JOURNAL PRINTING CO., PRINTERS, Macomb, Ill.

Of Importance to Bidders

This sale will be conducted under the following

TERMS AND CONDITIONS

Each animal offered will be sold without reservation (unless publicly stipulated to the contrary) under the following conditions, to-wit:

TERMS—This sale is for cash, 25 per cent to be paid immediately after the animal is sold, or the sale may be declared void, at the option of the seller. The balance of the purchase money must be paid, or secured, on the same day, or the deposit so made will be forfeited as agreed damages. All payments must be made to the cashier of the sale, for in no case will payments to the consignor entitle the purchaser to obtain the stock. On final payment for an animal the cashier of the sale will issue an order for presentation to the superintendent of stalls for the delivery of the animal so paid for, which orders buyers are cautioned not to lose. Buyers assume all risks and expenses on animals incurred after they are struck down.

BUYERS WILL PROVIDE THEMSELVES WITH CURRENCY, BANK EXCHANGE, OR BANK REFERENCE.

WARRANTIES—The name of the owner, who is the responsible party, is given with each entry, and all representations are made by him. All remarks of the consignor at the time of the sale as to a guarantee of any character, correction of catalogue, etc., will be noted in the auctioneer's record at the same time, and all settlements will be made in accordance therewith. This company will announce, when known, any turf penalty in force on the animal offered, but will assume no liability by reason of any penalty, whether such announcement is made or not. Where consignors report the futuriay engagements of youngsters, a memorandum is printed under the name of each animal. On these engagements, no liability is assumed by the purchaser and further payments to continue eligibility to the events are optional with the purchaser.

BUYERS ARE, THEREFORE, CAUTIONED TO PAY ATTENTION TO THE ANNOUNCEMENTS FROM THE AUCTIONEER'S STAND.

CHALLENGES—All animals will be sold "as they stand," as respects soundness, the eyes and the wind being guaranteed by the consignor unless otherwise announced by the auctioneer. Any vice,

however, is subject to challenge. All sales, therefore, will be binding unless a representation be challenged on grounds other than where the soundness of the animal is involved. No liability, legal or otherwise, is assumed by the Western Illinois Horse Sale Company from either party in consequence of any representation or challenge, and, after full payment for the animal and its delivery to the buyer, no warranty of the seller can be challenged through the Western Illinois Horse Sale Company.

WE ACT AS AGENTS SIMPLY AND SHALL ENDEAVOR TO PROTECT THE INTERESTS OF BOTH, SELLER AND BUYER.

BIDS—No bids less than \$5.00 will be accepted. The highest bidder to be the buyer; and if any dispute arises between two or more bidders, the animal in dispute shall be immediately put up again for advance bids. If there be no advance, then the animal shall go to the person from whom the auctioneer recognized the last bid. No bids will be recognized from intoxicated or disorderly parties.

SPECIAL NOTICE.

Purchasers are earnestly requested, for their own protection, to comply strictly with the foregoing conditions of the sale, but should they fail to take advantage of the conditions, adopted mainly for their protection, they waive all recourse thereafter. Bidders are cautioned to comply with the laws of the state regarding auction sales and are hereby warned against bidding unless prepared to comply with the foregoing conditions. Animals resold, owing to the dereliction of the bidder, are sold for the account of the party defaulting, who will be liable for the commission charges of this company and other liabilities.

HORSES TO BE SOLD WILL BE AT THE SALE BARNs PRIOR TO THE DAY OF THE SALE AND BUYERS ARE INVITED TO COME AND EXAMINE THEM.

Prospective buyers should go to the grounds early and examine the horses carefully. The grooms in charge are instructed to show any horse on request, and will gladly do so.

Horses consigned are turned over to the Western Illinois Horse Sales Company, but can be shown by the consignor, and after they are knocked down are to be returned to the company, and will be held by them until paid for by the purchaser, when a release slip is given the buyer which must be presented to the stall manager.

4th dam Princess Ethel by Volunteer 3; 5th dam Black Bess by Stockbride Chief, dam of Mabrinio Paymaster.

