A description of each of the above varieties will be found in my 1930 catalogue, and I will gladly quote lowest prices on any dahlia in cultivation.

Any of the pompons in my 1930 catalogue can be bought at one-third off the prices therein.

I am making the same big reductions on all the stock I grow, and if in need of DAHLIAS, GLADIOLI, IRIS, PHLOX, PEONIES, ROSES, send a list of your requirements for my lowest prices before ordering elsewhere, as I have a large stock of healthy, well grown roots that I can fill your orders from with the same care and guarantee of satisfaction I have always given.

I have a perfect stock of high crowned, sand grown gladioli, and my prices will surprise you.

IRIS—One each of 12 varieties, all listed among the best in cultivation,
