WATER GARDEN

Descriptive Catalogue

LOVELAND GOLDFISH FARM

JOE JOHANNIGMAN JR.

LOVELAND, OHIO

THE METAL GARDEN POND

Now you can have that garden pond you've always wanted. This pond permits you to install your own pool in an hour, and with a single tool—a spade. It is a permanent pond, temperature cannot effect it, it cannot crack, it will not rust. Why be without a garden pool any longer. Pick a sunny spot in your yard for it. Around the pool, perennials, and rock plants may be planted. No matter how small the garden, you can now find room to enjoy a water garden. Made in two sizes.

	Length	Width	Depth	Wgt.	Price
No. 1	40 in.	36 in.	12 in.	120 lbs.	\$15.00
No. 3	42 in.	40 in.	18 in.	198 lbs.	\$25.00
No. 4	60 in.	48 in.	18 in.		\$35.00

All prices F. O. B. our factory at Galion, O.

The Metal Garden Pond COLLECTION OF PLANTS, ETC., \$5.00.

(Collection No. 1-A)

1 Water Lily — your choice of Pink Opal, Chrometella, Aurora, Chrysanthia, Blue Beauty.

6 Aquatic Plants—to be planted in pots and submerged.

12 Rock Plants or Hardy Perennials, your choice.

1 Pair Calico Fish.

6 Black Ramshorn Snails.

You may have your choice of any of the lilies listed on Pages 2 and 3 with the same plants, snails and fish offered in the above collection. Choose your lily and add \$3.50 to price listed.

Note the sturdy metal construction. Heavy $\frac{1}{8}$ inch copper steel throughout. Size is 3 ft. by 3 ft. 4 in. by 18 inches deep. Fittings for overflow and inlet pipe if desired.

With ordinary care this Metal Art Garden Pond will last indefinitely. It will also prove to be the most beautiful and most interesting spot in your garden.

THE TUB GARDEN

The best effect will be gained by sinking the tub in the ground right up to the rim. Fill half full of rich soil, cover this with an inch of sand, fill with water and you are ready to plant.

Our complete tub garden \$5.00. Consists of: 1 Water Lily tub, 2 ft. diameter and 1 ft. deep, made of white cedar.

1 Water Lily, your choice Pink, Opal, Chrometella, Aurora, or Blue Beauty.

6 Aquatic Plants, assorted floating and and bog plants.

6 Rock Plants.

You can order extra tub if you like. They are used extensively in pools as soil containers in which to plant lilies and aquatics. These cedar tubs are strong and will last a long time. \$2.50 each. The collection may be ordered without the tub by deducting \$2.00 from the collection price.

HARDY WATER LILIES

Hardy Lilies are unexcelled for planting in natural ponds concrete or rock pools or even in a half-barrel or tub. The flowers embrace all the colors, rich reds, beautiful whites, shell pinks to deep rose pinks, yellow and orange. Hardy Lilies are easy to grow, all you need is sunlight, water and rich soil.

GENERAL LIST OF HARDY WATER LILIES

Attraction—A wonderful deep red variety—\$6.00.

Aurora—The flowers are rosy, yellow on the first day, red orange on the second and deep red on the third. One of the best for a small pool. \$1.50 each.

Carmine Ladyker—A pleasing carmine rose flower borne in rapid succession. \$2.00.

Chromatella—Rich yellow in color. Leaves beautifully marked in deep green and brown. It is by far the best of yellow varieties. \$1.50 each.

Chrysantha—An excellent new free blooming variety. Color undergoes a change on successive days, opening a creamy yellow and darkening until it is deep orange vermillion. \$2.50 each.

Comanche—A very large grower, free bloomer—blooms are very large, one of those varieties that the blooms change color—opening a rich apricot, then changing later to a deep bronze—\$3.50.

Eugenia de Land—Vigorous and free flowering—deep rose pink—\$1.50.

Hermine—A new glistening white variety that is in a class by itself. One of the best bloomers. \$3.00.

Gladstone—The boss of the white lilies, beautiful large white flowers, six inches across. A strong grower and a free bloomer. \$1.50 each.

Glorioso—This lily has no equal—it blooms and blooms. Its large blossoms are six inches across, of a remarkable red. No pool is complete without this "King of the Lilies." \$4.00 each.

