PAUL B. BLAKE J. HAMILTON BLAKE

"Our Business Is Growing"

GLADS

821 7th Ave., LEWISTON, Idaho, U. S. A.

March 25, 1931

Dear Customer:

Here it is almost the first of April and time to get the Glads in the ground. We have been planting since the first of March and soon the green shoots will be breaking the soil, giving promise of the wonderful things to come next July.

What we started to tell you about, however, is that we have some bulbs left (and good ones too). We have checked over our stock as it stood about March 15th and you will find same on inside pages of this letter. Some kinds are almost exhausted and we will appreciate it if you will give second choice or your permission to substitute. If you do not care for substitutes, we refund, of course.

On the last page you will find a few special offers. In most cases these are fine varieties that are just getting down to prices within reach of everyone--kinds we have planted heavily on account of their worth.

This is a busy time but we will do our very best to please. If you have any complaint, don't be backward about voicing it. At this time don't expect much correspondence from us, for with planting and selling going on at the same time, we are busy.

We have a few catalogs left if you wish one.

We thank you all for the fine business we have received and promise you dozens more new and good varieties next season. Whether you buy from us or not, we hope your Glad garden is the best ever in 1931.

Sincerely,

PAUL-HAM GARDENS.
