SPRING OF 1932
PRICE LIST OF E. H. BURSON

Clifton, Monroe County, N. Y.

(A Nurseryman, Grower and Shipper for 48 Years)

Location: My residence, nurseries, sales office and packing house are in the town of Riga, 15 miles from Rochester, N. Y. Rochester and vicinity is noted for the production of choice trees and plants.

My Postoffice is Clifton, Monroe Co., N. Y.

My Phone is Scottsville 25-F-11.

My Telegraph office Scottsville or Chili Sta.

In accordance with the times no apology I feel is necessary for this small catalogue. Had I issued a large expensive one of a necessity my prices would have been much higher. By cutting down expenses I am able to sell at a considerable lower price than some others—but the grade and quality of the trees and plants I send out will not be lowered.

Don't Overlook the NEW MARVEL Black Raspberry
OR THE BARGAINS BY PARCEL POST

Mrs. Lela Mellard

Washington D.C.

1316 Euclid St.

Service is what you want and good service is what I guarantee, whether your order calls for one tree or plant, or for one hundred or more. The descriptions of the good things I offer are brief but I am listing only the well known, hardy and profitable varieties of fruits and the well known, hardy and attractive shrubs, roses, etc., those that are pretty generally known on account of their value—those that need no petting when planted or later, and a lengthy description seems unnecessary.

My Slogan for 1932 is—Good stock—well dug and packed—shipped or delivered when wanted—at the lowest possible prices. I hold an enviable reputation amongst planters, nurserymen, merchants, bankers—and publishers who handle my advertising, and it would be a mighty poor policy for me to try to do business in such a way that would impair that reputation.

Forty-eight Years amongst trees and plants, planting, growing, digging, storing, shipping, answering questions regarding growing things, advising as to culture varieties and incidentally perhaps, suggesting locations for certain trees or plants, submitting sketches, etc., is a somewhat lengthy period.

In a measure I am gratified to do this and shall be pleased indeed to suggest, advise, etc., without any charge for this service, whether you buy of me or not. Should you

Governor Wood. Sweet. Early light yellow.

Napoleon (Royal Ann). Sweet. Heart shape. Yellow with red cheek.

Windsor. Dark purple. Sweet. Late profitable variety for market as well as home.

Price of Sweet Cherries (on Mazzard roots). Each 75 cents; 10 for \$6.00.

(If you have had poor success in getting Sweet Cherries to live plant those on Mazzard).

Plum Trees

Bradshaw. Violet red.

Burbank. (The wonderful Japan variety bears when very young).

Yellow Egg. Large golden yellow.

York State. (The well known, large German Prune). Dark blue.

Prices of Plum Trees. 2-yr., 5 to 7 ft., each 50c; 10 for \$4.50.

Quince Trees. Orange. Well known. Price. 2-yr trees, 4-5 ft., each 65 cents; 10 for \$5.50.

Apricots. Large fruiting varieties. Price. Strong trees, 4-5 ft., each 75 cents; 10 for \$6.50.

New American Mulberry. Fast grower. Productive. 5 to 6 ft. trees, each 75 cents; 10 for \$6.00.

Peach Trees

(I am listing only the 4 leaders)

Rochester. Early yellow. The best yellow for the home garden, both as regards early fruiting, sure cropping, rich quality and grown extensively as a commercial variety.

Early Crawford. The well known, much liked, yellow fleshed variety.

J. H. Hale. The largest general variety grown. Fine appearance, yellow fleshed and of good quality.

Elberta. Commercially this variety is known above all others and can be relied upon for a sure cropper of large fruit—a great canning variety.

Prices of Peach Trees. 1st class, 4 to 5 ft., each 50c; 10 for \$4.50. Medium size, 3 to 4 ft., each 40c; 10 for \$3.50. Small (parcel post grade), each 15c; 10 for \$1.25.

Very Special. Low prices will be quoted upon request on 50 to 100 lots of any of the trees as listed.

