Morris Park.

HE LINES OF MORRIS PARK ARE ADMIRABLE. In every direction the eye is met by the graceful sweep of smooth, broad tracks and an endless stretch of close-cropped and velvety lawn. The stately vistas are shaded by bits of wood, and from the Club-House tower the glint of the rolling waters of the Sound can be seen. There is an extent and vastness about it that appeals to the mind and eye alike.

HE CLUB-HOUSE WILL BE UNIQUE. THE New York Jockey Club has a more diversified membership than any other organization on earth. It serves as the meeting-place for the more notable clubmen of a nation of sixty-five millions of people. There is now not a city in North America, of importance, whose representative clubmen are not enrolled to a greater or less number under the banner of the New York Jockey Club. During the race-meetings the Club-House will be the home of the most popular and important body of men in the country. All good Americans come to New York; once here they attend the races, and Morris Park is the rendezvous, as a matter of course.

THE RULE ADOPTED BY THE EXECUTIVE Committee, making the members of all recognized Clubs eligible for election to the New York Jockey Club, without initiation fee, and for the small annual dues of \$25 for Resident Members, and \$15 for Non-resident Members (over 90 miles from New York City), has been eagerly embraced. The original motive of the founder of Morris Park, in devoting such an unusual amount of luxury and convenience to the Club-House, was to make special provision for club-men living at a distance, who visited New York. Every detail of the Club-House will be in keeping with modern ideas of comfort and decoration, from the handsome ball-room, dining-rooms, and bed-rooms to the elaborate baths and bowling-alleys in the basement. The fixtures for the coming twelve months show that the Club-House will be occupied all the year round, as there will be a succession of Baseball, Lacrosse, Lawn Tennis, Athletic Games, Bicycling, Football, Cricket, and Polo matches. Special grounds have been laid out for these sports, and the eight-mile cross-country track has been fixed upon as the standard course for championship cross-country running. The half-a-mile cinder path, twenty-five feet wide, will undoubtedly be the common ground for deciding high-class running contests. There has never heretofore been an accepted neutral ground for the more important athletic struggles, and the rivalry of the big athletic clubs is so bitter that sport has sometimes suffered thereby. All classes of athletes have now fixed upon Morris Park. As the athletic tracks and grounds are all "in field," and some distance from the big stand, a portable grand stand accom-

Grand Stand

modating five thousand people has been constructed, which can be placed at the point of greatest interest.

THE COMPLETION OF THESE ARRANGEMENTS will have an effect on the stamina and pluck of American athletes which it is difficult to exaggerate, for they will now have a championship course of unrivalled beauty, which will accommodate the largest possible crowds, and bring out large fields of contestants.

FOR HORSE RACING, PURE AND SIMPLE, there are three complete tracks: the famous three-quarter mile straight, on which the celebrated El Rio Rey ran three-quarters of a mile in 1.11; the mile-and-a-quarter track with one turn; and the mile-and-a-half track with two turns. The home stretch—2,450 feet long and 100 feet broad through its whole length—is one of the finest in the world.

THE BEAUTY OF THE BUILDINGS IN THE Park, the symmetry of the landscape plan, and the splendor of color, which the gardeners and architects have given it, make a scene of unsurpassed attractiveness. The charm of the place is found mainly in the exquisite harmony between nature and art. There is literally not a bit of color on any of the buildings that dot the Park, which has not been the subject of exhaustive study and consideration. The whole landscape is graceful and comforting to the eye.

THE FREE FIELD, WHICH IS OPEN TO THE public without any charge whatever, is one of the special features. The Grand Stand, with the Betting Ring in the basement and a spacious promenade on the main floor, is a magnificent structure of brick and iron, 650 feet long

and 150 feet deep, having a seating capacity of 10,000 people. In front of it a beautiful lawn slopes down to the track. The general attractions of the grounds are increased by the great array of stables, the trainers' club-house, and the picturesque cottages of the superintendent and other officials. The quarters of the Coaching Club, with a special house, are gracefully laid out, and the various bits of woodland have been prepared for picnic parties.

CRITICISM IS NEARLY ALWAYS COMPARATIVE.

There are many famous race-courses in the world, and it is natural enough that Morris Park should be considered with them. Ascot has the stamp of royal patronage, and a superb approach through Windsor Park, but the buildings are antiquated and the enclosures cramped. The Derby is run on a course that is in no sense picturesque; and though Goodwood has many beautiful points, it does not boast supremacy. So, too, in France, Longchamps—the most famous, but not the best course—has an equipment in track buildings that seem meagre to Americans after the superb structures here. In Austria and Germany the tracks, in a general way, are small, with cosy but not pretentious quarters; while in Australia there are some good stretches of track, but no advance in modern scientific methods in the drainage or the buildings.

THE ALL-ROUND EQUIPMENT OF MORRIS

Park is what has made its fame. It is within good driving distance of the first city of the country, near enough to the sea to get the salt breeze on the warmest days, and nestled in the heart of a bit of beautiful, rolling, fertile country.

IT WILL BE THE ENDEAVOR OF THE NEW York Jockey Club to make Morris Park, in all its details, the most attractive sporting centre of this continent. There is no form of reputable and popular sport which will not find a home on its grounds. They will never be closed.

THE CLUB-HOUSE WILL BE AS COMFORTABLE in mid-winter as in the height of the season, and it will be kept up, in all respects, to the standard of the best city clubs.

In races of intermediate lengths, the weights for the shorter distance are to be carried.

In races exclusively for three-year-olds, or for four-year-olds, the weight shall be 122 lbs.: and in races exclusively for two-year-olds, the weight shall be 118 lbs.

Except in handicaps, and in races where the weights are fixed absolutely in the conditions, fillies two years old shall be allowed 3 lbs.; and mares three years old and upward, shall be allowed 5 lbs.

Under the Old Scale, in races exclusively for three-year-olds, the weight shall be 118 lbs., and for two-year-olds, 115 lbs.; and geldings, of all ages, are entitled to an allowance of 3 lbs.

CONDITIONS AND REGULATIONS OF THIS MEETING.

On race days, entries will close thirty minutes after the last race; on other days, at 4 P.M.

When not otherwise stated in the conditions of the race, weights for handicaps will be announced after the last race on the day before the race, and declarations made through the entry-box thirty minutes thereafter.

Entry blanks will be furnished at the Course, and must be filled in full with description, name, age, pedigree, weight, colors, and allowances.

Owners and trainers must be careful to claim allowances, and are responsible for the weight carried.

Entries and probable starters will be announced immediately after the hour for closing.

If a horse be disqualified on account of incorrect weight, the decision shall not apply to bets, provided the weight published in the programme, or corrected on the notice board, was carried.

In all cases, horses must be struck out thirty minutes before the time appointed for the race to be run, and from that moment all horses remaining in shall be considered starters, as far as the betting is concerned.

If more than one horse, the property of the same owner, be entered for a selling purse, the entry shall not be void, but the horse first named shall alone be eligible to start.

An entry by telegram, received in time, will be accepted as though made through the entry-box.

Winner of a specified sum means winner of a single race of that value.

In all selling races, the half of any surplus on the sale of the winner shall go to the second horse, and the other half of any such surplus shall go to the fund for disabled jockeys.

Jockeys must weigh in twenty minutes before the time set for the race in which they are to ride.

The Club reserves the right to change or withdraw entirely any unclosed race.

Owners not having funds to their credit on the books of the Club, will be required to pay the Forfeit or Entrance Fee before their jockey can pass the scales.

Horses must be saddled in the paddock, unless excused by the Judges.
