. . Greetings 1932 . .

IN PRESENTING my seventh catalogue I wish to thank you all for your continued patronage. During the past year I have added some wonderful dahlias to my large collection, I now offer them to you at reasonable prices. Sagamore grown Tubers are hard to beat. Being located near the ocean gives me a long season, consequently my tubers have a good chance to develop to maturity. I start to plant April 15th and the last of my dahlias were killed by frost November 2nd, 1931. I have dug the biggest crop of tubers ever. The rain did me a good turn this past season.

My many customers will be glad to hear that Sagamore seedlings are going ahead in great shape. I won a certificate in 1929, 1930 and 1931, watch my seedlings in 1932 at Storrs. Besides winning the three certificates, my Angela Mia scored 84, and my Salmon cut flower variety scored 83. These all came from Sagamore seed. These flowers are all winners and will win for you. I do not have time to show as it takes all my spare time taking care of my gardens. I never get my work caught up. Good help in the dahlia business is out of the question, they all make mistakes and don't care, so to keep my stock straight I must spend as much time as I have in my gardens. I try to check every clump when it blooms to avoid mistakes for the benefit of my customers, I am always pleased to rectify all mistakes. My stock is all checked up at this writing and I did it all myself and I do not anticipate any complaints this season. I will be glad to furnish addresses of satisfied customers, Cape Cod tubers have done well from East to West.

Business was very good this past season considering the depression, but I think the worst is now over. I have twice the orders for dahlias for 1932 that I had in 1931, I think this is a good sign. I wish to thank you all who visited my gardens the past season, and all who gave me orders. I hope you all were satisfied with my stock and that I shall hear from you again soon. My cheap tubers are just as good for a wonderful garden as the higher priced, the price is controlled by supply and demand.

My stock is free from disease and stunts. I destroy all poor stock every season. I thank you for all the fine letters I have received in the past and hope to receive a great many more.

I hope this catalogue will be of interest to you and that I may merit your orders. Honesty and a square deal is my policy. With very best wishes to you one and all, I wish you a grand successful season for 1932.

DAHLIA AMERICAN LEGION

Named in honor of the wounded Veterans of the World War, American Legion is the largest and most perfect of all Dahlias. The gorgeous, bright, yellow semi-cactus blossoms are held on perfect long stems over a tall, robust bush. American Legion measuring $13\frac{1}{2}$ inches in diameter and 9 inches in depth was shown at the Atlantic City Flower and Garden Pageant, winning the Pageant Gold Medal and \$100 for the best undisseminated seedling (open to all); Honorary President's Gold Medal and \$50 for the best new Dahlia of New Jersey origin. The American Home Achievement Medal for the Dahlia or Dahlia exhibit which contributed most to the progress of the Dahlia in a class of 710 entries. The highest award ever won by any Dahlia. At Camden won the Gold Medal for the largest and most perfect Dahlia.

1932 INTRODUCTIONS

The Judges at Storrs said it's a Good Yellow.

KING OF YELLOWS, Inf. Dec. (Dr. Shattuck.)—A very large flower of eight to ten inches with very narrow folding petals that are beautiful. It is really a new Type. It has great depth and a very fine high center and a long stiff stem. It won certificate of merit at Storrs in 1930. A beautiful buttercup yellow. This flower has never been shown, but will win for you. The foliage is perfect, and it keeps well.

Tubers, \$10.00 Net; Plants, \$3.50 Net.

INDIAN RED F. Dec.—A very striking flower on good stem. A profuse bloomer until the end of the season. It is a bronze red, very odd, with old gold reverse. I am selling this cheap as there are so many reds. Try this out if you wish to see a real fall shade that is very popular.

Tubers, \$5.00; No Plants.

LITTLE SAGAMORE POM—The best red pom to date. It is a bright red, very small, perfect stem. Great bloomer. Enough said.

Tubers, \$1.00 Net.

SAGAMORE GARDENS

My Introductions of 1929

PRINCE OF PILSEN. Dec. (Dr. Shattuck.) One of the most Popular Dahlias in my garden. It is a flower of gigantic proportions. Color is rhodamine purple with silver reverse. Petals twist a little showing the silver which adds to its beauty. It has broad overlapping petals with twisted ends and has a fine, full center. The stiff stems are from twelve to eighteen inches long holding the flowers way above the foliage. The flower is deep and grows to eleven inches in diameter. Foliage is dark green and leathery and insects have never bothered it. Height of plant six to eight feet. This is a dandy for size and stem and for you who are looking for the big fellows this is one. Tubers all sold.

SAGAMORE BEAUTY. Dec. (Dr. Shattuck.) A very handsome, deep rose pink with a small cream center. A fine cut flower and great keeper. It has a good stiff stem ten to twelve inches in length. The flowers are held up and look right at you. It has good depth and are from six to seven inches in diameter. Foliage dark green and insect proof. Won third prize in the seedlings class at the Boston Show in 1927 in a class of sixteen. Also won first prize at Barnstable County Fair for best decorative basket of five blooms in 1927. The only times it has been shown. Tubers, \$3.00; Plant, \$1.50.

Introductions of 1930

ALEPPO F. Dec. (Dr. Shattuck.) I believe this to be one of the best yellows on the market on account of its long, stiff stem. This Dahlia has good depth and good size. Color a pure glistening picric yellow with fine petals. Flowers are not coarse like a lot of the yellows. Beautiful formation and fine foliage. Tubers, \$7.50, Plants, \$3.75.

ANGELA MIA F. Dec. (Dr. Shattuck.) The most popular white in my garden this season because it has depth. Most of the whites are not full enough. This flower is like a large ball with a stiff stem. Very free bloomer with the best of foliage. Scored 84 at Storrs. Tubers, \$7.50; Plants, \$3.75.

