Iris cristata

Native Mountain Wildings for Autumn Planting

Autumn is the logical time to move many of the native plants. In fact, all the natives in this list can be moved with entire safety in autumn, and when spring days come they will be ready to start off quickly.

The varieties here noted are but a small portion of those growing in my nurseries. They have been thus selected because I believe they will give the utmost satisfaction to my customers and friends. Particularly do I invite your attention to the Cypripediums, the Lilies, and the Trilliums, which are superb for naturalizing.

Some rare things are noted in the perennial list, too. I like the Cimicifugas, the Closed Gentian, the Lobelia, and the Violas. It would be impossible to select the *best plants* in the list, for all have a place in the garden, and when in a proper setting have a distinct value.

Prices in this list cancel all previous quotations. All prices net, f. o. b. Ashford, customer to pay transportation charges. This list void after Sept. 1, 1931

Hardy Vines, Climbers, and Creepers

Adiantum pedatum

Hardy Native Ferns

For shady locations, no class of plants can equal the Ferns. They are easily grown in ordinary soils and will often thrive where it is impossible to make flowering plants succeed. We handle large quantities of Ferns annually and recommend the following:

ADIANTUM pedatum. American Maidenhair Fern. Deciduous. One of the most distinct and beautiful. Strong established plants. \$1.75 for 10, \$12 per 100, \$110 per 1,000.

ATHYRIUM filixfemina. Lady Fern. Large deciduous Fern.	10	100	1,000
Exceedingly showy. Extra-strong plants.....	\$1 75	\$12 00	\$110 00
BOTRYCHIUM virginianum. Rattlesnake Fern. Deciduous.			
Triangular fronds, deeply cut. Showy. Strong plants..	1 75	12 00	110 00
DICKSONIA punctilobula. Hay-scented Fern. A very handsome, vigorous-growing deciduous species. Recommended for shade or open situations. Widely distributed. Extra-strong clumpy plants.....	1 25	11 00	100 00
DRYOPTERIS Goldiana. Goldie Fern.			
Strong plants..... Each, 50 cts...	4 00	32 50	
hexagonoptera. Winged Woodfern. Deciduous. Broad, triangular fronds. Strong plants.....	1 75	12 00	110 00
marginalis. Leather Woodfern. Robust, evergreen, showy species. Extra-strong stocky plants.....	1 75	14 00	125 00
spinulosa. Toothed Woodfern. Evergreen.			
Strong established plants.....	1 75	14 00	125 00
ONOCLEA sensibilis. Sensitive Fern. Deciduous. Suitable for dry or moist locations.			
Strong established plants.....	1 75	14 00	125 00
OSMUNDA cinnamomea. Cinnamon Fern. A stately, very large deciduous grower. XX strong stocky plants....	1 75	14 00	125 00
Claytoniana. Interrupted Fern. Deciduous. Very bold, attractive species. XX strong stocky plants.....	1 75	14 00	125 00
regalis. Royal Fern. Large, deciduous Fern, bearing attractive foliage. Strong stocky plants.....	1 50	13 50	127 50

HARDY NATIVE FERNS, continued

POLYPODIUM vulgare. Common Polypody. A charming little evergreen Fern. Excellent for rockery.	10	100	1,000
Strong clumps.....	\$1 75	\$15 00	\$125 00
POLYSTICHUM acrostichoides. Christmas Fern. Evergreen and extremely ornamental. Much used for florist's trade. Extra-strong plants, well established.....	1 25	10 00	90 00
PTERETIS nodulosa. Ostrich Fern. Strong, deciduous, bold-growing Fern of immense size.			
Extra-heavy established clumpy plants... Each 30 cts...	2 50	17 50	150 00