Owner's Statement—Red Vincent is one of the most desirable colts to be found anywhere. A beautiful seal-brown, foaled 1910. A very grand individual, every inch of him. Will develop into a horse to weigh 1150 pounds and to stand 15.3 hands. He was broken this last fall, and his disposition is perfect; has no bad habits. Is sound and smooth. Is a show colt. With his limited amount of handling he can show a lot of speed at the trot. Now, how about his breeding? He is one of the best and most fashionably bred ones in the world. Sired by the best bred son of the great sire Moko, and having five good producing dams, what a stock horse he should make. I know that it is seldom that a colt of this kind is sold at public auction, and whoever gets him will no doubt buy him for less than his value.

Owner's Statement—Fine driver; city broke; good style; fine disposition. This mare will make an excellent single or double driver, and good enough to train. Her dam, believed to be a high bred trotting mare, was shipped from Wisconsin to be bred to Swift Bell at North Henderson, Ill. Her owner allowed her to be sold for the breeding and feed bill, and her breeding was lost track of. Her owner was never afterwards located. This mare shows that she is a high bred one.

No. 10 *142* GALE J. S. 42061

Bay horse. Foaled 1902. Bred by J. S. Butty, Libertyville, Ill. Consigned by J. D. Tabler, Plymouth, Ill.

Owner's Statement—The secret of "It's always a Jay Bird" is well understood by those acquainted with his descendants, the Allertons along with the rest. It is their super-vitality first of all—this with their wonderful speed conformation and disposition to stick to their gait, makes this the greatest of all harness horse families. This is a family that stays sound in training and never quits on the home stretch. They cross uniformly well with the other great families, as proven by the records. No other sire approaches Allerton, with his 246 in the list, including Laconda 2:02, also Stroller 2:05¼, the fastest new trotter out last year. Gale J. S. of this consignment is probably as well bred as any grandson of Allerton, if not the best bred. Combining, as he does, the blood of Allerton and Alcantara on his sire's side, with that of Belmont, Nutwood, Red Wilkes, and Dictator on his dam's side. Gale J. S. will prove his worth in proportion to his breeding, if given a fair chance on the track and in the stud. He has had no track work, but has been driven quite a good deal to buggy. He is a prolific sire and his colts are a sound lot, with good size and big gaited.

If you are a member of the Driving Club you can get a winner in this catalogue.

CLAUDIA

Public Trial 2:22.

Pacer. Bay mare. Foaled 1903. Bred by A. V. Brooking, Macomb, Ill.

Consigned by Wallace Fellheimer, Macomb, Ill.

Claudia's dam was a high-class road mare, purchased in the west, and her breeding was lost. She was a mare of quality, and considered one of the best road mares in the county.

Owner's Statement—Claudia is a good-sized, nice, clean, breedy-looking mare. She was worked as a 4-year-old and had lots of speed, showing a public trial of 2:22. For the past few years she has been used for a family mare, in which capacity she cannot be surpassed. With her speed, breeding and manners she should make an exceptionally good brood mare.

If you need a driver you can select a good one here.

He was then withdrawn from training to be saved for this year. He is four years old and in condition to be put in active training and will make a winner in the races this season if given a chance. The owner has three two-year-olds which he wishes to develop and they require all the time he can spare from his business. The buyer of Roxe can rest assured that he owns a horse that will make good either as a race, matinee or fun horse. Too many horses is my reason for selling

Getting the Habit

A young man said "I deposit my savings weekly rather than monthly, because the oftener I make the deposit makes the savings habit that much stronger.

Wouldn't it pay you to establish the habit of investing in a savings account at the

Owners' Statement—Corner Stone has plenty of speed. His blood lines cannot be improved on. He has the Greystone-Mambrino cross that produced three horses with marks better than 2:10. Rutherford Bros. of Austin, Minn., credit him with working a mile in 2:16. He won the matinee race here last summer; fastest half in 1:09. I have driven him a half in 1:07½ and an eighth in 16 seconds. He is a beautiful blood bay 16.1 hands high and weighs about 1200 pounds. No better dispositioned horse ever lived, either in or out of the barn. He does not care for autos or steam cars. He has plenty of mares here that show he is a foal getter. If you want a horse that will pay himself out and make you good hard cash, one that you can have fun with and beat the other fellow, buy him.