BARCELONA F. Dec. (Dr. Shattuck.) This seedling is four years old and has improved each year. The color is light carmine, very striking, has to be seen to be appreciated. It has a long rigid stem, twelve to eighteen inches long, holding the eight to ten inch blossom erect and perfect in formation. It has stood the insect test perfectly. Foliage is dark green and leathery. One of the most popular in my garden this season. Stock almost sold out. Tubers, \$10.00; Plants, \$5.00.

MING TOY. F. Dec. (Dr. Shattuck.) One of the brightest and most striking Dahlias I have seen. A regular oriental color of velvety pomegranate purple. Stiff stem, medium size, fine foliage. Tubers, \$3.50; Plants, \$1.75.

MRS. FANNIE BEALS. F. Dec. (Dr. Shattuck.) This is a four-year-old seedling and has improved each year. It is a deep rose pink splashed and striped tyrian rose with a faint shade of yellow near the base of petals. It has a fine long stem and blooms are very large and it blooms freely. Fine foliage and tall plant. Nothing like it on the market. Stock nearly sold out at my gardens this summer.

Tubers, \$3.00; Plants, \$1.50.

PEACH BLOSSOM. F. Dec. (Dr. Shattuck.) A very odd and popular Dahlia at my gardens. Color jasper red, striped and splashed on a faint yellow background. Very Striking. The blooms are large on stiff stem. A wonderful bloomer. Plants of medium height and fine foliage. Tubers, \$3.00; Plants, \$1.50.

SILVERY MOON. F. Dec. (Dr. Shattuck.) A real white that is a white. A four-year-old seedling, never been shown, with a good stem. Flowers have good depth and are large but must be disbudded as it is a profuse bloomer. I had eighteen blooms on one plant this season. Foliage very fine and insects do not bother it at my gardens. Only a few tubers left. Tubers, \$7.50 Plant, \$3.75.

I. A. NORRIS. F. Dec. (Dr. Shattuck.) One of the most striking Dahlias in my garden. A perfect beauty that is white, shaded and tipped light vinaceous purple. The flower is a big improvement over Shudow's Lavender in color, stem, size, foliage and keeping qualities. Enough said. Tubers, \$5.00; Plants, \$1.50.

THREE CHEERS. F. Dec. (Dr. Shattuck.) Named after Fred Stone's great show. A beauty. Tyrian rose, white tipped, cleft petals, very large and deep. A dandy to look at. Stem is good. Tubers, \$2.50.

MY NEW INTRODUCTIONS OF 1931

WINNER OF CERTIFICATE OF MERIT AT STORRS' IN 1929

SAGAMORE PRINCE (F. D.) (Dr. Shattuck)—The color given at the trial gardens was carmine blended with rose red, back of petals almost cream color. The first flower comes in the crotch, the rest of the flowers have good stems. Size of the flowers seven to nine inches, depth two to three and a half. Height of plant three and one half feet. It is a late bloomer, making it come in just fine for the shows. This flower is well tested as I have grown it five years. It is one of the best flowers to keep that I have in my garden. Only a few to sell this year. **Tubers \$10.00, Plants, \$5.00.**

RED JACKET (F. D.)—This is a new decorative seedling that was well liked by most of those who visited my gardens this season. It has a good stiff stem, flower seven to eight inches, full and deep. Color is about the red of a veteran firemen's jacket. This has been on trial for the past three years and has grown larger each year. Height of plant is three and one half feet. No red on the market this color. **Tubers, \$5.00; Plants, \$3.75.**

SUNNY DAYS (F. D.)—Another fine decorative that has proved its worth in the past six years. It is a light yellow with an orchid pink edge. The flowers are grown on a very long stem and blooms average about eight inches. It is a profuse bloomer and keeps well. **Tubers, \$5.00; Plants, \$3.75.**

NEW AND UP-TO-DATE DAHLIAS FOR 1932

ASBURY PARK (F. Dec.)—Color, glorious autumn shade of bright strawberry red, suffused with salmon and tinted with old gold toward the tips, giving a copper-salmon general effect. Plants grow 5½ ft. tall with flowers 8 to 12 inches across on nice strong stems. Carries seven first prizes and a certificate of merit.

Tubers \$10.00; Plants \$5.00.

CANBERRA (Dec.)—Gigantic flowers; deep, rounded and of massive rather than wide formation. Plants strong and free flowering. Color deep crimson-scarlet thru-out.

Tubers \$5.00; Plants \$2.50

DONNA CALIFORNIA I. D.)—Deep rose pink suffused with lavender. The color is not new but it is doubtless the largest Dahlia by far of that coloring. The stems are long and strong. The even petal formation is loosely arranged rather than solid.

Tubers \$7.50; Plants \$3.00

DORIS FELLOWS (F. D.)—Decorative—A very fine new introduction that we are proud to add to our catalogue. The fine, large, perfectly formed flowers of pale yellow, shaded to salmon at the tips

of the petals are carried on absolutely stiff stems. When the medium tall bush is in full bloom, it looks like a large bouquet. A most desirable new variety; very vigorous and large.

Tubers \$5.00; Plants \$2.50

FRAU O. BRACHT—Straight Cactus. This German introduction was the sensation of the New York Show. Its distinctive form and clean cut beauty gave it its place of honor. It is about as perfect in form as any of the new-comers. Fine habits and clean foliage. The color is clear, pale primrose, very clean and graceful in effect. Also attracted considerable attention at Camden and Red Bank, N. J. Also received high ratings in Holland and Germany.

Plants Only \$2.50.

HATTIE-SHELTON, F. D.—A wonderful Flower. Very striking with great stem. One of the best in my garden. Color Rhodamine purple, center part of most petals a maranth purple. A good bloomer, large size, good depth to blooms. Certificate at Storrs, 1930. Stock limited.

