My dear Professor Aca Gray

I have to thank  
you for your interesting  
letter of July 5<sup>th</sup>, and  
now send a copy of  
the list of the plants  
growing in the Guindy  
Park & Gardens, which  
forms a companion  
paper to the one I

recently sent.

To my horror I received by the last mail a letter which I had addressed to Charles Norton at a place called Shady Hill which he had apparently left without leaving orders about his address. Believe me  
very sincerely yours  
Wm. A. Bell
