We have one of the best and most complete Nurseries in Ohio, and we take great pleasure in showing visitors the fine stock we have growing on our own grounds. If it is convenient for you to call we will be glad to have you do so.

This Spring marks the opening of Ernst Nurseries of Muncie, Ind. where a complete line of stock can be seen, and is also instantly available for purchase.

With a lifetime spent in growing nursery stock, this year being our 63rd anniversary, we know that we can please you and only solicit the opportunity to do so.

We use every possible care in packing and filling orders, our help is experienced, and our mistakes are few, should any errors occur we will be glad to rectify them. If any tree or plant proves untrue to name we will gladly replace the stock or refund the purchase price, upon proper proof. In no case, though, will we become liable for a greater sum than the purchase price of the merchandise.

All of our shipments are guaranteed to leave either place of business in first class order and condition. Should it reach you otherwise please inform us at once so that we may proceed properly toward restitution.

It is impossible for us to replace trees and plants failing to grow, at our low prices, on complaint several weeks after the shipment has been made.

OUR TERMS ARE CASH WITH THE ORDER. Remit by post-office money order or express money orders, registered letter, check or draft. If you wish to investigate our reliability we refer you to the Eaton National Bank, Preble County National Bank, or the Dun and Bradstreet’s Commercial Agencies.

SHIPPING TIME. We begin shipping in February and continue until June; in the fall from Oct. 1 until hard freezing weather.

LANDSCAPE SERVICE. At both Eaton and Muncie we have men who are competent to deal with any problem concerning landscape developments, from decoration of the home to large park and city planning. A personal visit or a card addressed to either place will bring a man to see you and confer concerning your problems. Their is no charge for asking one of our landscape men to visit you, and to gain the utmost from your planting it is wise to call one of our men to help you.

SHIPPING CHARGES. All express charges, freight or postal charges are the expense of the purchaser. Unless sufficient money accompanies the order for these charges, all shipments will be sent C.O.D. Unless shipping directions accompany the order we will send it the best, quickest and cheapest we possible.
CULTURE—Require a fairly rich well drained soil. Bear fruit in 3 to 5 yrs. depending upon cultivation and fertility of soil. Spacing: Standard apples, 30 ft. apart, 49 trees to acre.

Special, 6 pears, 3-4 ft. our selection, $1.00.

Ernst's fruit trees are grafted from SCIONS OF BEARING ORCHARDS on WHOLE ROOT understocks.

This scientific method of propagation insures TRUE TO NAME, HEAVY BEARING TREES.
There is no need to say much about this small fruit. It is unexcelled for home use as well as a big money maker in a commercial way. Big Money Makers, 1932 net profit per acre, $571.00.

**CULTURE**—Will thrive in any well drained loam soil. Fertilize and cultivate well. Mulch with straw for winter protection.

**SPACING**—For the garden one foot each way. To plant commercial block, 1½ ft. apart in rows, and rows 4 ft. apart.

**ABERDEEN** Late—A new late variety producing a heavy crop of large well-shaped solid fruit. Good shipper.

**AROMA** Perfect late—One of the best late varieties. Fruit large and rarely misshaped.

**BEAUTY** Perfect midseason—Berries almost perfect in shape, light red color, good shippers. Blossoms resistant to late frost. Excellent quality, try them.

**BELLMAR** Early—One of the fine new early strawberries, strong vigorous plants, medium red fruit of good size. A good early market variety.

**BLAKEMORE** Perfect—Introduced by the U. S. Dep't. of Agriculture 1930. It is cross of Premier 17 and Missionary. Ripens about same time as Premier, or few days earlier. Bright red, hold their color and do not shrivel. Their flavor is excellent. Early.
BIG LATE Imp.—A fine very late berry of huge size, good color and fine flavor. An ideal berry to prolong the season. A vigorous grower and heavy producer.

CHESAPEAKE Perfect late—The aristocrat of strawberries, excellent quality, firm and will stand distant shipping. Healthy foliage and will withstand late frost.

DUNLAP Medium early—One of the old favorite varieties. It is a dependable bearer. Planted heavily each year by big growers.

GANDY (new) Very late—A fancy late shipping berry, large, solid, productive. Needs liberal fertilization and springy land for heavy crops.

GIBSON Late—Plants productive, berries of good quality, and excellent for canning and preserving.

HAVERLAND Late—Good late variety. Requires mid-season berry plants for pollination. Withstands frost and is useful for this reason. Light red.

PEARL Very late—Berries large, firm and attractive. Escape frost remarkably well, and invaluable to extend the season.

PREMIER Early—Still the unchallenged money maker among early varieties. Good for home, local, or distant markets. Slightly smaller berries, although attractive and very heavy bearer.

MASTODON Original strain Everbearing—The best of all everbearing strawberries. Large firm berries, withstand haul to market. Heavy producer and when season is not too dry will bear fruit until killing frost in fall.

WM. BELT Late — This variety is at its best in the middle and northern states. Well flavored fruit of good size and good color. The first fruit tends to be coxcomb in shape but second crop is uniformly shaped. Produces just enough runners to make good fruiting row.

HEALTHY, DOUBLE INSPECTED, DISEASE FREE PLANTS. ENST'S PLANTS ARE THE BEST. SATISFACTION OR YOUR MONEY REFUNDED.
ERNST'S SUPREME QUALITY

Big Money Maker—Always demands 25¢ a quart. Yields as high as $700 to $1,000 per acre. Good for home use and local market.

CULTURE—Any good soil. Keep berry patch clean. Spacing: 2 ft. in rows 8 ft. apart.

BLACKCAP VARIETIES

CUMBERLAND — Midseason, large black glossy berries. The favorite.
PLUM FARMER—Early market variety.
KANSAS—Large jet black.

RED RASPBERRIES

CUTHBERT—Large conical berries. Extremely hardy.
EARLY KING—Large size, entirely free of disease.

NEW LATHAM—Yields twice as much as other red varieties, yielding as high as 5430 qt. per acre. At 25¢ qt. figure the return. It is disease free.

CHIEF—This is the money maker of the reds. Will yield more than any other, out-producing the Latham, its nearest rival by 20 percent. Ripens 10 days earlier than Latham thus insuring a good market.

NEW LOGAN BLACKCAP—Early market berry demanding highest prices. Heavy producer, disease resisting. The best of the early varieties.

ST. REGIS—Large berries, everbearing, heavy cropper, continuing thru season.
COLUMBIAN—Large firm purple berry, grown for commercial canning.
GOLDEN QUEEN—Best of yellow types.
BLACK BEAUTY New—New blackcap variety of large firm jet black fruit with very little bloom. Fully as productive as a clean field of Cumberland. This particular variety is entirely free of anthracnose which is a valuable asset. It is the reason for this new development. Midseason.

FIELD GROWN PLANTS

IBERIS

GYPSOPHILA, Baby’s Breath—Blooms Aug. and Sept. 2 to 3 ft. high, covered with masses of small white bloom. Fine for artistic bouquets.

ERNST’S PLANTS GROW

Our plants must satisfy the customer. They are grown with the greatest of care from the finest seeds of Europe and America.
PRIMULA Hardy Primrose—Lovely pastel shades range from cream to many shades of yellow, orange, purple, lilac, pink and crimson. Prefer half-shaded position. June. 12-15 inches.

All of our plants are grown from seed in beds. Seedlings are then transplanted to nursery rows.

