LETTER OF TRANSMITTAL.

DEPARTMENT OF COMMERCE,
OFFICE OF THE SECRETARY,

The PRESIDENT OF THE UNITED STATES SENATE,
Washington, D. C.

SIR: I have the honor to transmit herewith a statement from the Commissioner of Fisheries in response to a resolution of the Senate of the United States, passed May 27, 1922, directing the Secretary of Commerce to furnish the Senate a statement showing the total number of Government-owned Alaska fur-seal skins taken, and other information in connection therewith, together with a complete record of the total annual payments made to the Governments of Great Britain and Japan since 1912, to January 1, 1922, inclusive, and copies of Government contracts made with certain fur companies for dressing and dyeing fur-seal skins owned by the Government.

FUR-SEAL SKIN SALES.

DEPARTMENT OF COMMERCE,
BUREAU OF FISHERIES,
Washington, June 16, 1922.

Subject: Senate resolution passed May 27, 1922, in regard to Government-owned Alaska sealskins.

The SECRETARY OF COMMERCE: In compliance with your instructions relative to Senate resolution directing the Secretary of Commerce to furnish the Senate a statement showing in detail the number of Government-owned Alaska fur-seal skins taken and sold, and other information connected therewith, there are transmitted herewith Statements I to XIX, showing the number of fur-seal skins taken annually on the Pribilof Islands, and the disposition thereof, together with detailed information showing time, place, number of skins sold, classification of skins sold, and prices obtained for each grade and classification.

There are also inclosed Statements XX to XXVIII, showing the amounts paid the Governments of Great Britain and Japan since 1912 to January 1, 1922, together with photostat copies of all contracts and supplemental agreements with Funsten Bros. & Co. and the Fouke Fur Co., for dressing and dyeing fur-seal skins owned by the Government. In this connection attention is respectfully called to the following statement of comparison of revenue received by the United States Government from the Pribilof Islands, Alaska, under leases from 1870 to 1909, and under direct management by the Department of Commerce from 1910 to 1921:

Comparison of revenue received by the United States Government from Pribilof Islands, Alaska, under leases and under direct management by the Department of Commerce.

Under exclusive sealing rights by lease to Alaska Commercial Co.,

1870 to 1899:

Revenue from 1,840,364 skins and lease.....	\$6,010,565.00
Expended for salaries of agents, travel, etc.....	202,655.00

Net revenue received.....	5,807,910.00
---------------------------	--------------

Net average per skin, \$3.15.

Under exclusive rights by lease to North American Commercial Co.,

1890 to 1909:

Revenue from 339,180 skins and lease.....	\$3,752,415.00
Expended for salaries, travel, food for natives, etc.....	596,085.00

Net revenue received.....	3,156,330.00
---------------------------	--------------

Net average per skin, \$9.30.

Under direct management by the Department of Commerce, 1910 to

July 1, 1921:

Revenue from 101,594 skins.....	\$4,321,141.03
Expended for salaries, travel, care of natives, etc.....	1,151,596.50

Net revenue received.....	¹ 3,169,544.53
---------------------------	---------------------------

Net average per skin, \$31.20.

¹ No deductions have been made from this total for payments to Great Britain and Japan, amounting to \$505,434.64 each.

Under the leasing arrangements the Government received no revenue from the sale of fox skins from the Pribilof Islands. Under the direct management of the Department of Commerce since 1910 there have been sold 5,204 fox skins, which netted the Government \$403,759.34.

Attention is also called to the fact that when the Alaska Commercial Co. leased the right to take sealskins on the Pribilof Islands, the seal herd was estimated to contain over 2,000,000 animals, and during the leasing period of 40 years the herd was so depleted as to leave only 132,279 animals when the direct management of the islands was taken over, in 1910, by the Department of Commerce. From that date, to and including 1921, the stock has been increased to 581,453 animals, and there are now 41,091 sealskins on hand.

The average net price per skin received by the Government during the 40 years under lease is \$4.11. The net increase in price per skin received under direct management by the Department of Commerce is over 600 per cent, and during this period the stock of animals and skins on hand, instead of being reduced, as under the leasing periods, has been built up and increased over 370 per cent.

HENRY O'MALLEY,
Commissioner.

¹ By the terms of the sealing convention of July 17, 1911, and the act of August 24, 1912, Great Britain and Japan, during the period suspending the killing of fur seals for commercial purposes, each received a loan of \$10,000 per annum in lieu of any financial interest in the seals killed for food purposes. The skins in this sale were from seals taken for food of the natives of the Pribilof Islands and not for commercial purposes.

² Of these 10,102 skins, 3,882 were food skins of 1917 take; 1,943 were commercial skins of 1917 take, and 4,277 were commercial skins of 1918 take.

