for
Nurserymen

Florists

and
Growers

by
Morris & Snow Seed Co.

8th and Wall Streets

Los Angeles, Calif.

The Morris & Snow Seed Co. has since its inception in 1900 catered particularly to those who make a living from the sale of flowers and plants.

This organization is not a seed department store, nor a packet seed house, but devotes its wholehearted efforts to the interest of professional growers, to whom it is of the utmost importance to obtain right strains.

We are located in Los Angeles within easy reach of the 5000 acres which in California are devoted to the growing of flower seeds. We can thus often inspect the growing crops and choose the best strains.

We are located at 8th and Wall Streets in the very heart of the Los Angeles flower markets which are among the largest in the world, and every member of our organization is in constant touch with those whose main interest is the growing of flowers and plants.

Having no dealers to protect we give the absolute wholesale price to our customers and do not have a dealers price and a growers price.

All prices in this catalogue are subject to change without notice.

Terms of sale—Thirty days net cash to customers of approved credit or established accounts. New customers, cash with order, C.O.D. or satisfactory reference.

Half ounce will be charged at ounce rates, half pounds at pound rates.

Morris & Snow's Florist Formula Mixtures are made by us in order to furnish the growers with a mixture of well balanced colors suitable for market and devoid of the undesirable colors found in cheap field grown mixtures.

We give no warranty expressed or implied as to purity, description, quality, productiveness or any other matter of any seeds, bulbs or plants we send out, and we will not be in any way responsible for the Crop. If purchaser does not accept the goods on these terms they are to be at once returned.

Mixed colors. $\frac{1}{4}$ oz. 50c, oz. \$1.50.

MORRIS & SNOW SEED COMPANY

ASTERS—Wilt Resistant Strains

The Wilt Resistant Strain of Asters has been developed through years of patient selection from individual plants which have proved immune to the Fusarium Wilt so prevalent in some sections. Even though planted in infested ground this strain resists the ravages of the wilt but is not immune to Aster yellow or other diseases.

We take pleasure in offering the following varieties.

ASTERS—American Beauty

Carmine rose, crimson, lavender, white. $\frac{1}{4}$ oz. 50c, oz. 1.50.

ASTERS—Queen of the Market

Crimson, dark blue, scarlet, purple. $\frac{1}{4}$ oz. 50c, oz. \$1.50.

ASTERS—Improved Crego

White, deep rose, royal purple, dark blue, pink. $\frac{1}{4}$ oz. 50c, oz. \$1.50.

ASTERS—King

Crimson. $\frac{1}{4}$ oz. 50c, oz. \$1.50.

ASTERS—American Branching

Azure blue, crimson, purple, deep rose, sensation, white, silvery rose. $\frac{1}{4}$ oz. 50c, oz. \$1.50.

ASTERS—Heart of France

Bright red. 18 in. $\frac{1}{4}$ oz. 50c, oz. \$1.50.

ASTERS—Miscellaneous

AURORA (yellow centered lavender), $\frac{1}{4}$ oz. 50c, oz. \$1.50.

Ball's White—A splendid aster of beauty type. $\frac{1}{4}$ oz. 50c, oz. \$1.50.

Sunshine A—2 ft. Twisted petals with quilled yellow centers. Very attractive for cut flowers. Mixed colors only. $\frac{1}{4}$ oz. 40c, oz. \$1.20.

MORRIS & SNOW SEED COMPANY

PANSIES

Morris & Snow's Los Angeles Market Mixture. Formerly sold under the name of Armacost Giants, Ross Giants, or America. This mixture is by far the most popular in Southern California for selling the plants in baskets. Its advantage over the others for this purpose lies in the fact that the plant is very compact with strong round leaves of very sturdy texture producing a rather short stemmed large flower. The color range is superb offering contrast that makes it stand out for brightness. This mixture has been greatly improved and what we are now offering is much better balanced containing more of the richer red shades and less of the whites and dark blues.