DIANTHUS Pinks—Large flowers of white, rose and red flowers blooming in June.

DIANTHUS BARBATUS Sweet William—Large heads of blooms with colors ranging from white thru all shades of red. Bloom repeatedly through summer. 2 ft.

TRITOMA Red Hot Poker—Bloom from August to October with spikes of bloom 3 ft. high and heads of bloom a rich orange scarlet.

Following these illustrations of perennials you will find a complete list of Alpine plants, with their descriptions, which are of the same high quality. We have all of these varieties which will satisfy the most exacting gardener.

DIANTHUS Old Fashioned Pinks—Very spicy fragrance, single delicate blooms. 8 to 12 inches.
Hardy Herbaceous and Alpine Plants

The following perennials are all hardy plants, and of fine, healthy, two year old field grown stock. They will bloom and grow as represented and are a never ending source of pleasure in rockeries or as cut flowers.

Those plants preceded by one star are plants adaptable for use in the rock garden or in the margin of borders. Those plants preceded by two stars are best adaptable for rock garden use only. 12c each, $1.25 per dozen, unless otherwise noted.

ACHILLEA—Milfoil or Yarrow.

ACONITUM—Monkshood, 25c, $2.50 per doz.

®Napellus—Single spike, dark blue flowers. July and Aug. 3-4 ft. tall.

AJUGA, Bugle.

®Genevensis—Denso spikes of blue flowers. May and June. Will grow well in shady spots, making a good ground cover, 6-8 in. high.

®Reptans Rubra—Dwarf habit with reddish or purple bloom.

ALIUM, Garlic.

®Melville—Long necked flower heads. June and July. Plant in full sun after blooming has finished.

®Rosmarinum—Large purple flowers. May and June. It does well in either shade or sun. 25c, $2.50 per doz.

ALYSSUM, Madwort, Basket of Gold.

®Saxatile Compactum (Basket of Gold)—Broad masses of bright yellow in spring. Fine for rockeries and borders. 1 ft. tall.

®Tuolumnae— compactum—Dense spikes of blue flowers. May and June. Will grow well in shady spots, making a good ground cover, 6-8 in. high.

®Maculatum—Single spike, yellow flowers. April and May. Plant in full sun after blooming has finished.

®Rosmarinum—Large purple flowers. May and June. It does well in either shade or sun. 25c, $2.50 per doz.

ANEMONE, Windflower.

®Napellus—Single spike, dark blue flowers. July and Aug. 3-4 ft. tall.

®Pulstella, Pasque Flower—Violet purple flowers. May and June. It does well in either shade or sun. 25c, $2.50 doz.

®Saxatile—Tall spikes of bright yellow flowers, and intermittently all summer. 4-5 ft. tall.

®Myosotis—Dwarf perennial from Russia. Clusters of small blue flowers resembling forget-me-nots. May-June. Does well in either shade or sun. 25c, $2.50 per doz.

®Hupehensis (Early Anemone)—Flowers 1½ in. diameter, mauve rose in color. Bloom early Aug. to late fall. 12 to 14 in. high. Needs sunlight.

®Pulstella, Pasque Flower—Violet purple flowers during April and May. Plant in full sunlight. 9 to 12 in. high.

®Pulstella Rubra—Dwarf habit with reddish or purple bloom.

ANTHEMIS TCTORIA

Yellow Chamomile—Finely cut foliage. Large yellow bloom all summer. 2-3 ft. tall.

AQUILEGIA, Columbine.

®Mrs. S. S. Quackenbush—Spurred hybrids. Bright colors, from pinks to red. This is the pure strain.

ARABIS, Rock Cress.

®Alpina—Pure white flowers in dense masses. Fine for border or rockeries.

®Alpina Rosea—Same as above only has pink bloom.

ARMERIA, Thrift or Sea Pink.

®White—Rosy lilac bloom. Fine for rockeries and crevices in walls.

®Mixed—Large daisy like blooms of pink and white shades. 8 in. tall.

®Mixed—Large bloom, Fine for rockeries and crevices in walls.

®False Indigo.

®Tomentosum (Snow in Summer)—Silvery white petaled bloom in June and July.

®Allioni—Fiery orange flowers on stems about 1 ft. high. Frequently blooms itself to death.

®Bright Eyes—Until finally unfolded the incurving petal of the flower itself is maroon, unfolding to reveal the outer shell of rosy pink.

®Shasta Daisy—Beautiful plant with large, glistening white petals. Blooms Sept. to Nov. 2-4 ft. tall.

®Indian-Summer—Large, beautiful, bell-shaped flowers. Blue-white in color. 2-3 ft. tall.

®Cora—Large rose-pink flowers. July and Aug. 2-3 ft. tall.

®Saxatile Compactum—Broad masses of bright yellow in spring. Fine for rockeries and borders. 1 ft. tall.

DIANTHUS, Old Fashioned Pinks.
Annie Laurie—Large flowers of orchid colors with wine-red rug in center. Free flowering.
Abbotsford—Deep crimson with white markings.
Heddewigi (Japanese Pinks)—A delightful array of colors from pure white to crimson shades. Fine for bedding or cutting purposes.
Barbatus (Sweet William)—The finest selection of colors ranging from white through to crimson shades with double and single flowers.

DIANTHUS SPECIES.
*Alpina Allwoodi—Loveliest of all rockery pinks. Glossy leaves with large flowers of rose and pink shades on 4 to 5 in. stems during July and Aug.

DICENTRA, Bleeding Heart, 25c, $2.50 per doz.

DICTAMUS, Larkspur.

DIGITALIS.

DIPHALON, Eschscholzia—Practically same as above, but has a fine early blue bloom with many spikes to a plant. Light sky blue color.

DORONICA, Bellamosa—Practically same as above, but has dark blue bloom.

DELPHINIMUM, Larkspur.

Hybrid English—These are the finest, newest, and best. Range in color from palest shades of blue to deepest indigo blue and royal purple, with many pastel shades of mauve, pink and lavender. The blooms are single and double of huge size. The most beautiful of our hardy perennials. The spikes of bloom range from 12 to 30 in. in length. A valuable addition, to any one's garden. Cut faded blooms so will bloom again same summer.

Belladonna—This type is not so tall as the hybrids with a more graceful and arching growth. Especially fine for cutting and bouquets. It is a fine early blue bloom with many spikes to a plant. Low sky blue color.

Bellamosa—Practically same as above, but has dark blue bloom.

Chinese—This type is entirely different than hybrids or Belladonna types. Rarely grows over 3 ft. in height, has fern-like foliage, the flowers grow in panicles and are an intense gentian blue. A lovely and graceful plant which blooms 3 or 4 weeks later than the other types.

DIGITALIS, Foxglove.

Giant Shirley Hybrid—Flower heads 3 ft. long, covered with huge bell shaped blossoms. Colors range from deep violet and deep rose.

DIPHALON, Eupatorium, Hardy Ageratum.

Coelestium—Hardy plant with light purple flowers similar to Ageratum. Blooms August till frost. 12 to 24 in. high.

FUNKIA, Plainlant Lily or Japanese Day Lily.
Subcordata grandiflora—Large pure white, lily shaped flowers. Aug. and Sept.

Variegata—Variegated foliage, blue flowers, fine for edging.

GALEGA, Goat's Rue.

Officinalis nana rosa flora pleno—Pinnate foliage and double pink flowers borne in racemes throughout summer. A nice compact plant for sunny borders.