Gonnere—The only real double white variety. Flowers are double clear to center. Visitors to our pools pronounce it the greatest lily of recent years. \$7.50 each.

Indiana—It opens a creamy yellow and shades through orange, bronze and fire red. Suitable for small pools, \$2.50.

James Brydon—Rosy crimson—cup shaped flowers—\$2.50.

Marliac Albida—Snowy white, with yellow stamens. A most desirable variety. \$1.50.

Marliac Rosea—One of the best lilies for cutting—a beautiful pink—\$2.00.

Mary—Small pink—\$1.00.

Paul Hariot—A splendid variety, canary yellow in color, shading into rich apricot as the flower grows older. \$3.00.

Pink Opal—This is a new variety. Its color is a deep, rich pink. \$2.00 each.

Rose Arey—Petals of this variety are pointed. The flowers a deep pink—a rapid grower. \$2.50 each.

Sioux—Large flowers of rich, brassy yellow, shaded red—\$2.50.

Solfatare—One of the best of the so-called "Sunset Lilies," broad cup shaped flowers. One of the finest bloomers yet introduced. \$3.00.

This Beautiful Pool from the Garden of H. R. Priest, Loudonville, O.

"OUR FAMOUS" — *Your Choice Selections*

These "Your Choice Collections" provide you with an easy and economical way to select attractive lilies for your water gardens. The lilies listed are of the finest varieties. Each variety listed is noted for its hardiness, its free blooming habits and its color. Each lily is well worthy of its place as among the best of lilies.

CHOICE LILIES
for

\$9.00

No aquatic plants are included in these collections which are made up entirely of lilies. Much of the charm of a Water Garden depends on the naturalness of its setting. Suitable plantings of various Aquatic plants are needed to accomplish this. For the small pool our Collection of Aquatic Plants No. 1-A and Oxygenating Plant Collection No. S-1 are advised. For the medium pool use Collection of Shallow Water Plant No. 2-A and two Oxygenating Plant Collections No. S-1.

THE SACRED LOTUS

In planning your Water Garden, do not overlook making preparations somewhere for one of the Lotus. A unique and beautiful plant—there is real beauty in the leaf, the bud and the opened flower.

In planting the rhizoms settle them gently into the soil with the growing end just below the surface. They grow well in water, 2 inches to 12 inches deep and require the same general care as water lilies. A box for the Lotus should contain at least two cubic feet of good rich soil.

NOTE—Lotus are shipped about the first of June.

American Lotus (Nelubium Luten)—Yellow—\$2.

Chinese Red Lotus (Pekinensis Rubrum)—Deep pink—\$3.50.

Egyptian Lotus (Speciosum)—An excellent variety, light pink—\$2.

Japanese Lotus (Album Grandiflorum)—A splendid white Lotus of gorgeous beauty. \$2.

TROPICAL WATER LILIES

Tender Water Lilies give best results when planted after warm settled weather is assured. This is usually about June 1. Tender Lilies are free blooming. Tender Lilies are divided into two classes—the Day-blooming and the Night-blooming. Every pool should have its share of these beautiful Lilies.

DAY BLOOMING TROPICAL WATER LILIES

August Koch—This lily is free flowering and of extremely easy cultivation. Its flowers are 7 to 8 inches across, very fragrant. The sepals are purplish lilac and the petals pale wistaria violet. Strong and attractive foliage. \$2.50.

Blue Beauty—Deep blue flowers. Free and continuous flowering. Leaves and buds spotted with purple. \$2.50.

Dauben—It produces small, light blue flowers in great profusion. Fine for tub or aquarium. \$1.25.

General Pershing—Clear, distinct pink. The flowers are of great substance, delightfully fragrant. Opens early in the morning. \$4.50 each.

Mrs. C. W. Ward—A most charming variety with petals of rich rose-pink. Flowers are borne well out of the water. \$2.00.

Mrs. Geo. H. Pring—A new and novel type that produces numbers of large, fragrant, white flowers with pointed petals. Petals broader at the base and more pointed at the tip. \$2.00.

Mrs. Woodrow Wilson—This variety has lavender-blue flowers of large size. It is an extremely satisfactory day blooming variety, \$2.00.