Tubers \$6.00 Plants \$3.00.

JANET SOUTHWICK, (Inf. Dec.)—A new color with new petals formation. a deep tyrian rose with rose sheen over all. It has a wonderful stem, holding blooms on top or out. The foliage is tough and heavy. Blooms average from nine to twelve inches in diameter and five to six inches in depth. Center is always tight and solid. This flower won for best informal decorative seedling at A. D. S. Show in New York 1931. Also won Pennsylvania Horticultural Society Silver medal for best undeseminated seedling in all seedling classes in the same New York Show. Don't miss this one.

Tubers, \$10.00; Plants, \$5.00.

JOHN WHITE (Dec.)—As the name denotes—a "REAL WHITE".

Tubers, \$7.50; Plants, \$3.75.

JUNE FELLOWS (Fellows) Formal Decorative—Another new variety we can highly recommend. The flowers are large, carried on good strong stems, and have perfect form. The color is lavender with a suffusion of mulberry, very novel and beautiful. The tall bushes are always in bloom.

Tubers, \$5.00; Plants \$2.50.

KATHERINE COLE F. Dec.)—One of the fine flowers in my garden this past season. A very pleasing cream tipped pink with good stem.

Tubers, \$7.00; Plants, \$3.00.

PANSY WHITE Semi Cactus.—This Kentucky novelty is certainly not given an apt name for it is as clear a yellow color as we have seen. Certificate of merit.

Tubers \$7.00 Plants \$3.75.

PENN CHAPTER F.D.—Strong grower, with heavy foliage, deep clean flowers of great beauty. Color rich gold blended with apricot, a brilliant color in both garden and house. Gold Medal winner.

Tubers, \$5.00; Plants, \$2.50.

RUDY VALLEE Semi Cactus.—In this variety we have one of the most beautiful dahlias ever offered. When the flowers begin to open they show chrome yellow at center, with a graduation of grenadine red as the flower expands, finally becoming solid grenadine orange red when in full bloom. The flowers are pleasing to look upon, and instantly catch and hold the attention of all who see them. Flowers are large, full-centered and are held well above the clean cut foliage on long, straight stem. Plant 5 to 6 feet high, with numerous strong laterals. Grows vigorous, which insures it against serious injury from insect attacks. A magnificent dahlia that you cannot afford to be without. Winner of certificate at Storrs trial garden, 1930, scoring 86 points. Tubers, \$10.00; Plants \$5.00.

SIR JOHN CARLING (S. C.)—Here is another 1929 introduction from the originators of Mrs. John G. Carver that was greatly admired in our garden the past season. It has all the good qualities that you would expect in a dahlia. Size, stem, color and insect resisting foliage. Color is a rich royal

purple of an entirely new shade which we have never seen in a dahlia. Does not burn in the hottest sunshine and never shows an open center. The huge blossoms are held erect on fine stiff stems above plants that grow 6 to 7 feet in height.

Tubers, \$6.00; Plants, 3.00.

TERCENTENARY (F. D.)—A winner one of the best yellow with fine stem, good bloomer and keeper. Created a great deal of comment at my gardens this past season. You can't lose on this one. Stock limited.

Tubers \$7.50; Plants, \$3.75.

MY RIO RITA—This new dahlia, an informal decorative, won a Certificate of Merit in 1930. It was the second highest scoring dahlia for last season. In color, it is bronzy buff, with large blossoms from 8 to 10 inches in width and 3½ inches in depth. It has long, stiff stems which carry the blooms well above the foliage. The plant grows tall and stately, and under favorable conditions will grow eight feet tall and even higher. \$7.00 each Plants \$3.00.

MRS. FLORENCE LAMB (F. Dec.)—Large 10 inch blooms well out of the foliage on long stout stems, a very sturdy growing plant with dark green foliage. Color is a beautiful deep garnet at the center shading a bit lighter at tips of petals, has been very much admired for the past two seasons. Tubers, \$5.00; Plants \$2.50.

MRS. STANLEY R. PERRY (S. C.)—In this monstrous large bloom we have a beauty that will grow twelve inches and over with no extra care, the plants are tall growing with great long stems that can be cut three to four feet long with the blooms standing erect. Six and seven of these extra large on the plant at the same time are common to see. Color is deep orange, base of petals chrome yellow with a slight trace of carmine at tips of petals.

Tubers \$10.00; Plants \$5.00.

NATALIE KINGSTON (F. Dec.)—Deep chrome yellow with great flowers 10 inches in diameter. Its great mass of foliage makes it one of the best landscape Dahlias. Won first prize at 1929 Los Angeles Dahlia Show for most perfect Decorative. This is a winner, don't miss it.

Tubers \$15.00; Plants \$7.50.

SAN JUAN (I. Dec.)—A deep bronze blending in the sunlight to all shades. A real Autumn colored flower, it has fine curly petals, best of stem, tall grower, six to seven feet, it has depth and size and is a good keeper. cert. of merit winner.

Tubers, \$10.00; Plants \$5.00

VICTORY (F. Dec.)—A new white that is WHITE. It has a perfect long stiff stem making it a grand cut flower as it keeps well, one of the best in my gardens this past season. Stock Limited.

Tubers \$5.00; Plants \$2.50

WALTER BLAKE (Dec. Inf.)—One of the best yellows. Grows on a perfect bush with great stiff stem, one of the best keepers It has great substance.

Tubers \$7.00; Plants \$3.50.