³ Twelve of these were food skins taken in 1917 with which the foreign countries had no financial interest

XIII.

St. Louis, December 11, 1919.

Mr. H. M. SMITH,
Commissioner, Department of Commerce,
Bureau of Fisheries, Washington, D. C.

DEAR SIR: Please refer to your letter dated November 13 bearing upon previous exchange of correspondence between our respective offices in regard to the so-called food skins remaining unsold after the April, 1919, sale.

With reference to the spoiled skins, there being 17 of these out of the 31, the remainder of which are samples of work of our dressing and dyeing department at different periods, which we desire to obtain for exhibition, and on which we offer a price of \$80 per skin.

This figure has been arrived at on the basis of the purchase price these skins brought at the last sale, which basis we think is more fair.

Kindly advise us if this figure is satisfactory, and we will mail you our check to cover.

Yours very truly,

FUNSTEN BROS. & Co.

DECEMBER 20, 1919.

Messrs. FUNSTEN BROS. & Co., *St. Louis, Mo.*

Very truly yours,

H. M. SMITH, *Commissioner.*

ST. LOUIS, *March 15, 1921.*

HON. H. M. SMITH,
Commissioner of Fisheries,
Washington, D. C.

DEAR DOCTOR SMITH: Replying to your letter of February 4, addressed to Funsten Bros. & Co., in reference to the 19 skins which we are holding as exhibits of work done, also for reference purposes in experiments, we suggest that we remit for these to the Government at \$35.14 per skin, the average price established at our recent sale, we to pay the dressing and dyeing charges.

We anticipated handling 100 skins of the 1919 catch for exhibition purposes, but so far have only put through 25 skins for this purpose. We suggest that we remit for these to the Government at \$35.14 per skin, we to pay the dressing and dyeing charges. It is more costly to us to prepare these skins in this manner, but we would be willing to charge only \$15 per skin for the dressing and dyeing and dispose of them to retailers of sealskins at \$50 per skin. At this price we believe we could interest a number of retailers in different parts of the country, and we are confident that these exhibition skins will do much to create an interest in and a demand for Alaska fur seal skins which will redound to the benefit of the Government. As stated above, we have only finished 25 skins, but if they meet with the demand we expect them to we shall then want 75 more or as many as the trade can use for exhibition purposes.

We have contracted for page 1 in the Fur Trade Review for a year, and the space shall be used to advertise Alaska sealskins and to urge a more general use of them. In addition to this we expect to do other circular advertising provided we have a large enough catch of sealskins each year. We hope to materially increase the demand for Alaska sealskins.

Awaiting your reply, we are very truly yours,

FOUKE FUR CO.,
P. B. FOUKE, *President.*

MARCH 19, 1921.

GENTLEMEN: In reply to your letter of the 15th instant, stating that you wish to purchase 19 fur-seal skins of the 1918 take and 25 of the 1919 take, which have been prepared as exhibition skins, at the rate of \$35.14, the average price established at the recent sale, you are advised that this price is acceptable to the department. This is with the understanding that the Government will not, as stated by you, be put to any expense for dressing and dyeing the skins. In order that transactions involving skins of the respective years may be handled properly, please make separate remittances for the 1918 and 1919 takes of skins.

The department notes with interest that you plan to dispose of the 25 skins to retailers for publicity purposes. It is believed that your plans for advertising Alaska fur-seal skins will do much toward stimulating the demand, and that results will be most gratifying to all concerned.

Respectfully,

E. F. SWEET,
Assistant Secretary of Commerce.

Whereas the Government of the United States is the owner and has under its control certain sealskins and certain fox skins, taken annually on the Pribilof Islands and in Alaska, the taking and disposal of which are, subject to existing laws, under the control of the Secretary of Commerce; and

¹ The unit cost of 23 cents per skin for transportation is determined by the payment of \$5,848.77 on 25,238 skins shipped from Seattle, Wash., to St. Louis, Mo., on Oct. 27, 1919.

Whereas Funsten Bros. & Co., a corporation created by and existing under the laws of the State of Illinois, and having its principal office located at Second and Elm Streets, city of St. Louis, State of Missouri, is engaged in the business of storing, sorting, and selling fur skins; and

Whereas the corporation mentioned satisfactorily conducted for the Government the sale of all skins taken by it from the Pribilof Islands and in Alaska during the year 1913; and

Whereas it is the desire of the Secretary of Commerce to continue the sales of such skins in the United States, in order to establish therein a permanent sealskin and fox-skin market, and also to establish in the United States the industry of dyeing and dressing such skins:

