Early orders get the preference in event of a shortage, as well as assuring you of delivery when you want it.

Early import orders afford us a chance to buy better for you. Placing your orders (and confidence) early with us, invariably shows on the invoice to your advantage.

To protect you, we guarantee against any market decline to time of delivery.

Place orders early in fairness to yourself.

Thank you.

OUR TERMS

All bills are subject to 2 per cent discount within ten days from invoice date. Sixty days net. Sight draft, plus interest, thereafter.

Shipments are forwarded by best carrier, in our judgment, at time of delivery, unless otherwise specified by customer.

First-class stock is carefully packed when shipment is made, and we hold good order receipt from the transportation company. Our responsibility ceases thereafter. If the stock reaches you in bad condition, notify at once and bring claim against the delivery company for damage caused by their negligence, as no allowance for this cause can or will be made by us.

We endeavor to send out only the best quality of **Bulbs, Plants, Seeds and Cuttings**, but under no circumstances do we guarantee results of crops. If goods are not acceptable under these conditions, they must be returned to us at once.

All **Bulbs** are billed on arrival, whether shipped at that time or placed in cold storage for later delivery. They may be examined at time of arrival if desired, but no claims will be entertained at a later date.

As to all items other than **Bulbs**, claims must be made within five days after receipt or they cannot be recognized.

LILY-OF-THE-VALLEY

On January 23rd you shipped us twenty-five hundred Valley Pips from the new crop. We take pleasure in advising that this is the best Valley we have ever forced. The first batch we have just finished cutting averaged 98 per cent perfect flowers.

DOYLE FLORISTS, Lynchburg, Va.

April 13, 1931.

The Valley was fine this year, haven't a word of complaint.

POOLE & PURLLANT, Winchester, Ky.

Our Valley this year exceeds our usual high standard of years past. We handle only one grade—the cream of the crop.

Let us quote you on your requirements for the year. We'll be glad to have you examine it in cold storage here.

Chrysanthemums

Last season definitely proved the necessity of growing better varieties that produce better results.

Poor mums not only bring poor returns, but spoil the market for your better products.

Don't compete with yourself. Sell only the best.

Pick the varieties that best suit your trade from our Special New Mum List. If you haven't one, ask for it, and note liberal discounts for early orders and for various quantities.

The Mums and balance of the Carnations received are all O. K. I want to thank you for the consideration you have given my little order. The plants have all been A-1, securely and warmly packed and your service has been of the finest.

ALBERTUS STARR, Oneida, New York.

August 19, 1931.

The Mum stock this year was the best ever, and we were very much pleased.

L. MENAND, Albany, N. Y.

PAPERWHITES

Thank you for the very prompt service and the finest looking bulbs we have ever handled. They sold fast in our New Flower Shop at 10c each—3 for 25c. Have only a few left.

DAFFODILS

February 28, 1931.

I have meant each time, when I have written you, to tell you how fine the Sir Watkin Daffodils are this year. We haven't lost one bulb. Quite a number have come with two or more flowers. They are really the best Daffodils we have ever had. The stems are all twenty inches and some of the flowers are a little over four inches across. These are actual measurements. I have just picked a bunch and measured them.

KATHERINE L. RALPH,
John Ralph's Greenhouses,
Saratoga Springs, N. Y.

We expect to have the best Northwestern Grown stock in varieties that have proven to be good producers. Among the best sellers in this class are:

King Alfred, Sir Watkin, Emperor, Empress, Golden Spur, Poeticus, Ornatus, etc.

Now booking orders subject to price when established.

IRIS (Domestic) Imperator, Wedgwood, Etc.

We are only selling top size bulbs in varieties that past performances have proven most satisfactory.

Speaking of "DUTCH BULBS"

You buy Lilies, Valley and other imported bulbs from American firms, why not Tulips, Hyacinths and other Dutch bulbs?

Our importations increase each year only because we deliver the right kind of stock at the right price.

When we sell you F.O.B. NEW YORK, it means just that, including everything, except transportation from New York to your place. You pay nothing in advance. You won't find cases, packing, ocean freight, duty, entry fees, foreign charges, and numerous other unexplainable extras on your bill, so common to direct (?) buying.

This past season these charges amounted to thirty-five to forty per cent of your bill, payable in most instances, BEFORE bulbs were delivered.

Buying in the large quantities that we do, we naturally are able to insist upon and get stock of the best quality obtainable.

Our reputation of thirty-five years of square dealing, stands back of our sale of these bulbs as it does of every other item we sell.

Send us a list of your requirements or give it to our salesman, and we will quote you at the earliest possible moment, guaranteeing price against an advance, and giving you any benefit of a decline in the market, up to time of delivery.

Samples of the success of S. S. S. in giving service and satisfaction

May 5, 1931

I have had a standing order for all my lily bulbs with you since 1914, and I have never received other than first class bulbs. It has been a pleasure to grow Lilies from such excellent quality stock. The ones I received this year I consider to be as good, if not better, than ever before. I can recommend with the greatest confidence that your bulbs will make hard, thrifty plants of excellent size and quality of flower.

GEO. H. SNELGAR, Holyoke, Mass.

* * *

The case of Erabu we bought from you last year produced the best Lilies we have ever seen. One plant bore forty-two flowers, the largest we have ever heard of, and over half the case averaged more than ten flowers. We did not lose one bulb in the case. Don't you forget, these were only 70s.

RAWDEN & MITCHELL, Wallingford, Conn.

* * *

I might add that the Harrisii bulbs are as fine as any I have ever grown. Thanking you for service.

ROBERT M. ROGERS, Wilmington, Del.

* * *

Our Harrisii Lilies during February and March turned out fine. Averaged five to ten blooms per bulb.

CHAS. M. MOSS, Spartansburg, S. C.