Tezuca was purchased in Missouri by W. C. Sutton and was said to be standard. She showed good breeding, and an effort was made to trace her breeding, but it could not be accurately established; but she was a high bred mare.

Owner's Statement—Here is the horse that will fulfill any picture in regard to beauty and intelligence. He is a coal black with two white hind feet; a beautiful, cresty, full-made neck that grows straight out of his withers, topped off with a nice, clean-cut, well-proportioned head with a pointed, upheld, fox-like ear; a nice, full-made loin and back, with hips as smooth and rounding as an apple. He is used to city sights, drives on either a tight or loose line, has lots of action, and can brush a fair gait. If you are looking for a driver, look him over.

ANNOUNCEMENT.

The stock offered for sale in this catalogue is owned by Geo. E. Luster Jr. We guarantee each and every animal is bred as represented and the title good. We think them sound but you must be your own judge. We do not guarantee soundness. As you will see this bunch of colts are entirely undeveloped and in the rough. The trotting horse game as you know at the best is a lottery. Where you consider the superb breeding of this stock is it not possible, yes probable there may be 2:10 trotters and pacers in this bunch. Here is a chance for some horseman to reap the benefit of development. We raise them for that purpose.

HELEN

Trotter. Bay Filly. Foaled April 1910. Bred and Consigned by the
Luster Stock Farm, Good Hope, Ill.

4th dam by Robert Lee, 5th dam by Blinker Deen.

Owner's Statement—A well bred filly halter broke only. Should be fast considering breeding and dam. Consider well the breeding of this filly by the fastest son of the noted Allerton. Redlac himself a great sire then notice the Wilkes and Hambletonian crosses, last but not least the noted Clark Chief blood, he being the sire of Kentucky Prince. The sire as you know of the dam of Axworthy one of the greatest living sires today. If breeding will not produce speed it is useless to try farther. I might call your attention also to the Abdallah blood as you know traces directly to Maud S. This mare was taken out of pasture four weeks ago. Here is a diamond in the rough. Oakland Abdallah was by Lakeland full brother of Harold sire of Maud S.

There are a good many colts here that will develop fast.

4th dam by Blinker Deen.

Owner's Statement—Bred July 7, to Aleuxenite 53233 In foal to Aleuxenite. I believe the best bred son of Allerton. Aleuxenite 1st dam Euxnite race record 2:11 1/4, trotting Euxnite by Expedition by Electioneer etc. Euxenite first dam, Euxine by Axtell 2:14 1/4, Euxine the dam of Euxenite 2:14 1/4, trotting, Libbie Queen 2:15 trotting. Guy John very fast record around 2:15 and one or two others. Euxenite 2nd dam. Russia by Harold Euxenite, 3rd dam Miss Russell by Pilot Jr. Euxnite, 4th dam Boston, noted thorough bred. Can you beat the pedigree of this foal? Combining three crosses close up of the noted Miss Russell, Expedition's 1st dam having a cross. Euxnite's 3rd dam Miss Russell. Euxenite's 2nd dam, a full sister of Maud S., then the Miss Russell cross again by Nutwood consider the fact that Miss Russell today stands at the head of the list as a producer of 2:10 speed. I repeat can you conceive of a colt having a more fashionable bred pedigree combining the blood of Nutwood. Pilot Jr. Axtell, Expedition Harold Clark, Chief, Allerton. Volunteer, American Star, last but not least the Boston thorough bred cross and others to numerous to mention. Study the pedigree for yourself.

The Second Dam of this fast mare was brought to this state from California and proved to be an exceptionally fast road mare. When she showed so good an effort was made to trace her breeding as her looks showed her to be high bred but the effort was unsuccessful.

Owner's Statement—Alda Shirley is a beautiful sorrel chestnut mare, and was a good, consistent race mare last season, winning three straight races in two weeks. She not only won three firsts but was in the money nine times out of twelve starts. Today she is as sound as a new-milled dollar. She has been a half in 1:04 and a mile in 2:11. She is not near the end of her speed by any means; is easy to drive, and will make an ideal race or matinee mare. Where could you beat her for a fun mare to beat your friends?
