MY GARDEN

THOSE who love Nature can never be dull!

They may have temptations,
but they will run no risk of
being beguiled by ennui, idleness or a want of an occupation.

The love of Nature keeps us free from those mean and petty cares which interfere so much with calm and peace of mind. It turns every daily task into a blessing, and brightens life until it becomes almost like a living dream.

My Garden, with its silences, and beauty, and the pulses of fragrance that come and go on the airy undulations, affect me like sweet music.

Care always stops outside the gates and gazes at me wistfully and jealously through the bars.

Among my flowers Nature takes me into her own hands, and I breathe freely and joyously—as did the first man.

A. J. Anderson

Home of the Worlds Finest Glads

White Bear Lake, Minn.

Dear Friend:

Another year has passed since I sent out my 'Silent Salesman' and I wish to thank all my customers for their liberal support which has made it possible for me to carry on my work and add many new and really wonderful creations to my list, which each year affords me a great deal of 'real pleasure and satisfaction.'

But aside from enjoying the beautiful flowers myself during the blooming season, my greatest pleasure after all is the receipt of hundreds of letters from Satisfied Customers, expressing their appreciation of my treatment---which assures me that my efforts to please have not been in vain. My only regret is that I have been unable to answer each and every letter individually as well as inquiries for catalogs, etc. but so far I have not found time to do so and trust that those of you who have written and not received a letter will accept my apologies, appreciating how difficult it is with a very limited office force to attend properly to all correspondence especially during the growing season.

The large number of requests coming daily for a 'new list', is a good indication that I will have the pleasure of adding a great many more names of 'Satisfied Customers' which is a most valuable asset---and to those of you whom I have not yet had the opportunity to serve I wish to say that I will do all humanly possible to show you my appreciation of your orders whether large or small so as to justly deserve a liberal part of your business and trust that you will feel your confidence in me is well placed.

Sincerely yours

A. J. Anderson

Read Carefully Before Ordering

The prices quoted herein are for immediate acceptance, and will prevail until my stock is exhausted—or until a new list is issued and includes all transportation charges by Parcel Post or Express to you.

Terms

Terms are **Cash With Order** for less than \$5.00. Orders for \$5.00 or more will be held for future delivery with a 25% deposit and the balance due at Shipping Time. Because of the unquestioned values offered we cannot afford to send C. O. D.'s on orders for less than \$10.00 as the cost of additional Time and Fees adds to the Expense. Our Shipping Season ends by May 1st. **Early Orders** will be most appreciated and Rewarded with Extra liberal treatment. Orders from outside of U. S. must be paid in full before shipment. **All Offers Subject to Prior Sale.**

Discounts

For all Cash Orders received up to March 1st, 1931, I will make the following offers:

On Cash orders from \$ 2.00 to \$ 5.00 Select 5% Extra Bulbs.

On Cash orders from \$ 5.00 to \$ 25.00 Select 10% Extra Bulbs.

On Cash orders from \$25.00 to \$ 50.00 Select 15% Extra Bulbs.

On Cash orders from \$50.00 to \$100.00 Select 20% Extra Bulbs.

This offer does not hold for quantities offered by the thousand or on special quotations.

Large Quantities

If you are interested in large quantities of Golden Dream and others Listed by the thousand (1000) just let me know the amount and sizes wanted and I will quote you real Interesting prices for Cash—F. O. B.

My Guarantee

My stock offered in this List has been grown under our State Inspection (none more rigid)—I hold Certificate No. 2876 for 1931. I have planted on New Land for Several Seasons. To further Safeguard against Disease I have treated all planting Stock and Bulblets with the most highly recommended chemicals before planting to Insure the healthiest Stock that can be grown.

Pure Stock

I further Guarantee all the Bulbs I sell to be **True to name** but cannot assume any responsibility as to results—other than to replace any Bulbs not blooming true to name or Refund Purchase Price paid for same.

New and Rare Varieties

I offer many new and rare varieties in this List by each or ten that are not yet well known—many I offer this year for the first time rank among the **WORLD'S FINEST** and will make a good account of themselves on the **Show Tables** in the next year or two. Some of these late Importations we have only in very limited numbers so my advice is—Order Early to Insure against disappointments.

Safe Delivery Guaranteed

All orders for \$5.00 and upward are fully Insured and can be sent by Express at any time with Safety. If for any reason a Shipment does not arrive in a Satisfactory Condition notify me and the local Express Office at once and a Satisfactory adjustment will be made.