WE PRESENT THE FOLLOWING STANDARD VARIETIES THAT ARE LEADERS IN THE GARDEN AND SHOW ROOM

A

ADELICIA (F. Dec.)—A novelty of rare beauty one that you go back and look at the second time before you leave the garden. Plant grows about five feet high and is a very robust grower and covered with blooms all season. Stems are long and very stiff holding the seven and eight blooms well out of the foliage. The petals set apart with three and four petaloids at the base of each petal making the flowers very attractive. Color is pale lilac shading to white.

Tubers \$5.00; Plants \$2.50

ADELPHIAN (F. Dec.)—This is a very fine new creation with a long stiff stem and large bloom. Something different than the run of Dahlias, color is a very beautiful Mallow Purple. It has dark resisting foliage.

Tubers \$2.00; Plants \$1.00

ALTAMMONT (I. D.) — A beautiful rose pink, deeper color at center, large flower on good stem.

Tubers \$1.00

ALTA RAY (Oval Dec.) — Salmon orange. An eight inch commercial exhibition. One tint darker than Jane Cowl, a grand stem with foliage up to the bloom. Scored ninety as the best six three-year-old seedling at the Biltmore, California.

Tubers \$5.00 Plants \$2.50

AMBASSADOR (C.)—Is exhibited at every Dahlia show, a fine exhibition and commercial flower of soft yellow, buff shaded salmon pink. Well formed flowers of large size borne on very good stems.

Tubers \$1.00.

AMERICAN TRIUMPH (C.)—The trace of any other color. Form is the English cactus type, the long quilled petals being decidedly incurved with centers full and high. Plants grow to medium height and blooms are carried on long straight stems. A grand keeper on bush or when cut. Won the American Home Sweepstakes as the best flower in the show at New York in 1929.

Tubers \$5.00; Plants \$2.50

ANDREAS HOFER (C.)—One of the finest I have ever seen. A very large flower on a perfect stem and a great keeper. Color bright, warm, vivid color with carmine yellow center. Tubers; \$1.00 Plants \$1.00

ANDREA ERICSON (F. Dec.)—Exhibition size informal decorative. The long sought pure white Dahlia. May be grown from 9 to 12 inches under good cultural conditions. Petals are very pointed and ir-

regularly placed giving the flower a light, fluffy appearance. Very early and free bloomer. Plants of medium height and very good habit of growth, leaves dark green leathery and insect proof. Flowers, borne on long, slender, stiff stems well above the foliage. This fine Dahlia did remarkably well in our experimental garden and I can highly recommend it. Tubers \$7.50; Plants \$3.75

A. O. KENNY (F. Dec.)—Large flowers of perfect form and great depth, carried on long stems. Color a rich bronze buff shade of one tone, but with the center tinted with bronze. Never on any Dahlia have we seen more gold dust on the petals than on this variety. Plants grow medium height and are very free flowering, in a class by itself. This Dahlia was placed on the Honor Roll at the American Home Magazine, Dec. 1928

Tubers \$4.00; Plants \$2.00

AZTEC GLORY (I. Dec.)—A glorious Dahlia in every sense, color, form size. This is one of the big fellows and when the blooms attain large size the flower has an added distinction in the curl of the end of the petal. Color is rich clear golden yellow without tints or blends. Flowers held erect on strong stiff stems.

Tubers \$3.00

B

BABYLON, PINK & WHITE (F. Dec.) A beauty, pink and white with fine stem. Very large and deep. A good keeper.

Tubers \$3.00; Plants \$1.50.

BARBARA WEAR (F. Dec.)—A beautiful lavender pink decorative on a wonderful stem and a strong grower. Of the best of habits. Won the Garden and Home Builders Achievement Medal for the best new Dahlia originated west of the Rocky Mountain.

Nuf Said.

Tubers \$2.50; Plants \$1.50

BERENGARIA (F. Dec.)—A marvelous flower with orange center, shading to gold, with a golden sheen in the sunlight. Flowers ten to twelve inches over a low robust plant. One of the best.

Tubers \$2.00; Plants \$1.00

BETTY IVINS (F. Dec.)—A remarkable flower of huge proportions. Petals thickly placed to form a very full flower. Color a rich salmon, overlaid with an amber glow, showing a rosy pink reverse. Perfect stem.

Tubers \$2.00; Plants \$1.00

BOB WHITE (F. D.)—Pure white, giant flower, full and deep, long cane stems holds flowers absolutely upright. All other white

are off color in comparison; good clean grower, insect proof. This wonderful creation will be a sensation.

Tubers \$5.00; Plants \$2.50

BROCKTON BEAUTY (F. Dec.)—A very large flower which commands attention when seen growing in the garden. A profuse bloomer of great depth and size. Flowers remain large all through the season. Color is a pinkish lavender, shading to creamy white center, with reverse of petals pinkish lavender. A wonderful keeper with a fine stiff stem holding the large flowers well above the foliage.

C

CHARLES G. REED (F. Dec.)—Purple red sometimes described as petunia-red and a lively shade not far from crimson. In our gardens it was crimson, with a brush of dark maroon almost one-third the way back on the petals. It is unusually large and upright, on good stems. Flowers were full center and plenty of them. A good vigorous bush of medium height. It was the best red Dahlia in our gardens in 1931.

Tubers \$7.50; Plants \$3.75

CHEMAR'S EUREKA (F. D.)—One of the outstanding Dahlias of the past season. Color is white, sometimes having a light lavender cast in the center. Winner in the white classes wherever it was shown. A Dahlia of very rare beauty combining all the habits that go to make a perfect Dahlia.

Tubers \$2.00; Plants \$1.00

CHIC (F. Dec.)—A beautiful new Dahlia that is in great demand. Color, bright deep rose, a real live color. A giant hybrid in form. Blooms upright on good stems. One of the best Dahlias that I grow.

