

KÖNIGL. BOTANISCHER GARTEN.

Berlin, W.
Potsdamer Strasse 75 a.

6/ Dec.
1881.

My dear Professor Gray,

I duly received your favours of the 16. and 19. Nov. together with the two exchanges of 427 Mark, of which I destroyed the latter as you desired me to do. To-day I enclose again a bill for the sum. 85 of the fl. Was., which has been dispatched to you a few days ago. It has still taken the old way: in future it shall be sent as you directed in your last letter.

Professor Goodale has been here and called, but has unfortunately missed

missed me. As he had not given
his address, I could not return his
visit. Yet I hope to see him still,
for he promised me by letter to
return to Berlin after some time.

Now Dr. Schimper has died too,
and I am afraid his rearranged
collections won't remain in Germany,
nor will the Flora Capensis be
finished.

Please accept my thanks for
the copy of your notes in the
Journal of Science. We get this
periodical at the Academy of
Sciences, but not at the Botanic
Museum nor at our Botanical
Society. If you can procure it for
the Museum, I shall send you
in return the new *Schubert*.

Believe me, Dear Professor Gray,
ever

Yours

Very truly
A. W. Eichler