GAILLARDIA, Blanket Flower.

San sliders—This is one of the finest of our perennials. They respond to simple culture and give a profusion of orange, red and yellow bloom from June to November.

GEUM, Avenus.

Coccineum, (Mrs. Bradshaw)—Large, double flowers of fiery orange-red, blooming nearly all summer.

GLOBULARIA, Globe Daisy, 25c, $2.50 doz.

*Trichosantha—A dwarf, tufted little plant with beautiful lavender flower heads. Does well in front of a well maintained border or is a picture of beauty in the rockery.

GRASSES, HARDY ORNAMENTAL, 25c, $2.50 doz.

Culture: Will thrive in any well drained good loam soil. Tall varieties should be spaced 3 ft. apart; dwarf varieties 1 ft. apart. Should be protected in fall by loose straw covering around base of plant. Water well in dry summer.

Erianthus Ravennae (Plume Grass)—10 to 12 ft. high, frequently throwing up 20 to 40 spikes, topped with silver plumes.

Eulalia japonica—Long, narrow, graceful, green foliage, and when in flower the attractive silvery grey plumes are 6 to 7 ft. high.

Eulalia japonica variegata—Very ornamental: long, narrow, green and white or pink or yellow.

Eulalia japonica zebrina (Zebra Grass)—The long blades of this variety are marked with broad, yellow bands across the leaf. 6 to 10 ft. high with silvery plumes.

Festuca Glauca (Blue Fescue Grass)—12 to 15 in., grows in dense tufts of very narrow, bluish leaves. Fine for edgings or contrast plants. 15c, $1.50 doz.

GYPSOPHILA, Baby's Breath.

Bristol Fairy—A very beautiful new introduction. Large panicles of double, white flowers. The individual blossom is large and of the purest white. Flowers continuously through the summer. 25c, $2.50 doz.

Paniculata flore-pleno—A very graceful cut flower which when arranged with other flowers makes a very artistic bouquet; masses of small double minute blooms.

Repen—A beautiful trailing plant for rock garden with clouds of small pink and white bloom in July and August.

HELANTHUS, Perennial Sunflower.

HERNABRIA, Rupture Wort.

*Glabra—Prostrate creeper; excellent for planting in rockeries, shade or on graves where soil is too dry to grow grass. Foliage moss-like, green shading to bronze in winter.

HESPERIS, Sweet Rock or Dames Violet.

Matronalis—Fragrant purple flowers in showy sprays 2 to 3 ft. June and July. Best used for wild garden or shrubbery border.

HIBISCUS, Mallow.

New Giant Hibiscus—Immense hollyhock-like blooms of red-pink and white. Blooms profusely in summer. 25c, $2.50 doz.

Semi-double—Semi-double with fringed edges.

Single—Mixed colors.

HOLLYHOCKS.

Double—6 to 8 ft. tall. Best used in rear of border. Most effective in masses. Space 8 in. apart. Colors range rose, maroon, pink, red, white, yellow and orange.

Semi-double—Semi-double with fringed edges.

Single—Mixed colors.

IBERIS, Candytuft.

IRIS PUMILLA, Dwarf Iris. *Mixed—Beautiful little Iris that do not grow over 4 inches high and bloom in April and May. Fine for bordering flower beds or planting in rock gardens.

LATHYRUS, Perennial or Everlasting Pea. Culture: Should be trained on arches, trellises, pergolas, fence or left rambling over rough banks where they cannot overrun valuable plants. Will grow in any ordinary soil. Space 3 ft.

LEONTOPODIUM, Edelweiss. *Alpina—A valuable Alpine with pretty silvery white leaves; starlike heads clothed with dense white, wooly substance. 4 to 5 in. and one of the finest rock plants from the European Alps.

LIATRIS, Blazing Star or Gay Feather. *L. virginiaca—Long narrow spikes of rich purple flowers, 4 ft. high, lasting a long time.

LINCUM, Flax. *Linum usitatissimum—Clear blue, white and rose colored spikes of pear shaped like blooms. Very sweet scented and one of the best of garden flowers. 1 ft. tall.

LYCHNIS, Campion or Catchfly. Chalcedonica (Maltese Cross)—Heads of vivid scarlet flowers, blooming over a long period of time. 3 ft. and one of the brightest plants in border.

LONICERA, Toad Flax. *Alpina—A very lovely new rock garden variety with a purple blotched orange bloom. 4 in. in height. An ideal plant for rockery or wall garden.

LUPINUS, Lupine. 20c, $2.00 doz. Polyphylus mixed—Clear blue, white and rose colored spikes of pear shaped like blooms. Very sweet scented and one of the best of garden plants. Spikes 3 to 4 ft. tall.

LYCHNIS, Bark Tongue. *B. auricula alpina, Giant Hybrids—Plant forms rosettes of thick leaves. The flower stalks rise 6 to 8 in. bearing heads of bloom of various colors. An exceedingly fine rock plant.

PENSTEMON, Beard Tongue. *Barbatus torreyi—Bright scarlet flower on spikes 2 ft. long from June till Aug. A fine border plant.

PHLOX SUBULATA, Moss or Mountain Pinks. *Alba—Pure white flowers completely covering an erect compact plant. A wonderful rockery plant. *Rosea—Same habit of growth as Alba only bright pink flowers with dark pink eyes. This is a real gem for color in the rock garden.

PRIMULA, Painted Daisy. *P. auricula alpina, Giant Hybrids—Plant forms rosettes of thick leaves. The flower stalks rise 6 to 8 in. bearing heads of bloom of various colors. An exceedingly fine rock plant.

PYRETHRUM, Painted Daisy. Finest Mixed English Varieties—This mixture contains single and double flowering types in various shades of red, pinks and white. A very fine and colorful perennial giving bloom intermittently throughout summer.

SAXIFRAGA, 25c, $2.50 doz. *CORDIFOLIA—About one ft. high, forming masses of handsome, broad, deep green foliage which makes them useful and attractive. Flowers in early spring. Fine among rocks or crevices, also for in foreground of borders.
**SAFONARIA,** Soapwort.
**SCABIOSA,** Scabious or Pin Cushion Flower.
**SCABIOUS,** —The following are fine rock garden or ground cover varieties:
- **Dwarf**—Spreading Euonymus.
  - 2 yr. 18-24 in. 50c; 3 yr., green ground cover.
- **Wintercreeper.** A dwarf growing, semi erect vine. Makes good evergreen ground cover.
  - 12-15 in., 40c; 15-18 in., 50c.

**EUONYMUS VEGETUS**—Dwarf, growing, semi erect vine. Makes good evergreen ground cover.
- **Caucasica** (B’ue Bonnet)—Lovely flowers, a dwarf variety with bluish cast to foliage. Very fine plant.
  - July and Aug. 6 in. high. Very fast spreading.
- **Funchi**—Green tipped brownish rosettes produced profusely in early autumn on 18 in. stems.
- **Glaucum**—Dwarf variety with bluish cast to foliage. Very fine plant.
- **Sarmentosum**—Dwarf variety with bluish cast to foliage. Very fine plant.
- **Spurium coccineum**—Rosy crimson flowered, dwarf, graceful plants, producing an abundance of blue flowers in Aug. Good rockery plant.
- **Spectabile**—Same as above only more delicate. 6 in. high.
- **Thunbergii**—Dwarf variety with bluish cast to foliage. Very fine plant.
- **Aurantiacum**—Dwarf variety with bluish cast to foliage. Very fine plant.
- **Fulvum**—Dwarf variety with bluish cast to foliage. Very fine plant.
- **Sarmentosum**—Dwarf variety with bluish cast to foliage. Very fine plant.

