Vegetable Seed Trials

To My Friends and Patrons

I might as well be frank in telling you why I am sending you this price list instead of a descriptive catalog as I have done in the past. Here is what many of my customers tell me: "We would like to do some planting, but the way conditions are now, we cannot afford it." I want you to have a nice garden in 1932, and I want to furnish you quality goods at a figure that will compare favorably with present labor and grain prices.

I have always sold trees and seeds on a basis of quality, not price, and I have never reduced expenses at the cost of quality. The unusual conditions this season, however, make it necessary that I list my stock so that my customers can still purchase good trees and seeds, but at much reduced prices. By sending out this 32-page price list in place of my usual illustrated catalog, I can reduce my overhead expenses for this year and still send out trees and seeds of real quality. Next season you will again receive an illustrated catalog same as I have been sending out for the last 46 years. My last spring gardenbook gives a full description of all items in this 32-page list. I still have a number of catalogs from last year on hand and if you have misplaced your copy, let me know and I will gladly send another at once.

If there is any special information that you would like about the selection of varieties, care of stock, etc., do not hesitate to write me. With my years of experience in the nursery and seed business, I may be able to help you.

I am always glad to hear from my friends and customers.

Yours very truly,

Carl Sonderegger

REFERENCES. My old customers all know me. I refer all those who have never dealt with me to the First National Bank or Beatrice National Bank, Beatrice State Bank, all of this city, also Bradstreet's or Dunn's reports of the Sonderegger Nurseries & Seed House.

WHAT I AGREE TO DO:

MY TREES ARE GUARANTEED TRUE TO NAME.

I take all proper precaution to have my trees true to label, both in the propagating and packing department, knowing how provoking it is to find that trees are not true to name when they come to bearing. Should any tree, though, from any fault of ours, prove not true to label, I will, on proper proof, either replace double the number or refund the price paid and six per cent compound interest. It is understood, though, that I will not be liable for a greater amount than above stated. This should be a strong guarantee to my customers that I am doing everything possible to send out stock true to name.

DISCLAIMER OF SHIPMENTS OF SEEDS. While I exercise the greatest diligence and care to have all my seeds true to label and of best quality, I wish it understood that I give no warranty, express or implied, as to the description, quality or productiveness of any seeds I send out, and will not in any way be responsible for the crop. If the purchaser does not accept the goods on these terms they are to be at once returned. Subject to the above conditions, I make sales at the very moderate prices at which I sell my goods. This disclaimer is used by all reputable seed houses.

REMITTANCES should be made by Postal or Express Money Order, Bank Draft, Registered Letter, or I will take your personal check, if you prefer. Postage stamps in small amounts can be sent, if necessary, or 10c stamps preferred.

RAILROADS. I can ship from Beatrice direct over the Burlington (C. B. & Q., and B. & M.), the Union Pacific and the Rock Island Systems. Also have splendid connections over all other lines at nearby terminals and connecting points.

PREPAYING FREIGHT. I prepay freight (not express) to any railroad station in the United States and on all foreign shipments to the United States border, on all orders for trees and plants (not seeds) amounting to \$12 or more, provided the full amount of the order is in my hands before I make shipment. If you prefer to get your trees by express I will pay as much toward the express charges as the freight would amount to. The difference in express and freight is not near as much as formerly. You will have less annoyance and trouble if I pay freight in advance. Should a shipment which I am to prepay not be prepaid when it reaches you, please pay the freight and send me the receipt and I will remit the amount to you promptly. On seeds in bulk also on all farm seeds, I do not prepay the freight unless by special arrangement. The same is applied on evergreens to be furnished with a ball of dirt. As these trees weigh exceptionally heavy, I am not quoting them prepaid. But you may write me any time, giving your nearest freight station and I will

either let you know the exact freight rate or quote prices prepaid F. O. B. your station.

EXPRESS. I can ship trees, plants and seeds to any point by express. Small orders always go cheaper by express than by freight.

PARCEL POST. Parcel Post service is getting better. I can now send a package of 50 lbs. weight to any postoffice. I quote delivered by parcel post prices on all stock 3 to 4 feet or smaller, that can go by parcel post. Larger sizes must be sent by freight or express. Please order accordingly.