	¼ OZ.	OZ.	LB.
M & S Los Angeles Market Mixture..	3.50	10.00	100.00
Swiss Record Giants —The largest pansies known with extra long stems. The colors are mostly of the richer faced and spotted varieties

PETUNIA

Each of the separate colors of Giant Ruffled Petunias listed below is being grown for us in individual green-houses where they are hand pollenized and where there is no chance of crossing as there is out side or in open lath houses. We therefore insure your getting the greatest percentage true to parent plants.

GERMAN EMPRESS—Delicate lilac richly netted with violet-black throat flowers 6 to 8 in. across. $\frac{1}{64}$ oz. \$2.00, $\frac{1}{32}$ oz. \$3.50, $\frac{1}{16}$ oz. \$6.00.

KING ALFONSO—Giant crimson red with black throat 6 to 8 in. $\frac{1}{64}$ oz. \$2.00, $\frac{1}{32}$ oz. \$3.50, $\frac{1}{16}$ oz. \$6.00.

GIANT RUFFLED COPPER RED—A unique color which is very popular. Flowers are enormous though not as ruffled as others. $\frac{1}{64}$ oz. \$2.00, $\frac{1}{32}$ oz. \$3.50, $\frac{1}{16}$ oz. \$6.00.

GIANT RUFFLED SALMON QUEEN—A new introduction which should prove very much in demand not only on account of its color which is rich salmon but its size. $\frac{1}{64}$ oz. \$2.50, $\frac{1}{32}$ oz. \$4.00, $\frac{1}{16}$ oz. \$8.00.

GIANT RUFFLED PINK—Known sometimes as Dieners No. 5. The plant is exceedingly dwarf and begins to bloom when quite small throwing enormous flowers of a deep rose pink with black throat. $\frac{1}{64}$ oz. \$1.75, $\frac{1}{32}$ oz. \$3.20, $\frac{1}{16}$ oz. \$6.00.

GIANT RUFFLED VARIEGATED—A strain producing very large flowers heavily ruffled and varigated colors of red and white. $\frac{1}{64}$ oz. \$1.75, $\frac{1}{32}$ oz. \$3.20, $\frac{1}{16}$ oz. \$6.00.

MORRIS & SNOW SEED COMPANY

PETUNIA—Continued

DWARF GIANTS OF CALIFORNIA RUFFLED—In mixture of the above. 1/64 oz. \$1.75, 1/32 oz. \$3.20, 1/16 oz. \$6.00.

GIANTS OF CALIFORNIA RUFFLED—Good mixture field grown. 1/64 oz. 50c, 1/32 oz. \$1.00, 1/16 oz. \$1.75, 1/8 oz. \$3.00.

Grandiflora Fl. Pl.—"All Double" At last a petunia which produces better than 75% double flowers. Packet of approximately 1000 seeds \$2.00.

GRANDIFLORA SINGLE FRINGED

This type of Petunias is slightly smaller than the ruffled Giants and instead of being ruffled are heavily fringed.

Miranda—Rosy carmine. **Romany Lass**—Deep crimson purple throat. **Theodosia**—Large fringed pink with golden throat. **White Beauty**. **Steel Blue**. **Pride of Portland**—Deep rose pink. **Pink Triumph**—Clear bright pink. delicate fringed.

All the above 1/64 oz. \$1.00, 1/16 oz. \$3.50, 1/8 oz. \$6.00, 1/4 oz. \$11.00, 1 oz. \$36.00.

CALIFORNIA GIANTS—PLAIN EDGE

Brilliant Rose. **Elk's Pride**—Largest, darkest velvety purple. **Pink Glory**—Deep rose, very large and attractive, very dwarf. **M & S Florist Formula Mixture**—of plain edged Giants.

All the above 1/32 oz. \$1.00, 1/16 oz. \$1.75, 1/4 oz. \$6.00.

COMPACTA HYBRIDA NANA

12 in. A race of semi-dwarf. Petunias ideal for borders and bedding.