**EUONYMUS BOURGIANII**—Glossy foliage resembling dwarf boxwood. Can be clipped to suit height. Never more than 12 in. high.

**ORTHOTRICHUM**—Dwarf, graceful plants, producing an abundance of blue flowers in Aug. Good rockery plant.

**THALICTRUM, Meadow Rue.**
- **Adiantifolium**—Maiden hair fern like foliage. Minature white flowers in June, grows about 2 ft. high.

**THYMUS, Thyme.**
- **Lanuginosus** (Woody-leaved thyme)—Woody foliage with bright pink flowers.
- **Serenicrum album** (White Mountain Thyme)—Forms dense mats of dark green foliage and clouds of white flowers.
- **Serenicrum coccineum**—Plants completely covered with brilliant crimson scarlet flowers.

**TRITOMA, Torch Lily; Flame Flower; Red Hot Poker.**
- **Papilio**—Bloom Aug. to Oct. with spikes 3 to 4 ft. high, and heads of bloom of rich orange scarlet. Hardy, but needs slight protection in winter.

**VERONICA, Speedwell.**
- **Incana**—A white wooly plant with numerous blue flowers. 1 ft. tall.
- **Longifolia subsessilis**—One of the most beautiful blue flowering plants. Spikes completely studded with beautiful blue flowers; 2 ft. high. Increase in beauty from year to year. 25c, $2.50 doz.
- **Rupestris**—3 to 4 inches high. Thickly matted foliage covered with mass of lovely blue flowers in early June. Does well in shade.

**VINCA, Periwinkle or Trailing Myrtle.**
- **Minor**—A trailing evergreen plant, used extensively for carpeting the ground under shrubs or trees or on graves, where it is too shady for grass. It does well in either shade or sun.

**VIOLA, Viola.**
- **Admiration**—Deep violet flowers in great profusion throughout summer.
- **Bosniaca**—Rose magenta flowers all summer. 4 in. high.
- **Papilio**—Beautiful rich apricot shades tinged with orange toward center. 4 in. high.

**PACHYSANDRA TERMINALIS**—Japanese Spurge. Very useful in dry shady places, such as under trees where grass will not grow. Completely covers ground. 2 yr. field grown 25c.

**EATON, OHIO**

**Evergreen Vines and Ground Cover**

**EUONYMUS PATENS**—Spreading Euonymus. Small broadleaf evergreen developing into a lovely small shrub. Two or three should be grouped together. 12-15 in. 40c; 18-18 in. 50c.

**EUONYMUS RADICANS**—Winter creeper. A dwarf growing, semi erect vine. Makes good evergreen vine on stone or brick walls. Ideal evergreen ground cover. 2 yr. 18-24 in. 50c; 3 yr., 24-30 in. 65c.

**EUONYMUS VEGETUS**—Bigleaf Winter creeper. Dark nearly round green leaves; bright red berries in fall which remain all winter. A vine or ground cover. 12-15 in. 40c; 15-18 in. 50c.

**HEDERA HELIX**—English Ivy (Large leaf). Large dark green leaves, evergreen. Not entirely hardy. Plant on north side. 2 yr. field grown 25c.

**HEDERA HELIX GRACILIS**—Small leaf English Ivy (hardy). Small dark, cut leaf foliage. Perfectly hardy. Makes splendid evergreen vine for north and west exposures, also a ground cover. 2 yr. field grown 25c.

**PACHYSANDRA TERMINALIS**—Japanese Spurge. Very useful in dry shady places, such as under trees where grass will not grow. Completely covers ground. 2 yr. field grown 25c.

**VINCA MINOR**—Myrtle or Periwinkle. Very dark green foliage. A complete ground cover in shady places. 2 yr. field grown 15c.
TALISMAN—A vividly colored rose shading from a yellow at base of bud to an orange and scarlet color on tips of petals. A good grower and free flowering type. One of our most brilliant and successful new roses.

ETOILE DE HOLLANDE—Deep rich red blooms, very fragrant, borne on long stems. Very hardy for middle and northern states. Pointed buds.

JOHANNA HILL—A beautiful orange-yellow, borne on exceptionally long stems. A fine new rose.

PRESIDENT HERBERT HOOVER — Such striking beauty, strong growth and good cut flowers. Qualities seldom found in a single variety. Large flowers are a striking combination of yellow, orange, cerise and scarlet. In the bud, only the reddish color shows but the others appear as it unfolds. In full bloom only the yellow is seen. A hardy grower and good producer.
WHITE KILLARNEY — A very popular clear white rose. Pointed buds, fragrant and on long stems. Very hardy and easy to grow.

MADAME BUTTERFLY — Salmon pink, well shaped flowers. A good bloomer and very fragrant.

DAME EDITH HELEN — Immense flowers are a clear glowing pink throughout. Wonderful for cutting, wonderful old rose fragrance. Erect grower; stems long and strong. One of our fine new roses.

CHAS. K. DOUGLAS — Enormous double blooms of deep red color. Fragrant and very lasting.

SOUVENIR DE CLAUDIUS PERNET — A lovely large sunflower yellow bloom borne on long stiff stems. One of the best of all the yellow roses. Very free bloomer. Very hardy.

3 for $1.00

ERNST'S ROSES
BLOOM FIRST SEASON

GRUSS AN TEPLITZ—A universal favorite among red roses. Very hardy, the most vigorous and free blooming of all. A rich scarlet, shading to velvety crimson. An established plant should give 200 to 400 blooms a season.

KAISERIN AUGUSTA VICTORIA—Large perfectly formed soft pearly white flowers, tinged with just enough lemon color at base of the petals. Sweetly fragrant.

MRS. AARON WARD—Indian-yellow color shading lighter toward the edges. A very prolific bloomer.

SUNBURST—One of the old favorite yellow roses. A vigorous grower and fine bloomer.
PAUL'S SCARLET—Has many well-formed, glistening scarlet flowers. It is unusually beautiful and a thrifty grower.

DR. VAN FLEET—Large pink flowers, long stems and waxy foliage. Good for cut flowers and covers arbors, etc. splendidly.

SILVER MOON—Pure white semi-double flowers. It is a very vigorous climber and grower. One of the best.

POLYANTHA, Dwarf Everblooming Roses—Solid masses of white, pink, or red bloom. Blooms throughout the summer and up until a hard frost kills the bloom.

MARY WALLACE — Large semi-double flowers of bright rose-pink. Used as a large shrub or low climber, up to 10 feet.

CLIMBING AMERICAN BEAUTY — A beautiful large red rose, fragrant and borne on long stems. Very hardy and vigorous. A good climber.

GARDENIA—A good yellow free flowering climber. Vigorous grower and heavy bloomer.

20¢ EACH
SHADE AND ORNAMENTAL TREES

The shade and ornamental trees listed below are all transplanted, well rooted trees with straight trunks and symmetrical developed heads.

CULTURE: Plant at least 2 inches deeper than previously planted in nursery. Plant in good soil to insure rapid growth. Water well at time of planting.

ACER DASYCARPUM, (Silver Maple) Very fast growing tree, leaves green upper side and silvery underneath. 6-8 ft. 50c each; 8-10 ft. 75c each. 10-12 ft., 1 1/2 in. caliper, $1.00 each.

