		\$6.50
The collection, \$4.00.		

Each year as we add new rare Irises to our stock, we discontinue the same number of older superseded varieties.

The following we are closing out:

Until October 1st we offer these in quantities for landscaping at \$15.00 per 100.

Anna Farr	Oriflamme
Archeveque	Pallida Dalmatica
Aurea	Prosper Laugier
Black Knight	Rhein Nixe
Dr. Bernice	Roseway
Monsignor	

Iris orders will be filled beginning about July 15th.

10 per cent discount on all orders of \$15.00 and over.

5% discount on all orders received between May 1st and June 20th.

Postage or express prepaid on all Irises.

One healthy rhizome is indicated by price quoted. The size of rhizomes varies greatly in different varieties.

We guarantee all plants sent out to be true to name, vigorous and healthy.

We make no guarantee, expressed or implied, covering the successful culture of plants after they have passed beyond our control.

Orders are accepted on condition that they will be void should stock be oversold or fail through any cause beyond our control.

TRANSPLANTING of Iris produces best results when done from two to six weeks after blooming period, though they may be planted successfully up to late autumn.

Irises will grow in any good garden soil. Prepare the ground thoroughly fifteen to eighteen inches deep.

Plant them with the fiber roots spread, well firmed in the ground, and top half of rhizome above the surface.

*Iris*es I wish to order:
