BOOK ORDERS EARLY

No nurseryman can carry a complete stock of everything all through the entire season. It is easier to sell a customer four months ahead of delivery date than to sell just before shipment. It costs the customer **NOTHING** to order early. Early orders receive complete protection on varieties and are always filled with best grades. Book your orders early and avoid loss and disappointment.

TERMS OF PAYMENT—CASH ON DELIVERY

Transportation charges are paid if shipped in a regular delivery. Single shipments over \$10.00 in Nebraska, Iowa and South Dakota. On orders of \$20.00 or more in other states.

We ship only in the spring.

ENTOMOLOGIST CERTIFICATE

We have the state inspector's certificate showing our stocks to be free from San Jose scale and other plant diseases or dangerous insects and attach facsimile copy to each shipment.

GUARANTEE OF GENUINENESS

If any nursery stock, etc., proves untrue to description under which it is sold, we hold ourselves in readiness on proper proof, to replace all such nursery stock, etc., that may prove otherwise, or refund the amount paid, but we shall in no case be liable for any sum greater than the amount originally received for said nursery stock.

This price list cancels previous quotations.

NOTES FOR SALESMEN

1. Confine sales strictly to sizes and varieties in this list.
2. Be sure to give postoffice, R. F. D., Dates, Distance from delivery point and customer's name. Be careful to write sizes in order as they are listed in this Price List, and do not under any circumstances write even size, as 5 feet, 6 feet, 18 inches. All improperly written orders made by salesman will be returned for correction.
3. Confine your sales to central delivery points. Avoid making deliveries at every little town.
4. Draw a line through any stock when we are sold out to help prevent any further sale.
5. Report any complaint you may have that you can not adjust satisfactorily with customer.

MARSHALLS GOLDEN RULE
"SUGGEST STOCK THAT
YOU WOULD PLANT"

BETTER BUILT TREES

We do not offer to our customers the lighter grades of nursery stock as offered by some mail-order concerns. We handle only heavy, properly headed, well balanced and well rooted stock such as we would plant ourselves—the kind that is sturdy, will grow readily and requires the minimum of shaping and training. We do not solicit parcel post orders and it is not necessary that we ship the light grades. We do not believe in that kind of stock. We feel that this policy pleases our customers and has been a basis for our steadily increased patronage. We like to have customers visit our nurseries to see the pride we take in raising trees and plants. No expense or time is spared to produce the best and we invite comparison.

PACKING

Every customer's order is individually packed. All trees and plants are enclosed in heavy paper and burlap, with damp moss about the roots to prevent stock from drying out.

Sixteen Reasons Why Marshalls Nurseries Can Best Serve You

1. Old, established company,—since 1887.
2. Marshalls Nurseries are located on high land with soil particularly adapted to tree and plant growth.
3. Marshalls grow stock that has proven its adaptability for the Middle-West.
4. Marshalls grow the most complete line in the West,—they grow what they sell.
5. No expense is spared in propagation, cultivation and training to produce the best,—vigorous and dependable stock.
6. Marshalls put out Better Built tops and Better Built roots. They do not send out weak, parcel-post sizes.
7. Marshalls equipment for handling and packing out nursery stock is the best. Stock must be handled right as well as grown right.
8. Each order is carefully packed in spagnum moss and wrapped in moisture proof paper, then in burlap to withstand long shipment without injury.
9. Marshalls have specialists in charge of every department,—no better trained nurserymen in the business.
10. Marshalls are in close touch with the leading horticulturists of America and maintain trial grounds at the nursery, so are thoroughly posted on the latest developments.
11. Marshalls have grown fruit commercially for 35 years and know the planters' problems.
12. Only honorable men are kept on the territory to serve you. They receive special horticultural training and are expected to help you with your problems.
13. Marshalls have "Certified Landscape Service"—the best in the West. Only trained men are allowed to make designs for landscape service. Any representative making a sketch calling for stock amounting to more than \$50.00 is required to send it to the house to be certified.
14. Marshalls can refer you to numerous large and small orchardists and thousands of home owners who believe in Marshalls Better Built Trees and Plants.
15. Marshalls furnish every customer with a "How to Plant" booklet, which makes planting easy.
16. Marshalls guarantee to satisfy every reasonable planter or home owner. A written guarantee is furnished.