Tubers \$2.00. Plants \$1.00

CITY OF MONTREAL (F. D.)—Won the Lufkin silver cup as a special prize at the 1929 Boston Show for the second best decorative of New England origin, and was greatly admired by all. The plant is a medium tall grower and extremely robust growing. The foliage is a heavy dark green and very leathery. It is a very profuse bloomer from early till late. I have had as many as nine blooms on a single plant at one time, all over nine inches. Stems are perfect and hold the large blooms up at all times. Ridgeway color chart gives the color as aster purple, reverse of petals light mallow purple. Blooms are very deep and stand for days when cut.

CITY OF POUGHKEEPSIE (I. Dec.)—Carmine tipped rose purple. Certificate Storrs 1929.

Tubers \$5.00; Plants \$2.50

COHEGAN (F. Dec.)—New. This is one of the largest grown. A perfect giant in growth and size of bloom. The bloom are often twelve inches in diameter, four to five inches deep. A deep lemon yellow without shading. Everybody wanted this.

Tubers \$1.50; Plants \$1.00

CORA BUTTERWORTH (I. Dec.)—Eastern Novelty. The color is a clear silvery primrose yellow. Flowers are very large and are borne high above the foliage on perfect stems. Plant is a tall sturdy grower and a good doer throughout the entire season. A Dahlia of clean-cut crystalline beauty that is bound to win its way into the hearts of the Dahlia loving public. Winner as best Undeseminated Decorative seedling in the 1930 New York Show.

Tubers \$2.50; Plants \$1.25

COQUETTE I. Dec.)—This is a winner, one of the best in my garden this season. Flowers will go ten inches easy, on great stems. A winning color, musketeer red and gold. Don't miss this one.

E

EAGLE ROCK BEAUTY (S. C.)—

It would be difficult to imagine a more beautiful combination of pink and cream than is in this Dahlia. A giant among giants, it is in a class all its own. Vigorous in growth with good habit. Strong stems hold the flowers perfectly erect; the immense blooms are full to the center.

Tubers \$1.25

EAGLE ROCK SUNSHINE (S. C.)—

A deep shade of yellow. Flowers are very large and are held perfectly erect on strong upright stems. The blooms are full to the center until frost. As the plant makes a very bushy growth, would advise thinning out the plants for enormous blooms.

ELITE GLORY (F. Dec.)— The sensation of the New York Show in 1924. A

monstrous flower of a brilliant rich red. Its blooms and foliage are gigantic in size, yet pleasing and graceful. Winner of numerous prizes and scoring ninety-two Exhibition at Storrs and recommended for the Gold Medal. A wonderful keeper. Cannot be surpassed for spectacular effect for exhibition or in the garden.

Tubers \$1.00

ELIZA CLARK BULL (F. Dec.)— California's best white, that has made quite a hit on this side of the U. S. A. Medium high and a free bloomer, a good heavy close built flower, with the best of stem, and one you need in your garden.

ETHEL A. WOLFRUM (S. C.) — One of the finest Dahlias in my garden this year. A perfect beauty and a wonderful cut flower. Keeps well. The color is a deep thulite pink enhanced by a soft shade of chalcedony yellow. It has a fine stem and flowers average seven inches just right for a good cut flower. Take my advice and do not miss this one.

Tubers \$1.50

ETHEL M. (S. C.) — A very large beautiful flower. I grew this flower ten inches in diameter this past season without disbudding. Everybody who saw this flower was enthusiastic over it. Should be in every garden. Color, glowing amaranth at the base of the large perfectly quilled petals, shading lighter at tips with white center.

Tubers \$1.00

FORDHOOK VICTORY (I. Dec.) —

Giant flowers, well formed, and carried on strong sturdy stems. The color is a rich, shade of tyrian rose. The petals are well placed and of substantial texture.

.. Tubers \$0.75

FORT MONMOUTH (I. Dec.)— One

of the giants of the Dahlia world. The predominating color is a rich crimson maroon with shading of blueish violet at tips of petals. The flowers are well formed of true hybrid cactus type, of immense size, frequently attaining to full thirteen inches in diameter, and are borne on long stiff stems high above the foliage, and look you right in the face. Does not burn, and is a splendid keeper, both on the plant and when cut. Very prolific bloomer, from early to late and it's no uncommon thing to see as many as five or six immense blooms on a plant at a time. Plants are strong vigorous growers, attaining a height of seven to eight feet. Foliage dark green, healthy, and has been immune to attacks of leaf hoppers. Winner in the class for the largest Dahlia in diameter, at the 1927 Trenton New Jersey Show.

Tubers \$1.50; Plants \$1.00

FORT WASHINGTON (F. Dec.)—

Here is a Dahlia that can and has won many prizes for the largest in the show. Very seldom less than ten inches, without forcing. The large flowers are held perfectly erect on long cane stiff stems. Winner in many classes for decoratives. Has size, refinement, a free bloomer, and the color in a most charming deep maroon. We guaran-

tee this Dahlia to make good anywhere. It will win for you.

Tubers \$1.00

FRANK MILLER (F. Dec.)— A flat decorative Dahlia that has been on the California Sun-Kissed Roll of Honor two consecutive years. Color is Picric yellow with a slight touch of Bronze at the base of the petals that gives it a very fine glow under artificial light, flowers are very large held facing on long cane like stems. Plant of medium height with thick leathery foliage.

FRED W. PATTERSON (S. C.)— A

Seedling from the beautiful Adda Patterson but a stronger, heavier flower. The color is difficult to accurately describe, and as near as we have been able to work it out, with the aid of Ridgeway's color chart, the color is lavender pink with deep amaranth pink reverse. Great stem.