GUARANTEED DELIVERY. I guarantee the safe arrival of all my shipments at destination. I will replace free of charge, any shipment lost or spoiled in transit, no matter whether goods go by freight, express or parcel post. **You are not taking any risks.**

CLAIMS. All claims for errors, shortage or anything else pertaining to your order, must be made promptly after receipt of goods. In writing to me about your shipment, please remember to give your order number and full particulars.

I shall be pleased to make adjustments to perfectly satisfy my customers in any cases of error on my side.

TREES AND PLANTS FREE FROM INSECTS. My nurseries have been inspected by our State Entomologist, and are again inspected by an expert before shipping. You will get clean trees, free from any disease. A copy of the State Entomologist's Certificate of Inspection is attached to every shipment I make.

CLUB ORDERS. If a number of neighbors order together, I will tie each order separate, with the purchaser's name attached, then pack all orders together in one box and I will pay freight on trees and plants (not seeds), providing all orders together amount to \$12.00 or more for trees and plants. I will give the person sending a Club Order 10 per cent of the total amount of such orders in trees and plants.

PHOTOGRAPHS. We like to have photographs of trees, shrubs and vegetables that came from our nursery. Every year we have a photo contest. The contest for 1932 begins January 1 and ends October 15. We give a first prize of \$5.00, a second prize of \$3.00, third prize, \$2.00, and a number of prizes of \$1.00. In our 1931 contest, we sent out 45 prizes, none less than \$1.00. I wish to thank everyone of my customers who have taken part in this contest. I hope to have very many entries again for the new contest. The following is a part of the list of winners in my 1931 contest.

APPLE TREES

My trees are all healthy, well rooted, and true to name. You will find full description, also planting instruction on pages 3 to 6 of my gardenbook. I am listing the apples according to the ripening season. The winter varieties are late, good for keeping. Fall and summer apples are early, will not keep as well, in the farm or home orchard, plant mostly winter varieties.

Price of all apples and crab apples (except Richared, Golden Winesap, Lady Jonathan and Dolgo):

In quantities of.....	1	10	25	100
2-3 ft., 2-yr. roots, 1-yr. tops, each.....	\$0.22	\$0.20	\$0.18	\$0.15

WINTER APPLES

BEN DAVIS. The well known old favorite.
BLACK BEN DAVIS. An improved Ben Davis.
BANANA. Good keeper, a fine apple for the middle west and south.

TRUE DELICIOUS. The good, common Delicious. See Richared Delicious below. Richared is a new improved Delicious. It will be the leading market variety within a few years.

FRANTZ. Good keeper. Can be bought only from Sonderegger. Have trees 2-3 and 3-4 ft. only.

GRIMES GOLDEN. A popular market variety.

INGRAM. Yellow, covered with red. Should be in every orchard.

JONATHAN. One of the best known apples. An improved Jonathan, under the name, "Lady Jonathan," is now for the first time on the market. See below. If you plant Jonathan, try some Lady Jonathan, too, you will like them.

KING DAVID. Good keeper. Late blooming.

MAMMOTH BLACK TWIG. Very hardy.

MCINTOSH RED. Does well anywhere.

MISSOURI PIPPIN. For western Nebraska and Kansas, eastern Colorado. Will bear well where many other varieties fail.

NORTHWESTERN GREENING. Extremely hardy. Large apple.

SWITZERLAND. A fine apple for south, and as far north as Nebr. Can furnish 2-3 and 3-4 ft. only.

SPITZENBERG. Should be planted more in the middle west.

STAYMAN'S WINESAP. Larger than the common Winesap. Try Stayman's, especially for the market.

PARADISE WINTER SWEET. Large, creamy white, rosy cheek. Hardy.

WINESAP. The old fashioned variety.

YORK IMPERIAL. Hardy. Fine quality. Plant more of them.

FALL APPLES

MAIDEN BLUSH. Good in size, color and quality.

