MAIN OFFICE AND FACTORY
NEW HAVEN, CONN.

THE BOSTON HOPPER THE RAT-PROOF HOPPER

Made of galvanized iron with swinging grid (mesh). Practically indestructible. Grid follows grain automatically, holding in place until all is consumed. Food always in sight and accessible. No waste or clogging. Labor and food saving (money) Highly indorsed by leading poultry supply houses and practical poultry men in general. Hopper illustrated holds one-half bushel. Made in four sizes — two each chicken and fowl; absolutely rat-proof. Write for circular, giving prices, etc. Patented U. S. A., Canada and Great Britian.

THE BOSTON POULTRY DRY FEED HOPPER CO. 93 CAUSEWAY ST. BOSTON, MASS.

IT IS PROFITABLE TO FEED

SPRATT'S POULTRY FOODS

IF THEY DO COST A LITTLE MORE THAN OTHERS

"None But the Best Can be the Cheapest"

SPRATT'S POULTRY FOOD No. 3

For adult birds. It is used at the leading Poultry Shows and in the foremost Poultry Yards throughout the world. It is an egg producer, and it will materially increase the percentage of fertility in the eggs. At first sight this food may appear too expensive to use, but it need only be fed once a day and can be mixed with equal parts of corn, oats, and wheat ground together, and in this way is one of the very best and most economical foods that can be obtained.

SPRATT'S CHICK MEAL No. 5

should be fed to the little chicks from the time they are 30 or 36 hours old until they reach maturity. It comes nearer to nature than any food that we know of, and since it is thoroughly cooked, it is easily digested and it will give the young birds a start in life that no other food will.

SPRATT'S CHICGRAIN

is the best dry Chick Food that can be compounded, and it is the cheapest, because none but the best can be the cheapest. CHICGRAIN is a perfectly-balanced, semi-cooked partly malted grain, insect and vegetable ration, easily digested and highly nutritious.

Send for Catalogue "Poultry Culture."

If interested in dogs send stamp for "Dog Culture" which contains practical chapters on the feeding, kenneling, and general management of dogs, also chapters on cats.

There's a Reason

Ask us about it

THE "NEW IDEA" MANURE SPREADER

Has a straight all chain drive, without cog or clutch, constructed with solid bottom, reach and pole; tracks same as a wagon—lighter draft; pulverizes and spreads one-third wider than any other machine on the market.

The amount of manure desired distributed is easily regulated by a lever alongside of

the operator. Parties who own the "New Idea" and those who have seen it at work, declare it the most wonderful, simple and perfect machine and "par excellence" of all others

We also handle the
