WATERLOO BULB FARMS

WATERLOO, IOWA

**THE LARGEST GROWERS OF
GLADIOLUS IN THE MIDDLE WEST**

Introducing —

MR. WENDELL G. HEATON

We are pleased to announce to our many friends that Mr. Wendell G. Heaton of Creston, Iowa, on October 1st, joined our force as assistant manager. Mr. Heaton has been in the Glad business ever since he was knee high to a grasshopper and knows thoroughly every phase of the industry. This experience has been augmented by one year at Simpson College, Indianola, Iowa, and two years of floriculture at Iowa State College, Ames, Iowa, and he comes to us very highly recommended.

The growing of the bulbs and the filling, packing and shipping of your orders is under his personal supervision.

WONDERFUL "GLAD" BULBS

Fresno, Calif., June 16, 1930.

Waterloo Bulb Farms.

Dear Sirs: Last fall we ordered over a thousand Gladiolus bulbs from you and have wanted so many times to write you and tell you what wonderful bulbs and also what beautiful gladiolus blooms we have had from them. The climate we have here is very warm and most flowers do not grow extra well. I have seen a great many gladiolus this year and can say truthfully that none have been as nice as mine. A great many of my friends are going to send this year to your farm for their bulbs.

The collection I got out of the thousand is very wonderful. The spikes are from four and one-half to five feet tall, and you can most surely look forward to a very large order from us this fall.

Yours truly,

Mrs. Dave Aaron Rembold,
968 Fenger Ave.,
Fresno, Calif.

WHOLESALE GROWERS OF
"EXTRISTRONG" GLADIOLUS BULBS

Here i' Tiz!

HERE IS the plant label Mr. Gersdorff told you about in the January GLADIOLUS REVIEW, and he is right! They sold like hot cakes at the National Gladiolus Show in Springfield last August.

Unquestionably

They are the best thing ever invented for marking plants of all kinds in the field, green-house or garden.

Only 8½ Cents

And they last for years as they are made of non-rusting "galvanealed" steel and nothing to give out about them.

They Are Just What You Have Been Looking For For Years!

Neat and attractive—efficient and durable. Weather proof, dirt proof and always readable. Names and notations on the

PEERLESS

cannot be destroyed by rain, snow, ice, frost, birds nor animals. Don't trust your valuable bulbs and plants to inferior makeshift labels. Use the PEERLESS and prevent "mix-ups" and loss of identity.

Made in two sizes and priced as follows: 25 or less by mail postpaid; 50 or more by express:

12 inch		18 inch	
Per Dozen	\$1.50	Per Dozen	\$1.95
Per 25	3.00	Per 25	3.90
Per 50	5.00	Per 50	5.75
Per 100	8.50	Per 100	10.00
Painted green for 25c per hundred		Painted green for 50c per hundred	
Priced even lower in larger quantities.