Alderman—Deep violet. **Gloria**—Carmine rose. **Rose of Heaven Dwarf**—Rose pink. **Rosy Morn Dwarf**—Pink with white throat. **Silver Blue**. **Inimitable Dwarf** **Blotched & Striped**. **Snow Queen**—White compact. **Violacea**—Deep violet. **M & S Florist Formula Mixture**. All the above 1/4 oz. 50c, oz. \$1.50.

SEED CATALOGUE

PETUNIA—Continued

HYBRIDA TYPE

18 in. Not so dwarf as the above group but very desirable for beds and wide borders.

White—Bismark Type	.85	2.40	24.00
Morris & Snow Florist Mixture—			
Bismark Type	.85	2.40	24.00
American Beauty—Rose Pink. Nice			
Type	.75	2.00	20.00
Salmon King—Salmon Rose. Nice			
Type	.75	2.00	20.00
Heatham Beauty—Terra Cotta Rose.			
Gt. Perfection	.75	2.25	22.50
Silvery Lilac—(Empress Augusta			
Victoria) Giant Perfection Type ..	.75	2.25	22.50
Santa Maria—A giant branching stock			
of the Giant Imperial or Bismark			
type but 8 to 10 in. taller than any			
other white. Santa Maria is a			
robust giant producing a high			
percentage of doubles. The flowers			
are enormous and well placed on			
long spikes ideal for cutting	1.50	4.50	
Buttercup—Another giant stock of			
the color that the name implies—			
Buttercup Yellow. It has a deeper			
richer tone than Imperial Canary			
Yellow, and the spikes are longer			
and flowers better placed than the			
parent. The percentage of doubles			
is very high.	1.50	4.50	

SWEET PEAS

We find so much similarity in the countless varieties of Sweet Peas introduced by different growers that in order to avoid confusion we have selected what we consider the best in each color and we are growing only a smaller number of varieties thus insuring our customers better and more careful selection of seed.

M & S EARLY FLOWERING SWEET PEAS. NEW VARIETIES OF RECENT INTRODUCTION.

MORRIS & SNOW #13

The most popular Sweet Pea on the Los Angeles market and rightly so as it possesses all the fine points that make a Sweet Pea desirable to growers as money makers namely long stem, large flowers well ruffled and placed mostly fours on a stem. Above everything it can be forced at any time of the year and will always produce long stemmed flowers through a long period. The color is a rich Salmony Rose Pink on white ground which gives it a very sparkling brilliancy. oz. 45c, lb. \$4.50.

Seeds of all varieties in season, write for list and prices.

MORRIS & SNOW SEED COMPANY

"GLORY OF THE SUN"

(Illustrated in colors on center spread)

LEUCOCORYNE IXIOIDES ODORATA

The illustration on pages 18 and 19 we believe is as true a colored reproduction of a flower as is possible to obtain.

This wonderful flower which had been lost sight of in England since Victorian days will rightly take its place in flowerdom, possessing all the qualities that make it desirable for cutting.

It is destined to become one of the outstanding cut flowers in the country.

This flower which blooms from a bulb cannot be increased from such, as it throws no offsets and you have to depend on seed for its propagation, and this is a rather slow process taking three years. In California and other sections where the climate is mild it can be done in less.

This wonder flower from Chile where it is known by the Spanish Name of Huilles (Wee-lees) and is sold on the markets of Valpariso and Santiago has since its re-introduction by Elliott been the rage of the European Markets.

Its cultivation both in mild climates and less temperate ones is much the same as that of the Freesias. The stems however are considerable more wiry and longer and its perfume though it resembles that of the Freesias is different. It is one of the best cut flowers that we know of and will doubtless be grown by the millions in California and other mild climates.

It is botanically one of the Broadias and those who know this flower, will understand how easy it is to grow The Glory Of The Sun, for these grow wild in Southern California, as the Huilles grow in Chile, and the less you coddle them the better they will do.

Trade packet with cultural directions will be sent for \$1.00. The supply of this seed is limited and if interested we would advise you to order early. The seed can be started at any time, but preferably in the early spring.