WEALTHY. Hardy in the north, where it is a winter apple. In the middle west and south it is a fall apple.

WOLF RIVER. Extra large apples.

THREE GRAND WINTER APPLES

RICHARED. The Delicious Supreme. See full description on page 3 of my 1931 gardenbook. You will never regret a trial with Richared.

Price of Richared:

SUMMER APPLES. (Early)

DUCHESS OF OLDENBURG. Extremely hardy.
EARLY HARVEST. First to ripen in July.
RED JUNE. A little later than Early Harvest. Red stripes.
YELLOW TRANSPARENT. Perfectly hardy. Ripens shortly after Early Harvest, but keeps better.

CRAB APPLES

Prices of Crab apples same as of common apples.
WHITNEY. A good sized Crab apple, good for eating.

FLORENCE. Bears while still very young.
YELLOW SIBERIAN. Small apples, in clusters. For canning with the stems on.

DOLGO CRAB. On the market only since a short time. Well liked. I must call your special attention to this fine novelty. Read full description, page 6 of 1931 gardenbook.

Price of Dolgo:

In quantities of.....	1	10	25	100
2-3 ft., 2-yr. roots, 1-yr. tops, each.....	\$0.27	\$0.24	\$0.22	\$0.20

3-4 ft., partly branched.....	.48	.45	.42	.39

VARIETIES:

ANJOU. Does well in the middle west. Good keeper.

BARTLETT. Early. Hardy up to the middle of Nebraska.

CLAPP'S FAVORITE. Good early pear for middle west.

DUCHESS OF ANGOULEME. Very large, good keeper, fine for eating and canning. Does well here.

FLEMISH BEAUTY. Large, good keeper. For the northern states.

KIEFFER. For canning. Hardy market variety.

SECKEL. (Sugar Pear.) Hardy. Small, but fine flavor.

DWARF PEARS

Grown on quince roots. The trees will not get very large, do not need much space, they bear young. Make use of all the space in your garden. Plant Dwarf Pears for early returns. I can furnish the following varieties in Dwarf trees: Bartlett, Duchess of A., Clapp's Favorite, Flemish Beauty and Seckel. Prices of Dwarf Pears same as of Standard Pears, as quoted above. Dwarf Pear trees cannot be furnished in 5 to 6-ft. size.

THREE SPLENDID NEW PEARS

(Standard Trees Only—No Dwarf Trees)

BOSC WINTER PEAR. Large, good keeper.
ROSSNEY PEAR. Fine, early and hardy variety.

EARLY RICHMOND. (May Cherry.) Very hardy and productive. The best early cherry.

LARGE MONTMORENCY. Large, red, rich, with very little acid. The finest late cherry. You will like the Montmorency.

ENGLISH MORELLO. Large, very dark red. Late.

MAY DUKE. Old, well known variety. Early.

OSTHEIMER. Large, heart-shaped, nearly black. Late.

WRAGG. Medium to large, dark red, fine quality.

A favorite in the west and northwest.

Sweet Varieties or Heart Cherries

These are not very hardy. If there are no sweet cherries in your locality and you wish to try some, select Black Tartarian, Windsor and Sonderegger's Sweet.

Hansen Varieties

These are absolutely hardy. Trees bear very young, usually the second or third year. On account of the low and compact growth, they can be planted close together, 12 or 15 feet apart. No garden is complete without at least a few of these splendid varieties.

HANSKA. Bright red. Large. Fine flavor.
SAPA. Dark purple, dark purple-red flesh, good quality.

WANETA. The largest of the Hansen varieties. 2 inches in diameter.

OPATA. Earliest of the Hansen Plums.

Minnesota Varieties

Hardy everywhere. You will be well pleased with the results from these trees.

GOLDEN ROD. Yellow.

MONITOR. Deep red. Good size.

RED WING. Yellow, overlaid with bright red.

WINONA. Large yellow, tree vigorous grower.

Native Varieties

Very hardy, improved native plums.

OMAHA. Large, round, dark red.

IMPROVED GOLD. Yellow, good quality.

European Varieties

Hardy in the eastern, southwest and Pacific states. For the middle west, I can only recommend the hardier varieties: Shropshire Damson and Lombard.

