"THE QUALITY MAKERS"

TO THE TRADE

It affords us pleasure to submit to our present and prospective customers our No. 2 Illustrated Price List of Hames.

Our aim will be to serve you better in the future than in the past, and merit an increase of your confidence and patronage. We assure you of just and fair treatment at all times.

THE FLAT BACK TUBULAR HAME

Always the best, is now perfection. From the Hayden patent iron gas pipe Hame, we have evolved by progressive methods, our SEAM-LESS STEEL FLAT BACK TUBULAR, of half the weight and double the strength, without increasing cost.

OUR REVERSIBLE TUBULAR

Meets the demand where a good Hame is wanted at a low price. From WELDED STEEL TUBING we have constructed a neat, light, strong and durable Hame, that fits either side of Collar. In this—"The Age of Steel"—it should be universally used.

OUR HOLLOW STEEL—NO WOOD

Has no equal—No competitor. Superior in every way to other cheap Hames. Combines LOOKS; STRENGTH, QUALITY and PRICE.

SCOTCH & STEEL HAMES

Have been very much improved and reduction in price should place us in line for a share of this trade.

TERMS.

NET CASH, 60 DAYS, with exchange on NEW YORK.

A CASH DISCOUNT of 2 per cent 30 days from date of invoice.

No allowance for exchange.

BILLS OVERDUE subject to sight draft.

PRICES AND TERMS subject to change without notice.

No charge for Boxes or Cartage.

All claims for errors must be made on receipt of goods.

Packages by mail or sent out to pack will be at risk of purchaser.

After delivery of goods to Transportation Companies, we will not be responsible for delay, loss or damage.

NOTE:—It is expressly understood that all orders imply an acceptance of above terms.

THIS