Now, therefore, this agreement, made and entered into this 30th day of August, 1915, by and between the United States of America (hereinafter designated as the Government), by the Acting Secretary of Commerce (in accordance with and by virtue of authority conferred by the act of April 21, 1910, 36 Stat. 326, and the act of August 24, 1912, 37 Stat. 499), of the first part, and Funsten Bros. & Co. (hereinafter designated as the company), a corporation as aforesaid, of the second part:

Witnesseth, that for and in consideration of the covenants and agreements hereinafter stated, the Government will ship to the company, at St. Louis, Mo., such sealskins and fox skins as are taken annually by it at the Pribilof Islands and in Alaska, and are available for sale by the Government, and the company will receive and accept the same at said city of St. Louis, Mo., as a consignment from the Government, to be sold by the company at public auction, or to have dressed and dyed and then sold by the company at its salesrooms in the city of St. Louis, on behalf of the Government upon the terms and conditions following, that is to say:

First. All freight charges and other expenses involved in the transportation of said sealskins and said fox skins from San Francisco, Calif., Seattle, Wash., or other port to which they may be brought, to the warehouse of the company in St. Louis, including advance charges at San Francisco, Calif., Seattle, Wash., or other port to which they may be brought, and carriage at St. Louis, shall be paid by the company and deducted from the proceeds of sales, as hereinafter provided.

Second. Insurance upon said sealskins and fox skins for the benefit of the Government, covering loss or damage thereto on the voyage from the Pribilof Islands to St. Louis, Mo., or any part of such voyage, in such amount as shall be satisfactory to the Secretary of Commerce, shall be taken out (if requested by the Government) by the company and the premium or premiums for such insurance shall be paid by the company and deducted from the proceeds of sales, as hereinafter provided.

Third. After the receipt of said sealskins and said fox skins at the warehouse of the company in St. Louis, they shall be properly assorted according to size, quality, and condition, in conformity with custom, and shall be placed in cold storage and kept therein until exhibited for sale and delivery to buyers; and a copy of the assortment so made shall be transmitted by mail to the Secretary of Commerce as soon as possible after the same is completed. While in the possession of the company in the city of St. Louis, said seal and fox skins shall be kept insured by them against loss by fire, and all due and customary precautions shall be taken by the company for the safe-keeping of said skins and to prevent deterioration, the expenses thereof being borne by the company.

Fourth. Said sealskins and said fox skins shall be sold by the company at public auction at its salesrooms in the city of St. Louis, Mo., on the customary terms and at such time or times as shall be deemed most advantageous to the Government. The company shall promptly advise the Secretary of Commerce of the time when it proposes to make such sale, and the Secretary of Commerce shall have the right, not less than 15 days before the time at which said sale is appointed to be held, to change the time and determine when such sale shall occur. At such sale or sales the Secretary of Commerce, or his duly authorized representative, shall have the right to withdraw from sale said sealskins and said fox skins or any lot or lots thereof, at any time before the same shall be actually sold.

Fifth. The company shall render to the Secretary of Commerce just and proper accounts of the gross proceeds of any and all sales of said sealskins and said fox skins affected by it, and of all sums received and paid by it; and will keep such accounts in proper books which shall be deemed the property of the Government. And the Secretary of Commerce shall at all times be at liberty, either personally or by agent duly authorized by him, to inspect and carry away such books, or to make and carry away copies of or extracts from such books.

Sixth. The company shall remit and pay to the Secretary of Commerce the net proceeds of any and all sales of said seal and fox skins effected by it, such net proceeds

to be determined as hereinafter provided, within one month after such sales shall have occurred.

Seventh. In making up the account of the sales of said sealskins and said fox skins, and in order to ascertain the net proceeds thereof, the company shall be entitled to receive and retain out of the gross proceeds of said sales the commission hereinafter specified as and for full compensation for all services it may render and all expenses it may incur in connection with the storage, sorting, protection, insurance as aforesaid, and proper care of all of said skins and the advertising and sale thereof, and shall also deduct all costs and expenses incidental to transportation and all expenses for insurance during transportation, if any have been incurred, hereinbefore mentioned, and the amount remaining subject to provisions hereinafter stated shall be the net proceeds of said sales, and payable to the Secretary of Commerce. The company shall be entitled to deduct the amount expended for cold storage charge for the period in excess of six months, on the skins ordered held by the Secretary of Commerce from the year 1913 and the year 1914 up to the time said skins are either dressed and dyed or sold, such charge to be computed at regular market rates, and whenever the Government shall order skins held for a period longer than six months, then the company shall also be entitled to deduct the amount expended for cold storage charge for the period in excess of said six months on the skins so ordered held.

Eighth. All casks in which said sealskins and fox skins are packed, and all surplus salt which may come from said skins, shall, if the same has a salable value be sold by the company and the full amount of the proceeds shall be accounted for and paid over by the company to the Secretary of Commerce when settlement for the proceeds of the sale of said skins shall be made.