ACER PLATANOIDES, (Norway Maple) Tree develops a round well shaped head with broad deep green, shining leaves. Makes very dense shade. 10-12 ft., 1 1/4 in. caliper, $1.50 ea.

ACER SACCHARUM, (Sugar or Rock Maple) A splendid shade tree growing to great height. Develops symmetrical head, roots deeply, permitting grass to grow. Leaves are a brilliant color in the fall. 8-10 ft. 1 in. caliper, $1.00 ea.; 10-12 ft., 1 1/4 in. caliper, $1.75 ea.; 12-14 ft., 1 1/2 in. caliper, $2.25 ea.

ACER SCHWEDLERI, (Red leaved maple) The maple which has the purple reddish leaves in early season. A fine street and ornamental tree. 6-8 ft., 1 yr. caliper, $1.50 ea.; 8-10 ft., 1 1/2 in. caliper, $2.50 ea.

AESCULUS GLABRA, (Horsechestnut) Very symmetrical pyramidal shaped tree, dense foliage, and branched with low pendulous habit. A beautiful new tree or street tree. 5-6 ft., $1.25 ea.; 6-8 ft., $1.75 ea.

AILANTHUS GLANDULOSA, (Tree of Heaven) -Large compound leaves. Rapid growing and best used for an oddity. 6-8 ft., 90c each.

BETULA ALBA, (American White Birch) Slender branches and conspicuous white bark. Must be balled and burlapped to insure growth. 6-8 ft., B&B $2.00; 8-10 ft. B&B, $3.00; 10-12 ft. B&B, $4.50.

BETULA ALBA LACINATA, (Cutleaf Weeping Birch) Tall and slender, graceful, drooping branches, silvery white bark, delicate cut foliage. Must be balled and burlapped to insure growth. 6-8 ft. B&B, $2.00; 8-10 ft. B&B, $3.50; 10-12 ft. B&B, $4.50.

CATALPA BUNGEI, (Umbrella Tree) -Large leaves, with dense, round head. Looks like an opened umbrella. 6-8 ft. 90c each, 6 for $5.00.

CERCIS CANADENSIS, (American Red Bud) A fragrant bloom appears on the tree before the leaves in the spring. 3-4 ft. 75c ea.; 4-5 ft. $1.00 each.

CORNUS FLORIDA, (White Flowering Dogwood) -Beautiful early white flowering small tree. Blooms in May. Dark green foliage turns to vivid scarlet in fall hung with red berries. 3-4 ft., B&B, $1.25 each; 4-5 ft., B&B, $2.25 each; 6-8 ft. B&B $8.00 ea.

CORNUS FLORIDA RUBRA, (Red Flowering Dogwood) Same as Cornus Florida only bloom is a deep pink color. It is a beautiful plant. 2-3 ft., B&B, $1.25 each; 3-4 ft., B&B, $2.00 each.

FRAXIMUS AMERICANA, (White Ash) -Beautiful tall slender tree, making good growth each year. 6-8 ft. 50c each; 8-10 ft. 75c each; 10-12 ft. $1.00 each.

MALUS ATROSANGUINEA, (Carmine Crab) Beautiful small tree with Carmine colored bloom. 4-5 ft. 90c ea.

MALUS IOENSIS BECHTELI, (Bechtel Flowering Crab) The showiest of the crabs. Double white bloom tinged with pink. 4-5 ft. 90c ea.

MALUS PUMURIA, (Purple Crab) Bloom is a very deep red, very fine and quite different from the ordinary. 4-5 ft. 90c ea.

MORUS ALBA PENDULA, (Tecz’s Weeping Mulberry) Weeping mulberry which is very ornamental as well as productive. Have extra large heads. 5-6 ft., 1 yr. head, $1.50 ea.; 6-8 ft., 3 yr. head, $2.50 ea.

MORUS ALBA TARTARICA, (Russian Mulberry) Very vigorous grower, fruits heavily and is specially fine for birds and chickens. People intersted in either should have several planted. 3-4 ft. 25c ea.; 4-5 ft. 40c ea.

PLANTANUS ORIENTATIS, (European Sycamore) Large vigorous growing tree. Bark is of a white color, very hardy and desirable as a street tree or planted in cities. 6-8 ft., 75c ea.; 8-10 ft., $1.25 ea.; 10-12 ft., $5.00 ea.

POPULUS NIGRA ITALICA, (Lombardy Poplar) Tall slender growing tree. Useful as accent plant or used as a screen. Plant 6 ft. apart in screen plantings. 6-8 ft., 45c ea.; 8-10 ft., 65c ea.; 10-12 ft., 90c ea.

POPULUS BOLLEANA, (Bolleana Poplar) New fast growing poplar poplar. Similar in appearance to Lombardy only leaves larger and grey on underside. A fine new tree. 6-8 ft. 75c ea.; 8-10 ft. $1.00 ea.; 10-12 ft., $1.50 ea.

PRUNUS, (Japanese Weeping Flowering Cherry) A beautiful new weeping cherry. A mass of delicate pink bloom. 6-8 ft., $2.50 ea.

PRUNUS YEDONIS, (Yoshino Cherry) This is the same variety of beautiful single, pink flowering cherries which bloom each year at Washington D. C. 4-5 ft. $1.25 ea.

PRUNUS NEWPORT, (Purple Leaved Plum) Retains a beautiful purple foliage throughout the summer. 4-5 ft., 75c ea.

PRUNUS TRILoba, (Double Flowering Plum) Double pink blossoms. Nice shaped small tree. 4-5 ft., 75c ea.

QUERCUS RUBRA, (Red Oak) Very large open growing tree. Leaves color red in fall. 6-8 ft. $2.50 ea.; 8-10 ft. $3.50 ea.

SALIX BABYLONICA, (Babylon Weeping Willow) Fast growing, hardy, weeping willow. Twigs remain dark green color. Nice around pools or for a lawn specimen. 6-8 ft., 75c ea.; 8-10 ft., $1.00 ea.; 10-12 ft., $1.50 ea.

SALIX, (Golden Twig Weeping Willow) Same as above except the twigs are gold colored. Particularly nice for winter effect and color. 6-8 ft., 75c ea.; 8-10 ft., $1.00 ea.; 10-12 ft., $1.50 ea.

ULMUS AMERICANA, (American Elm) Large graceful spreading tree. One of best and most artistic trees. 6-8 ft., 50c ea.; 8-10 ft., 75c ea.; 10-12 ft., $1.50 ea.

ULMUS GLABRA CAMPERDOWNI (Camperdown Weeping Elm) An outstanding ornamental tree. 6-8 ft., 2 yr. heads, $2.50 ea.

ULMUS PUMILA, (Chinese Elm) A fine new tree. The best imported strain from China. Thrives well in city conditions as well as country. Requires only good soil, and grows extremely rapid. It matures early and withstands windstorms. 6-8 ft., $1.00 ea.; 8-10 ft., $1.50 ea.; 10-12 ft., $2.50 ea.

ULMUS MOLINE, (Moline Elm) Fast growing tree, large leaves, pyramidal in habit of growth. A fine tall slender growing tree. 6-8 ft., 75c ea.; 8-10 ft., $1.00 ea.; 10-12 ft., $1.50 ea.

ULMUS URMII, (Vase shaped Elm) Fast growing vase tree, having large leaves. 6-8 ft. 75c ea.; 8-10 ft., $1.00 ea.; 10-12 ft., $1.50 ea.

