DAFFODIL LIST

All bulbs offered in the following list are double nose, mother bulbs, home grown stock, are government inspected, and entirely free from insect pests or disease.

Bulbs are guaranteed true to name, and will be replaced if error should occur.

Customers are requested to report the condition of their bulbs immediately on arrival.

Our extremely low prices compel us to keep down operating expenses as much as possible. We therefore carry no accounts, and our terms are cash with order.

Special for Naturalizing

	10	100
Poeticus Ornatus	\$1.00	\$ 6.00
Poeticus Recurvus	1.00	6.00
Biflorus	1.00	8.00
Early Virginia	1.00	7.00

The last two named have been naturalized in Virginia for over two centuries and are invaluable. Biflorus is a very handsome poetaz type with two flowers to a stem. Early Virginia is a graceful, medium-sized, very free flowering yellow trumpet which blooms from two to three weeks before any other narcissus.

We also offer for naturalizing at \$15.00 per bushel of 50 pounds the following varieties: Emperor, Sir Watkins, and Victoria. These will consist of round, small double, and large offsets. Practically every one will bloom the first season after planting.

We suggest early planting and early orders as we have only a limited number of bushels to go in this way.

We Also Offer

Heuchera Rosamunde—\$2.50 per dozen

This is the best type of the variety we have ever seen—profuse and lasting in bloom, beautiful in color. Once established it throws stalks two and a half feet high.

Dwarf Iris Coerulea (true)—\$2.00 per dozen
