1932 PRICE LIST

TESTED AND PROVEN

GLORIOUS GLADIOLUS

TERMS

Terms are cash with order or one third with order and balance before shipment or bulbs will be shipped C. O. D. Prices quoted are net postpaid.

Not less than 3 bulbs of a kind at dozen rate.

Not less than 25 bulblets of a kind at 100 rate.

No single item less than 10 cents.

No order accepted for less than \$1.00.

Special prices for lots of 100 or more on request.

Where prices are given as 3 for 10 cts., 2 for 10 cts., or 2 for 15 cts., please do not ask us to send 1 each of 2 or 3 kinds. It costs us just as much to put up an item of 1 bulb as for 2 or 3, and we lose money on items for less than 10 cts.

Old customers will note that we have, in keeping with the trend of the times, radically reduced prices. Our crop is the best we have ever had and we have succeeded in reducing cost of production and are glad to pass along these savings. Our margin of profit is small but we are hoping that lower prices will materially increase sales and that we may still maintain a reasonable income.

We exercise great care in keeping our stock true to name and will replace without charge any bulb proving untrue. An error sometimes occurs but we are always glad to make adjustment to the customer's satisfaction.

We have this year discarded about 20 varieties we had little demand for and have added about 30 of the newer more popular sorts. Even on these newer kinds prices are very modest and we believe you will welcome the opportunity to try some of these at such low prices.

No single item less than 10 cents.

3 for 10 cts. Doz. 35 cts. Bulblets 10 cts. per 100

We specialize in carefully selected, well balanced assortments, finding that many home gardeners do not care to undertake the extra care of keeping varieties separate. On pages 10, 11 and 12 we offer a number of these carefully assorted collections, and believe one may be chosen to meet almost any need. We give this matter our personal attention and have hundreds of letters of commendation and praise. We believe that you too will be delighted with the blooms from one of these collections.

No single item less than 10 cents.

We especially urge that wherever possible at least 100 bulbs be planted, including early, mid-season and late varieties, so that you may have enough open at one time to cut an attractive bouquet, also have a long season of bloom. This may be done in a small space as they may be planted from 4 to 6 inches apart. If possible grow them by the thousand. Select a few by name for a trial garden and plant one or more thousand mixed bulbs in a bed for landscape and cutting. For this purpose you will find special collections on Pages 10, 11 and 12 admirably adapted. A bed 3 feet wide and 50 feet long is ample for 1000 bulbs.

SPECIAL COLLECTIONS

No. 1. INTRODUCTORY COLLECTION

100 Bulbs for \$1.00 Postpaid.

6 lots for \$5.00

About 10 years ago we introduced this collection under the unconditional guarantee of satisfaction or money back, and of the many thousands we have sent out we have never been asked for a refund.

We have gradually improved this collection from year to year, and have numerous customers who send each year for from 2 to 6 of these collections.

We have still further improved this collection this year and it will consist of good blooming size bulbs 1 inch and over in diameter. We have also constantly improved the variety of kinds included and this year it will consist almost entirely of popular commercial varieties, and we guarantee not less than 30 different kinds. We have hundreds of letters from pleased customers expressing their satisfaction with this collection.

We shall again this year include without charge in every No. 1 Collection, 2 one inch bulbs of the very popular and widely admired variety ROSE ASH, packed separately and labeled. If you prefer and so specify in your order we will substitute 1 bulb of Mrs. Leon Douglas, or 1 bulb of Golden Dream, for the Rose Ash.

It is obvious that our profit on this collection is very small, our principal gain being in new customers who buy more and more from year to year. We have many customers who started with this collection years ago who now purchase bulbs each year to the extent of \$5.00 to \$25.00 and over. Our principal profit on this collection is the goodwill of pleased customers.

We of course do not claim that this collection is equal to others sold at much higher prices but we do believe that for the beginner who is just getting acquainted with Gladiolus, and is not particular about names, there is more pleasure and satisfaction for a little money in this collection than in any other of which we know.

SPECIAL—If shipped in one package we will send 6 of these collections for \$5.00. Make up a club among your neighbors and get yours free. We cannot ship to separate addresses at this price.

