Price List of

GLADIOLUS BULBS

for 1932-1933

Every bulb that I sell is positively guaranteed to be full size, clean, true to name and free from disease.

Any shipment not fully up to the expectation of the customer may be returned and purchase price plus return charges will be promptly refunded. There have been no gladiolus thrips in my field, therefore there will be none on my bulbs.

It has come to be a matter of common knowledge that bulbs grown in the North Pacific Coast region are of superior quality, and this season has been an exceptionally favorable one. There has been no extreme heat and months of continuous sunshine, with an abundance of water for our overhead irrigation system, so that growth has been constant and even, and this year's crop should, if such a thing is possible, be better than usual.

PRICES

Prices quoted in this list are extremely reasonable. Some may be too low and other growers may quote below me on some varieties.

It has always been my practice to give very liberal overcount on orders, and also liberal extras in varieties not ordered, and this year I'm going even further than usual in this respect, so that my customers will be protected against the possibility of lower prices. If you have any preference in the matter of extras, I'll be glad to have you state it. You will get some anyway, and I'd prefer to send something that will please you. I can't guarantee to give you just what you name, but I'll do the best I can.

Transportation charges will be prepaid to all points in United States and Canada.

Safe delivery of all orders is guaranteed, and this includes damage by freezing, so you need not hesitate to order at any time. I do not ordinarily forward shipments by mail during extremely cold weather, but if you want your order for Christmas or any particular time, I will get it to you.

By the way, why would it not be a good idea to use bulbs more extensively for Christmas gifts? Can you think of anything that would give more real or lasting pleasure to a flower lover? Think it over.

Early orders will be forwarded as soon as bulbs are ready for shipment.

TERMS

Terms are cash with order except that, if desired, a deposit of 25% will hold order until March 1st, when it will be sent C. O. D. for any amount unpaid at that time.

DISCOUNTS

Will allow cash discount of 5% on orders of \$25.00 to \$50.00; 10% on orders of \$50.00 or more. Will also give liberal overcount and extras on all orders, so that my customers will receive the discount in extra bulbs, which is offered in many lists, and the cash discount in addition.

If you contemplate placing a large order, please submit list for special quotation.

SUBSTITUTION

If out of any size ordered will send next size smaller, giving additional bulbs to more than cover difference in price. If you are not willing for me to do this, please so state in your order.

No substitution in varieties without permission. If you are willing to have me substitute in case I am out of any variety on your order, please say so. You may be sure that I will send something of greater value.

HOW TO ORDER

Please note carefully whether variety is priced "each" or "per 100". Ten bulbs for 8 times the price of one. Five at the 10 rate. Ten bulbs or 25 bulblets at the 100 price; 100 bulblets at the 1000 price. For less number add 10%.

NO SINGLE ITEM LESS THAN TEN CENTS

All Stock Is Offered Subject To Prior Sale

KIND WORDS FROM SATISFIED CUSTOMERS

It is worth something to know the kind of stock and the kind of treatment to expect. The following are extracts from a few of the many letters received this season.

SYRACUSE, NEW YORK

"Bulbs received. High crowned, clean, mostly oversize and liberal count, also several varieties gratis. Even more than the usual liberal count, clean stock and extras which I have been receiving from you each year for several years. Once more I want to thank you. Hope to give you order next year and each year after, as long as we both grow glads. Took several prizes at state show last year with flowers from your No. 4 bulbs."

EDMONTON, ALBERTA

"Just a line to let you know that the glads arrived in first class condition, and also to say thanks for such ideal service, excellent bulbs, generosity in count, and the high class extras. These extras I had noticed in your list but did not expect to be able to put in my collection, and I am looking forward to a great garden show.

"I have been dealing with you for five years now, and year after year your treatment of me has been of the very best one could ever look for, and you may rest assured I am doing my very utmost to push business your way, as service like yours most assuredly calls for appreciation. Again I thank you."

SANTA BARBARA, CALIFORNIA

"I wish to say we are now enjoying the blooms from my small No. 6 bulbs I received from you a few months ago. It looks now like I will get blooms from almost every one except Joerg's White, which were quite small."

SASKATOON, SASKATCHEWAN

"It was a real thrill for a gladiolus enthusiast like myself to open the package of bulbs received from you. The exceptionally fine quality bulbs, generous count and extras of desirable varieties more than offset the duty and exchange."

HARLEM, MONTANA

"My order of bulbs arrived yesterday on the coldest day of the winter, twenty degrees below zero, but thanks to your excellent packing, they were not damaged in the least. I want to thank you for your more than generous overcount and for the many extra varieties you included, all but one of which are new to me. I know by past experience how they will perform, so my greatest worry now is that its a long, long time until Spring."

ROME, NEW YORK

"Received your bulbs last week in A1 condition and thank you for same. They are splendid stock, and also appreciate your overcount. Certainly I am grateful."

MISHAWAKA, INDIANA

"Received bulbs sometime ago and wish to thank you for the precious extras you sent, as well as the overcount. The bulbs arrived in first class condition and are a fine looking lot."

OGDEN, UTAH

"The first order I received from you I felt as tho there was a catch to your generosity, but after two seasons' trial I find your bulbs to be of the finest quality and always true to name, which I feel supersedes your generosity, which is simply beyond compare."

DENVER, COLORADO

"The shipment of bulbs you sent me arrived last week and I want to say that they are the peppiest looking bunch I have ever seen in some time. Thank you very much for your generous overcount and the dandy extras you enclosed. Hope to send you a larger order next year."

RICHMOND, VIRGINIA

"A few days ago I received the special offer Set 'F' ordered by me on October 23rd. I was delighted at the generous allowance of extras, and the bulbs averaged much larger than I had expected at that price."

LONDON, ONTARIO

"I write these lines to express the pleasure and satisfaction I had from my small order of gladioli received from you last spring. The bulbs were strong, clean and generous in number and the extras were beautiful flowering varieties."

CLEVELAND, OHIO

"I was not intending to buy any glads this year but when I got your price list and noticed the fine new varieties and the low prices, I couldn't forbear sending in a small order, even though I don't know where I am going to put my glads next year.

"I got my last glads two years ago from you and I have been much pleased with them. They were healthy, true to name, and the extras rather astounded me."