Panama Pacific—It is an exerblooming, viviparous, strong growing and free flowering. The predominant color is reddish purple and the stamens are yellow. A most excellent variety. \$2.50.

NIGHT BLOOMING TROPICAL WATER LILIES

Bisset—A night bloomer of unusually free-blooming habit. The flowers are of a beautiful rose pink color, the petals are broad and slightly concave giving the bloom a cup-shaped form. \$1.50 each.

Frank Trelease—Flowers a brilliant crimson. The most popular lily of its type because of its rich color. \$2.00.

Juno—Very large, beautiful snow white flowers, with a center of pure yellow stamens and produced freely. \$2.50.

Omarana—A pleasing pink lily. A vigorous grower and one of the freest flowering. \$1.50.

Rubra Rosea—One of the best. Brilliant rosy carmine flowers are held well above the glossy foliage. \$1.50 each.

TRY THESE HARDY WATER LILIES FOR A DELIGHTFUL CHANGE

These new Water Lilies merit their position of honor as the leader of the leading lilies of recent introduction.

Neptune—During the past summer, visitors to our place have agreed that it does not seem possible for a plant to flower any more freely. The most striking feature of this flower is the color—imagine a deep pink flushed with smoky red at the base, the tips of the petals becoming lighter. \$5.00 each.

Sunrise—It has enormous flowers attaining in size eight or nine inches. Its large glorious yellow blooms open early in the day. The leaves are large, deep green and red flecked. Unusual in form, beauty and fragrance. You will have to see this lily. \$5.00 each.

LETTERS FROM WATER GARDENERS

You can book my order for one each Mrs. Pring, Aug. Koch, and Frank Trelease, to be delivered every spring until further notice. I have enjoyed the blooms of these lilies immensely. Nothing else in our gardens is so interesting and admired as our lily pool.—Joseph Stermer, Cincinnati, Ohio.

The water lilies which you delivered are all growing beautifully and have made our pond a real show place. All the lilies are blooming regularly. There is one more lily I want and that is Sunrise. I saw it in bloom when I visited your gardens early last spring.—John Stoner, Cincinnati, Ohio.

Thirty Beautiful Water Plants for **\$6.75**

A COMPLETE WATER GARDEN FOR THE SMALL SIZE POOL

This arrangement of plants shown in this illustration is for a small irregular shaped pool. This arrangement is also suitable for any style pool, and makes a beautiful appearance. All the tall growing Water Plants should be planted in large pots and built up with rocks to within one inch of the surface.

Two beautiful choice water lilies, nineteen assorted water plants and nine assorted plants for the border. Note the varieties may be identified in the illustration by the initial number.

This collection can be arranged in a square pool by placing C, D, E, F, and G in a large box in the center or by placing them individually in the corners. Plant H, I, and J around the border according to the surroundings. K should be planted in same box with the lilies.

COLLECTION No. 15

- A 1 Water Lily Blue Beauty.
- B 1 Water Lily Mrs. Pring.
- C 1 Primrose Willow, yellow flowers.
- D 2 Arrowhead, white flowers. ,
- E 1 Umbrella Plant.
- F 1 Creeping Water Hyacinth, purple flowers.
- G 8 Floating Water Hyacinth
- H 3 Assorted Ornamental Grasses.
- I 2 Yellow Water Iris.
- J 4 Rock Plants, assorted.
- K 6 Submerged Plants.

Thirty Beautiful Plants for \$6.75

This beautiful pool from the gardens of
E. F. Kellar, Ho-Ho-Kus, N. J.

GOLD FISH—THE IDEAL POOL FISH

No pool—even if it is a miniature one—is complete without a few ornamental fishes. Fish in the pool will take care of themselves, all is needed is an occasional feeding of Dried Shrimp or Lo-Co about once a day.

The illustrations show several different types. The illustrations are not exaggerated as is the case in other catalogues. You will be pleased with our selections.

Goldfish may be wintered outside in your pool, provided you have some soil and plants in it, and the depth is at least eighteen inches. If you drain your pool a tub or tank in the basement will answer.

Remember our stock of Goldfish is only complete during April to June and then from September to January. During the summer months we always have some fish on hand, but cannot promise certain sizes or varieties.