Ninth. All contracts made by the company relating to said sealskins and said fox skins for their transportation or their care and protection pending sale, and for the sale and delivery thereof, and all contracts or policies of insurance against risks of transportation, fire, and otherwise may be made by the company in its own name, but the same shall inure to the benefit of the Government; and all claims for loss of said sealskins and said fox skins, or any or either of them, or for damage thereto, which the company may be entitled to make or shall collect against common carriers; or loss or damage by reason of failure to safely and duly transport and deliver such skins, shall likewise inure to the benefit of and be paid to the Government, less the legal charge for collection.

Tenth. During the closed season period in which the killing of seals on the Pribilof Islands is restricted to the number required to supply food, clothing, and boat skins for the natives on the islands, as provided by the act of August 24, 1912 (that is to say, during the years 1915, 1916, and 1917, unless such closed season should be sooner terminated by law), the commission of 4 per cent shall be paid to the company as and for full compensation for all services it may render and all expenses it may incur in connection with the storage (except skins ordered held longer than six months), sorting, protecting, insurance as aforesaid, and proper care of all of said skins, and the advertising and sale thereof. Upon the expiration of said closed season, under the law as it now stands, or as it may be hereafter amended or changed, such commission shall be as follows:

1. If the total number of sealskins and fox skins combined to be sold, consigned in any one year to the company, shall not exceed 20,000, the rate of commission figured on the basis aforesaid shall be 4 per cent.

2. If such total number shall exceed 20,000, but not exceed 30,000, the rate of such commission shall be $3\frac{1}{2}$ per cent.

3. If such total number shall exceed 30,000, but not exceed 40,000, the rate of such commission shall be $3\frac{1}{2}$ per cent.

4. If such total number shall exceed 40,000, but not exceed 50,000, the rate of such commission shall be $3\frac{1}{2}$ per cent.

5. If such total number shall exceed 50,000, the rate of such commission shall be 3 per cent.

If at any time either the Government or the company shall be dissatisfied with the foregoing provision with respect to the commission to be paid after the expiration of said closed season, written notice thereof shall be given to the other parties hereto, and thereupon each of said parties shall select an arbitrator, and these two arbitrators shall select a third arbitrator; and the three arbitrators so chosen shall constitute a board of arbitration which shall have full authority to determine whether the commission herein provided is just and fair and, if they deem it necessary, to readjust it as they may see fit; and both of the parties hereto agree to abide by the decision of such arbitrators.

Eleventh. In consideration of the premises, and especially of the compensation provided for in this agreement, the company hereby agrees to bring to the United

States forthwith, as soon as arrangements can be completed, and establish therein a plant using what is commonly known as the Rice process of dressing and dyeing seal-skins, or one using a dressing and dyeing process satisfactory to the Secretary of Commerce, it being understood and agreed that the dressing and dyeing company, when requested so to do, will dress and dye sealskins in such plant for the Government and for individuals, and that the charges to the Government as well as to individuals for dressing and dyeing sealskins and fox skins in such plant shall not exceed the charges heretofore made in London, England, except in so far as may be incident to necessary increased cost of operation. The said company is hereby authorized and directed to arrange for such dressing and dyeing plant to proceed as soon as possible to dress and dye in the usual manner the sealskins of the Government now in possession of said company amounting to about 3,280 skins, and also to make like arrangements for the dressing and dyeing of the sealskins which are taken in the year 1915, amounting to about 5,000, which are expected to arrive by September, 1915. For the dressing and dyeing of all said skins the company agrees that the cost to the Government shall be \$8 per skin, based on the charge heretofore made in London, England, for dressing and dyeing skins by the Rice dressing and dyeing plant, in addition to the compensation hereinbefore provided for, and the company is hereby authorized and directed to retain from the proceeds of the sale of any and all skins sold by the company for account of the Government the said \$8 per skin, which the company agrees to advance and pay to the said plant for dressing and dyeing said sealskins.

Twelfth. Should the company fail to establish therein a plant using said process, or one using a dressing and dyeing process satisfactory to the said Secretary of Commerce, within the period specified in section 11 hereof, or if at any time during the continuance of this contract the company shall fail to faithfully perform the terms and conditions thereof on its part to be kept and performed, the Government may forthwith terminate the same.

Thirteenth. If at any time during the continuance of this contract the Government shall deem it for its best interests that for any year or years the sale of the said seal-skins or said fox skins, or either or any of them, shall be held in London, England, the company, upon receiving reasonable notice thereof from the Secretary of Commerce, shall cause all steps to be taken necessary to full compliance with the directions of the said Secretary of Commerce, and shall keep an accurate account of all necessary additional expenses occasioned by such change in the place of sale, and the same shall constitute a proper charge against the Government and shall be deducted from the gross proceeds of such sale.

