Hybridizers, Specialists and Growers of Pedigreed
Hand-Pollinated Gladiolus Seed, Unbloomed
Seedlings and Novelties

Foreword

We desire here to greet our many pleased customers of the past year, and thank them for their kind letters of appreciation; and for the very pleasant relations which the acquaintance has given us. Now with the excitement and pleasures of the fall Glad Shows still fresh in memory, all will be anxious to join in for some of the BETTER THINGS for 1932.

To new customers, and those who receive our list for the first time, we wish to refer with pardonable pride to our many REPEAT ORDER customers, as the best possible evidence of the satisfaction which they, too, will enjoy when we have the pleasure to become acquainted.

We specialize in Select Pedigreed, Hand-Pollinated Glad Seed, and Unbloomed Seedlings grown from this choice seed. This year we are offering quite an extended Pedigreed list of both Seed and Seedling Crosses. Also mixtures of very choice crosses, in blooming size bulbs. These are full of life and promise.

Our Glad Seed and Bulbs are grown under the most favored climatic conditions, being healthy and free from disease. Our crosses of many of the Choicest New Varieties from all parts of the world can be relied upon to be TRUE in every instance; and we believe that our Seed and Bulbs should germinate 100%. However, as is the custom in the Seed and Nursery trade, we give no warranty, either expressed or implied for the results of crops grown from them.

NEW VARIETIES! To encourage beginners, we will offer a prize of Twenty-five Dollars in stock, to any one obtaining an outstanding variety, grown from either our Pedigreed Seed or Seedlings. These to be judged at any Show and to register 82 points or over, according to the A.G.S. standard of registration. We waive all rights of origination with the sale of our Seed and Seedlings, and relinquish all claims to any outstanding varieties obtained therefrom; all rights passing automatically to the purchaser.

TERMS OF SALE—All orders filled in strict rotation as received. Some of our Pedigreed Crosses are in quite limited supply, therefore we ask patrons to make a second choice when ordering, to be used only in case of necessity. EARLY ORDERS are a mutual satisfaction; and we will accept a remittance of 25% of the total amount of the order, to hold same, with balance before shipment, or C.O.D., as preferred.

SHIPMENTS—All shipments made promptly, weather conditions permitting. Shipments ordered made during heavy freezing weather will be entirely at the risk of the buyer. Eastern shipments are at a risk between December 15th and March 1st. Delivery can be made along the Pacific Coast at any time. Kindly give complete shipping directions with every order.

DISCOUNTS—On orders for over \$5.00, and up to \$10.00, select EXTRAS to the value of 10% of the order. Over \$10.00, up to \$25.00, select 15% extra. Over \$25.00, up to \$50.00, select 20% extra. For all amounts over \$50.00, select 25% extra.

HOW TO REMIT—Please make all remittances by either P. O. Money Order, Bank Draft, or Personal Check. Send Currency by REGISTERED mail only. On orders for less than One Dollar, please add 15c for postage and packing. All orders over One Dollar delivered free to any point within the United States or Canada.

OUR MOTTO! Liberal Count, and entire Satisfaction. To avoid disappointments, ORDER EARLY.

PEDIGREED, HAND-POLLINATED SEED CROSSES OF 1931! The following list of crosses covers a wide range of Color combinations, and should prove attractive to those who "know Glads". These crosses are all guaranteed true to name. Liberal count is always assured, as well as Choice EXTRAS to all worthwhile orders.

Growing Glads once, means to always grow them. Our Glad Seed produces Bulbs of **Merit**. A trial will convince you.

We do not consider self-pollinated seed, and the so-styled **Cheap Seed**, worth the time spent in growing it. There is not one chance in a million to obtain an **Outstanding Variety** from such seed.

"The Bitterness of **Poor Quality** remains long after the Sweetness of **Low Price** is forgotten."

Unbloomed Pedigreed Hand-Polenized Seedling Bulbs of 1931

The past season's Glad Shows have evidenced the just interest in growing **High Class** Seedlings, and the competition is becoming more and more keen each year. The following list of many, and varied Crosses, are guaranteed TRUE to name, and are offered for your selection to obtain "**Something Different**"; and improvements for Seedling Exhibition and Competition.

Please Note: The size of these bulbs will vary considerably, some running strong No. 5s, while others will be strong Nos. 6s and 7s.

The first named being the pollen bearing plant, and the one following, the seed bearing variety.

Bulblets

Growing Glads from Bulblets is an inexpensive method of getting a start with the newer varieties, which are still high in price.

Strong bulblets may even sometimes bloom the first year, but more likely not until the second season. It is impossible for any one to guarantee bulblets to grow. However, with the precaution of removing the husk and soaking in warm water until they show sprouts, they then grow quite easily. The following list of Bulblets contains many of the most desirable varieties, and a liberal number of up to date NOVELTIES.

No orders filled for less than \$1.00 in Bulblets. Thirty cents extra allowed on each dollar selected.

AMERICAN GLADIOLUS SOCIETY!

Every one interested in this most popular flower should join The American Gladiolus Society. The Gladiolus Review, published monthly at Goshen, Indiana, is well alone worth the membership fee of .2.00. To any of our patrons who would like to become members, and who remit \$2.00 for same with their order, we will include something choice with the order, worth at least One Dollar. Let us all Pull Together.