Chautauqua. The big, rich yellow. Each 30c; 10 for \$2.50; 100 for \$20.00.

Raspberries and Blackberries

Red-Latham. The big, hardy red—the money maker—strong, heavy rooted plants. 5 for 30c; 10 for 50c; 100 for \$4.00.

Cuthbert. The old reliable red. 5 for 30c; 10 for 50c; 100 for \$4.00.

Purple Columbian. The profitable big cropper. 1-yr. plants, strong. 10 for 50c; 100 for \$4.00; 1,000 for \$30.00.

Big transplants. 5 for 75c; 10 for \$1.00; 100 for \$6.00.

A New Black Raspberry

(You will surely want a few plants)

THE NEW MARVEL. (Patent pending.) A Marvel indeed. This wonderful new black raspberry originated in Ohio from seed of the well-known Cumberland inoculated with the Cuthbert. It has been tested at the Ohio Experimental grounds and by many leading fruit growers and is found to be very hardy in plant, a prodigious cropper of large, firm, true black berries and undoubtedly by far the best black variety in existence.

Price of plants: Each 10c. 10 for 90c, 100 for \$6.00, 1000 for \$50.00.

BLACKBERRIES. Eldorado. The extremely hardy big thimbleberry. 5 for 40c; 10 for 60c; 100 for \$5.50.

5 and 10 lots postpaid at prices shown. Add 25 to 100 prices if wanted by Parcel Post prepaid.

be in need of any tree or plant not listed by me, do not hesitate to send me word. I am in touch with all the good growers in the country and without a doubt could procure it for you at a saving to you.

Orders will be accepted of 50 cents for stock to be sent by Parcel Post, but no orders of less than \$2.50 can be accepted for shipment by Express or Freight. Should you be in need of only one or two large trees (that could not be sent by P. P., why not see your neighbors, who may be wanting some trees, and have all packed together and sent in one shipment and thus get that which you wanted and save considerable expense.

Someone has been surprised that the prices of tens and hundreds are so much less than the each prices but that will be obvious to you when you consider that—one tree takes about as much time to handle as ten—whereas ten single trees take ten labels, possibly ten trips to the field or bins, a bundle of ten takes only one label and little if any more time to secure and pack.

Terms: Cash should be sent with order (this insures the reserving of the stock) by Cash, Money Order or Check—but if more convenient for the buyer, one quarter of the amount may be sent with the order and the balance when stock is ordered shipped.

All Prices given cover packing and safe delivery to Post Office or R. R. station and My responsibility does not end with this.

I guarantee safe delivery to your P. O. or R. R. Station. Should any tree or plant prove untrue to label I will gladly replace same or refund the purchase price. I could not well assume further responsibility and all orders will be booked and filled on these conditions and no other.

Special gift for early orders. If your order amounts to \$3.00 or more and is received on or before April 1st (and you ask for it) I will include free 2 climbing roses, 2-yr., 2 flowering shrubs, strong, and 2 peach trees, small size, but splendid little trees—and all in good assortment of varieties.

Important. Before giving a list of the fruit trees, etc., and the prices, I want to call attention to the all important point—

First, that I am listing and pricing only the No. 1 Grade, the strong, well grown, sturdy trees, such that everyone likes to see.

But if medium or smaller sized trees are wanted I can furnish such (for orchard planting) at a much less price—give list of varieties with number of each and I shall be glad to quote low prices.

Standard Apple Trees

(Ripening in order as given)

Yellow Transparent. Pale yellow.

Warden. Blue. Each 2-yr. No. 1, 25c; 10 for \$1.50; 100 for \$10.00.

Asparagus Roots. 2-yr. heavy plants (for express or freight shipments). Price, 25 for 75c; 100 for \$1.50; 1,000 for \$12.00. 1-yr. strong, 25 for 75c, postpaid; 100 for \$1.50; 1,000 for \$10.00. Add 20c to 100 prices for 1 yr. if wanted, by Parcel Post prepaid.