THE BIG ONES

Giant Goldfish—10 to 12 inches. \$5.00 per pair. \$25.00 per dozen.

8 to 10 inches, \$2.50 per pair. \$12.00 per dozen.

Giant Comets—The fish with that long wavy tail, 12 inches. \$6.00 per pair.

Large Orioles—An orange and black color. 4 to 6 inches. \$1.50 per pair.

Giant Pearls—6 to 8 inches. \$2.00 per pair. 10 to 12 inches, \$6.00 per pair.

Giant Shubunkins—The large size of the Calico Fish. 7 to 9 inches. \$4.00 per pair.

COMET TAILS

A variety with unusually long tails. Six to seven inches, \$1.50 per pair. \$7.50 dozen. 7 to 8 inches, \$2.00 per pair. 8 to 9 inches, \$3.00 per pair.

POOL GOLDFISH

A selected group of goldfish suitable for all pools. An assortment of colors, gold, gold and white, pearl, gold and black. Assorted 2 to 4 inches, \$1.50 per dozen, 25 for \$2.50. 4 to 5 inches, \$3.00 per dozen, 25 for \$5.00. 5 to 6 inches, \$5.00 per dozen. 6 to 7 inches, \$6.00 per dozen.

COMET

CALICO

FANTAIL

TELESCOPE

FAN TAILS

These are the best known of the fancy goldfish. 3 to 4 inches, \$1.50 per pair. 4 to 5 inches, \$3.00 per pair. 5 to 6 inches, \$4.00 per pair.

Giant Fantails—\$3.00 to \$10.00 each.

TELESCOPES

An odd fish with large protruding eyes. These fish are highly prized. Red and velvety black. Small sizes, 75c each. Medium, \$1.50. Large, \$3.00 each. It is very difficult to classify these fish according to inches. They are priced more according to quality.

CALICO

The wonder fish, marvelously colored, brilliantly mottled, blue, red, gold, brown, white yellow and black. A thoroughly hardy fish. No two fish are colored alike. 2 to 3 inches, \$2.00 per dozen. 4 to 5 inches, \$1.50 per pair. \$6.00 per dozen. 5 to 6 inches, \$3.00 per pair, \$12.00 per dozen.

SHIPPING INSTRUCTIONS

Goldfish are shipped by express. Customer to pay the charges. On small orders include 50c for shipping can, same is then your property. On large orders we loan you the can, same to be returned at once by express prepaid. The express company make a flat charge of 20c for returning empty cans.

WE ARE INTERESTED AT ALL TIMES IN YOUR POOL AND ITS SURROUNDINGS. WE SHALL BE VERY GLAD TO HAVE YOU SEND US PHOTOGRAPHS OF YOUR POOL.

Aquatic Plant Collections

See Page 8

WATER PLANTS FOR THE POND OR POOL

Here are grouped those plants which grow in the water. They are varied and interesting, and give the much desired natural effect to the pool. They are easily grown. Most of them do best in shallow water and so the pots, boxes, or tubs should be raised to within 2 to 8 inches of the surface.

Varieties marked with a (*) are particularly adapted to a depth of 6 to 12 inches.

Varieties marked with a (†) are suitable to plant at about 2 to 6 inches.

Varieties marked with a (‡) are for plants that like wet feet but with crowns and stems preferring the air and sunlight.

Varieties marked with a (§) are the beautiful Tropical Plants.

