JUST FOR A NAME

What shall we call this amazing vegetable ?

Dear Friend:

Thanks for your interest in our endeavor to find a suitable name for our \$10,000.00 Prize Vegetable.

Your ticket proving your entry for the \$250.00 Prize is enclosed. There is nothing more for you to sell. There is no charge for entering the competition. As promised we enclose for you a sample packet of the Vegetable Marvel.

This is for you to plant. When it matures, look it over carefully and decide upon a good name for it. Write this name on the entry ticket and mail it in. Your "name" selection will then come up before the judges and be passed upon.

If it seems the best, you win the \$250 prize.

But that is not all of the prizes you can win. There are many additional ones for PROMPTNESS. Every person who sends us an order for 20 packages (\$2 worth of Garden-Spot Seeds) PROMPTLY qualifies as a contestant for these rich PROMPTNESS PRIZES. And we will GIVE YOU one dollar of this two dollars free. See Credit Coupon on the last page of this folder.

This Coupon plus \$1 will not only entitle you to 20 packets of sure-to-grow Garden-Spot Seeds, and your entry ticket for the \$1000 Promptness Prizes, but a BIGGER ADDITIONAL SUPPLY of the seeds of the \$10,000.00 Vegetable so you will surely have enough for a large planting.

The most wonderful dollar's worth you ever had. But you must act promptly—the best way is to send NOW.

Cordially yours,

President

LANCASTER COUNTY SEED COMPANY

Half way round the world we went to get something new for the gardens of America. And what a novelty! Persia — the land of mystery and charm is the home of this unusual, this clever, this "different" vegetable. At a cost of \$10,000 we obtained sole rights to its sale in this country. No other seed company has it, no other seed company can get it.

The plant thrives in all climates and almost any fertile soil. Grows luxuriantly, produces quickly. The FRUITS are as big as a cocoanut, gracefully oblong. When fully ripe, pick and cook the whole fruit in boiling water for thirty minutes. Then cut it in half, and almost like magic out comes a big dishful of the most delightful vegetable noodles you ever ate. Eat plain with salt and pepper or cal-sup; also serve cold as a salad with mayonnaise.

We know this is a wonder and we are seeking a worthy name for it. Can you supply a good one?

CONTEST RULES

This contest is open to every one except members of this firm, its employes and relatives. To be eligible for the \$1000 PROMPTNESS PRIZE, QUALIFYING ORDER must be mailed no later than date stamped on back of this announcement.

TO GROW GOOD CROPS YOU MUST PLANT GOOD SEEDS

Henry Ford recently decreed that every one of his employes should plant and cultivate a garden.

He realized that this not only means money saved, but supplies the family with delicious and delightful vegetables, which keeps them in good health. Likewise, it provides happy exercise in the open air for every one who helps.

Don't depend upon the "store" for the good things that go on your table—raise them yourself. Men, women and children can cultivate a garden—it is lots of fun to see things growing and know that they are the product of your own skill and industry.

(Flowers are especially nice to handle as their beauty and fragrance delight not only the ones who own the garden but every one who visits it. Also they help make a house a home.)

But do not think of planting anything but seeds you can depend upon—put out by a reliable company and backed by their guarantee. Such seeds are Garden-Spot Seeds—bursting with fertility, ready to reward the garden planter with healthy, sturdy growth and fine results.

GARDEN-SPOT SEEDS WILL PLEASE YOU—they must, or there is no charge. Put up in generously-sized packets, and sold for 10c a packet.

WINNERS OF THE 1931 CONTEST

The Lancaster County Seed Company wishes it were possible to award a prize to every one who competed in the 1931 Name-Contest but, of course, this was impossible. The task of the judges was a most difficult one, to decide which names deserved the 103 Capital prizes. However, after careful consideration, these have been awarded as follows, and it is the hope of the judges that those who were disappointed in 1931 will try again this year. In 1932, there are positively 99 Promptness Prizes ranging from \$500 to \$2, besides the \$250 award. All prizes are given in CASH.

WON \$598.00 CASH—First Prize

Karl Ben, a bright young man of 294 Lexington Ave., Buffalo, N. Y., was the first prize-winner. In acknowledging the receipt of his prize, he says: "Your special delivery letter telling me that I have been chosen as one of the winners in your contest for suggesting the name 'Vari-plant' gives me great pleasure. I want to thank you for your generous prize. It was the most pleasant surprise of my life."

WON \$498.00 CASH—Second Prize

Here is a smart boy from the state where the Fords are made. He annexed second prize. His name is Vernon Knapp, 330 Wright St., Cadillac, Mich. Listen to what he says:

"Well, I have sufficiently recovered from the shock of your special delivery letter to write you and send my picture which I am enclosing. The prize means much to me at this time."

WON \$250.00 CASH—Third Prize

A good agent from "way down south in Georgia" won the third prize, and he deserved it, too. His name is John H. Bartlett, of R. D. 1, Waco, Ga., and he says: "You will never know what winning this prize means to me. I have a blind father and aged mother to care for, and I have had a hard struggle. The prize will enable me to establish myself in a paying business. This is the best picture I have at present."

We Not Only ADVERTISE Prizes— We PAY Them

We have letters on file for a number of years back from grateful winners of our various prize contests. The object of these competitions is, of course, to make Garden-Spot Seeds known to everybody from Maine to Mexico, to increase the sale of our goods year by year, and to add materially to the bountiful crop of fresh vegetables and beautiful flowers these seeds grow.
