HAND CROSSED GLADIOLUS SEED

The growing of gladiolus seedlings is one of the most fascinating parts of the game. From carefully made hand crosses from the most promising fine varieties listed in this catalogue, and the new strains constantly introduced in my gardens from many parts of the world, I offer a limited quantity of select seeds.

Per package, over 100 seeds—\$1.00.

AMERICAN GLADIOLUS SOCIETY

You are cordially invited to become a member of the American Gladiolus Society. The fastest growing special flower society in the world.

The society publishes a monthly Review, a veritable gladiolus magazine, which keeps you posted on the latest developments of the Gladiolus.

The annual dues, including the monthly Review, are \$2.00. The Review alone, is worth the expense.

To each new member who sends me his \$2.00 for membership, I will send free, one bulb of THE EMIR and one bulb of THE RIGOLETTO.