LOMBARD. Medium size, violet-red, flesh yellow.

IMPERIAL GAGE. Large, oval, greenish color.

MONARCH. Large, fruit dark purple. Good market variety.

YELLOW EGG. Very large, prune shaped. Yellow with red dots.

SHROPSHIRE DAMSON. Medium size, dark purple. Good quality.

PRUNES

GERMAN PRUNE. Long oval, purple. Valuable market variety.

ITALIAN PRUNE. (Fellenberg.) Not hardy in Nebraska. Fine market variety for the Pacific states.

Japanese Varieties

About as hardy as the budded peaches. They bear very young. I offer the Burbank productions.

ABUNDANCE. Large, lemon-yellow fruit. Early.

BURBANK. One of Burbank's best creations, and the handiest of them. A fine, large plum.

Miss Martha Ann Lawson of Greenville, New Mexico, with a 42-inch branch of Opata Plums and 165 plums. This picture has been sent to us by Mrs. Alex Lawson, Greenville, N. M.

APRICOTS

Plant them about 20 feet apart each way. The Russian varieties are very hardy, can be planted as far north as the middle of South Dakota. The American varieties do well in southern Illinois and Indiana, south Colorado, Oklahoma and Texas, also the Pacific states. Should not be planted in the middle west.

Price of all Apricots:

2-3 ft., not branched, each.....	\$0.32	\$0.28	\$0.26
3-4 ft., partly branched, each.....	.40	.36	.34
4-5 ft., well branched, each.....	.55	.52	.50
5-6 ft., well branched.....	.75	.72	.70

By Parcel Post, prepaid:

2-3 ft., not branched, each.....	.36	.31	.28
3-4 ft., partly branched, each.....	.45	.40	.37

Russian Varieties

SUPERB. Medium size, light salmon color. The best Russian apricot.

ALEXANDER. Good size, yellow with red.

BUDD. Large yellow with red cheek.

American Varieties

MOOR PARK. Very large, yellowish-green.

WILSON. A little earlier than Moor Park, yellow with red cheek.

RUSSIAN APRICOT SEEDLINGS

Very hardy. Sometimes used in windbreaks. **Price:** 3-4 ft. size, \$1.30 per 10; 100 for \$10.00. **Postpaid:** \$2.00 per 10; 100 for \$12.00.

PEACH TREES

Our peach trees are budded, strong, well rooted and healthy trees. For full description and planting instructions, see pages 14 and 15 of the 1931 gardenbook.

ALEXANDER EARLY. Clingstone, medium size, flesh white.

CHAMPION. Very hardy, freestone, flesh white.

BOKARA NO. 3. Freestone. Very hardy, large size.

CRAWFORD'S EARLY. Freestone, good market variety.

ELBERTA. The well known freestone peach on the market.

EARLY ELBERTA. A week or 10 days earlier than Elberta.

FITZGERALD. Very hardy. Freestone. Flesh yellow.

J. H. HALE. One of the largest. Freestone. Fairly hardy.

HEATH CLING. Clingstone. Large, round. Late.

MAYFLOWER. Almost freestone. Early, very promising.

ROCHESTER. Freestone. Large, yellow. Fine novelty.

SALBERTA. Cannot furnish Salberta this year.

THE SAGE PEACH. Will have this variety again next year.

FOREST TREE SEEDLINGS. All Nursery Grown

A wood lot or a few acres of timber are a valuable and profitable asset to any farm. Every farmer needs posts, fuel wood and timber to repair farm machinery. There is always some waste land in bends and corners on every farm that can be profitably planted to forest tree seedlings. Please write us if you wish any information regarding planting, selection of varieties best adapted for your locality, or prices on large numbers. We have been growing large quantities of seedlings for the last forty-five years; we probably grow more forest tree seedlings than any other nursery in the middle west. You are sure to get No. 1 stock from Sonderegger.

