

Lancaster

My dear Professor,

The plant sent you  
& which you think P. paradoxa  
by the Philadelphia botanists  
from the enclosed letter of our  
Mr. James, the Crypsis Virginia  
addition, I found the same grass  
the herbarium of Dr. Darlington

Crypsis Virginia, Nutt.

aculeata, Ait (See

— schoenoides, Schrad.

Agrostis Virginia, L. (See

Streets of Phila.

1827.

Now, it is certainly not the grass  
always taken for Vilfa vaginosa  
Virginia, Muhl.) & which is so  
Darlington's herbarium (See spec.)  
am strongly inclined to believe  
Mr James to the contrary notwithstanding