ERNST'S QUALITY EVERGREENS

We take special care in growing our evergreens. All of our evergreens have been transplanted and root pruned thus insuring a well developed root system, which is so fundamental in the life and beauty of an evergreen after transplanted. They have all been properly sprayed so no disease or Red Spider will be carried, thus spoiling their beauty. We carefully ball and burlap all our evergreens, at no extra charge, thus insuring your customers that their evergreens will live.

We are listing only popular sizes. Prices on larger trees on request.

BALSAM FIR, balsamea—Foliage dark green; sweet scented. Branches horizontal, forming a broad, regular pyramidal tree.

- 15-18 in. $9.00 3-3½ ft. $25.00
- 2-2½ ft. $1.50 3½-4 ft. $3.00
- 3-3½ ft. $2.00 4½-5 ft. $3.25

WHITE FIR, concolor—Tree of graceful habit. Handsome blue white foliage. Broad, regular pyramidal shaped tree.

- 2-2½ ft. $1.50 3-3½ ft. $2.50
- 2½-3 ft. $2.00 3½-4 ft. $3.25

DOUGLAS FIR, douglasi—A very regular symmetrical tree assuming conical form when young. Leaves dark green above, silvery beneath.

- 18-24 in. $0.90

BOXWOOD, buxus sempervirens—Beautiful glossy, green foliage Small oval shaped leaves.

- 15-18 in. $1.00 24-30 in. $4.50
- 18-24 in. $1.50 36-36 in. B&B $15.00
- 18-24 in. B&B $2.50 4-4½ ft. $25.00

GOLDEN SAWARA RETINOSPORA, pisifera aurea—Same as above only with a bright, golden color foliage. One of the most popular blue evergreens.

- 18-24 in. $0.75 3-3½ ft. $4.50
- 2-3 ft. $1.50 4-5 ft. $4.50

PLUME RETINOSPORA, pisifera plumosa—A dense growing evergreen of conical shape. Beautiful with flexible feathery foliage. Adapts itself to formal shapes.

- 18-24 in. $1.50 36-42 in. $3.25
- 24-30 in. $2.75 4½-5 ft. $4.25
- 30-36 in. $2.75 4½-5 ft. $4.25

GOLDEN PLUME RETINOSPORA, pisifera plumosa aurea—Same as above only with a bright, golden color foliage. A nice contrast with other evergreens.

- 18-24 in. $1.50 36-42 in. $3.25
- 24-30 in. $2.00 3½-4 ft. $3.75
- 30-36 in. $2.75 4½-5 ft. $4.25

CHINESE JUNIPER, chinensis—Bluish green foliage, dense compact growth, conical shape. One of the best.

- 18-24 in. $1.50

PFITZER JUNIPER, pfitzeriana — Spreading growth and light gray-green foliage producing beautiful soft effect. Extremely hardy. Thrives in shade or sun, town or country. Well filled specimens.

- 12-15 in. $0.35 2-2½ ft. $2.50
- 15-18 in. $0.75 2½-3 ft. $3.25
- 18-24 in. $1.25 3½-4 ft. $4.50
- 2-2½ ft. $2.00

UPRIGHT PFITZER JUNIPER, pfitzeriana— These pfitzers have a leader staked upright to give evergreen more of a pyramidal shape.

- 15-18 in. $1.00 2-2½ ft. $3.00
- 18-24 in. $1.50 3-3½ ft. $5.00
- 2-2½ ft. $1.50 3½-4 ft. $5.50

ANDORRA JUNIPER, communis depressa plumosa—A new introduction from Andorra Nurseries. Very low growing evergreen. Green in summer and very attractive purple-bronze in fall and winter.

- 18-24 in. $1.75 3-4 ft. $4.50
- 24-30 in. $2.25 4½-5 ft. $5.50

CREAMPED JUNIPER, communis hibernica—Columnar in growth. Gray green foliage. One of our best plants for formal effect. Ul. ht. 7-8 ft.

- 18-24 in. $0.75 3-3½ ft. $2.00
- 2-2½ ft. $1.00 3½-4 ft. $2.50
- 2½-3 ft. $1.50

SPINY GREEK JUNIPER, excelsa stricta—Compact, well shaped pyramid. Decidedly bluish east to foliage. One of our best dwarf evergreens.

- 15-18 in. $1.25 24-30 in. $4.50
- 18-24 in. $1.75 2½-3 ft. $3.00

CREeping JUNIPER, horizontalis — Dwarf spreading evergreen making compact growth. Dark green color, good for rock gardens, banks and low border planting.

- 18-24 in. $1.25 3-4 ft. $2.75
- 2-3 ft. $2.00

BLUE CREEPING JUNIPER, horizontalis glauca—Spreading silvery blue colored evergreens. Compact solid growth covering ground completely.

- 2-3 ft. $2.50 4-5 ft. $4.50
- 4-5 ft. $5.00

SAVIN JUNIPER, sabina—Dense dark green foliage. Spreading branches forming irregular vase shaped plant. Good color throughout winter.

- 15-18 in. $0.75 2½-3 ft. $3.50
- 18-24 in. $1.25 3-4 ft. $3.75
- 2-2½ ft. $1.75

MEYER JUNIPER, squamata meyeri—Distinct blue glaucous foliage. Irregular habit of growth. Fine for rockery work. Ul. ht. 3-4 ft.

- 12-15 in. $1.75

RED CEDAR, virginiana—Useful for hedging, formal work and foundation planting. Dark green to blue green foliage.

- 2-3 ft. $1.50 5-6 ft. $6.00
- 3-4 ft. $2.50 6-7 ft. $8.00
- 4-5 ft. $3.50

CANNART CEDAR, virginiana canarcata—Very deep blackish green foliage. Dense growing columnar form. One of the finest. Ul. ht. 12-15 ft.

- 2-2½ ft. $1.50 3½-4 ft. $3.75
- 2½-3 ft. $2.00 4½-5 ft. $4.75
- 3-3½ ft. $3.00

SILVER RED CEDAR, virginiana glauca—A vigorous growing Juniper with beautiful blue glaucous blue foliage. One of the most popular blue evergreens. Ultimate ht. 15-20 ft.

- 18-24 in. $0.90 3½-4 ft. $3.25
- 2-3 ft. $2.00 4½-5 ft. $3.75
- 3-3½ ft. $2.50 4½-5 ft. $4.50

IRISH JUNIPER, communis hibernica—Columnar in growth. Gray green foliage. One of our best plants for formal effect. Ul. ht. 7-8 ft.

**Mugho Pine**

---

Mugho Pine
AMOOR RIVER PRIVET—Hardy for northern climates. Similar in form and habit to California privet. Only difference leaves not quite so glossy. Space six inches in single row. 12 inches in double row. 12-18 in., 50, $2.25; 100, $4.00; 18-24 in., 50, $3.50; 100, $6.00.

CALIFORNIA PRIVET—Smooth shiny leaves. Makes a very dense hedge. Can be trimmed into any desired shape. Space same as Amoor River Privet. 12-18 in., 50, $1.75; 100, $3.00; 18-24 in., 50, $2.25; 100, $4.00.

IBOTA PRIVET—Foliage grayish green; showy white flowers followed with blue-black berries. Will make a tall screen if not trimmed too severely. Space 18 inches in single row. 12-18 in., 50, $4.00; 100, $7.00; 18-24 in., 50, $5.00; 100, $8.00.