- †**Arrowhead, Giant**—Beautiful shaped leaves, white flowers—3 for 50c.
- §‡**Butterfly Lily**—A tall canna-like plant with large leaves. White or yellow flowers—35c each, \$1 for 3.
- †**Cat Tail**—Swamp plant, hardy—\$1 per dozen.
- †**Graceful Cat-Tail**—A tall variety with slender cat-tails. These plants furnish a very fine background in massed plantings. 25 cents each.
- ***Floating Heart**—Small leaves resembling Water Lilies; brilliant yellow flowers—2 for 25c, \$1 per dozen.
- ‡**Forget-me-not**—The well-known spring and summer flowering plant—25c each, \$2 per dozen.
- †**Iris**—(yellow flag) or (blue Versicolor). Very attractive and hardy—25c each, \$2 per dozen.
- ‡†**Parrot Feather**—Extremely valuable for trailing over a fountain—25c a bunch.
- §‡**Papyrus or Egyptian Paper Plant**—A very beautiful water plant with plummy heads of foliage—35c each.
- †***Primrose Creeper**—A rapid growing, partially submerged aquatic, with yellow flowers—25c each, \$2 per dozen.
- ‡**Primrose Willow**—Erect plants 2 to 3 feet high, with attractive narrow foliage and bright yellow blossoms. Very desirable at the edge of pools or in a tub garden. 35 cents each, \$2.50 per dozen.
- †**Pickeral Plant**—Beautiful blue flowers. Total growth about 2 feet—25c each, \$2 per dozen.
- §†**Purple Water Hyacinth**—A creeping plant, with handsome blooms—50c each.
- §†**Thalia**—A handsome canna-like aquatic standing 3 to 6 feet high—50c each, 3 for \$1.25.
- §†‡**Umbrella Palm**—We have an excellent strain of this old-fashioned plant, produces large fan-like leaves—25c each, \$2 per dozen.
- †**Variegated Sweet Flag**—One of the best of the shallow water plants; sabel-like leaves, broadly striped green and ivory—25c each, \$2 per dozen.
- §†**Water Poppy**—Leaves float upon the water. Flowers are large and yellow. Should be in every pool—25c each, \$1.50 per dozen.
- §**Water Hyacinth**—A beautiful floating plant. Spikes of orchid-lavender flowers are produced freely if the roots are allowed to anchor in soil—2 for 25c, \$1 per dozen.
- §**Water Fern**—An aquatic fern producing small ferns on upper side of the leaves. 50 cents for 3.
- §**Water Lettuce**—A pretty floating plant with green fluted leaves and long wavy roots. 3 for 50 cents. \$1.50 per dozen.
- ***Water Snowflake**—A lily like plant with dainty white flowers. 35 cents each.

SUBMERGED PLANTS FOR THE POOL OR AQUARIUM

These plants grow under water, they absorb the impurities or release oxygen to destroy them. These plants are indispensable when fish are present, as they provide a perfect balance for the animal life. They can be rooted in soil, or planted in the lily boxes.

Anarcharis	Ludwigia
Cabomba	Sagittaria
Money Worth	Southern Spatterdock
Myriophyllum	Vallisneria

COLLECTION OF SUBMERGED PLANTS

For Small Pool—10 Plants.....\$1.00

COMPLETE AQUATIC PLANT COLLECTIONS

SMALL POOL COLLECTION—\$3.00

(Collection No. 1-A)

This group includes 12 plants for shallow water planting, 4 oxygenating plants, 4 floating plants.

MEDIUM SIZE POOL—\$4.00

(Collection No. 2-A)

12 shallow water or bog plants.
4 oxygenating plants.
12 floating plants.

Collection No. 3-A) of 7 Bog or Marsh Plans, \$1.50

Collection (No. 4-A) of 7 Shallow Water Plants, \$1.00

Collection (No. 5-A) of 7 Floating Plants, \$1.00

These collections are suitable for use in pools, where at least one to five lilies may be grown. The small collection for pools 4x6 feet. Medium collection for pools 6x10.

SCAVENGERS FOR POOL AND AQUARIUM

Natural scavengers are essential for cleanliness in the garden pool or the balanced aquarium. They help prevent the excessive growth of algae and devour decaying vegetation, as well as consuming excess food.

African Snails—Hardy brown shelled, mottled with dark spots. \$1.00 per dozen.

Japanese Snail—These snails help to keep the water clear. Large and hardy. \$1.50 per dozen, \$10 per 100.

Coral Snails—The beautiful Red Ramshorn snail. 25c each, \$2 per dozen.

Australian Red Snails—Color a bright red. 50 cents for two.

Black Ramshorn Snails—Very prolific egg layers and very useful in removing the algae or green scum. 50c per dozen, \$3 per 100.

Trumpet Snails—Hardy prolific scavengers. 75 cents per dozen.

Japanese Water Babies—A handsome variety. Red and Black. Good insect-eaters. 2 for 50c, \$2.50 per dozen.

American Water Babies—A harmless species of water newts. Golden brown with red lines and black dots on the back. 2 for 25c, \$1.50 per dozen.

