Glorious Peonies

Lovely Lilies

Christmas Roses

Grown and Sold by
I. S. Hendrickson
Peconic Bay Blvd.
Jamesport, L. I., New York

Not open for business Sundays

Glorious Peonies

The Peony is without doubt one of the most glorious flowers that grows and a collection of the early, mid-season and late varieties will provide daily thrills for three weeks or more as they unfold their lovely petals and give forth their fragrance.

We send out only highest rated varieties in 3 to 5 eye divisions.

Culture of Peonies

The best time of all the year to plant **Peonies** is from about Sept. 1 until the ground freezes. Prepare the ground by deep digging or plowing, working in some ground bone as a permanent food for the roots to feed on. Plant the eyes only about two inches below the level of the ground and plant where drainage is good as no water should stand where Peonies are to grow.

Come and see them in bloom at **Jamesport**, then plant some **Glorious Peonies** in your own garden.

Peony Collection No. 3

A Red, White and Pink

3 for \$1.50 or 3 of each for \$4.00

"Eagle" Collection

5 for \$5.00

JAS. KELWAY, White KARL ROSEFIELD, Red

LIVINGSTONE, Pink, REINE HORTENSE, Variegated

SOLANGE, Rare Havana Brown

An unusual value.

Lovely Lilies

(The hardy ones)

Very likely no flower has been written about more than the "Lily."

It seems to have more association with history, romance, etc., than almost any other flower and rightly so, as, for chasteness and beauty of form and color it stands high among hardy plants.

While the "Lily" is one of the oldest flowers in cultivation they are not grown as extensively as they should be, due perhaps to a feeling that they are too difficult of culture, but they are after all, well worth a little extra care and by careful reading of the nature and needs of those offered in our catalogue you can be assured of reasonable results.

Regale

"The Royal Beauty"

Color—a blending of yellow, white and chocolate brown.

This is the "Wonder Lily" discovered by Mr. E. H. Wilson in China and one of the most adaptable to cultivation in ordinary garden soil yet found.

40c each, \$4.00 per doz.

Many other varieties offered in catalogue. Send for a copy.

Delphiniums

We grow some Delphiniums because we love to see them sending up their stately spikes of exquisite blue flowers.

Strong plants of the choicest selected hybrids, \$3.00 for 6 or \$5.00 per doz.

If you care for a catalogue of
Glorious Peonies and Lovely Lilies

Send your address, also a few names of your garden loving friends would
be appreciated.

An Invitation
to see
Glorious Peonies
blooming by the
thousands.
Visit our fields
during the season
from about
June 5th to 20th.
We will be pleased
to see you.

The Christmas Rose

(Helleborus Niger)

The hills are white in robes of snow
But lo, upon the Winter's breast
Amid the gleam of frost and ice
The Christmas Rose uplifts its crest.
It seems the soul of Summer flowers
Grown brave to cheer the Winter hours.

(Edith Willis Lynn.)

A rare plant blooming during mild spells in December, January, and on into the spring. It often sends the large milk-white flowers, which are of great substance, up through the snow at Christmas time. It is a joy to see the lovely blossoms nestling in the snow in the middle of Winter. Can be planted either Fall or Spring.

Culture

When your plants are first received plunge them in a pail of water for an hour or two then select a sheltered place in the border or garden where they can remain for several years; dig the place deep and when ready to set out do it just as you would a strawberry plant, that is spread the roots out well and firm the earth around the roots up to the crown. If it's a dry season water the plants thoroughly several times to insure a good start.

They like moisture but not "wet feet."

They are slow in getting a foothold and resent frequent moving. Left undisturbed your plants will give you an increase of lovely flowers each year.

Plants: \$1.25 each; 5 for \$6.00.

Orders taken during 1929 for fall delivery only.

To Reach Us By Motor

We are located on Peconic Bay Blvd. Follow main road east about 5 miles from Riverhead, turn right at Fischer's Garage, cross I. R.R. tracks, go to Peconic Bay Blvd., turn right and drive about 1/2 mile to Nursery.

Coming from the East turn left at Fischer's Garage.
