

GEO. ENGELMANN, M. D.

3003 Locust Street.

St. Louis, Mo., Febr 9 1882

Dear W. Some 3 or 4 years ago
I sent to Baker a description of *Bootes*
Cubana at his request, I think for the
work on ferns edited by Hosker and him.
Do you know whether the species is published
and how to be quoted? I have never
heard of it since. I have not yet
published any thing about it yet
Yours G. E.
