Dear colleagues and friends!

N^o

Four days ago I have send you from
Hamburg, through W. Minlos at Hamburg
at Lübeck a box, containing 295 dried plants.
I hope you receive it in good order, including
a letter of our friend Mesornowicz concerning
the exchange with the Imp. Botanic gardens.

In the next autumn you will receive a
greater collection of the Fieberian plants collected
by my son and after some weeks I will send
you the continuation of my descriptions and
during the summer the continuation of the *Plantae*
Botanicae

Thank you kindly for all the interesting pam-
phlets, which you have had the kindness to
send. With your compliments
of yours faithfully

E. Regel
