Quotations and conditions in this list are in effect so long as stock on hand is unsold. All orders will read cash on delivery. Cash or satisfactory reference from all parties unknown to us. Free delivery to all local points. We do not prepay freight nor express unless otherwise agreed. All stock leaving our packing grounds will be selected and packed in the best possible manner. So many factors enter into the success or failure of nursery stock after moving from under our care that we cannot assume losses through causes over which we have no control. WE DO NOT REPLACE. Any just claim for error or damaged stock will receive our strict attention. We need your good will more than your money.

Clematis, Paniculata, Late white	
Halls Japan Honeysuckle	
Wisteria, American	
Euonymus, Radicans, Evergreen	-----\$.75

ORNAMENTAL SHRUBS

The following list of ornamental shrubs comprize those varieties best known to us after years of observation and experience. Our desire is to furnish to the planter the greatest amount of satisfaction in the matter of hardiness, beauty of flower and foliage, giving a pleasing variation of color during the entire season. This may be brought about through an intelligent selection and a proper placing of the plants. Nothing will produce a home-like appearance quicker than to cover rough foundations and walls, out-buildings and back yards with a mass planting of trees and select shrubbery, climbing vine, etc.

Low growing shrubs will be designated with the check x; high xx. This checking will enable the planter to place the plant in the proper position in the group. Wherever space will admit two rows of shrubs should be planted, the high growing plants always in the rear, the low growing kinds planted in the foreground in a staggered form. In planting do not put manure or fertilizer of any kind in the hole with the roots—this will apply to all plantings.

Your choice of any or all of the fallowing

2 and 3 year shrubs at \$.50 each.

xx Spirea, Van Houtti, Bridle Wreath
xx Spirea, Sorbifolia
xx Spirea, Sorbaria, aitchisoni

EVERGREENS AND SHRUBS

The following list comprizes some of the finest varieties adapted to our climate. Evergreens are now being used extensively in mass and foundation plantings. Our line this season is so varied in kind, character and size that we are unable to quote prices here. Kindly see us or write us concerning this. We have a beautiful stock to offer you.

T. Orientalis—"Breckman's Dwarf Ever-golden Arborvitae."
Orientalis—Chinese Arborvita, the hardiest of the Arborvitas.
Thuya—Bakers Arborvita, one of the fast growing shapely Arborita.
Thuya—Beverlyinces Arborvita, a golden column Evergreen.
Incence Cedar—A beautiful tree, a native of northern California.
Thuya Bonita—Identical with Berkman's golden, but green color.

EVERGREENS AND SHRUBS [Continued]

Austrian Pine—One of the heavy growing conifers.
Virginiana—Eastern Red Cedar.
Chinese Juniper—One of the compact silver tipped Junipers.
Colorado Blue Spruce—Possibly the universal favorite Spruce.
Pfitzers Juniper—the best of all the prostrate Junipers, used extensively for foundation planting.
Mahonia—Oregon Grape.
Pyracantha—Yunnanensis, Clusters of Red berries fall and winter.
Pyracantha—Lalandi, orange colored berries.

PERENIALS

Tritoma, Red Hot Poker	\$.25 each
Hibiscus	.25 each
Peonies, Heavy Plants	.50 each

At last we have located the very thing we have been looking for—a real tree protector—an inexpensive product. Made from the fiber wood, Yucca, can be placed on the young tree in a moment and will stand the weather, winter and summer for several seasons. It protects your trees (the body) from rabbits, rats and mice, also from peach borers and other insects. It is a protection against hot sun and blistering winds in summer and sun scald in winter. It is being used now in the west and northwest by the millions. We carry a stock of these protectors. Same can be furnished, 18-inch (wired) at 2½ cents each.

This protector should be placed on the tree the day it is planted. Send to us for a sample.