Tubers \$1.50; Plants \$1.00

G

GOLDEN DREAM (F. D.)— We grew

this wonderful decorative in our gardens and judging from the comments of our visitors it was one of the best "Golds" in our trial gardens. The extra large blooms are held high above strong growing plants. Won two certificates in the official trial grounds. First prize at Boston and Mitchell, Neb. Ten inch flowers are produced in abundance all season.

Tubers \$1.50; Plants \$1.00

GOLDEN SONNE (Cactus)— One of

our Holland introductions of intrinsic beauty. Won two sweepstakes at Elizabeth N. J., in the buff, lemon, orange Specimen Bloom Class. A deep flower of clear golden yellow, shading to soft salmon rose on the outside petals. The heavy petalage gives the flower its beauty. Mentioned in 1929 American Home Roll of Honor.

Tubers \$1.50; Plants \$1.00

GOODNIGHT (I. Dec.)— This we con-

sidered the best of the new Broomall varieties. It is well named as the flowers are a very dark crimson or maroon of immense size. The plant grows to medium height and holds the massive blooms erect on long stiff stems. Was greatly admired in our garden the past season and I recommend it highly.

Tubers \$5.00; Plants \$2.50

GOV. MORGAN F. LARSON (F. Dec.)

Blooms very large with good center and form. Color clear golden yellow with slight apricot blush on reverse, that adds richness in tone especially under artificial light. Growth medium to tall, stems good. Won Governor's Cup at 1929 New Jersey

State Show at Trenton as most worthy undisseminated Dahlia. Also won Cup as best yellow, cream, or buff at Camden Show, 1929. Tubers \$5.00; Plants \$2.50.

GRACE (F. Dec.)— This Dahlia has been a consistent prize winner, winning first prize three years in succession in every class entered at shows in the middle western states. Also certificate of merit at Storr's. The plants are showered with blooms and require generous disbudding to produce six to eight inch blooms, which are unequalled for exhibition in its color class. The plant is a healthy grower and will produce more flowers for cutting on the best of stems of any Dahlia I know. Body of flower is pure waxy white with delicate cast of orchid pink deepening to center. A very beautiful Dahlia.

Tubers \$2.00; Plants \$1.00

GRACE CURLING (I. D.)— A glorious Dahlia of great size, imposing and beautiful in form and color. The latter is pure white at base and to half the petals, then changing to lilac-pink and rose. Huge florets, bluntly tapering and tastefully notched at tips, and forming flowers second to none, if indeed equalled by any Dahlia yet raised. Growth of plants and flower stem hard and wiry leaving nothing to be desired. One of the very best.

Tubers \$5.00; Plants \$2.50

GRACE RICORDS (F. Dec.)— Not a monster size bloom, but what it lacks in size is made up in other qualities—free flowering, and an exceptionally good grower. The color of this beautiful Dahlia is white, lightly suffused, on the extreme ends of petals, with light lavender pink. An early and continuous bloomer on the best of stems.

Tubers \$3.50; Plants \$1.75

GRAF ZEPPELIN (F. Dec.)— A pure white Honor Roll Dahlia, of tall growth with flowers of immense size, grown on long stiff stems. Was given a Certificate of Merit at Storr's Trial Gardens in 1930.

Tubers \$1.00 Net.

JEAN TRIMBEE (S. C.)— This beautiful Dahlia is a native of Canada and exhibited at Toronto for the past two years. The flowers are very large, many over 12 inches and a beautiful rich Petunia Violet in color. It has a strong vigorous habit and the large attractive flowers are produced very freely. It was one of the outstanding varieties at the recent A. D. S. Show.

Tubers \$7.50; Plants \$3.75.

JERSEY'S BEACON (F. Dec.)— New shade of red called Chinese scarlet. Flowers are extra large on the best of stems. To me Waite's best. It showed all kinds of class in 1925. Tubers .30 net.

JERSEY'S BEAUTY (F. Dec.)— Very fine true pink. Flowers large and of perfect shape, produced on long, straight, stiff stems. Very free bloomer and a splendid keeper. Certificate American Society, 1923. Tubers .35 Net.

JERSEY'S TRIUMPH (F. Dec.)— This is a seedling from the same parents that produced Jersey's Beauty and is identical with Jersey's Beauty in habit and growth that they cannot be distinguished apart before they bloom. The color however is entirely different and is a real autumn shade of bright copper flushed with salmon bronze. Mr. Waite predicts a great future for this variety as a cut flower as there is nothing just like it in the long-stemmed class.

Tubers \$5.00; Plants \$2.50.

JERSEY'S IDEAL (I. Dec.) — The color of this variety is best described as a lavender pink, although sometimes it is nearer lavender. The flowers are usually borne face up on the stem and the petals drooping gracefully down make a very deep and massive bloom. Tubers .40 Net.

JERSEY'S JEWEL (F. Dec.)— In this flower we have a very nice shade of mellow pink. A large long-petaled flower, full of class and beauty. Tubers .30 Net.

JUNE JUSTICE (F. Dec.)— Certificate of merit at Storr's 1929. Strong stem, large blossoms of great color. Rodomine purple and tyrian rose, no color like it in book. Very brilliant. Tubers \$5.00; Plants \$2.50

K

KATHLEEN NORRIS (I. Dec.)—Color a true rose pink, later deepening to mallow pink, but paler in the young central petals. A bloom of gigantic proportions; petals broad and overlapping with twisted ends; full, tight center. The first two leaves on the straight, stiff, stem are from twelve to fourteen inches from the flower; a great bloomer and an excellent keeper. Has been awarded the highest prizes wherever exhibited the past season, also the Garden and Home Builder Achievement Medal at the exhibition of the Dahlia Society of New Jersey; also at the A. D. S. Show in New York. Tubers \$1.00 Net

KEMP'S VIOLET WONDER (I. D.)— The predominating color of this fine decorative Dahlia is naphthaline violet, with an undertone of royal purple, habit not susceptible to sucking insects. OLIVE REED (F. Dec.) — A clear pure shade of yellow, of which we have not many. A large thick flower on excellent stems, held high above the bush. This is good.

