Decorative Foliage & Flowering Plants

174 SOUTH GROVE ST.
East Orange
NEW JERSEY

To My Patrons

N compiling this catalogue, a selection of the most decorative and interesting species and varieties for the plant lover was made.

I have available, other rare greenhouse plants in limited quantities and would be pleased to receive your inquiries for your requirements.

Assuring my customers of the same high standard of quality which has recommended their past patronage.

Thanking you for past favors, and trusting to have a continuance of same.

EDWARD A. MANDA.

DECORATIVE PLANTS

Selected for Their Effective Foliage

The prices quoted are for strong, healthy plants in sizes for immediate effect. I would be pleased to quote prices, upon request, for smaller plants of the same quality for "growing on" purposes, at a lower price.

DECORATIVE FLOWERING PLANTS—(*Continued*)

HYDRANGEAS. The following list embraces the best of the standard varieties as well as of the more recent introductions:

Avalanche. A very reliable white.

Baby Bimbenet. Early, prolific and healthy, clear.

Blauer Prinz. Medium sized deep pink trusses; recommended as easily turned blue.

Cendrillon. Bright carmine rose; free and compact.

Coquelicot. An early free flowering red of compact, vigorous growth.

Domotol. Double flowering Otaska, not good for early forcing but very useful for late spring or summer.

E. G. Hill. Reliable early flowering pink.

Elmar. Dark pink, almost red; large trusses of deeply serrated florets, very distinct.

General De Vibraye. Very dependable, popular pink; early.

Gertrude Glahn. Truss and florets very large. This has proven itself one of the foremost recent introductions and we heartily recommend it as a dark rose color.

Goliath. Very large and early dark rose; one of the best.

Gracieux. Compact dwarf pot variety with an abundance of good trusses of large, light pink florets.

Gudrun. Clear pink.

Helge. Very popular early compact red.

Henri Lambert. A vigorous grower with heavy upright stems and large foliage. Immense trusses of very large light pink florets; very early.

Jack Groenewegen. Light pink; large trusses.

La Marne. Not early, but fine for Decoration Day and later; especially good as a summer tub plant. The latest and largest flowering Hydrangea; bright rose.

Lancelot. Wonderful pot plant, compact and free; carmine rose, florets fimbriated.

Le Progress. A dwarfer freer Baby Bimbenet, color a pleasing bright rose; wonderful early pot plant.

Liebling. In this we believe we have a real acquisition. We have tried it out for three years and found it very early and the clearest glossy pink color of any known to us. The growth is unusually healthy, the foliage a rich, deep green.

Lillie Mouillere. The well-known carmine red.

Lorelei. One of the best deep pink or red varieties, free and early.

Marshall Foch. Immense clusters of deep carmine flowers.

Mlle. Agnes Barillet. Popular early white.

Mme. E. Mouillere. The best known white.

Matador. Dark red, medium grower.

Mrs. H. J. Jones. Dark rose-pink.

Mont Rose. Very early free light pink, vigorous.

Otaska. The old reliable pink variety for all purposes.

Parsifal. Deep carmine rose, free and early, florets deeply serrated.

EAST ORANGE, N. J.

DECORATIVE FLOWERING PLANTS—(*Continued*)

Schoene Dredenerin. Very free and early pale rose. Has proven its worth for three years and we believe will become a fixture for a long time.

Souv. De Lieut. Chaure. Bright rosy carmine.

Souv. De Mme. E. Chautard. Early, free, vigorous. Clear pink, flowers blue if soil is slightly acid.

Splendens. A glossy carmine of peculiar intensity, free flowering, healthy and as early as Trophee.

Trophee. Very popular deep carmine rose; early.

Victoire. A very showy, vigorous, large flowering pink.

Wilhelm Pfitzer. Wonderfully well formed plant; free and vigorous; light pink.

Yvonne Cayeux. Very vigorous, early, pale pink.
