***Arthrophyllum* (Araliaceæ) in New Caledonia : an amendment**

Augier & M.-L. Robat du Merac. W. R. PHILIPSON *Monocotyledones*. Lechevalier, Paris, 1982, 325 p., 38 fig., 20 pl.

Summary : The later homonym *Arthrophyllum diversifolium* (Däniker) Philipson is replaced by a new specific name : *A. biforme* Philipson.

Résumé : L'homonyme postérieur *Arthrophyllum diversifolium* (Däniker) Philipson est remplacé par un nouveau nom spécifique : *A. biforme* Philipson.

W. R. Philipson, Botany Department, University of Canterbury, Christchurch, New Zealand.

When *Eremopanax* was united with *Arthrophyllum* (PHILIPSON, 1978), it was overlooked that the combination *Arthrophyllum diversifolium* (Däniker) Philipson was antedated by *A. diversifolium* Blume (1826). A new name is therefore required for the New Caledonian species.

***Arthrophyllum biforme* Philipson, nom. nov.**

- *Eremopanax diversifolia* DÄNIKER, Vierteljahrsschr. Nat. Ges. Zürich 78, Beibl. 19 : 333 (1933); type : Däniker 939, Z.
- *Arthrophyllum diversifolium* (DÄNIKER) PHILIPSON, *Adansonia*, ser. 2, 17 (3) : 322 (1978) non BLUME.

TYPE : Däniker 939, Nelle-Calédonie, Koniambo, 830 m (holo-, Z).