Fourteenth. Unless sooner terminated as hereinbefore provided, this contract shall continue in force and effect until the 1st day of January, 1921.

Fifteenth. It is understood and agreed by the parties hereto that this contract and all the provisions thereof shall be subject to any legislation that may hereafter be enacted by Congress relative to the subject matter hereof, and also to such rules and regulations as may be adopted, from time to time, by the Secretary of Commerce.

Sixteenth. Pursuant to section 3741 of the Revised Statutes of the United States, it is further agreed that no Member of or Delegate to Congress, or Resident Commissioner or any officer or employee of the Government or other person whose name is not at this time disclosed, shall be admitted to any share or interest in this contract, or to any benefit to arise therefrom; and that this contract shall be subject in all respects to the provisions of sections 114, 115, and 116 of the Criminal Code of the United States, so far as the same may be applicable.

Seventeenth. The covenants and agreements, and each of them herein contained, shall not be binding on the company if prevented by fire, death, strikes, the act of God, or any other unavoidable cause not within the control of the company.

Signed in duplicate by the parties hereto the day and year first above written.

SUPPLEMENTAL AGREEMENT.

Whereas the parties hereto, the Government of the United States, by Edwin F. Sweet, Acting Secretary of Commerce, and Funsten Bros. & Co., a corporation created and existing under the laws of the State of Illinois, made and entered into a certain written agreement dated August 30, 1915, under the terms of which the Government agreed to ship to the company, at St. Louis, Mo., such sealskins and fox skins as are taken annually by it at the Pribilof Islands and in Alaska and are available for sale by the Government, and the company agreed to receive and accept the same at said city of St. Louis, Mo., as a consignment from the Government, to be sold by the company at public auction, or to have dressed and dyed and then sold by the company at its salesrooms in the city of St. Louis, on behalf of the Government, upon the terms and conditions in said written agreement contained.

And whereas section 11 of the said written agreement provided in part as follows:

"In consideration of the premises, and especially of the compensation provided for in this agreement, the company hereby agrees to bring to the United States, forthwith as soon as arrangements can be completed, and establish therein a plant using what is commonly known as the Rice process of dressing and dyeing sealskins, or one using a dressing and dyeing process satisfactory to the Secretary of Commerce; it being understood and agreed that the dressing and dyeing company, when requested so to do, will dress and dye sealskins in such plant for the Government and for individuals, and that the charges to the Government as well as to individuals for dressing and dyeing sealskins and fox skins in such plant shall not exceed the charges heretofore made in London, England, except in so far as may be incident to necessary increased cost of operation."

And whereas the said Funsten Bros. & Co. have faithfully carried out the above quoted portion of the said section 11 of the said written agreement.

And whereas it is now the desire of the Secretary of Commerce to enter into an agreement with the said Funsten Bros. & Co., supplemental to the said agreement of August 30, 1915, setting forth the prices to be paid by the Government for dressing and dyeing skins in said plant for the period from 1917 to 1922, and for other purposes:

Now, therefore, this supplemental agreement made and entered into this 3d day of July, 1917, by and between the United States of America, hereinafter designated as the Government, by E. F. Sweet, Acting Secretary of Commerce (in accordance with

Second, That the company will dress, dye, and machine at its said plant all skins, other than wigs, shipped to it by the Government, using therefor the process which it has heretofore used and is now using, and will handle all wigs received as directed by the Government, the company's charges for such services to be as set forth herein, which charges the company is hereby authorized and directed to retain from the proceeds of the sale of any and all such skins sold by the company for account of the Government; it being understood and agreed that each and all of the provisions, stipulations, and conditions of the said original agreement of August 30, 1915 (except date of expiration), relating to the sale of sealskins and fox skins for the Government, shall be and are hereby made a part of this supplemental agreement, and are made applicable to the sale of wigs and of skins dressed, dyed, and machined as herein provided:

Fourth, That the company will, during the term of this supplemental contract, during the fur-seal killing season each year, as the Government may direct, send to the Pribilof Islands two or more experts experienced in the killing and skinning of seals and the salting of sealskins, for the purpose of cooperating with the departments' representatives and of instructing and assisting the natives and others engaged in such work, in order that skins taken by the Government may be secured and handled in the best possible manner.

Fifth, That the salaries and compensation of such experts, as well as all other expenses incident to their employment, including traveling expenses, subsistence, etc., shall be borne by the said company, provided, however, that the Government shall, without expense to the company, transport said experts, from some port on the Pacific coast, to be designated by the Government, to and from the said islands on vessels owned or leased by the Government, and shall furnish said experts with board and lodging while being so transported and while on the said Pribilof Islands for the purposes aforesaid.