REGALS PRIVET—A fine irregular branching privet. Produces an informal hedge, also good used as individual shrub. Will thrive in partial shade. Space 24 inches in single row. 12-18 in., 50, $4.00; 100, $7.00; 18-24 in., 50, $6.50; 100, $12.00.

IBOLIUM PRIVET—A fine tall growing privet. Glossy leaves, white flowers, followed with black fruit. Can be used as hedge or individual specimen plant. Fine for good landscape work. Space 18 inches in single row. 18-24 in., 50, $4.50; 100, $8.00; 2-3 ft., 50, $6.50; 100, $12.00.

JAPANESE BARBERRY—A fine hedge plant where needed to turn dogs, children etc. Has small bright green leaves which turn brilliant scarlet color in fall, branches covered with red berries throughout winter. Space 24 inches in single row. 15-18 in., 50, $4.50; 100, $8.00; 18-24 in., 50, $5.50; 100, $10.00.

RED LEAF BARBERRY—Same characteristics as Japanese Barberry only it has dark red foliage throughout the summer months. 15-18 in., 50, $8.00; 100, $15.00; 18-24 in., 50, $12.50; 100, $22.00.

RHAMNUS (Buckthorn)

CATARTICA—A dense twiggy bush, 6 to 10 feet high; with dark foliage relieved by masses of midsummer white flowers. Makes a good, prunable hedge. Space 3 ft. apart. 2 to 3 feet—35c each; $3.00 per 10; $20.00 per 100; 3 to 4 feet—45c each; $4.00 per 10; $30.00 per 100.

FRANGULA (Glossy Buckthorn)—A large shrub with numerous leafy branches. Leaves dark green, paler beneath, fading with tones of yellow, orange and red. Berries change from red to black. 2 to 3 ft.—35c each; $3.00 per 10; $20.00 per 100; 3 to 4 ft.—45c each; $4.00 per 10; $30.00 per 100.
BARGAIN PAGE OF DECIDUOUS SHRUBS

**FORSYTHIA FORTUNEI**, Fortune Forsythia—Upright habit with finely arching branches, clear yellow flowers in April before foliage. Ultimate height 7-8 ft.

**FORSYTHIA FORTUNEI**
2 TO 3 FT. 19c

**WEIGELA ROSEA**
2 TO 3 FT. 19c

**KOLKWITZIA AMABILIS**
2 TO 3 FT. 29c

**KOLKWITZIA AMABILIS**, The new Beauty Bush—One of our most valuable plants introduced from China. In early June its sprays of abelia-like blossoms transforms the shrub into a solid mass of pink. Likes a sun exposure and a dry drained soil. Ult. ht. 6-8 ft.

**CORNUS SANGUINEA**, Red Twig Dogwood—Practically same as Lutea only has red twigs instead.

**SPIREA BILLARDI**—Upright growing shrub. Spikes of deep pink bloom in July. 3-4 ft.

**CORNUS SANGUINEA**
2 TO 3 FT. 25c

**SPIREA VAN HOUTTEI**
3 TO 4 FT. 35c

**SPIREA BILLARDI**
18 TO 24 IN. 25c
DECIDUOUS SHRUBS

In these plants we have beauty of form, flowers, berries, and foliage. No other plant has such diversified talent in producing innumerable effects, if properly planted. As specimen plants, screens, hedges, and lovely foundation plantings they are unsurpassed. Plant a few shrubs for added beauty. They will bloom throughout the summer for you.

**ABELIA GRANDIFLORA**—Glossy small leaves, partially evergreen. Has white flowers flushed with pink from June until frost. Mature to about 3-4 ft. Well drained loam soil. Will do well in either sun or shade. 15-18 in. each, 15c; 3 for 40c; 18-24 in. B&B, each 50c; 3 for $1.25; 2-3 ft. B&B, each 75c; 3 for $2.00.

**APONIA ARBUTIFOLIA,** (Red Chokeberry) Matures to 6 or 8 ft. White flowers in May, followed with bright red berries which carry well into the winter. 3-4 ft. each 60c; 3 for $1.50.

**BERBERIS THUNBERGII,** (Japanese Barberry) A small shrub useful for individual or hedge use. Small green leaves, twigs covered with small prickly needles. Foliage turns scarlet in fall, red berries hang in clusters. Grow in any soil. 15-18 in. each, 15c; 3 for 40c; 18-24 in., each 25c; 3 for 65c.

**BERBERIS THUNBERGII ATROPURPUREA,** (Red Leaved Barberry) Same as Japanese Barberry except foliage is deep red color throughout summer months. Colorful. 15-18 in. each 20c; 3 for 50c; 12 for $1.75; 100 for $15.00; 18-24 in., each 35c; 3 for $1.00; 65c; 100 for $22.00.

**BUTTERFLY BUSH**

**COTONEASTER ACUTIFOLIA,** (Peking Cotoneaster) A semi spreading shrub with small glossy green leaves. Foliage turns scarlet in fall, supporting masses of blue black berries. Blooms a white flower in May and June. 2-3 ft., each 35c; 3 for $1.00; 3-4 ft., each 50c; 3 for $1.25.

**DEUTZIA PRIDE OF ROCHESTER**—Vigorous growing upright shrub. Strong profuse bloomer, double white flowers touched with pink. Ultimate height, 5-6 ft. 3-4 ft., each 35c; 3 for $1.00.

**EUONYMUS ALATUS,** (Cork Bark Euonymus) Broad bushy shrub with curious cork like growth on branches. In autumn the foliage turns fiery red, succeeded by orange and red berries. Very outstanding. One of our fine shrubs. Ultimate ht. 5-6 ft. 2-3 ft., each 50c; 3 for $1.25.

**FORSYTHIA AUREA,** (Golden Leaved Forsythia) Golden colored foliage. Clear yellow flowers in April before foliage appears.Ult. ht. 6-8 ft. 3-4 ft., each 35c; 3 for $1.00.

**FORSYTHIA FORTUNEI,** (Fortune Forsythia) Upright habit with finely arching branches, clear yellow flowers in April before foliage. Ultimate height. 7-8 ft. 3-4 ft., each 25c; 3 for $0.60.

**FORSYTHIA INTERMEDIA SPECTABILIS,** (Showy Golden Bell) This new variety of forsythias is the showiest. Masses of flowers practically cover the shrub in April. Ult. ht. 6-8 ft. 3-3 ft., each 25c; 5 for $1.00; 3-4 ft., each 35c; 3 for $1.00.
HYDRANGEA ARBORESCENS GRANDIFLORA, (Hills of Snow) Large flowers in white balls. Everblooming. Endures shade. Blooms June and July. Ult. ht. 5 ft. 18-24 in., each 25¢; 5 for $1.00.

HYDRANGEA PANICULATA GRANDIFLORA, (Hydrangea Peegee) Immense cone shaped heads of white flowers, turning pinkish in early fall. Blooms Aug.-Sept. Ultimate height. 4-6 ft. 18-24 in., each 25¢; 5 for $1.00; 2-3 ft., 35¢; 5 for $1.75.

HYDRANGEA, TREE FORM—Tree form of Hydrangea P. G. with same bloom and all. 2-3 ft., each 90¢; 2 for $1.75.