Tubers \$1.00 Net

ORIENTAL BEAUTY (Cac.)— For sheer beauty and perfection of form, stem and foliage this is the queen of Dahlias. A clear, brilliant rose pink, a tone deeper delight. Petals roll more than the average hybrid cactus. Just a suggestion of a lighter tint at the tips accentuates the incurved form. Blooms average seven to eight inches but can be grown much larger. Exhibited first in 1927 at the Los Angeles Biltmore it took first for the best Dahlia in the show. At the 1928 show it showed itself a consistent winner by winning the Garden and Home Builder (American Home) medal. If we could grow but one Dahlia we would choose Oriental Beauty.

ORINDA (F. Dec.)— An immense decorative of perfect form; color one-toned mauve-pink. The large petaled flowers are carried on strong stiff stems. Plants are vigorous; insect and disease resisting. Was judged the best new Dahlia at the 1929 Boston Show, winning the American Home Achievement Medal, The Dahlia Society of New England Gold Medal.

P

PEGGY ROLLAND (F. Dec.)— The joy of growing Dahlias is to grow something different, something the visitors talk about, and above all something you can stand back of when you say to a fellow grower, "Its good." Peggy Rolland is a mighty fine Dahlia, good stiff stems, very dark, insect-proof foliage, and the color is unusual yellow with every petal tipped with a delicate shade of red. The blending of these colors makes a most remarkable coloring in a Dahlia. This Dahlia made quite a hit in the Boston Dahlia Show in our Commercial display. Tubers .50 Net.

PEPPERMINT CANDY (S.C.)— Dahlia fanciers are always looking for something extraordinary and unusual. The name of this new straight cactus gives quite a unique description of this odd variety which is creamy white with many crimson stripes and splashes. It is large size and a very free bloomer but we regret to say that the stem is not heavy enough to carry the large blooms. Tubers 50c Net

PHYLLIS SHAW (F. Dec.)— A monstrous flower of apricot orange with reverse of petals jasper red with gold shen. The blooms are gigantic in size and depth. This is a seedling from Elite Glory and has much the same habits in growth: foliage is very dark green and leathery, the kind the insects do not like. Plant is very robust, and

blooms very freely with good full centers all season. Stems are long and stiff as a cane blooms are well out at top of plant. This flower was awarded the Dahlia Society of New England Silver Medal at the 1928 Boston Show

Tubers \$5.00; Plants \$2.50

PRIDE OF FORT MORGAN (F. Dec.) A new brilliant dark red Dahlia of the largest size. The color is lighter than Black Jack but darker than Pride of California. Flowers will measure 10 inches or more across, with great depth and are held on stiff stems. Plants are very strong growers.

Tubers \$1.00

PRIDE OF STRATFORD (F. Dec.)— Predominating color, cadmium orange, shading to light orange at the base of petals; reverse rose. Very large flowers held erect on strong stems.

Tubers 40c Net

Q

QUEEN OF THE GARDEN BEAUTIFUL (F. Dec.)— It is a large primrose yellow with a strong stem, perfect type. A flower that fulfills the dream of Dahlia lovers. One of the largest of all Dahlias, measuring from nine to twelve inches across grown without forcing. The stems are usually strong and is a wonderful keeper.

Tubers 50c Net

R

RADIO (F. Dec.)— A 1924 sensation that held up in good shape. A very large attractive red and yellow flower with good stems. One of our best. Tubers 40c Net

RALPH BLODGETT (F. Dec.)— A very pretty tri-color combination of amber, pink and white. Tubers 50c Net

RED SOX (I. Dec.)— A grand new red that is perfection. One of the largest grown and every bloom of exhibition size and form. Its fine bush-like plants are always full of giant blooms, held erect on a perfect stem. Color, bright crimson-red. In form it is nearly that of the hybrid cactus. A real wonder. Take my advice and don't miss this one. Tubers \$2.00; Plants \$1.00

RIISING MARS (S. C.)— A Semi-cactus that for five years has been winning awards at the New England Dahlia Society shows. It has won seven first prizes, two silver medals, and the Darling Cup. In December 1928, it was placed on the Honor Roll of the American Home Magazine. An abundant bloomer, early and late. Natural flowers with a uniform size of nine inches. Its

color given by Ridgeway's chart as pomgranate purple.

Tubers \$3.00; Plants \$1.50

ROBERT SCOTT (F. Dec.)— Color, apricot yellow, rose shading, large bold flower, excellent stem, bushes hold many large blooms at one time. Tubers 40c Net

ROBERT TREAT (F. Dec.)— American Beauty rose shade that made a lot of noise for 1925. Also a prize winner 1923 and 1924. One nice start for Bob.

Tubers 40c Net

ROBIN RED BREAST (F. Dec.)— We have a lot of red and yellow Dahlias and yet in this combination we have more of a golden bronze, like the breast of a robin, hence the name. A very beautiful flower with golden orange and deep coin gold variations. Extra strong plant with great great large blooms one long cane-like stems well above the foliage. I think this is one of Mr. Murphy's best introductions.

Tubers \$1.00 Net

ROSE FALLON (F. Dec.)— The outstanding of whole A.D.S. New York Show 1925. Has no equal of its color East or West. gigantic in size, wonderful stem, splendid keeper, perfect formation, and not in the least coarse. Winner of the silver medal. Color, deep old gold.

Tubers 50c Net

ROYCROFT (S. C.)— Large size, excellent form, petals rolled to tips and never showing an open center to the end of the season. One of the first to bloom. Always show a mass of perfect flowers until frost. Color, is cinnamon buff.

