-------------	---------------------	--------

COLTNESS HYBRID ENGLISH DAHLIAS

Bedding Varieties, Assorted, per doz. tubers	\$1.00
--	--------

January 1, 1932.

Dear Home Gardener:—

You will notice, I have increased my line of Exhibition varieties, having been requested by many customers for newer types.

An opportunity is thereby offered to the Amateur gardener, to purchase the best types at reasonable prices, especially so, for the great family of readers of the "Flower Grower."

As stock is limited, I quote prices net per tuber. I do not consider any discounts or special prices.

My aim is to induce every flower grower, to add a few new varieties of Dahlias each season, and that ought to help Commercial growers and dealer in general.

I sell no green plants, as I have no facilities for propagating.

All orders are well packed and sent post-paid. Shipments made any time as desired after March 1st. However, I would advise shipments to be made one week before you are ready to plant.

All orders are inspected and certified by the Agent of the U. S. Agricultural Dept., which very often causes delays in shipment.

Tubers true to name and satisfaction guaranteed. The utmost care is taken with each order, though I am not infallible of making a mistake occasionally, for which liberal adjustments are made.

Thanking you for your past patronage, and future orders, I remain,

Yours very truly,

ROBERT F. HAUSSENER.
