ROBERT SCOTT
President

● *we operate three nurseries, Manhattan, Salina and Topeka, Kans.*

The Kansas Evergreen Nurseries wants you to get acquainted with the fine quality of nursery stock it grows—wants you to know about the men behind this firm name—so we present here a few of the pertinent facts we would like to have you consider before buying Evergreens and other shrubs for your home. And we've made a number of Special Offers—every one an outstanding bargain—on the following pages—so that you will profit in all ways by dealing with us this spring.

Our business was founded at the very beginning of the home beautification movement some fifteen years ago by Mr. C. A. Scott, state forester and teacher at Kansas State Horticultural College at Manhattan, Kansas. Mr. Robert Scott, whose early life was spent on a large ranch in Western Kansas, came into the business in 1921, after taking the course in horticulture at Nebraska University. As a boy he was known as a "bug" on trees and shrubs, and his schooling served as a finishing touch to his earlier self teachings. From the first he has specialized in the growing of choice evergreens and is now known in the fine nursery field as one of the most successful of evergreen growers.

● free landscaping plans

We have always felt that Evergreens particularly should be used as the part of a well designed decorative scheme and many years ago inaugurated one of the first landscaping departments among the better nurseries of Kansas.

Plans developed by our Landscape Architects are free, and cheerfully given without cost when stock is purchased from us. You are invited to avail yourself of this worth while service this spring.

Garden planned and planted by us.

● *no charge for this service to our customers*

● **which would you choose**

livability. Yet the planting in the center cost just as much, used good stock—but what does he have? He has made the common mistake of planting trees in rows, planting shrubs, etc., in the center of the lawn areas which should have been left open. In other words, he did not avail himself of our landscape plan service which would not have cost him anything extra. Then, is not the PLAN which does not cost anything extra worth as much, if not more than the plants? THINK IT OVER.

A foolish question, of course. Anyone would choose the one at the left, because the plantings are not only artistically designed but they suggest a home-like atmosphere, privacy and livability. Yet the planting in the center cost just as much, used good stock—but what does he have? He has made the common mistake of planting trees in rows, planting shrubs, etc., in the center of the lawn areas which should have been left open. In other words, he did not avail himself of our landscape plan service which would not have cost him anything extra. Then, is not the PLAN which does not cost anything extra worth as much, if not more than the plants? THINK IT OVER.

One of our Outdoor Living Rooms.

● **why not an OUTDOOR LIVING ROOM in your own back yard?**

The picture shows an outdoor living room, planned and executed by us. Our work is not experimental. We have plenty of finished plantings to show the results we get, and results are what count.

● **plans are free** if the stock is purchased from our nursery. Write or call for full details. Remember, no job too small or too large to receive our most careful consideration.

• real bargains in HARDY SHRUBS

Spirea Van Houttei

OFFER No. 4 SPIREA VAN HOUTTEI—

Often called Bridal Wreath. The most popular and all purpose shrub, with its gracefully arching slender branches and "Maiden Hair" foliage. Makes a foundation of pure white bloom in May and June, with deep green foliage until winter. Planted extensively for hedges, borders, and in foundation plantings.

12 to 18-inch plants, 50 for \$4.50, 100 for \$8.00, postpaid.

OFFER No. 5

JAPANESE BARBERRY

—Valuable all purpose shrub, used in borders, foundation plantings and hedges. Its branches are semi-drooping and graceful. Its deep green foliage turns bright colors in autumn. It has red berries which hang on all winter. Does not carry wheat rust.

8 to 12-inch plants, 50 for \$3.00, 100 for \$5.00, postpaid.

OFFER No. 6

THOMPSON'S PRIVET—

A new and best variety for hedges. It is almost evergreen, having glossy dark green foliage. Very hardy and fast growing. It makes a hedge that is dense to the bottom. Far superior to any other privet.

Strong plants, 12 to 18 inch, 50 for \$1.50, 100 for \$8.00, postpaid.

OFFER No. 7

SPECIAL LANDSCAPE OFFER—2 Japanese Barberry, 2 Snowberry, 2 Spirea Van Houttei, 2 Dwarf Mock Orange. Eight Flowering Shrubs, 18 to 24 inches, for \$1.50, postpaid.

One of our Chinese Elm Street Plantings.

The Very Best SHADE TREE

CHINESE ELM—Most popular, hardy, rapid growing shade tree for mid western and western states. Leaves are similar to that of the American Elm except smaller and has the same great height and majesty but is more graceful. Probably grows faster than any other shade tree and is adapted to most adverse soil and weather conditions.

4 to 5 feet, \$0.40 each, 4 for \$1.40
5 to 6 feet, .60 each, 4 for 2.25
6 to 8 feet, 1.00 each, 4 for 3.60
8 to 10 feet, 1.50 each, 4 for 5.60

SPECIAL OFFER No. 8

CHINESE ELM—1½ to 2 feet, 10 for \$1.40, 50 for \$3.75, postpaid.

PLANT a TREE for WASHINGTON
