents a much better appearance if pruned and cared for at the proper time. We, therefore, offer you the services of our men who are trained in this important and particular profession.

Conditions of Sale

PRICES:—The prices annexed in this catalog are given net, f. o. b. Abington, and subject to change without notice. We make no charge for packing except on large deciduous and evergreen trees. Specimen plants selected by a customer, his representative, or by us will be charged for at an advanced price.

RATES:—The following rules apply only when the ten or hundred rates are given.

1 to 4 plants of one kind and size will be priced at the single rate.

5 to 24 plants of one kind and size will be priced at the ten rate.

25 or more plants of one kind and size will be priced at the hundred rate.

TERMS:—All orders from unknown customers must be accompanied by cash or its equivalent. All accounts are due in thirty days except by special arrangement.

WE EXERCISE GREAT CARE TO HAVE ALL OF OUR PLANTS TRUE TO NAME. We give no warranty, expressed or implied, as to description, quality, productiveness or any other matter of any Nursery Stock, Seeds, Bulbs or Plants we sell.

CLAIMS:—No claims will be allowed unless made within ten days after receipt of stock.

Transportation

When we deliver stock to a transportation company our responsibility for its safety ceases. Your claims for damage should be made promptly to the agent of the transportation company at the point of delivery.

Trucking

We will make deliveries by truck within a radius of one hundred miles, and charge according to mileage and size of truck used. Stock so shipped will arrive quickly and in as perfect condition as when it leaves our Nursery.

HYBRID LILACS—Mixed

These are all choice sorts which originally came from the Arnold Arboretum. The labels, however, have been lost so that we are unable to distinguish the varieties; therefore this very low price.

Rhododendrons

To have the best results with Rhododendrons, your soil should be acid. If you are in doubt, we will be glad to make a test and advise the best method of procedure to insure success.

	Each	Per 10	Per 100
HARDY HYBRID VARIETIES:			
12 to 18 in.....	\$7.50		
Catawbiense album—White, fast grower			
Catawbiense grandiflorum—Rosy-lilac			
Dr. H. C. Dresselhuys—Analine red			
Everestianum—Rosy-lilac			
F. L. Ames (Amphion) Clear pink, white eye			
Mrs. C. S. Sargent—Rosy red or deep pink			
President Lincoln—Lilac pink, brown eye			
Roseum elegans—Clear rose-pink			

MIXED HYBRID RHODODENDRONS

12 to 15 in.....	3.50	32.50
15 to 18 in.....	4.50	42.50
18 to 24 in.....	5.50	52.50
2 to 2½ ft.....	7.00	67.50

These plants are grown from seeds of Hybrid Rhododendrons, shading from red, pink, to white. They grow much stronger and bushier than the grafted hybrids, and are perfectly hardy.
