3 Division Clumps, \$4.00 net

HELEN J. BURROUGHS (ID) My latest introduction. A large silvery pink out of Jersey's Beauty seed and has its healthy type of foliage but is much earlier and very free flowering. A valuable commercial variety, as it is a fine cut flower and very beautiful under artificial light. This dahlia, although new, has won many first prizes. At Audubon show it won first on six blooms, over excellent Jane Cowl, which is one of the very best dahlias. (The Jane Cowl was shown with four-foot stems and was selected from over 1000 blooms). At Merchantville, N. J., show it won first on twelve blooms and again had very fine Jane Cowl against it. Those who are familiar with Jane Cowl know it takes a good dahlia to win over it. Won Certificate of Merit at Pennsylvania Horticultural Society Show in 1931.