Strawberry Plants

Possibly the most desirable of all the small fruits for the home garden and the most profitable for the commercial grower.

As to Varieties. There are many and good ones, too. I have been a grower in a commercial way for over 40 years. I have tested out hundreds of varieties. Some had their desirable points; others undesirable. In some instances the fruit was too soft, did not carry to market; while some were too tart except wanted only for canning; others were noted for plant making and while a satisfactory variety for the one who desired mainly plants for sale, did not produce berries of a uniform good size.

But **Premier** and **Corsican** (this variety known by some as **New York**) and first introduced under the name of **Armstrong** (if my memory serves me right) has met up with my wants. I have planted and fruited them in many acre lots for the market trade every

year and have no hesitancy in recommending them to my new or old friends, whether a limited number are needed for home use or whether to be planted in small or large acreage for marketing.

Premier. (Known by some as **Howard 17**). The best early variety for home and market, too well known to need a lengthy description. Large fruited, long picking season. Sweet enough to be considered a good table berry and yet tart enough and firm enough for canning.

Corsican. The big, showy berry. The berry that storekeepers like to handle; the berry that (in the old days) I used to load on to an old democrat wagon and haul 30 miles over rough roads and deliver in perfect condition; the berry that when picked and put on the table and served with sugar and cream (and by the by it is a sweet berry and not needing near as much sugar as other varieties) is called for for every meal as long as it is in season—and it is a long season variety. I have picked fine berries on June 10th and considered my July 4th dinner not complete unless it was finished up with a dish of these delectable strawberries.

Prices of Premier and Corsican. 25 plants for 60c, postpaid; 100 for \$1.50; 1,000 for \$10.00; 50 plants at half the price of 100; 500 at half the price of 1,000. Add 25c to hundred price if wanted by Parcel Post prepaid. I advise that 100 to 300 lots be sent by Parcel Post.

Mastodon. The premier of the Everbearers. Plant in early spring and harvest a heavy crop in the fall. Growers have been totally unable so far to meet the demand for this wonderful variety. Prime fruit was picked again last season in Sept. and Oct., which sold readily at 30 to 35c per quart and I have in instances had to remove the early winter snow from the rows before picking the luscious fruit.

Price of Mastodon. 25 for 80c, postpaid; 100 for \$2.50; 1,000 for \$17.50.

Same rates of postage, etc., as on Premier and Corsican.

The Beautiful Hardy Flowering Shrubs

The shrubs listed here are generally well known. All are hardy, easy to transplant and need no petting.

Almond. Pink flowering. 2 to 3 ft., each 60c; 10 for \$5.00.

Mr. E. H. Burson,

Clifton, N. Y.

Dear Sir: The considerable order I received from you was of the best quality and the best packed of any shipment I have ever received. Every tree and plant should grow. The strawberry plants were especially nice.

Cordially, S. E. STUBBS.

The STATE BANK of CHURCHVILLE

Churchville, N. Y.

Aug. 20th, 1931.

"For the last 40 years I have known E. H. Burson and have rated him as an Experienced Nurseryman of the highest type. His years of experience make him an authority on trees and shrubs. It is a pleasure to recommend a nurseryman who has served the purchasing public so well for so many years."

Yours truly,

CHARLES A. TUPPER, President.

THE FIRST NATIONAL BANK

Caledonia, N. Y.

Feb. 2nd, 1932.

To Whom it May Concern:

About four years ago, Mr. E. H. Burson, Nurseryman at Clifton, Monroe County, New York, sold us a considerable shipment of shrubbery to beautify our bank building grounds, and under his supervision same was set out and landscaped. We are more than pleased with the service Mr. Burson rendered us, not only from the standpoint that all the shrubs grew and lived but also from the artistic planting of same. It is a pleasure for us to recommend Mr. Burson's plants, trees and services.

Very truly yours,

GEORGE T. BALL,

Cashier.