TEA'S WEEPING MULBERRY. This is a fine weeping tree. The strong heads are grafted on 5 to 6-ft. stems. The branches will reach down to the ground within a year or two. My trees are all grafted, extra strong and healthy. **Price:** 5 to 6 ft. high, \$2.50, each.

EVERGREENS OR CONIFERS

See complete description and planting instructions on pages 35 and 36 of our 1931 gardenbook.

All evergreen trees of 18 inches and up, should be transplanted with a ball of dirt, in order to get them started easily. We are quoting all these trees including ball of dirt, which is securely packed in burlap. Without the ball of dirt, the prices would be considerably lower. Please write if you wish to have prices not including the cost of balling the trees. Also, if you wish to have more than 5 trees,

let us make you a special price by writing for a quotation. Trees shipped with ball of dirt weigh heavy. They are packed in wooden boxes, freight to be paid on receipt. Let us quote you on the trees and freight both, by writing variety, size and number of trees you are interested in.

We have a large field of Evergreens in all sizes and practically every known hardy variety. The trees are well shaped, fine specimens.

CONCOLOR FIR. A fine variety of Fir. The needles of this tree are of a bluish-gray color. The tree, therefore, is often called "Silver Fir." Truly a fine tree for the lawn or park. Withstands heat and drought well.

ORNAMENTAL SHRUBS

The number which appears after each name indicates the page in my 1931 gardenbook on which you will find complete description and all necessary information. My shrubs are all well rooted, strong and

healthy. Shrubs of 3-4 ft. size are too large to be sent by parcel post, will ship them by freight or express, and if your order for trees, shrubs or plants (seeds not included) amounts to \$12.00 or more, I will pay the freight to your station.

Gentlemen:

We enjoyed our visit at your nurseries very much, especially the perennial garden and Carl Sonderegger's home grounds. Hope at some future date to make another visit.

Very sincerely,
 Mrs. J. E. Young, Sioux City, Ia.

Chrysanthemum.
Normandy yellow. One of
the finest and most freely

Mallow Marvel.

Can be furnished in pink, red and white. A fine plant for background groups and amongst shrubs. Price: 35c each; 3 for 75c; 10 for \$2.20.

Please look up full descriptions on these perennial plants in our spring gardenbook of 1931. In the foregoing list, we mention for what purpose the plants are well suited. Small plants and plants of medium height may be used in rock gardens, borders for perennial beds or groups of taller shrubs, and many of them are also good cut flowers. Owing to the limited space in this price list, we cannot give a more detailed description with each item.

Received the tulips, apple trees and Rosen rye (all I asked for) in good condition and am well pleased with the goods you send. Thanks for promptness.

Mrs. M. Frericks,
Minster, Ohio.

In comparing our prices with other quotations, please bear this in mind: Good nursery stock and seeds are expensive to raise. There is much hand labor invested in a nursery. No one can save on labor and grow good stock at the same time. Seeds must be grown from selected specimen plants; they must be graded and tested in order to be certain of good results. To reduce these operating and propagation expenses would mean a sacrifice in quality. We have not reduced our expenses in growing the stock, but under present conditions, prices must be lowered in order to permit our customers to buy as usual. We have, therefore, reduced the cost of our catalog to a minimum and the saving has been taken off our prices. If you buy from us you get the benefit of this saving—you buy direct from the grower, and you pay only for the growing and shipping of the finest quality of nursery stock and seeds, plus the least possible amount of overhead.

Iris. One of our best spring flowers. Very hardy. For a border and for bedding, Irises are very satisfactory. Our 2-year-old, field-grown plants are sure to please you. Can furnish them in many different colors. Our plants are true to name.

SUMMER FLOWERING BULBS

These are being planted in the spring. They bloom during the summer, and are removed from the garden in the fall to be stored away in a dry, frost-proof cellar. Full description and planting instructions of all summer flowering bulbs on pages 68, 69 and 70 of our 1931 gardenbook.

