

Dear Sir

New Haven Mar. 1. 1837.

I thank you for your notices which shall be inserted & I can see no better way than to order the work of the plates to be executed by Endicott & I will thank you to have the order given accordingly. The number wanted for the Journal is 1250 - if any extras are needed for the author they must be added. I wish them to be here by Mar. 20 & they may come directed as below.

I will pay by a draft on N York. — I shall expect your fuller notice & wish it may be in season that it may ^{not} have any chance of being crowded out.

I am glad to hear of Dr. Torrey's recovery & congratulate you upon the brighter prospects of the expedition. I remain dear Sir

yours very truly
