Seed Peas, Velvet Beans, Soy Beans, Peanuts, Chufas, Cane Seed, Corn, Oats, Rye, Wheat, Cotton Seed, Etc.

Notice Seed Peas, Beans, Etc. are cheaper now than they have been in a number of years. We advise you to place your order at once and take advantage of these low prices. We expect prices to be higher as it nears planting time.

VELVET BEANS

Most Velvet Beans this season are badly damaged by excessive rains. We estimate that 75 per cent of the crop is ruined for seed purposes. We have good beans but have had to pay a premium to get them. No doubt many of the badly damaged beans will be offered at extremely low prices but it will pay you to pay more and get good seed beans to plant. Good beans are very scarce this season.