Seventh. That when the said wigs shall have been treated as directed by the Government and when other sealskins shall have been dressed, dyed, and machined as herein provided for, and while in the possession of the company thereafter, they shall be insured against loss by fire, and all due and customary precautions shall be taken by the company for the safeguarding of all of the said skins, the expenses thereof to be borne by the company. The insurance herein provided for is to be in addition to that provided for in section 3 of the original contract of August 30, 1915, and shall be based upon the increased value of such skins by reason of such dressing and dyeing, as aforesaid.

Eighth. It is understood and agreed by the parties hereto that this supplemental contract, and all the provisions thereof, shall be subject to any legislation that may hereafter be enacted by Congress relative to the subject matter hereof, and also to such rules and regulations as may be adopted from time to time by the Secretary of Commerce.

Twelfth. That the parties hereto further covenant and agree that nothing contained herein shall be construed as altering, affecting, or modifying any of the provisions, terms, or conditions of the said original contract not herein expressly altered, affected, or modified.

FUNSTEN BROS. & Co.,
By P. B. FOUKE, *President.*
D. J. HALLEY, *Secretary.*

[CORPORATE SEAL.]

I, D. J. Halley, do hereby certify that I reside at St. Louis, Mo., and am the secretary of Funston Bros. & Co., the corporation described in and which executed the foregoing contract, and that as such I have custody of its records and seal; that the said corporation is organized under the laws of the State of Illinois; that the corporate seal affixed to said instrument is the seal of said corporation and was thereto affixed by order of its board of directors; that P. "SEC. 7 (Subsec. 1). *Duties of president.*—The president shall execute all bonds, contracts, or other instruments requiring to be made or executed for and on behalf of the company; he shall sign all bills, notes, and drafts, and indorse same when required by the needs of the business. He shall also have the power to sign checks and indorse same."

In witness whereof I have hereunto set my hand and affixed the seal of said corporation at St. Louis, Mo., this 23d day of June, 1919.

D. J. HALLEY, *Secretary.*

(Affix corporate seal.)

Whereas the Government of the United States is the owner and has and will have under its control certain sealskins and certain fox skins which have been or may be taken annually on the Pribilof Islands, the taking and disposal of which are, in accordance with and subject to existing laws, under control of the Secretary of Commerce;

And whereas it appears to the satisfaction of the Secretary of Commerce that the financial condition of the Funston Bros. & Co., a corporation organized and existing under the laws of the State of Illinois, which corporation has heretofore been employed as an agency for the sale of fox skins and the dyeing, dressing, machining, and sale of sealskins, is such as to jeopardize the interests of the United States if permitted to further act as such agency;

And whereas the Fouke Fur Co., a corporation organized and existing under the laws of the State of Delaware, is authorized to conduct the business of storing, working, dyeing, dressing, machining, and selling of seal and other skins;

And whereas it is deemed for the best interests of the United States that the business of handling and selling the seal and fox skins taken and to be taken as aforesaid, in accordance with the act of April 21, 1910 (36 Stat. 326), and the act of August 24, 1912 (37 Stat. 499), be conducted by the Secretary of Commerce through the agency of the said Fouke Fur Co.:

Now, therefore, this agreement made and entered into this 15th day of February, 1921, by and between the United States of America (hereinafter designated as the Government), by Joshua W. Alexander, Secretary of Commerce, party of the first part, and the Fouke Fur Co. (hereinafter designated as the company), party of the second part.

Witnesseth, that for and in consideration of the covenants and agreements hereinafter stated, the Government will turn over to or ship to the company at St. Louis, Mo., such sealskins and fox skins as are under its control or are taken annually by it at the Pribilof Islands and are available for sale by the Government, and the company will receive and accept the same at said city of St. Louis, Mo., as a consignment from the Government, to be sold by the company at public auction in the city of St. Louis; or to have dressed and dyed and then sold by the company at public auction in the city of St. Louis, on behalf of the Government, upon the terms and conditions following, that is to say:

First. All freight charges and other expenses involved in the transportation of said sealskins and said fox skins from San Francisco, Calif., Seattle, Wash., or other port to which they may be brought, to the warehouse of the company at St. Louis, including advance charges at San Francisco, Calif., Seattle, Wash., or other port to which they may be brought, and carriage at St. Louis, shall be paid by the company and deducted from the proceeds of sales as hereinafter provided.

