Information Section

The female voices answering the Gatehouse phone during the morning hours these past three weeks belong to five members of Las Voluntarias, the affiliated volunteer association of the California Arboretum Foundation, Inc. These ladies responded forthwith to an SOS asking for assistance at the window, on school tours, and in helping out on office chores, all of which the staff, depleted by illness and a job vacancy, was being hard pressed to handle. They have done, and are continuing to do a first-class job. Mil gracias a Las Voluntarias!!

Regarding the redwood section (*Sequoia sempervirens*) presently resting against the wall along the path to the Peacock Pavilion: it will in due time become part of a larger educational exhibit located elsewhere.