A WORD ABOUT LANDSCAPING

Very few houses are built without a plan, and the outside is just as important if you wish your planting to harmonize with your home and surroundings. With a good plan, you can do your own planting with good results, even if the planting is extended over a period of two or three years. If you wish to improve your out-door living room, let Mr. Leo Sonderegger, an experienced landscape architect figure on your wants. He has gained experience both at home and abroad and also has a thorough knowledge of climatic conditions here in the middle west, and the various states. This is important, no matter whether the plan is for a 50-foot lot, a large city park or a large estate. The price for making a plan will be anywhere from \$5.00 to \$10.00 and up, depending entirely on the size of the grounds to be landscaped. You are sure to profit by doing your planting by a plan, regardless of who makes your landscape plan. Insist on a plan to suit your individual needs and climatic conditions.

The picture on the cover is just one of the hundreds of rock gardens and pools Leo Sonderegger has designed, and every one to the perfect satisfaction of the owner.

NUMBER OF TREES OR PLANTS TO AN ACRE

The following table will show how many trees or plants are required for an acre, at any distance apart:

Feet apart	Square method	Triangular method	Feet apart	Square method	Triangular method
40	27 trees	31 trees	10	435 plants	505 plants
35	35 trees	40 trees	8	680 plants	775 plants
30	50 trees	55 trees	6	1,210 plants	1,600 plants
25	70 trees	80 trees	5	1,745 plants	2,010 plants
20	110 trees	125 trees	4	2,722 plants	3,145 plants
18	135 trees	155 trees	3	4,840 plants	5,590 plants
15	195 trees	225 trees	2	10,890 plants	12,575 plants
12	305 trees	350 trees	1	43,560 plants	50,300 plants

Many of my customers write to me every year, offering seeds of vegetable and flower plants. I would be glad to patronize my friends by buying such seeds. However, in order to maintain the good reputation of my seeds, I must grow the seeds myself, from selected specimens of plants, or secure them from another grower who is thoroughly dependable. For instance, a good many of the flower seeds are grown by specialists in Italy and France. The best quality cabbage seed comes from Denmark. I import such seeds direct from the specialists. This enables me to sell you the best grade of seed that money can buy, and at the same time I can sell at a reasonable price. Regardless of where you buy, do not buy seeds or trees because they are cheap. Get your bargain in the quality of the goods.

Above picture shows a small formal flower garden which we planned and planted in the fall. The picture was taken the following summer, showing the garden in full bloom. This garden is only about 30 feet square, but nevertheless it makes a very beautiful effect. Our hardy Nebraska-grown stock will give you good and quick results.

SEED DEPARTMENT

I suggest that you use the seeds listed on this and the following pages, for best results in your garden. You will have a better garden by using Sonderegger's seeds, which are famous for their high germination, and for being true to name. All vegetable and flower seeds that fail to be satisfactory under favorable conditions, will be replaced.

The number following each variety indicates the page in my spring gardenbook, on which you will find full description and planting instruction, also illustrations.

Lupins.

Gentlemen:

Enclosed herein you will please find our check in payment of the 5,000 Chinese Elm sent us. We placed these trees among one hundred fifty residents in our county and could have placed another thousand had we known in time.

We intend to make tree planting an annual affair in Graham County every year until we have the county fully stocked. The trees you sent us are larger and better than we expected to get and every man we placed them with was well pleased.

Very truly,
THE HILL CITY CHAMBER OF COMMERCE.

Dear Sirs:

I have received my rose bush and it was a very nice plant and came in fine condition.

Yours truly,
Hazel Lee Berden, Minneola, Kans.

Forget-Me-Not.
(Myosotis Alpestris)

Because the small shipments of trees that you have sent in the past two years were so satisfactory, I should like your new catalog for fall planting. In fact, if my name were on the mailing list for the fall catalogs, I could keep informed on your varying stock.

Richard Koch, Newark, N. J.

Many of our customers are asking for instructions on how to make a hotbed. The main part of the construction is the making of the frame, the building up of the proper soil and a glass cover which fits well. Build your hotbed on the south side of a building, where it is protected and will have plenty of sunlight. Do not sow into your hotbed right after building it. Wait a few days until the soil is warm. After the plants are started, raise the cover on every warm day, so that the plants get plenty of fresh air. The hotbed gives you this advantage: You can have your own plants, the varieties of your own selection, and at the time when you want to plant out. Your plants will cost you no more than the seed. Buy good, dependable seed. The bargain must be in the quality, not in the price.