Parcel Post. I am taking all the precautions humanly possible and spare no Expense to pack every order to Safeguard against Breakage, Frost, Etc. But the chances for damage by freezing is much greater by Mail than by Express, therefore, let me use my own judgment when and how to ship for safest arrival—but state your preference.

Sizes. All Bulbs quoted in this List are Standard Sizes as recognized by the American Gladiolus Society and Mechanically graded to correct diameter.

5 Bulbs can be had at the	10 rate.
25 Bulbs at the	100 rate.
250 Bulbs at the	1000 rate.

Pool your order with your Friends and save money on quantity prices. Higher priced varieties offered per 10 may be had in quantities of 3 or more at the 10 rate; but no one Item for less than twenty cents (.20).

Minimum Orders One Dollar.

Originators

In all my long life I was never Satisfied to Leave Well Enough Alone—but always Strived to Improve my own work and I got a lot of Satisfaction in doing anything, "Just a little better than others." This trait of "habit" has manifested itself more and more in the Gladiolus Business. I have persistently Sought out the most outstanding varieties among the new creations, both in this country and other parts of the world, to enable me to offer my customers something—"Just a Little Better" then may be found elsewhere. To avoid confusion, I have given the correct name of the Originator in parenthesis (—) after the name of each variety—and it may be of Interest to some of you to know where they live:

Alkemade	Holland	Gruelleman	Holland
Dames	Holland	Keur	Holland
Doney	New Zealand	Krelage	Holland
Errey	Australia	Lemoine	France
Gilrey (Gilbert Errey).....	Australia	Mair	Scotland
Graetz	Germany	Pfitzer	Germany
Gravereau	Holland	Van Duersen	Holland
Groff	Canada	Velthuys	Holland

The rest of the originators on our list are located in all parts of the U. S. A. and the majority of them are well known to most of us. While we already enjoy many most wonderful creations—in Color, Size, Texture, Ruffled, Lacinated, Self-colors, and others with harmonious markings, Etc., the 100% perfect, as far as I know, is yet to be found and I am anxiously waiting for its arrival (maybe always will). But if any of you who happen to read these lines know of a (New Glad) that is decidedly Superior to anything now existing you will do me a great favor to give me the name, originator, etc., and such information will be greatly appreciated.

Blooming Sizes

For Customers who are not familiar with the Standard Sizes of Bulbs, something we all should know this information may prove to be helpful in deciding what to buy: Number 1 and 2 Bulbs, if well cured and sound and at the right age (2 or 3 years from Bulblet) will usually produce the largest Flower. Number 3 is often just as satisfactory but a trifle later and we often get flowers from number 4, but they are quite small. Number 5 and 6 are generally not regarded as Blooming size but in "Normal Seasons" most of them will bloom, especially the Early Varieties, but all should grow up to good Blooming Size for the following Season. Bulbs grown in this adverse climate and under less favorable conditions than those grown under Irrigation and humid atmospheric conditions will do well anywhere (do not have to be acclimated) and will make better flowers according to size. Make some comparisons for yourself—It's Interesting.

The above assortment offers are **Net**—only one assortment to a customer as I wish to acquaint as many Growers as possible with the quality and purity of the stock that I produce. This offer is good only while my Surplus Stock lasts. Don't delay. **Prepaid** for Cash with order or 25% will hold the order until wanted—balance at time of Shipment. If you can't make a good profit out of growing this Stock, I will frankly admit that I don't know anything about the Game.

Our No. 7 Bulbs are in reality a Small number 6 that I have graded out to give a more even Size to what I offer as number 6. I have a large quantity of these No. 7 Golden Dream and if you are interested I can supply them in lots of from one to ten thousand at a very low price. They will make good blooming size bulbs for the following season.

Satisfied Customers!

That is my greatest asset—I want you to be pleased. I have always done my part and the hundreds of fine letters of appreciation from customers all over the world wherever Glads are grown proves that my efforts “Are not in vain.” We all like the looks of a perfectly formed bulb, nice clean, high crowned, etc., some of these phrases have been stressed to the limit in sales talk, but the fact is that some of the very finest varieties never produced a fine looking Bulb, at least that is what happened with us. I remember when we grew such varieties as Peace, Panama, and Princeps, etc., under the same Soil and Weather Conditions and we had Bulbs that were a perfect picture, but the flower was nothing to rave about. One cannot judge what kind of flower a certain bulb will produce by looking at the bulb. Our Bulbs are all grown on New Land, free from disease and will give good results. However, if you are not entirely satisfied with the Stock sent you, return it at once and your money will be cheerfully refunded. Your valued patronage will be greatly appreciated by,

Yours very truly,

A. J. Anderson.