Second. After the receipt of said sealskins and said fox skins at the warehouse of the company in St. Louis, and while in the possession of the company thereafter and until they shall have been dyed, dressed, and sold, as provided for herein, they shall be kept insured by the said company against any loss by fire, and all due and customary precautions shall be taken by the company for the safe-keeping of said skins and to prevent deterioration, the expenses thereof being borne by the company.

Third. Said sealskins and said fox skins shall be sold by the company at public auction in the city of St. Louis, Mo., on such terms as will require payment therefor in not to exceed 90 days, and at such time or times as shall be deemed most advantageous to the Government. The company shall promptly advise the Secretary of Commerce of the time when it proposes to make such sale, and the Secretary of Commerce shall have the right, not less than 15 days before the time at which said sale is appointed to be held, to change the time and determine when such sale shall occur. At such sale or sales, the Secretary of Commerce or his duly authorized representative shall have the right to withdraw from sale said sealskins and fox skins or any lot or lots thereof, at any time before the same shall be actually sold.

Fourth. The company shall render to the Secretary of Commerce just and proper accounts of the gross proceeds of any and all sales of said sealskins and said fox skins offered by it, and of all sums received and paid by it, and will keep such accounts in proper books which shall be deemed the property of the Government. And the Secretary of Commerce shall at all times be at liberty, either personally or by agent duly authorized by him, to inspect and carry away such books, or demand and carry away copies of, or extracts from, such books.

Fifth. The company shall remit and pay to the Secretary of Commerce the net proceeds of any and all sales of said seal and said fox skins effected by it, such net proceeds to be determined as hereinafter provided, within 100 days after such sales shall have occurred.

Sixth. If the Government shall deem it advisable or necessary, the company will, during the term of this contract, during the fur-seal killing season each year, send to the Pribilof Islands not to exceed five experts experienced in the killing and skinning of seals and the salting of sealskins, as the Government may direct, for the purpose of cooperating with the department's representatives and of instructing and assisting the natives and others engaged in such work, in order that skins taken by the Government may be secured and handled in the best possible manner.

Seventh. That the salaries and compensation of such experts, as well as all other expenses incidental to their employment, shall be paid by the company, and all traveling and subsistence expenses from St. Louis to the Pribilof Islands and return shall be borne by the Government, and the Government shall furnish said experts with board and lodging while on the said Pribilof Islands for the purposes aforesaid.

Eighth. That the company will, during the term of this contract, on or before the 1st day of May in each year, advance to a representative of the Government, to be designated by the Secretary of Commerce, such sum as shall be determined by the Government to be necessary to enable its representatives to pay such compensation for services as shall be fixed by the said Secretary of Commerce to persons engaged in killing and skinning foxes and seals and salting and handling said skins, or otherwise employed in connection therewith, preparatory to the sale of said skins, it being understood and agreed that the company will deduct from any payment of net proceeds to be made as provided for in paragraph fifth the advance made by it as aforesaid.

Ninth. In making up the account of the sales of said sealskins and said fox skins, and in order to ascertain the net proceeds thereof, the company shall be entitled to receive and retain out of the gross proceeds of said sales the commission hereinafter specified as and for full compensation for all services it may render and all expenses it may incur in connection with the storage, sorting, protecting, insurance as aforesaid, and proper care of all of said skins, and advertising and sale thereof, and shall also deduct all amounts advanced to pay costs of and expenses incidental to the transportation as provided in paragraph first hereof, and for any time in excess of six months during which skins are held by the company by reason of the postponement of any sale as hereinbefore provided for, the company shall be allowed to charge for storage at regular market rates, and the amount remaining, subject to the provisions hereinafter stated, shall be the net proceeds of said sales and payable to the Secretary of Commerce.

Tenth. All casks in which said sealskins and said fox skins are packed, and all surplus salt which may come from said skins, shall, if the same has a salable value, be sold by the company and full amount of the proceeds shall be accounted for and paid over by the company to the Secretary of Commerce when settlement for the proceeds of the sale of said skins shall be made.

Eleventh. All contracts made by the company relating to said sealskins and said fox skins for their transportation or their care and protection pending sale, and for the sale and delivery thereof, and all contracts or policies of insurance against risks of transportation, fire, and otherwise, may be made by the company in its own name, but the same shall inure to the benefit of the Government; and all claims for

loss of said sealskins and said fox skins, or any or either of them, or for damage thereto, which the company may be entitled to make or shall collect against common carriers; or loss or damage by reason of failure to safely and duly transport and deliver such skins, shall likewise inure to the benefit of and be paid to the Government, less the legal charge for collection.

Twelfth. When directed by the Secretary of Commerce, the company shall secure marine and transportation insurance, the necessary cost thereof to be paid by the company and deducted from any payment of net proceeds to be made as provided for in the fifth paragraph hereof.