Green Frogs—How about a pair of our "Caruso's" to sing to you at night. 75c per pair, \$3 per dozen.

Clams and Water Mussels—Use plenty of them in the pool. They help keep the water clear. \$1.50 per dozen.

Weather Fish—A curious eel-like fish. 4 to 6 inches long. \$1 per pair.

Baby Alligators—Have Miami in your back yard. \$2 each.

Geographic Turtles—Little fellows, two inches across, with curious markings in both upper and lower shells. More ornamental than useful. 25c each, \$2.50 per dozen.

COLLECTION OF SCAVENGERS

For the Small Pool Collection No. S-2

For the average small pool a general assortment of 24 scavengers including Japanese, Black Ramsborn, African and Trumpet Snails, Clams, etc., including shipping can, **\$1.50.**

For the Medium Pool Collection No. S-3

For the average medium pool, a novelty collection of 30 scavengers including Snails, Turtles, Salamanders and Clams, including shipping can, **\$2.50.**

FISH FOODS and SUPPLIES

Dried Shrimp—Excellent for either goldfish or tropical fish. Small tins, 20 cents; \$1.00 per lb.

Lo-Co—A prepared cereal and meat food. This type of fish food is very popular. It is easy to use. \$1.00 per lb.

Regular Fish Food—An economical food where one has a large number of goldfish. Per large carton, 50 cents.

Besco Fish Food—For aquarium use. Small tins, 15 cents.

Turtle Food—A prepared food for these curious little pets. They will also eat raw meat. Tins, 25 cents.

Sea Salt—Salt is a preventive of disease. Should be used for all minor ills of goldfish. Use two table-spoons per gallon and leave fish in bath for several days. Per large carton, 50 cents.

Our Own Fungus Remedy—Three to four drops will help cure most external diseases of fish. It is advisable to use as an antiseptic before introducing new fish to the pool or aquarium. Per bottle, 50 cents.

Water Lily Tubs—Galvanized. \$1.00 each.

Permanganate Crystals—A disinfectant. Used in a solution tinting water a faint pink color. Helps destroy algae in the pool. Use with discretion. 50 cents.

Red Wood Boxes—For planting Water Lilies. These boxes hold about one cubic foot of earth. Will last a long time. Come knocked down or completed. 50 cents each.

White Cedar Tubs—Excellent for use in planting Lilies or the Lotus. \$2.50 each.

Fish Nets—Small for aquariums. 15 and 25 cents.

Fish Net Handles—Square aluminum nets. The ideal net for tropical fish. Comes without the netting. 35 cents each.

Glass Dip Tubes—For removing sediment. 60 cents for 14 in. 75 cents for 18 in.

Glass Aquarium Syphons. 75 cents each.

Aquarium Cement. Per carton, \$1.00.

Fertilizer or Water Garden Plant Food. A good fertilizer, use 1 quart per bushl of clay soil or 1 quart for 2 bushels of good garden soil. 5-lb. sacks, 75 cents. Quart carton, 30 cents.

Perhaps you have friends who would enjoy learning about my Water Gardens. Send me their names and addresses and I will mail them one of my catalogues.

TROPICAL FISH—FOR THE AQUARIUMS

This is our first season in listing these beautiful and fascinating fish. Our collection at present is small and we hope to add in the future, more varieties until our list is complete. You can enjoy these fish in a small aquarium in your own home. They are small, and many can be placed in an ordinary aquarium.

Blue Moons—The male usually has red markings on the dorsal fin and sometimes on the body. Three-quarters to an inch and a half long. \$2.00 per pair.

Black Moons—A striking jet black. \$2.00 per pair.

Red Moons—Gold Moons—\$2.00 per pair.

Mexican Swordtails—The most popular of tropical fish. Green Sword. Young are born in lots of twenty or more. \$1.50 and \$2.00 per pair.

Paradise Fish—This fish will stand temperature as low as 40 degrees Fahr. 2 to 3 inches. \$1.50 to \$3.00 per pair.

Sailfins—The largest and hardiest live-bearing fish. The male has an immense dorsal fin. The fins and tail gleam with shades of green and blue. \$2.00 per pair.

