NON WARRANTY

WE QUOTE TODAY'S VALUES SUBJECT TO MARKET FLUCTUATION F.O.B. OUR STORES

NOTICE—Eastern Seed Company does not give, and their agents and employees are forbidden to give, any warranty, express or implied, as to description, quality, productiveness or any other matter of any seeds, bulbs or plants we sell and will not be in any way responsible for the crop. All sales subject to loss or damage by fire, shortage or failure of crops, and other contingencies beyond our control. Prices subject to change without notice.

Purity and germination tests are made for guidance only and are without guarantee.

GARDEN AND FIELD SEED

Our stocks of fall garden seed are arriving now, and while some varieties of cabbage and onions are going to be short, we feel that we are in a position to take care of any normal demand.

We anticipate higher prices as the planting season advances and believe that it would be a good idea for those who intend to handle some seed to book their orders now.

Our stocks of seed come from the best known growers in this country and Europe, and this, with our modern method of testing for germination, places us in a position to supply you with seed which will grow, run true to variety and are best adapted to this section of the state. We are also booking orders now for spring delivery. No doubt our salesman will call on you in the near future and quote you prices, but in case he does not we would be glad if you would send us a list of the items in which you are interested and we will quote you by return mail.

We are trying to list the standard staple items that are planted in this territory and you may need other items that we do not list, so if you will send us a list of these we will be glad to quote you prices.

The prices quoted in this list are F.O.B. Our Stores, in less than carload lots and freight prepaid in carload lots.

SELECT TESTED SEED