Tubers 50c Net

RUNA (R. Dec.)— A charming new orchid pink that we grew last year for the first time and found it to be everything the originator claimed for it. For the abundance of its large blooms and lovely color few Dahlias surpass Runa. Its long stems and unusual keeping qualities make it especially desirable cut flower.

Tubers \$1.00 Net

S

SANHICAN'S DELICE (F. Dec.)— A very beautiful flower and of the color of the favorite old time Delice, but of a size required for present day standards. It is a lovely stachorn pataled decorative, of great depth perceptible salmon glow in the center. It is a free bloomer, stem like a cane and an excellent keeper when cut.

Tubers \$1.00 Net

SANHICAN'S NYMPH (I. D.)— Color is a rich primrose yellow with the re-

verse of petals faintly touched with fawn rose, the latter color being more perceptible on the center petals as they open.

Tubers \$1.50; Plants \$1.00

SANHICAN'S PURPLE (F. D.)— A fine decorative Dahlia. Ridgeway's chart describes the color as "True Purple". A full-centered, regularly shaped Dahlia of great keeping qualities either on the plant or the exhibition table. Of tall-growing habit, flowers held well above on long black rigid stems. Foliage dark green and leathery.

Tubers \$1.00 Net

SANHICAN'S QUEEN (F. D.)— An unusual color that is hard to describe. A blending of apricot with a faint brushing of carmine rose deepening towards the tight center. Plant has an excellent habit of growth and of medium height.

Tubers \$1.50; Plants \$1.00

SHIRLEY EILEEN SHATTUCK (F.D.)— The best lavender to date on long stiff stems. Free bloomer on well constructed plant. Can easily be grown eight inches in diameter, without disbudding. Don't miss this one as it is reasonable in price for so good a seedling.

Tubers \$1.00 Net

SISKIYOU (S. C.)— This Dahlia grows to an enormous size and it produces the largest flowers we have ever grown. It has created a sensation wherever it was grown. Plants are very strong and vigorous. Flowers are held perfectly erect on strong stems. Color is pink, tinged Mauve.

Tubers 60c Net

SPORT (C.)— As its name indicates it is a sport of F. W. Fellows with all its merits, but a pleasing shade of deep buttercup yellow with buff shadings at center. Have grown this variety four years and it has never reverted to its parent. A wonderful exhibition flower, and fine for cutting also a favorite in the garden.

Tubers 75c Net

SPOTTSWOOD BEAUTY (F. Dec.)— This is one of the most beautiful varieties in the list of 1928 introductions. Color is a clear chatena pink, shading to lemon yellow at the base of petals. Flowers are seven to eight inches in diameter, of great depth, and are borne on long cane like stems well above the foliage. Plant is a very healthy grower, and attains to a height of six feet and over. One of the most beautiful pink Dahlias ever introduced.

Tubers 90c Net

SEAL'S CALIFORNIAN (I. Dec.)— Bright golden yellow at the center shading lighter toward the outer petals and tips of

which are suffused very lightly with a bronze rosy pink blend beautifully. Stems are absolutely perfect, being strong, stiff and cane-like and holding the flowers in a proud and showy manner. This Dahlia is large, bold and immensely attractive. A 1929 origination winning many prizes.

TREASURE ISLAND (F. Dec.)—

One of the brightest autumn shade Dahlias we have seen. Color bright apricot with gold and rose suffusion and shadings. Bush growth is strong, branches readily from the ground, giving five feet stems. Flowers are held erect with full centers throughout the season. Grows easily ten inches across and five inches deep. A Dahlia that will score high both early and late in the season.

Tubers \$3.00; Plants \$1.50

THE BANDIT (S. C.)—A beautiful coloring of spectrum red with backs of petals a buff yellow and bright yellow at base. Scored second in a field of one hundred and forty-three entries at Storrs, Conn. I'll say bandy is some shot. He can hit the bulls-eye in any garden. Just give him a chance.

Tubers 75c Net

THE LEMONADE—Although we have a number of yellows, this Dahlia is becoming very popular because of its beauty, size erect stems, good habit of growth and wonderful keeping qualities. Color, clear sulphur yellow.

THE SPIRIT OF ST. LOUIS (F. Dec.)

In this we have a Dahlia everyone has been waiting for. Something entirely different in color. It might be described best as nearest to a pleasing true American Beauty rose color. Will not fade or burn in the sun. It was the sensational seedling at the Boston Show where it attracted much attention and received much favorable comment, winning the Achievement Medal awarded by the Garden and Home Builder for the best undecomposed decorative seedling. A superb flower of wonderful beauty. A very free bloomer. The flower has a great depth and

is carried on a good stem.

THE WORLD (F. Dec.)—This wonderful new Dahlia was selected at the A. D. S. Show in New York, by Mr. J. D. Sullivan, of the New York World. The coloring is unusual—rich deep rosy magenta overlaid garnet with silver shadings on edges of petals. A rich and beautiful combination of colors. Perfect full centers, eight to ten inches across and half as deep. Bush five feet, stems strong and erect. Foliage leathery and repellant to insect injury. This greatly admired Dahlia is sure to please you. Stock limited.

Tubers \$3.00; Plants \$1.50

THOMAS A. EDISON (F. D.)—This gorgeous rich royal purple decorative selected and named by permission of the famous electrical wizard, met with his complete approval when viewed at his West Orange estate. Furthermore it has met with universal approval in the Dahlia Shows of 1929-30-31. The staghorn petal formation, the dark green insect resisting foliage, the cane-stiff stems, and its thrifty growing habit leave nothing to be desired. After a years' trial we consider Thomas A. Edison a marvelous Dahlia.