Rainbow, Peacock, Fish or Guppyi—The best known of the live-bearing fish. The male is less than an inch long. The female larger. 50c per pair.

All shipments on Tropical Fish are made by Express Collect. They are shipped in cans from June 1 to October 1, but during the other months, it is best to use insulated cans.

AQUARIUMS—*The Beauty Spot of the Home*

THE SUPREME WINDOW AQUARIUM

The Window Seat Aquarium—A type that is becoming very popular as it may be used in a window seat, narrow shelf or small table. Heavy slate base. Green enamel finish.

No. 1—30 by 8 by 10½ inches, 8 gallon. \$11.00.

The Supreme Window Aquarium—This aquarium is constructed out of heavy angle iron, double strength glass. Glass bottom. Finish dark green. Will last a long time.

No. 2—24 by 12 by 12, 12 gallons. \$16.00.

BOOKS—on Goldfish and Water Lilies

MODERN AQUARIUM, by W. T. Innes. A new book covering the breeding and general care of goldfishes and tropical fishes. 64 pages and 30 illustrations. \$1.00 per copy.

THE WATER GARDEN, by Peter Bisset, is an excellent work dealing with the culture of water lilies and other aquatic plants. 210 pages. \$5.00 per copy, postpaid.

WATER GARDENS AND GOLDFISH, by R. V. Sawyer and E. Perkins. A new book covering the Water Garden; also dealing with the general care of goldfishes. 112 pages, 59 illustrations. \$1.65 postpaid.

Have You Overlooked Anything in Ordering?

The Tub Garden

Don't pass up another year without having the pleasure of a Water Garden. Begin with either our Complete Tub Garden or a Metal Art Garden Pool. Both listed on page 1.

Water Lilies

Read over the list of Hardy Lilies on page 2 and the beautiful Tropical Lilies on page 4. Our "Your Choice" collections on page 3 is well worth the money. The Ideal Collection of thirty plants listed on page 5 together with diagram of planting should not be overlooked. Then on page 7 and 8 are the Popular Collections of Water Lilies and other Water Plants.

Lotus

Make room somewhere in your pool for one of these stately and beautiful plants. See page 3.

Goldfish and Scavengers

See page 6 and page 10.

Plants to Complete the Water Garden

Floating, submerged, bog, and shallow-water plants. See page 9 and 10.

Water Hyacinths

You need these plants in the pool for the fish to spawn on. Hyacinths listed on page 9.

Fish Foods

The fish will get hungry. See page 12.

Dip Nets

You will need one to catch the fish. Listed on page 12.

Hardy Perennials and Rock Plants

For edging the border. See page 11.

A natural pool in the gardens of Mr. Fromme Morris, Cincinnati, Ohio

Water Garden Fertilizers

See page 12.

How to Reach Us By Machine

See back page.

HOW TO REACH US—JUST A PLEASANT DRIVE

ORDER INSTRUCTIONS

ORDER EARLY—This is most important. Choice varieties invariably are exhausted and you will thus avoid substitution by early booking.

How and When We Ship—Iris and Gladiolus are shipped Parcel Post prepaid. All other shipments are made by express collect, unless you instruct otherwise. Goldfish and supplies, and aquarium plants are shipped any time. Water Lilies, commencing May 1. Tropical Lilies, Lotus and Tropical Plants, June 1.

We ship good stock, carefully packed, but after shipment has left our hands we assume no responsibility whatever for delay, loss or damage in transit, nor for results after arrival.

Remittance must accompany all orders.

Send bank draft, express or postal money order or, if more convenient for you, send your personal check.

For Cincinnati Water Gardens—Anyone desiring our service to supervise, or plan, or plant their Water Gardens, should place such requests early, so that we can arrange our schedule of work.

How To Reach Us—We are located on the Montgomery Pike, which is State Highway No. 3, about twenty miles from Fountain Square, Cincinnati; first farm on the right after leaving Hamilton County line. (You do not have to go through Loveland, Ohio, to reach us.) **Remember—we are right on the pike, State Road No. 3.**

Perhaps you have friends who would enjoy learning about my Water Gardens. Send me their names and addresses and I will mail them one of my catalogues.

Cultural Directions—We have printed on small leaflets complete cultural directions. One of these will be sent with each order.