KOLKWITZIA AMABILIS, (The new Beauty Bush) One of our most valuable plants introduced from China. In early June its sprays of abelia-like blossoms transforms the shrub into a solid mass of pink. Likes a sun exposure and a dry drained soil. Ult. ht. 6-8 ft. 2-3 ft., each 35¢; 3 for $1.00; 3-4 ft., each 50¢; 3 for $1.25; 4-5 ft., each 75¢; 3 for $2.00.

LONICERA FRAGRANTISSIMA, (Winter Honeysuckle) A lovely bushy shrub. Green glossy leaves which remain practically all winter. White flowers in May. Ult. ht. 6-8 ft. 2-3 ft., each 25¢; 5 for $1.00; 3-4 ft., each 35¢; 3 for $1.00.

LONICERA MORROWI (Morrow Honeysuckle) Spreading habit, white flowers and red fruit from Aug. to Sept. Yellow flowers in May. Ult. ht. 7-8 ft., 3-4 ft., each 35¢; 3 for $1.00; 4-5 ft., each 50¢; 3 for $1.25.

LONICERA TATARICA RUBRA, (Red Tartarian Honeysuckle) Upright grower. Red flowers in June, followed by red fruit persisting until winter. Fine for border or screen planting. Ult. ht. 10 ft. 3-4 ft., 35¢; 3 for $1.00; 4-5 ft., each 50¢; 3 for $1.25.

PHILADELPHUS AUREA, (Golden Leaf Mock Orange) A dwarf shrub with golden colored foliage. A good contrast with dark green plants. Ult. ht. 4 ft. 15-18 in., each 30¢; 4 for $1.00.

PHILADELPHUS CORONARIUS, (Sweet Mock Orange) Upright growing shrub with white fragrant flowers in May and June. Ult. height. 9-10 ft. 2-3 ft., each 25¢; 5 for $1.00; 3-4 ft., each 35¢; 5 for $1.00.

PHILADELPHUS VIRGINALIS, (Virginal Mock Orange) Large double, fragrant flowers often 2 in. in diameter. Bloom profusely in May and June and intermittently until frost. Ultimate height 7-8 ft. 18-24 in., each 20¢; 6 for $1.00; 2-3 ft., each 25¢; 5 for $1.00; 3-4 ft., each 35¢; 5 for $1.75.

PHILOPHUS GLANDULOSA ROSEA, (Pink Flowering Almond) Beautiful pink flowers which entirely cover twigs of shrub before foliage appears. Bloom last of April or early May. Ult. ht. 6 ft. 2-3 ft., each 30¢; 4 for $1.00.

RHUS CANADENSIS, (Fragrant Sumac) Clusters of yellow flowers April-May. Covered with coral-red fruit in fall. Ult. height. 6 ft. 3-4 ft., each 50¢; 3 for $1.25.

RHODOTYPHOS KERROIDES, (Jetbead) Attractive small shrub bearing single white flowers, followed by shining black berries which remain through the winter. Ult. height. 5-6 ft. 2-3 ft., each 30¢; 4 for $1.00; 3-4 ft., each 35¢; 3 for $1.00.

SAMBUCUS AUREA, (Golden Elder) Golden colored foliage, dark blue berries which the birds love. Berries also edible. Ult. height. 10 ft. 4-5 ft., each 35¢; 3 for $1.00.

SALIX CAPRES, (French Pussy Willow) Exceptionally large catkins which appear first thing in spring. 4 ft., each 25¢; 5 for $1.00.

SPIREA BILISARDI—Upright growing shrub. Spikes of deep pink bloom in July. 3-4 ft., each 35¢; 3 for $1.00.

SPIREA CALLOSA ALBA, (Dwarf White Spirea) Small shrub covered with white bloom from June until frost. Ult. ht. 3 ft. 18-24 in., each 35¢; 3 for $1.00.

SPIREA FROBELIA, (Dwarf Pink Spirea) Dwarf shrub covered with pink bloom from June until frost. Ultimate ht. 3-4 ft. 15-18 in., each 25¢; 5 for $1.00.

SPIREA OFALIFOLIA, (Ninebark) White bloom tinged with red. Heavy compact growth. Foliage of golden color. Makes very good border shrub. Ult. ht. 6-8 ft. 3-4 ft., each 35¢; 3 for $1.00; 4-5 ft., each 50¢; 3 for $1.25.

SPIREA PRUNIFOLIA, (Old Fashion Bridal Wreath) Vigorous grower covered with small white bloom in May. Ult. ht. 6 ft. 2-3 ft., 35¢; 3 for $1.00.
**Cornus**

SPIREA TRICHOCARPA, (Korean Spirea) Healthy growing plant forming a big dome shaped bush, covered with round clusters of flowers in June. Ult. ht. 5-6 ft. 2-3 ft., each 35c; 3 for $1.00.

SPIREA THUNBERGI, (Thunberg spirea) Low shrub with slender arching branches, clothed with feathery bright green foliage. Has white flowers in May. Ult. ht. 4-5 ft. 2-3 ft., each 35c; 3 for $1.00.

SPIREA VAN HOUTTEI, (Van Houtte Spirea) Very beautiful early flowering spirea. Graceful arching growth, very hardy. White bloom May-June. Splendid hedge plant. Ult. ht. 8-9 ft. 2-3 ft., each 15c; 3 for 40c; 3-4 ft., each 25c; 3 for $1.25.

STEPHANANDRA FLEXUOSA, (Cut Leaf Stephanandra) Small cut leaf shrub. Beautiful foliage turning to bronze color in fall. White bloom. Good for low planting. Likes shade. 18-24 in., each 35c; 3 for $1.00; 2-3 ft., each 50c; 3 for $1.25.

SYMPHORICARPUS RACEMOSUS, (Snowberry) An upright shrub with arching branches, valued for its white waxy snow-berries in the autumn. Thrives in the shade. 2-3 ft. each 25c; 5 for $1.00; 3-4 ft., each 35c; 3 for $1.00.

SYMPHORICARPUS VULGARIS, (Coralberry) Similar to the snowberry, but is full of coral-red berries persisting through the winter. Does well in dry shady location. 2-3 ft. each 25c; 5 for $1.00; 3-4 ft., each 35c; 3 for $1.00.

SYRINGA CONGO—A beautiful, lively, deep single, red bloom. A very fine dark color. 2-3 ft., each 50c; 3 for $1.25.

SYRINGA HUGO KOSTERI—Soft lilac color. Grows slowly. 18-24 in., each 35c; 3 for $1.00.

SYRINGA MADAM LEMOINE—Double pure white blooms. Very fine type. Free bloomer. 18-24 in., each 35c; 3 for $1.00.

SYRINGA LUDWIG SPAETH—Single, dark purple, large blooms. 2-3 ft. each 50c; 3 for $1.00.

SYRINGA PERSICA, (Persian Lilac) Fine foliaged variety with slender arched branches. Bears a profusion of beautiful small blue flowers. 2-3 ft. each 35c; 3 for $1.00; 3-4 ft. each 50c; 3 for $1.25; 4-5 ft. each 65c; 3 for $1.75.

SYRINGA VILLOSA—Pale pinkish bloom in June. Very fragrant. Has bushy, compact growth, 2-3 ft. each 50c; 3 for $1.00.

SYRINGA VULGARIS, (Common Purple Lilac) Beautiful. Fragrant. Purple bloom. Ult. ht. 8-10 ft. 2-3 ft. each 35c; 3 for $1.00; 3-4 ft. each 50c; 3 for $1.25.