This picture of Canterbury Bell flowers, grown from Sonderegger's seeds, was sent to us by Mrs. Paul Keller, Hebron, North Dakota.

FARM AND FIELD SEEDS

The prices of field seeds are not steady. They will probably change a number of times during the sowing season. It is therefore not possible to quote prices at this time for the whole spring season. We will have monthly and semi-monthly price lists on field seeds throughout the spring. Kindly write for special quotations. State variety of seed you wish and the quantity or acres to be sown. We shall promptly send you our offer with samples. All field seeds sold by us are clean, pure, grown without irrigation, and we guarantee safe delivery on such as well as any other shipments that we make.

For varieties, complete descriptions, planting instructions and a good many interesting suggestions, consult the Farm Seed Department of our spring gardenbook, pages 113 to 120. If you do not have one of our spring gardenbooks on hand, just a postal card with your request will bring it to you by return mail.

NOTICE: I prepay freight charges on orders for trees of \$12.00 or more, but this does not apply to orders for grass and field seeds.

All prices of Clover, Grass and Field Seeds subject to change after March 1, 1932

Sonderegger's Baby Chicks

Last year, for the first time, we offered Baby Chicks. Having had no complaints whatever, we assume our last year's shipments were satisfactory, and are again offering Chicks from pure-bred flocks in seven popular breeds. We recommend our chicks to you, because we know they are good in every respect. They should bring you a good profit. We guarantee them to arrive one hundred per cent alive. If any should happen to be trampled in shipment, and arrive dead, just get a notation from the postman or express agent, and mail same to us for proper settlement.

GOOD FARM AND GARDEN BOOKS

HAMPEL'S GARDENBOOK. This book is printed in the German language. Many of my customers ask for a good garden book printed in that language. The "Hampel's Gartenbuch fur Jedermann" has just been completed and I can highly recommend it as the best garden book in German print for everyday use. It will be found satisfactory. The book is well illustrated, well bound. These books are imported from Germany. Price: \$3.25, postpaid.

A LITTLE BOOK ON PERENNIALS. By Alfred C. Hotts. This is a 170-page book, which gives full information for the growing of perennials from seed; also bulbs and cuttings. Everyone who owns a home should have one of these books. It will help you arrange your flower garden so that it will be permanent. Price: \$1.50, postpaid.

MAKE YOUR GARDEN PAY. This little book gives full information about the planting and growing of all kinds of vegetables. It also has many illustrations as well as other information that is valuable to anyone growing vegetables. Price, per copy, with paper cover, 30c, postpaid.

HOME CANNING. This 80-page book gives full information in regard to canning all kinds of fruit, vegetables, meats, also the hot and cold-pack methods. It also gives many recipes for canning all kinds of fruits and vegetables, as well as making jellies and pickles. Price: 30c each, postpaid.

A LITTLE BOOK OF ANNUALS. By Alfred C. Hotts. This little 116-page book gives more information in regard to the growing and care of annual flowers than any other book I have ever seen.

It gives full information about starting plants from seed, as to their care and time of blooming, etc. It also has many illustrations showing how seeds should be started as well as illustrations of flowers, etc. Every lover of flowers should have one of these little books. Cloth bound. Price: \$1.50, postpaid.

THE FLOWER GROWER. This is a monthly magazine, published by a man who knows flowers. I have been reading it for a number of years and find it to be the best magazine on flowers of any I have ever read. Every lover of flowers should read it. It gives much valuable information about what to plant, where to plant and how to plant it. Single copy, 25c; six months, \$1.25; year, \$2.00. Send me your subscription and I will see that you get this magazine.

GROW YOUR OWN FRUIT. Everyone who is interested in growing fruit should have one of these 81-page fruit books. They give full information about planting and taking care of your fruit trees. They also give many helpful illustrations. This book has a paper cover, but is a wonderful buy for the money. If this book is not satisfactory, money will be returned. Price: 30c, postpaid.