Thirteenth. During the term of the existence of this contract, the following commissions shall be paid to the company as and for full compensation for all services it may render and all expenses it may incur in connection with the storage (except skins ordered held longer than six months as provided in paragraph ninth), sorting, protection, insurance as provided in paragraph second, and the proper care of all said skins, and the advertising and sale thereof:

1. If the total number of sealskins and fox skins combined to be sold, consigned in any one year to the company, shall not exceed 20,000, the rate of commission figured on the basis aforesaid shall be 4 per cent.

2. If such total number shall exceed 20,000, but not exceed 30,000, the rate of such commission shall be 3½ per cent.

3. If such total number shall exceed 30,000, but not exceed 40,000, the rate of such commission shall be 3¼ per cent.

4. If such total number shall exceed 40,000, but not exceed 50,000, the rate of such commission shall be 3½ per cent.

5. If such total number shall exceed 50,000, the rate of such commission shall be 3 per cent.

Fourteenth. In consideration of the premises, and especially of the compensation provided for in this agreement, the company hereby agrees, subject to the provisions of paragraph 15 hereof, to do or have done the dressing, dyeing, and machining of all sealskins turned over to it for this purpose, in accordance with the process heretofore used in the dyeing, dressing, and machining of skins by the Gibbins & Lohn Dressing & Dyeing Co., or to have the said dyeing, dressing and machining done in such other manner as shall be satisfactory to the Secretary of Commerce.

Fifteenth. For the dyeing, dressing, and machining of sealskins, as provided for in paragraph 14, the company shall be entitled to make charges in accordance with the following graduated scale of prices, which are based on the total number of sealskins taken by the Government each calendar year, the amounts of which charges the company is authorized and directed to retain from the proceeds of the sale of any and all such skins sold by the company for account of the Government. Such skins as are credited to or belong to the Governments of Great Britain and Japan, under the convention of July 7, 1911, which are turned over to the company for dyeing, dressing, and machining, shall be included in the number on which the compensation is based.

The graduated scale of prices herein referred to, arranged in the form of a table, shows the price per skin. The figures in the first column indicate the minimum and maximum number of sealskins taken by the Government, on which the unit price is based. The figures at the top of the second, third, fourth, fifth, and sixth columns indicate the years in which the skins may be taken.

	1921	1922	1923	1924	1925

50,001 and over.....	16.50	15.50	13.00	12.00	11.00

Upon the execution of this contract the company shall advance and pay to the Funsten Bros. & Co. \$200,000, which is to be in full payment of any and all charges which the said Funsten Bros. & Co. may have made or may make to cover advances made by the said Funsten Bros. & Co. in connection with the transportation insurance, storage, dyeing, dressing, and machining of all skins now belonging to the Government, and shall obtain and deliver to the Secretary of Commerce a receipt from the said Funsten Bros. & Co. showing that the said \$200,000 has been received by it and that it releases and discharges the Government from any other or further payment in connection with the execution of any and all of the contracts and agreements heretofore existing by and between the United States and the said Funsten Bros. & Co.

The company further specially agrees that no charge shall be made for the transportation, insurance, storage, dyeing, dressing, and machining of the first 16,000 skins which may be sold by the company for and on account of the Government, the company being entitled to charge for the dyeing, dressing, and machining of all skins, exclusive of the first 16,000, sold by it for and on account of the Government, the prices as fixed in the table of prices above in this paragraph set forth, in consideration of which special agreement, the Government specially agrees that, from the first sale of skins made by the company for and on account of the Government, the company shall deduct and retain, in addition to the commissions provided for in paragraph thirteenth hereof, \$125,000, and from the proceeds of the second sale of skins made by the company for and on account of the Government, the company shall deduct and retain, in addition to the commissions provided for in paragraph thirteenth hereof, \$75,000.

The prices fixed in this paragraph for dyeing, dressing, and machining of sealskins for the year 1925 shall continue in force after the calendar year 1925 until the termination of this contract unless by mutual consent expressed in writing the said prices are raised or lowered to meet changed conditions.

Seventeenth. If required by the Secretary of Commerce, the company agrees to furnish a bond in such sum and with such surety or sureties as shall be satisfactory to the Secretary of Commerce, conditioned upon the faithful performance of each and every covenant and agreement to be performed by the company under the provisions hereof.

Eighteenth. Unless sooner terminated by agreement under seal of the parties hereto or otherwise terminated by any legal process, this contract shall continue in force and effect until the 15th day of February, 1931.

Nineteenth. It is understood and agreed by the parties hereto that this contract and all the provisions thereof shall be subject to any legislation that may hereafter be enacted by Congress relative to the subject matter hereof, and also to such rules and regulations as may be adopted, from time to time, by the Secretary of Commerce.