Remember our unconditional guarantee

SATISFACTION OR MONEY BACK

No. 2. CUT FLOWER COLLECTION

100 Bulbs for \$1.50 Postpaid. 4 lots for \$5.00

1000 Bulbs for \$10.00

This collection consists of larger bulbs, 1¼ inch and over, all colors, and will make fine blooms. Bulbs included are mostly popular commercial varieties, such as Alice Tiplady, Crimson Glow, Crystal White, Golden Gate, Halley, Joe Coleman, Lilywhite, Mrs. Francis King, Mrs. F. Pendleton, Mystic, Nora, Peace, Schwaben, etc., with a good sprinkling of newer kinds. This is a well balanced collection and sure to please.

No. 3. GLORY COLLECTION

100 Bulbs for \$2.50 Postpaid. 4 lots for \$9.00

Many people are partial to Ruffled Glads, so we offer this collection, composed entirely of ruffled varieties, and including not less than 15 kinds.

No. 4. RAINBOW COLLECTION

100 Bulbs for \$2.50 Postpaid. 4 lots for \$9.00

1000 Bulbs for \$20.00

We are putting special emphasis on this collection this year and are trying to make it an outstanding assortment. It will be made up entirely of named varieties, and we guarantee at least 35 kinds of which not less than 15 will be kinds which have won prizes at the great Boston Show

during the past 2 years. This collection is much improved over former years and the price is dropped to \$2.50 for 100 bulbs, surely a most reasonable price for nice clean plump bulbs of real meritorious varieties. We believe this collection is better than many offered at much higher prices and are ready to stand back of our well known guarantee of SATISFACTION OR MONEY BACK.

No. 5. SEPARATE COLORS COLLECTION

125 Bulbs for \$3.00 Postpaid. 4 lots for \$10.00

200 each color, 1000 in all for ~~\$10.00~~ 18.00

This collection is made up of named varieties, assorted to color as follows—25 Red, 25 White, 25 Pink, 25 Yellow, and 25 Blue or Violet shades. Each color separate and labeled. Each color will include several varieties unless requested one variety, which will be our selection. This is a real good collection and has been popular.

No. 6. OUR BAY STATE SPECIAL

600 Bulbs for \$10.00 Postpaid

This collection consists of 12 bulbs each of 50 different varieties, each separate and labeled. It will include a wide assortment of colors and a good range of early, mid-season, and late varieties, including a number of exhibition kinds. This is a real comprehensive collection and will in itself provide a fine GLORIOUS GLADIOLUS GARDEN. A fine display for a very modest price.

GUARANTEE

All bulbs in these collections, (with the exception of No. 1, which are 1 inch and over), are large blooming size bulbs, 1¼ inch or over in diameter. All bulbs in these collections are guaranteed to give absolute satisfaction. If for any cause whatever they prove unsatisfactory, leave the bulbs in the ground till October 1st. Then dig and return them to us and your money will be returned.

CULTURE

Gladiolus bulbs should be planted in full sunshine and will not thrive in shady places. If planted in rows we recommend a double row with bulbs about 4 inches apart; if in beds plant from 4 to 6 inches each way. Plant from 4 to 6 inches deep on moderately rich soil and do not allow bulbs to come in contact with fresh manure. It is best to apply manure in the fall and dig it into the soil in the spring. They may be planted any time after the ground is fit to work and should be kept free from weeds at all times. With clean cultivation it is seldom necessary to apply water, but if it becomes necessary, water very thoroughly about once a week, rather than a little every day.

When cutting flowers leave 4 full leaves to mature the bulb. Remove faded flowers and cut off a little of the stem every day and they will last a week or more in good condition.

When leaves turn yellow or are killed by frost dig up the bulbs, cut off the tops close to the bulb, and spread out in the sun to dry. When thoroughly dry place in shallow boxes and in a dry frost proof place. Do not store in tight bags or in deep boxes as they must have good ventilation or they will mould and rot. The old dried up bulb and bulblets may be removed at any time before planting.

If you have the room you will find much enjoyment in planting the bulblets and watching them develop. Plant thickly in rows about 2 inches deep early in the season. While germination is somewhat uncertain yet if you have fair success you will find this a very inexpensive way to secure a stock of some of the higher priced varieties.

CAUTION

When you receive bulbs, no matter where from, open packages immediately to admit air, and store in a cool place but keep from frost. Leave top of bags open, or better place in shallow box. They must not be left in closed bags.
